## Home Page

You don't need to Register with EBOS Online to use many of the features. You will be able to see all product information, send requests for further information & search by brand and category. However if you want to investigate product availability, use the template function, and see pricing for your facility please use the Register link to gain increased access.

## Login Instructions

- Enter your email address;
- Enter your password;
- Click on the "Login" button.

Please note: on your first login you will be forced to change your password (this is for security purposes).

**EBOS HEALTHCARE** **EBOS Online**

## Customer Account Screen

Once you have logged in you will notice your account name and number will show in the centre of the screen together with the operator that is logged in.

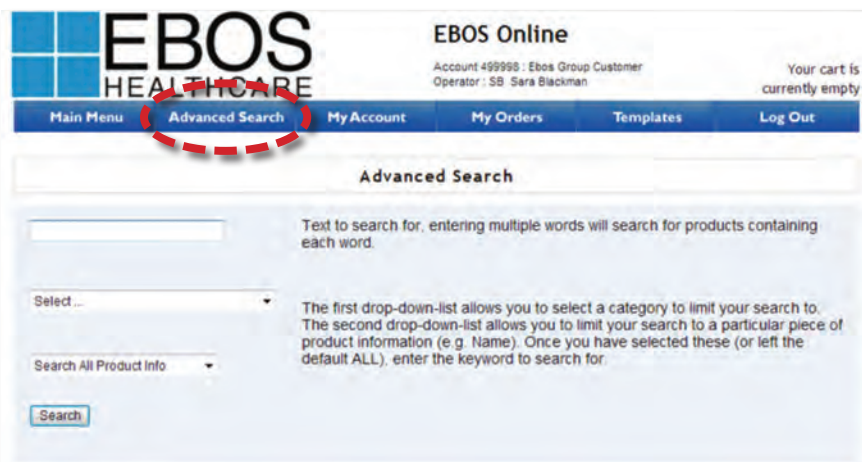

## Searching for Products

- **QUICK SEARCH**

You can search using a full or partial product code, and by product description. Enter the product you wish to search for - eg Non Woven Swab or Swab Non Woven, and click Go. A list of refined results will be displayed.

- **ADVANCED SEARCH**

Here you can search within a product category and further refine your search using exclusions. Choose to include a product category and then determine search field by limiting search to either – All Product Info, Product Code, Product Description, Supplier Code or, if applicable, My Product Code. When you are happy with your search criteria, click Search. A list of refined results will be displayed.

## Browse by Category

Browse by Category using the alphabetical menu or product categories listed on the page. Once you have selected a Category, further refine your search by choosing one of the returned product groups within that category. A list of products meeting the criteria will be displayed.

