## 1. Safety Rules

Please read the "Safety Rules" carefully before using this product. Following of the safety rules prevents users from any damage related with the misuse of this product.  
It is very important that users follow these safety rules. We state "Caution" and "Warning" to clarify any potential for damage associated with misuse of the product.

**Warning**  
 May cause bodily harm or even death if users ignore warnings in the safety rules.

**Caution**  
 May cause bodily harm or even death if users ignore cautions in the safety rules.

### About signs

-  "Precautions"
-  "Do not"
-  "Follow directions carefully"

### **Warning**

-  Place the product where it doesn't prevent the driver from driving.  
--- The driver's view of sight should not be blocked.
-  Do not watch or operate the product while driving.  
--- This may cause a major accident.
-  Do not place the product near the passenger-side airbag.  
--- Airbags may not operate properly or may cause personal damage and accident when accidentally opening.
-  Do not get product wet and operate with wet hands.  
--- This may cause electric shock.

- ⊘ Do not use in bathtub. Do not pull the plug with wet hands.  
---This may cause electric shock.
- ⊘ Do not use unapproved power voltage.  
---This may cause fire or electric shock.
- ⊘ Do not use unapproved Cigarette Lighter Adapter.  
--- This may cause fire ,electric shock and/or malfunction.
- ⊘ Do not damage or bend electric cord. Do not place heavy objects on electric cord.  
---This may cause fire from electric sparks.
- ⊘ Do not use damaged electric cord.  
--- This may cause fire and/or electric shock.
- ⊘ Do not put pins or needles into the product or electric cord of product.  
--- If this happens, stop the product operation immediately. Continuous use may cause fire, electric shock and/or malfunction.
- ⊘ Do not place any containers with water or any small metal objects on top of the product or nearby it.  
--- Unplug the product when water or metal comes in contact with the product. Continuous use may cause fire, electric shock and/or malfunction.
- ⊘ Stop using the product immediately when you drop it or damage the outside shell.  
--- Continuous use may cause fire, electric shock and/or malfunction.
- ⊘ Be careful when thunder and lighting occurs.  
--- There is a danger of electric shock.
- ⊘ Do not use non-specified double socket and extended car battery cord.  
--- This may cause excess heat and/or fire.
- ⊘ Do not attempt to open, disassemble or repair the product by any person except an authorized service dealer.  
--- This may cause electric shock and/or malfunction. You should request an authorized service dealer for any inspection and repair of the product.

**⚠ Caution**

- ⚠ Do not put the product in a place where sudden temperature increase occurs such as the vehicle's dashboard.
- ⚠ Do not place the product where high temperature and/or the direct ray of the sun occurs.  
--- This may cause fire, electric shock and/or malfunction.
- ⚠ Do not put the product in an unstable place where the product may be exposed to shock and/or impact.  
--- The product may fall and be damaged.
- ⚠ Do not place electric cord near a heating product.  
--- The cord surface may melt and cause fire and/or electric shock.
- ⚠ Do not press or drop LCD panel.  
--- You should not give any shock on LCD panel because it may cause damage.
- ⚠ Always clean the cigarette lighter socket before using product.  
--- Bad connection may cause fire.
- ⚠ Clean electric socket area often.  
--- Dust in the area may cause fire.
- ⚠ Keep electric cord properly positioned.  
--- An improperly positioned electric cord may cause fire or electric shock when metal material is in contact with the power source.

- ! Unplug the product and remove cords when moving.  
--- It may damage cords and cause fire and/or electric shock.
- ! The car engine should be running when you use the product in a car.  
---Without the engine running, you may have excessive discharge of the car battery.
- ! Do not pull the cord line when you unplug it.  
---Damaged cords may cause fire and/or electric shock.
- ! Hold the plug when you unplug the product. Put a battery in the remote control properly with +, - signs as directed in this manual.  
--- Improper use of batteries may cause fire and/or damage.
- ! Unplug the product when you don't use it for a long period of time.  
---Insulation may cause electric shock, electric leak and/or fire.
- ! Unplug the product when you clean or care for it.  
---Not unplugging product may cause electric shock.
- ! Do not watch Monitor for a long period of time.  
---This may damage your eyesight.
- ! When you transport the product, remove all cords and do not give any shock.  
---This may cause a malfunction.
- ! Do not place volatile materials such as insecticides on the product. The product should not come in contact with rubber or vinyl for a long period of time.  
---The surface of the product may change and paint may peel off.

