Application number: Report status: Year: 2014

Authorization status: -ALL- Text:

Reports

Reporting year	Application title	National number of the application	Cantonal number of the application
2014	Effect of XXX on YYY	21XXX	XX/2012

4. Click on title of license - now you are in Form C

5. In case you have not used any animals in the reporting period under that license, put a mark **here**, otherwise fill in the numbers in the following chapter

General

1. Short title of the project: (i)

2. Address of resource manager (institute, company) (i)

3. Address of cantonal authority (i)

4. Will the experiment be continued?

☐ The experiment will be continued in 2015. (i)

☒ The experiment will not be continued in 2015. (i)

Maximum prospective degree of severity : 3

☐ During 2014 no animals were used. (i)

5. Pt 8: According to information received from other cantons each section needs to be filled in (e.g. N/A) – please try it
6. Validate (to check whether information is missing or numbers don't match), and then submit to canton
7. In case your report is a FINAL report, a new window will open after you have submitted your report to the canton (see screenshot and e-tv user manual for more information) for the publication of data according to art 20A of the animal welfare law. You should check the data to be published (see green boxes below) and must confirm that the data is correct before submitting this report. You can change the title (e.g. for clarity) if necessary (see: <http://tv-statistik.ch/de/abgeschlossene-versuche/index.php>)