QUARTERLY NEWSLETTERS

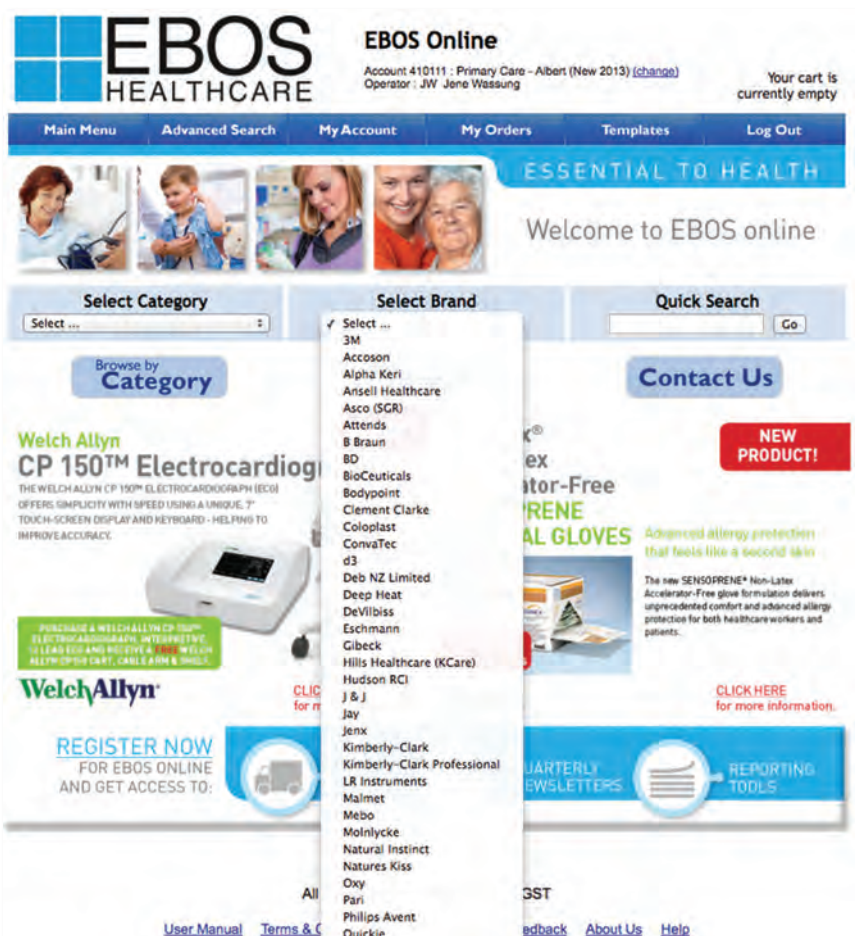

REPORTING TOOLS

## Browse by Brand

Browse by Brand displays our Premium Agencies by their logo and name. You can choose a Brand by clicking on the logo. A list of products meeting the criteria will be displayed.

## Product Listings and Adding to Cart

- To view EBOS stock level currently in EBOS warehouses, hold your mouse over the stock indicator. (e.g. 'Accoson 6" Aneroid Desk Sphygmomanometer' branch and quantity shown below)
- To add the item to your cart, adjust the quantity as desired then click "Add to Cart". The item will be added, and the order total will be updated in the top right of the screen.

## Restricted Product How to Purchase

There are a range of products that are controlled by Ministry of Health regulations. These are prescription medicines and pharmacist only products. Pharmacy Only products are also available via EBOS Online. In order to comply with these rules we have added appropriate steps.

If you choose to add a restricted product to your cart you will see the screen below asking for you to call our Customer Services team to place your order. Please have your licence details ready in order to complete this transaction.

## Product Information Screen

When clicking into a particular product you will find images, user manuals, product brochures, safety data sheets, and web links to help provide you as much information as you require.

If you require additional information use the link at the bottom of the page to request it.

The screenshot shows the EBOS Online interface. At the top, there's a login section with fields for Email and Password, and a 'Login' button. Below this is a navigation bar with 'Main Menu' and 'Advanced Search'. The 'Advanced Search' section includes 'Select Category', 'Select Brand', and a 'Quick Search' field with a 'Go' button. The main content area displays product details for 'Ansell Micro-Touch NitraFree Powder & Latex Free Nitrile Exam Glove Large'. It includes a product image, a 'NitraFree Brochure' link, an 'Ansell Website Link', and a list of 'Areas of use' such as General Wards, Chemotherapy areas, and Emergency Departments.

## Alternate Product & Spare Parts & Accessories

To assist with your product selection products are displayed with alternate product options and the relevant spare parts and accessories.

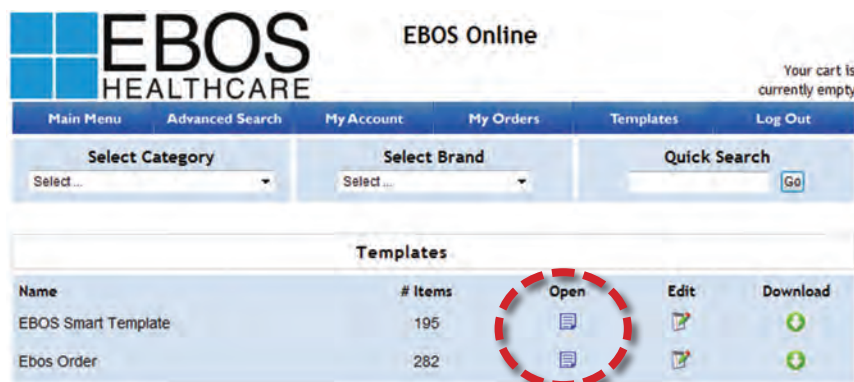

This screenshot shows the EBOS Online interface for the 'Welch Allyn Spot Vital Signs (NIBP/Masimo Pulse Oximetry)'. It features a product image, a 'Click here to request information on this product' link (highlighted with a red dashed circle), and a section titled 'Associated Spare Parts and Accessories'. This section lists various blood pressure cuffs with their corresponding product codes.

# Templates

## • SYSTEM TEMPLATES

This lists your standard EBOS templates for normal ordering. Click on the "Open" button to commence order. Click on Download to download a printable option that may come in handy for stock take situations prior to entering your order. This form can also be faxed to our Customer Services Team.

