Product Features

Instant entertainment with your favorite apps

Stream hit movies, view the latest viral videos, catch up on TV shows, stay connected to your social network and watch highlights from the biggest games of the season.

Ready, set, stream

Connect to your high-speed Internet connection wirelessly, no PC required. Or use the Ethernet port to connect to your wired home network.

One-touch access to your favorite entertainment

Use the remote to access your favorite apps using the pre-programmed buttons, or move them to the home page of your customized screen. It's as easy as using your smartphone.

Turn your smartphone into a touch-screen remote

Control your WD TV experience with the swipe of a finger using the free WD TV Remote™ app. Available for iOS™ and Android™ mobile devices.

Your media collection belongs on the big screen

Enjoy your media library, home videos, vacation slideshows, and favorite songs on your HDTV and sound system in your living room in Full-HD 1080p.

Enjoy media from any source

Stream videos, music, and photos from your USB drive and any DLNA/UPnP™ network drive, PC or Mac® computer in your home. You can also connect your camera or camcorder.

High-performance, streaming-ready Wi-Fi®

Includes the latest extended-range, wireless-N technology to give you the speed you need to stream HD.

Stay updated with news feeds

Stay posted on your favorite bloggers and websites and stream the latest audio and video with timely RSS feeds. You can also add specific feeds to your dashboard to be shown as tickers so you never miss a thing.
