Footnotes

[1] Ink droplets can be placed with a minimum pitch of 1/9600 inch. [2] Document print speed on plain paper is measured based on average of ESAT in Office Category Test of ISO/IEC 24734 standard. [3] Photo print speed is based on default driver setting using ISO/JIS-SCID N2 standard on Canon Photo Paper Plus Glossy II and does not take into account data processing time on host computer. [4] Some features available in Windows driver only. [5] Declared yield value in accordance with ISO/IEC 24711 standard. Values obtained by continuous printing. [6] Actual transmission speed may vary depending on document complexity, fax settings at receiving end, and line conditions. [7] Optical resolution is a measure of maximum hardware sampling resolution based on ISO 14473 standard. When scanning in high resolution, the scan size is restricted (maximum optical resolution for A4 scan is 600dpi). [8] Colour document scan speed is measured with ISO/IEC 24735 Annex C Test Chart A. Scan speed indicates the time measured between pressing the scan button of the scanner driver and the on-screen status display turns off. [9] Colour document copy speed is measured based on average of sFCOT and eSAT in Performance Test of ISO/IEC 29183 standard. [10] Requires connection over Wi-Fi network and installation of free Canon application: EPP for Android, Windows RT and iEPP for iOS. Not available in certain countries or regions. [11] Full HD Movie Print is available for MOV and MP4 movie files created by select Canon digital cameras and camcorders. Requires installation of software bundled with Canon video or digital camera, from which the movie was captured. MOV files require: ZoomBrowser EX / ImageBrowser (version 6.5 or later), MP4 files require: ImageBrowser EX (version 1.0 or later). [12] Easy-WebPrint EX requires Internet Explorer 7 or later [13] When printing ISO/JIS-SCID N2 pattern on 10x15cm Photo Paper Plus Glossy II using default settings. [14] When copying ISO/JIS-SCID N2 (printed by inkjet printer) on A4 size plain paper using default settings.
