

WBZ Wash Down Retail Scales

The Adam Equipment WBZ wash down approved retail scales are ideal for food preparation, packaging plants, agricultural facilities, and other retail applications. The WBZ scales feature an IP66 rated wash down housing with a large stainless steel weighing pan. The larger backlit display shows weight, price per unit and an easy to read extra large total cost display. They operate with an AC adapter or rechargeable battery pack for portability; both are included.

Adam Equipment has been manufacturing balances and scales for nearly 40 years, providing professionals worldwide with quality products that are always the right balance of speed, performance, value.

BEADAM[®]
PERFECT BALANCE
Speed, Performance, Value

WBZ Highlights:

An easy-to-read backlit LCD to show weight, price per unit and total price. With the dual backlit display on the front and back, the value can be seen by both the user and customer. With a small footprint the scale is ideal for use in areas where counter space is at a premium.

WBZ scales can be moved to where they are needed thanks to the internal rechargeable battery pack. With 50 hours of operation these retail scales are also ideal for farmer markets / retail stores that do not have a regular power supply.

IP66 for wash down environments with extensive sealing both inside and out to give the ultimate in protection for those wet applications.

WBZ - compact waterproof retail scale with a small foot print to take up less room
