Feature rich for extraordinary value

When bold, detailed images are required for your presentations, the Christie LX400 is a versatile solution with an affordable price tag. This feature rich XGA projector offers 4000 ANSI lumens and 1000:1 contrast ideally suited for small auditoriums, large conference rooms and classrooms. And with four built-in 4-watt audio speakers with SRS WOW™, your presentations will come to life.

Configured with six Pro AV inputs, the Christie LX400 will accept signals from a broad range of sources and is compatible with most computers and video sources. Featuring manual zoom, focus and lens shift, the Christie LX400 comes with a standard 1.5-1.8:1 zoom lens. You can also choose from the broad suite of optional lenses ranging from a fixed

short 0.8:1 lens through to an ultra long 3.9-7.3:1 zoom lens. All of these options make the Christie LX400 easy to fit into a variety of applications and room sizes.

Designed for low maintenance, with an easy to access top loading lamp and 2000 hour rated filter, the Christie LX400 provides you with dependable performance. Also, take advantage of the built-in network connection via RJ45 LAN connector for remote access by a web browser for diagnostics and programmable e-mail product status alerts.

Feature-rich, incredible performance and the industry's best warranty, the Christie LX400 offers full value without compromise.

CHRISTIE®
