The Connoisseur Series thermometers by Taylor represent the epitome of precision accuracy, innovation, style and heritage. Since 1851, Taylor has crafted precision measurement instruments with unmatched accuracy and readability for optimal performance. We combine that with a distinctive new style for a professional thermometer that delivers quality...day after day.... season after season.

General Operation

1. Press On / Off button to turn on.
2. Press °F/°C button to select temperature scale.
3. Insert the thermometer into the bottle of wine to check the temperature.
4. Leave probe in liquid until display stabilizes.
5. Clean by hand. Do Not completely immerse thermometer in water.

Auto Shut-Off Feature

This thermometer has been designed to allow a user to **'DISABLE'** and **'ENABLE'** the Auto Shut-Off feature. To change between settings press and hold the 'On/Off' button for 3 seconds until either **'DISABLE'** or **'ENABLE'** is displayed on the screen. After thermometer is turned off it will recall the last setting unless the battery is removed.

Battery Replacement

1. Pull back silicone stopper while looking at back of thermometer head, to reveal screw.
2. Remove screw from casing.
3. Pull case apart.
4. Slide old battery out of the compartment.
5. Put in new battery with '+' sign showing.
6. Replace thermometer head, screw and silicone stopper.

Specifications

Range: -58° to 446°F or -50° to 230°C

Resolution: 0.1°F or °C Full Range

Battery: CR2032 (included) **Note:** Do not dispose of this product or batteries in fire, as batteries inside this product may explode or leak. Remove the battery if the product will not be used for a long period of time.

Auto Shut-Off: After 5 minutes if no change in temperature unless feature is set to 'DISABLE'

Response Time: 1 second

One Year Warranty

Taylor warrants this product to be free from defects in material or workmanship, and on return, will repair or replace it at our option, without charge.

Made to our exact specifications in China.
