

ServView KVM Drawer with Touch Screen

For server control that gets to the point,
choose this ServView with a touch screen LCD.

FEATURES

- Reduces clutter in your server room.
- Mounts in a standard 19" cabinet.
- All mounting brackets included.
- Models available with 17" or 19" LCD monitor.
- Integrated PS/2 trackball mouse and a full-size PS/2 keyboard.
- Front-access lock secures the monitor, keyboard, and mouse.
- Full range of on-screen controls.
- Maximum resolution of 1280 x 1024.
- Connects to a ServSwitch with included 3-in-1 composite KVM cable.

OVERVIEW

The ServView KVM Drawer with Touch Screen features an integrated PS/2® trackball mouse, a full-size PS/2 keyboard, plus a 17" or 19" LCD monitor. For security, it includes a front-access lock for the monitor and keyboard and mouse.

Using the ServView™ is easy. Just slide out the drawer when you have to make an adjustment to your servers; push the drawer in when you're done.

The monitor features an on-screen display (OSD). OSD controls are included for brightness, contrast, color, clock, horizontal and vertical positioning, phase, scaling, auto configuration, input select, multi-window, clear EEPROM, and OSD adjust.

The ServView KVM Drawer with Touch Screen also has on-screen menus that support seven languages—use it in data centres just about anywhere!

Included mounting brackets adjust from 15.4" to 25.6" (39.1 to 65 cm) (front-to-rear 19" mounts). The ServView KVM Drawer with Touch Screen also includes a 12-VDC power adapter with cord as well as an integrated 3-in-1 KVM cable to connect it to a ServSwitch™.

17" LCD	KVT317A-T
19" LCD	KVT319A-T

Why Buy From Black Box? Exceptional Value.
Exceptional Tech Support. Period.

Recognise any of these situations?

- You wait more than 30 minutes to get through to a vendor's tech support.
- The so-called "tech" can't help you or gives you the wrong answer.
- You don't have a purchase order number and the tech refuses to help you.
- It's 9 p. m. and you need help, but your vendor's tech support line is closed.

According to a survey by Data Communications magazine, 90% of network managers surveyed say that getting the technical support they need is extremely important when choosing a vendor. But even though network managers pay anywhere from 10 to 20% of their overall purchase price for a basic service and support contract, the technical support and service they receive falls far short of their expectations—and certainly isn't worth what they paid.

At Black Box, we guarantee the best value and the best support. You can even consult our Technical Support Experts before you buy if you need help selecting just the right component for your application.

Don't waste time and money—call Black Box today.
