

Model #: CPS1220RMS

UPC: 649532893539

MSRP: \$84.99

CyberPower's 1220RMS offers the combined functionality of both a Power Distribution Unit (PDU) and Surge Suppressor. Providing additional outlets for your rackmount power needs, this model also offers 1800 Joules of surge/lightning protection. The 1220RMS offers 12 (twelve) 20A outlets (2 front, 10 rear-mount) in the 19" 1U case. The rugged metal housing can withstand the most demanding environments, and a 15' cord ensures compatibility for most rackmount applications. CyberPower PDU's can also be used for retail, security, POS, telecommunications, networking, audio/video displays, or anywhere dedicated power distribution is needed.

- EMI/RFI Shielding - Provides shielding against electromagnetic interference & radio frequency signals. Most commonly, this is used to prevent line noise or "humming" that occurs over telephone lines or stereo electronics.
- LED Indicators - LED status lights indicate Power-On and wiring faults.
- Resettable Circuit Breaker - Convenient unit reset in case of an overload.
- ISO & Safety Certifications - All CyberPower's manufacturing facilities are ISO-9001 Quality Tested. Our products are also UL Recognized.

Technical Specifications

General	
Model #	CPS1220RMS
Input	
Voltage	110/120 Nominal
Frequency	60Hz
Current Draw	20A
Load Capacity	2400 VA
Plug Type	NEMA 5-20P
Cord Length	15'; 12 Gauge
Output	
Outlets - Total	12
Outlets - Front	2 x NEMA 5-20R
Outlets - Rear	10 x NEMA 5-20R
Surge Protection and Filtering	
Surge Suppression	1800 Joules
EMI/RFI Filtration	EMI/RFI
Indicators	
Indicator Lights	Power On (Yellow); Ground (Green); Surge (Red)
Physical	
Dimensions (WxHxD)	19" x 1.75" x 4.25"
Weight	6.2 lbs.
Color	Black
Warranty	
Product Warranty	3 Year
