Finance Plans And Scanner Bundle Packages

12 Months No-interest Financing Available!

- Qualified buyers can make 12 monthly installments with no interest, on the purchase of any new 3Shape scanner package.
- Qualified buyers can also make low interest payments on a new 3Shape scanner package for 24, 36, 48 or 60 months.

Specific Package Deals (With BIOMET 3i Supported Modules)

Purchase the 3Shape Bar Designer Module with any new 3Shape Scanner from BIOMET **3i** and receive a new scanner package discount.

Volume Discounts With A BellaTek® Patient Specific Products Purchase Commitment

Ask your BIOMET **3i** Sales Representative how you can qualify to become a Preferred BellaTek® Encode® Laboratory and qualify for additional discounts on BellaTek Patient Specific Products.

Scanner Trade In Programs

Trade in your older, slower scanner and receive up to $5,200 off a new 3Shape Scanner with leading scanning technology. Additional discounts may also be available by trading in an older, qualifying model. Most major models qualify.

Extended Warranty Program

All new 3Shape scanners and packages come with a one year Manufacturer's Warranty. For further peace of mind, BIOMET **3i** offers **extended warranties for two and three years.**
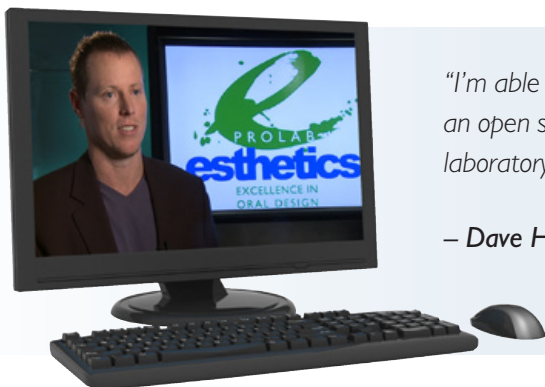

"I'm able to offer anything that the larger laboratories can offer because 3Shape is an open system. I can now compete with the larger laboratories in that I can offer laboratory services that most small laboratories can't offer."

– Dave Haley, *Pro Lab*

Dental System™ Subscriptions
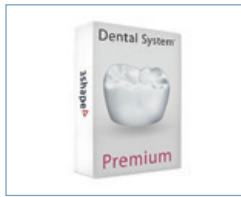

Dental System Premium - Stand Alone
CAD software for dental restorations, including DentalManager (new dongle)

Dental System Standard - Stand Alone
CAD software for dental restorations, including DentalManager (new dongle)
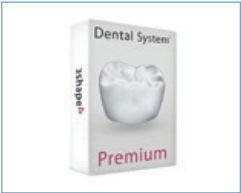

Dental System Premium - Second Seat
CAD software for dental restorations. Additional subscription for existing dongle on a local network (same dongle; see note)

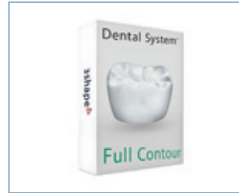

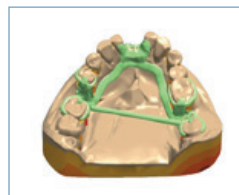

Dental System Full Contour - Stand Alone
CAD software for dental restorations, including DentalManager (new dongle)

Add-on Modules

ScanIt Impression™
Scanning software optimized for impression scanning. Impression fixture included

Removable Partial Design
CAD software for designing of removable partial dentures. Added to existing subscription (same dongle)

Abutment Designer
CAD software for designing customized abutments and screw-retained crowns

Removable Partial Design - Standalone
CAD software for designing of removable partial dentures. Not added to existing subscription (new dongle)

Implant Bar and Bridge Design
CAD software for designing full screw retained implant bars and bridges with direct seating on the implant (see note 2)

Full Dentures
CAD software for designing Full Dentures. Not added to existing subscription (same dongle)
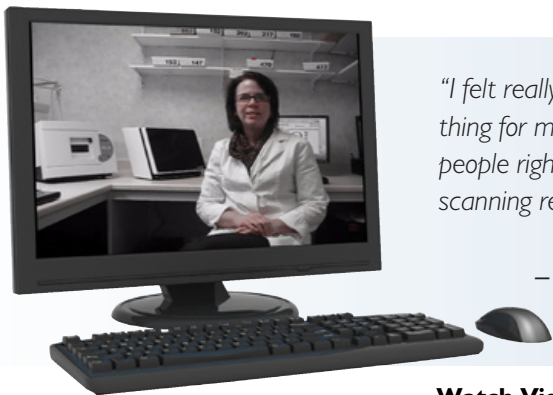

"I felt really familiar with the 3Shape Scanner before I purchased it, and I think the biggest thing for me was that the representative was able to come to our laboratory, train our people right here in our facility and, literally, when he left, we were up and running. We were scanning real cases the very next day and getting them back and that was terrific."

– Kim Ravdin, Champlain Dental

Watch Video: http://bellatek.biomet3i.com/3shape/champlaindental.cfm

Full Dentures - Stand Alone
CAD software for designing Full Dentures. Not added to existing subscription (new dongle)

Sirona Scan Import/Export Interface
Import of Sirona Cerec/Inlab scans into 3Shape Dental System™. Export of 3Shape scans to Sirona Cerec/Inlab CAD

Model Builder - TRIOS®
CAD software for designing Digital Lab Models based on TRIOS® scans and 3Shape impression scans

Upgrade - Dental System™ Standard to Premium
Upgrade Dental System Standard to Dental System Premium

Model Builder - TRIOS® And 3rd Party Intra-oral Scans
CAD software for designing Digital Lab Models based on TRIOS® scans, Sirona Cerec scans, iTero scans and 3Shape impression scans

Additional License Seats

Dental Designer - Individual Seat License (Extra)
CAD software for dental restorations, including Dental Manager (new dongle)

Dental Designer - Second Seat License
CAD software for dental restorations; second license Installed on a local network; same dongle (see note)