If you find any strange occurrences or malfunction in the product or any foreign substance gets into the product, please contact the authorized retailer where you purchased the product.

- Do not use the product in the following locations.  
---This may cause malfunction.
  - In direct rays of the sun and near heating products
  - High in humidity and with bad ventilation
  - Dusty or oily locations
  - Low temperatures
  - Unstable environment

## 2. Before Use

- To safely use the product, please read the user's manual carefully before use.
- Connect all lines as directed in the product connection map in the manual.
- Do not touch the LCD panel.
- Use the product at the temperature range of 0°C ~ 50°C .
- Screen may be a little dark when the product is operated in low temperature areas. Screen will be shown normal luminosity after a few minutes.
- Do not disassemble and modify the product in any way. This may cause fire and/or electric shock.
- When you install the product in a car, do not set a volume level too loud for others to hear outside.
- When you install the product in a car and watch TV, the car engine should be running as there might occur excessive discharge of the car battery.
- Any liquid leaking into product may cause malfunction.

### ■ Precautions (when you use the product in a car)

- The driver should not use the product while he/she is driving.
- Quality of pictures on screen may vary depending on the radio field strength in different locations. You should use video equipment where you experience weak radio field strength.
- Follow traffic laws when you use the Navigation Route System.
- Be cautious of humidity and shock when you use the product in a car.
- The product should not be placed on the dashboard or near engine
- Cover the product when exposed to direct rays of the sun for a long period of time. (You should keep the product at a temperature range of -20°C ~ 60°C.)

### 3. Special Features of the Product

- Applied high resolution and low reflection DIGITAL TFT LCD (1280 x 1024)
- All electronic control functions
- Convenient Graphic OSD
- All functions are displayed on screen (OSD function)
- System auto recognition function(PAL/ NTSC/ AUTO)
- PC auto adjustment
- 7 Languages display  
(Italian, Korean, Japanese, English, German, French, Spanish)
- MODE selection function(DSUB ANALOG, DVI DIGITAL, AV, S-VIDEO,TV)
- One-touch Dimmer(Remote control)
- 4W speaker built-in
- STAND BY Function
- Low Power consumption

10

### 4. Terms of part

① REMOTE SENSOR WINDOW	Sensor for receiving signal from the remote control.
② S/BY LED	Displays STAND BY and ON/OFF
③ POWER	Power ON/OFF button
④ MENU	Selects menu and changes function
⑤ SELECT	DSUB ANALOG / DVI DIGITAL / AV / S-VIDEO/TV selection button.
⑥ ▼▲	Button to select Menu and Mode
⑦ ◀▶	Button to Control level of sound

11

## 5. Remote Control

- |            |   |
|------------|---|
| ① POWER    | Power ON/OFF Key  |
| ② TV/AV    | Select TV, external video, s-video, DVI, D-sub analog                       |
| ③ RECALL   | Displays present status and volume level                                    |
| ④ SLEEP    | Reserves time for sleep in 10 minute increments (0 ~120 min.)               |
| ⑤ MENU     | Selects menu and changes function   |
| ⑥ ◀▶VOL    | Controls Volume and changes MENU level                                      |
| ⑦ ▼▲CH     | Selects channel and moves to MENU   |
| ⑧ AUTO PIC | Selects DYNAMIC, NORMAL, MILD, USER for PICTURE                             |
| ⑨ MUTE     | For muting sound<br>Returns to the previous sound level when you push again |
| ⑩ SETUP    | Setup selection button  |
| ⑪ PICTURE  | Picture selection button  |

- |           |   |
|-----------|---|
| ⑫ SOUND   | Sound selection button  |
| ⑬ 0-9KEY  | Changes CHANNEL by selecting numbers directly (only TM-1710D) |
| ⑭ A.MEMO. | Quick channel scan and channel store (only TM-1710D)          |
| ⑮ CH.SET  | Changes the memorized channel (only TM-1710D)                 |

## 6. Functions

※ (  ), it means a remote control button.

### ① POWER (POWER)

#### ● POWER ON/OFF KEY

- ① Push POWER(POWER) button. POWER is on.
- ② Push POWER (POWER) button again. POWER is OFF.

### ② SELECT(TV/AV)

- It is function to change external video signals to DSUB ANALOG/ DVI/ VIDEO/ S-VIDEO/ TV

#### ■ DSUB ANALOG/ DVI DIGITAL/ AV/ S-VIDEO/ TV

SOURCE
DSUB ANALOG
DVI DIGITAL