## • MY SAVED TEMPLATES

These are the customised templates created by yourself.

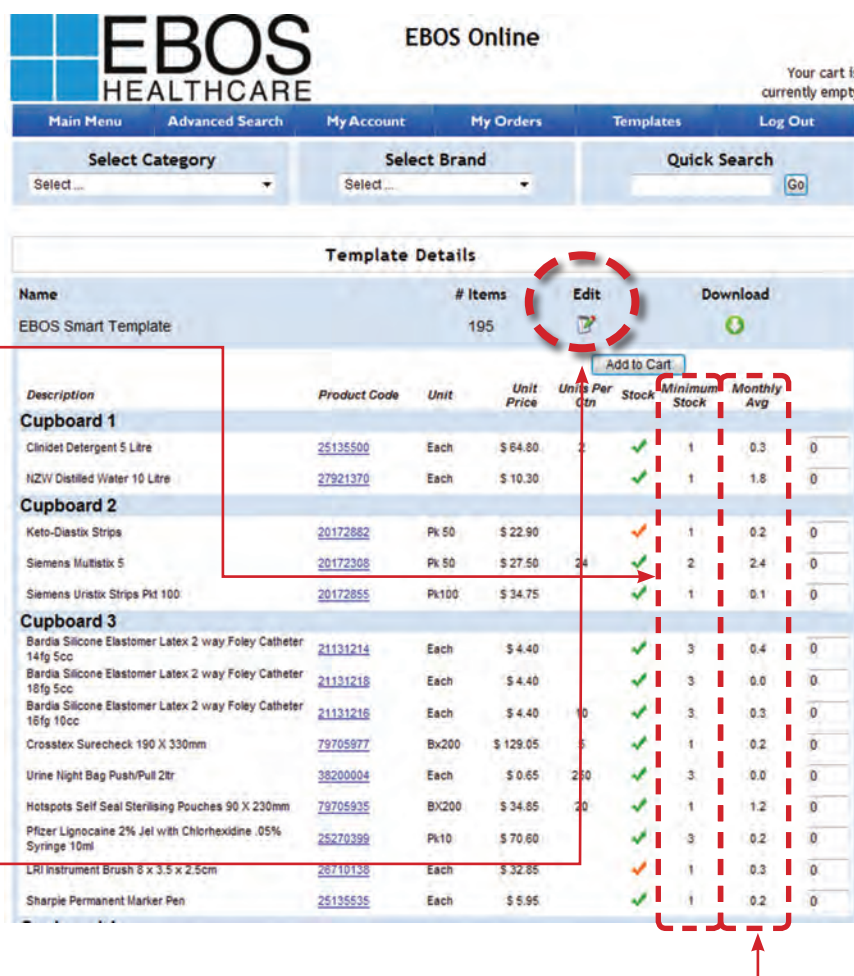

## • SMART TEMPLATES

STOCK LOCATION - allows you to set up your stockroom as you prefer your stock is viewed. Stock locations are set by storage location/shelf/bin etc

SET MINIMUM STOCK LEVEL - allows you to set your required minimum stock holding.

PURCHASE HISTORY PER PRODUCT - gives you a rolling 12 month purchase history, letting you make an informed decision over what quantity to order based on, stock on hand, average monthly usage data and minimum stock holding.

MOVE STOCK LOCATION - Allows you to shift the stock location as required.

## Pricing

The price shown against a product is your buy price (excluding GST).

# 1st Stage to Complete Order

## • BUILDING YOUR SHOPPING CART

Your Shopping Cart can be built by searching products via the brand, category or quick search functions. You may also add to your cart from existing templates you have set up.

You can constantly monitor your progress by checking the shopping cart icon located on the top right hand corner of your screen. It will show you the number of items in your cart and the value of the cart.

## 2nd Stage to Complete Order

### • PROCESS VIEW CART

- To see a detailed list of your Shopping cart at any time click on “View Cart” icon in the top right hand corner of your screen
- To delete product click on the rubbish bin 
- To amend quantity retype in quantity required and click on refresh arrows
- To save this order as a template for future use, click on “Create Template”
- If you are called away part way through your order use the Save Cart function to park your cart and prevent your order being lost when EBOS Online times out
- If you may want to save this cart for future use also click “Save Cart” or “Create Template” if it may become a standing order
- If you want to add more products simply continue shopping using the Main Menu tab.
