

acLOG S81 HD Camcorder DV Camera TFT LCD CMOS DV 200 HD Car Camera Check out these awesome features:

Capture 1080p and 720p video at a stunning 30 frames per second!

Capture 480p video at a remarkable 60 fps

Capture videos in the universal MPEG-4 format (otherwise known as MOV or H.264)

This digital still image and video camera is the perfect partner for every aspect of your adventurous lifestyle, whether your passion is rock climbing, skateboarding, parkour, snowboarding, skydiving, BMX, motocross, skiing, sandboarding, flowboarding, skysurfing, mountainboarding, snowskating, motocross, snocross, drifting, ice climbing, canyoning, free-fall, paragliding, parachuting, bungee jumping, wingsuit flying, hang gliding...whatever your sport, capture all the thrilling action with The DV-200 Action HD Camcorder!

High Definition Brilliance: The DV-200 also has a HDMI port which allows you to output video to your plasma or LCD high definition TV! The benefit to you? You get to watch 1080p high-def on your HDTV! Simple to use with intuitive menus and buttons, The DV-200-HD-Black trumps the competition because of its size - pick it up and you'll think you're holding a mobile phone in your hands. Power, performance, and a great price!
