## 2. Introduction

.

The inquiries Module allows you view the consolidated details of the account like summary, details, account activity, etc.

Through Inquiries section you can view details of CASA accounts and 360 degree view through account summary..

## 3. Account Summary

This option allows you to view a summarized view of all your accounts and gives various details such as the account number, the description of the account, the base currency of the account, the current balance and the other currency equivalent of the current balance.

The option is a consolidated method of viewing all your accounts and its balances in one place. You can get a summary of your accounts maintained with the bank. The transaction is categorized into several sections. Each section lists a particular type of account, for example, Current and Savings accounts, Term Deposits, Contract Term Deposits and Loans are all listed as separate sections and the accounts you hold under each of these categories are sub-totaled separately. The grand total of all the balances is provided at the end of the screen.

The account summary also displays the investment details of the user, for example Investment category, current balances. Investment details will be displayed only if the customer id for private banking is mapped to the user.

Navigate through menus, **Accounts > Account Summary** to view Account Summary.

## 6. Account Activity

The **Account Activity** option allows you to view and download the account activity for any CASA account under the customer IDs mapped. You can get the transaction details based on different transaction dates, by specifying the amount range and sorting on the transaction date, value date and the amount.

Navigate through menus, **Accounts > Savings and Current Accounts > Account Activity** to access Account Activity.
