quadpod

Introduction:

Before using your Quadpod speaker for the first time, please take a few moments to read through the user manual.

- ① Audio port ② Charging port ③ Power On/off ④ MIC
⑤ - Quickly press this button to decrease volume, hold down to play last track
⑥ ▶ Quickly press this button to play/pause/answer call/end call, hold down to start pairing with Bluetooth device
⑦ + Quickly press this button to increase volume, hold down to play next track

Operation & voice prompt:

1. Activate your phone's Bluetooth function and then enter its searching mode.
2. To pair your Quadpod for the first time, push the on/off button ③ to "on", you will hear "hello" and it will flash blue which means it's now in pairing mode.
3. Your mobile phone will automatically find a new Bluetooth device called "QUADPOD". Connect this device and you will hear "your device is connected", & it will pulse blue slowly this indicates that your speaker is successfully connected.

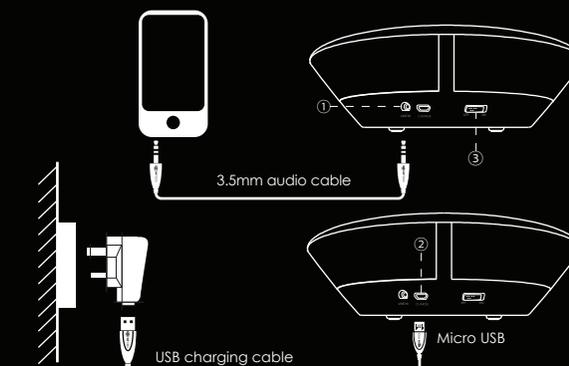

4. Please adjust the sound to a moderate volume and enjoy the music. To answer/end conference calls, quickly press > button ⑥.

5. When the battery is less than 10%, you will hear "battery low", please start charging speaker.

6. To switch off your Quadpod speaker, push the on/off button ③ to "off", you will hear "goodbye".

Wired connection:

You can use your Quadpod as a wired speaker to increase battery life. Simply connect the 3.5mm cable to your audio source and the other end to the audio port on the Quadpod speaker ①

Charging:

To charge, simply connect the standard USB cable directly to a mains USB socket and the Micro USB end to the charging port on the Quadpod speaker ②. The Control panel will turn red whilst charging, and turn off when fully charged. Please note that the speaker will not charge and play at the same time.
