Kinivo ZX100 Pocket Speaker

Read all safety and operation instructions before using the speaker.

Important Safety Instructions

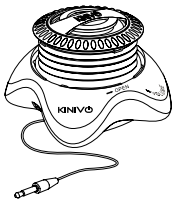

1. Do not expose the speaker to liquid, moisture or areas of high humidity.
2. Do not use abrasive cleaners to clean the speaker's case as they may damage the unit. Always unplug and power off the unit before cleaning.
3. Do not expose the speaker to extremely high or low temperatures.
4. Keep the unit away from direct sunlight.
5. Do not attempt to open or modify the speaker in any way.
6. Store the speaker in a cool dry place.
7. The ZX100 speaker contains a lithium ion battery. Lithium ion batteries are flammable and can cause fire if misused or defective.
8. Always dispose of the packaging and unit in accordance with the local regulations and in a responsible manner.

Warning

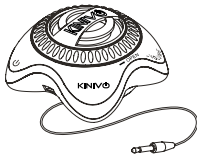

This device contains a lithium ion battery. Lithium ion batteries are flammable and can cause fire if misused or defective. Please read the safety instructions carefully before using

Speaker Overview

Resonator Expanded

Closed Resonator

Package Contents

- ZX100 Pocket Speaker
- User Manual
- Micro-USB Charging Cable with longer audio cable.
- Carrying Pouch

Features

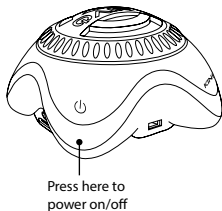

- Expansive Resonator Construction Design to give the best low frequency output

- Compatibility: all iPods, iPhones, MP3 players, CD players, laptops with 3.5-mm audio socket
- Full-bodied 360-degree sound
- Ultra-portable compact size with long-lasting internal chargeable battery
- Daisy chain multiple speakers for maximum sound

Operation

1. Turn Unit On/Off

Push and hold the **colored wavy strip** under the power \cup symbol for 4 to 5 seconds to turn the speaker on or off. The blue LED will be lit when the speaker is powered on.

2. Adjust Volume

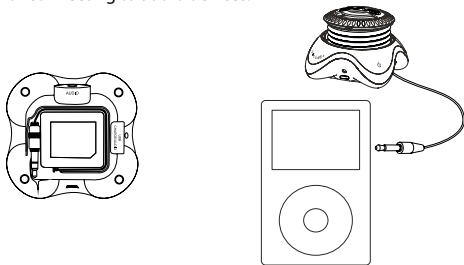

Push and hold the **colored wavy strip** under the **VOL+** or **VOL-** symbols to increase or decrease volume.

Push and hold the buttons to change the volume rapidly.

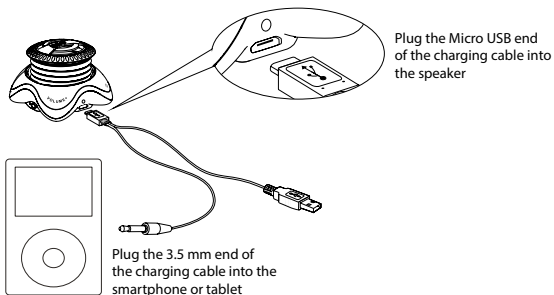

By default, the speaker powers on at 50% volume.

3. Playing Music

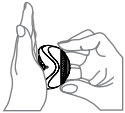

The ZX100 speaker has a built-in 3.5mm audio cable at the base of the unit for connecting to audio devices.

If a longer connection is needed, the charging cable has an additional 3.5mm audio connection.

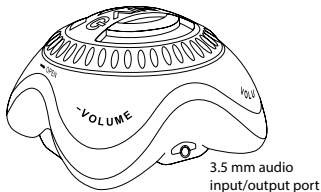

4. Expanding and Closing the Resonator

To Open	
	<ol style="list-style-type: none">1. Hold speaker firmly by the base with the resonator on the top.
	<ol style="list-style-type: none">2. Turn the resonator counter-clockwise.
	<ol style="list-style-type: none">3. The resonator will automatically expand.
To Close	
	<ol style="list-style-type: none">4. Hold speaker firmly by the base and press the resonator towards the speaker base.
	<ol style="list-style-type: none">5. Turn the resonator clockwise to close.

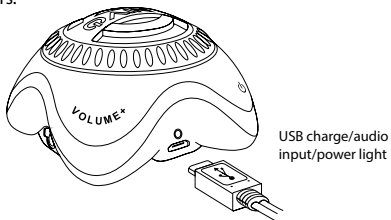

5. Auxiliary Input-Output Port

The ZX100 has a 3.5mm port for both audio input and output. The port can be used to connect a 3.5mm to an input device or it can connect to another speaker. (See Chaining Multiple Speakers).

6. Charging ZX100 Speaker

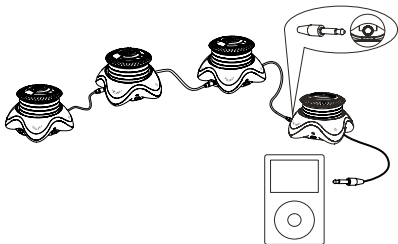

To charge the ZX100 speaker, connect the micro USB cable to the ZX100 and plug the speaker into a USB power source. USB power sources include computers, laptops, USB hubs, USB AC adapters, and USB car chargers.

When the ZX100 is charging, the red light will be lit. When the battery is fully charged, the light will turn blue. The charging process can take 2 to 3 hours to charge the battery completely.

7. Chaining Multiple Speakers

The ZX100 is capable of being daisy chained to multiple ZX100 or other speakers. Simply connect the additional speaker's 3.5mm audio cable into the 3.5mm port on the ZX100.

8. LED Indication

Status	LED Indicator
Powered off	Off
Powered on	Steady blue
Battery charging	Steady red

9. Button Functions

Function	Operation
Toggle unit on/off	Push and hold the colored wavy strip under the power \cup symbol for 4 to 5 seconds
Increase volume	Push and hold the colored wavy strip under the VOL+ symbol
Decrease volume	Push and hold the colored wavy strip under the VOL- symbol

Troubleshooting & FAQs

1. Lost or damaged charging cable

If you have lost or damaged the included USB cable, you can use any standard micro-USB cable or micro-USB charger to charge the ZX100 speaker.

2. Speaker not powering on

Please check the following:

- Is the speaker fully charged?

- Press the colored wavy strip under the power icon (instead of directly on the power logo). Refer to section “Turn Unit On/Off”.

3. Help! I'm unable to use to the speaker. What should I do?

Please view the troubleshooting section. If you have any questions or concerns, please contact Kinivo Support via email at support@kinivo.com or via Live chat at <http://support.kinivo.com>
