

QUICK START GUIDE

SM-G920I

Device layout

To turn on the device, press and hold the Power key for a few seconds.

Installing the SIM or USIM card

-  Only nano-SIM cards work with the device.
- Insert the ejection pin into the hole on the SIM card tray to loosen the tray.

Charging the battery

Before using the device for the first time, you must charge the battery.

-  The charger should remain close to the electric socket and easily accessible while charging.

Accessing more information

To view the full user manual on your device, tap **Apps** → **Settings** → **User manual**.

Visit www.samsung.com to view device information, the user manual, and more.

-  The user manual may not be available depending on the web browser or service provider.
- You may incur additional charges for accessing the Internet.

Safety information

Read all safety information before using the device to ensure safe and proper use.

Warning

Follow the warning information provided below to prevent incidents such as fire or explosion

- Do not expose the device to physical impact or damage.
 - Do not carry your device in your back pockets or on your waist.
- Use manufacturer-approved batteries, chargers, accessories, and supplies.
- Prevent the multipurpose jack and battery terminals from contacting conductive elements, such as metal or liquids.
- Do not touch the device with wet hands. Also, do not use the device in humid environments, such as rest rooms, or during water-based activities, such as swimming.
- If any part of the device is cracked or broken, or if the device becomes very hot, stop using the device immediately and take it to a Samsung Service Centre.
- Do not turn on or use the device when the battery compartment is exposed.

Follow the warnings below to prevent injury to people or damage to the device

- Do not allow children or animals to chew or suck the device.
- Do not poke eyes, ears, or other body parts with the device or insert the device into the mouth.
- If the device has a camera flash or light, do not use it close to the eyes of people or animals.
- Do not store your device in very hot or very cold areas. It is recommended to use your device at temperatures from 5°C to 35°C.
- Do not store your device near or in heaters, microwaves, cooking equipment, or high pressure containers.
- Keep your device dry.
- Do not use your device outdoor during a thunderstorm.
- Comply with all safety warnings and regulations regarding mobile device usage while operating a vehicle.

To prevent possible hearing damage when using a headset, do not listen to sound at high volume for long periods.

To view the full safety information, tap **Apps** → **Settings** → **About device** → **Legal information** → **Safety information**.

Your device uses a non-harmonised frequency and is intended for use in all European countries. The WLAN can be operated in the EU without restriction indoors, but cannot be operated outdoors.

Specific Absorption Rate (SAR) certification information

THIS DEVICE MEETS INTERNATIONAL GUIDELINES FOR EXPOSURE TO RADIO WAVES

www.samsung.com

Your mobile is designed not to exceed the limits for exposure to radio waves recommended by international guidelines. The guidelines were developed by an independent scientific organisation (ICNIRP) and include a substantial safety margin designed to assure the safety of all persons, regardless of age and health.

The radio wave exposure guidelines use a unit of measurement known as the Specific Absorption Rate, or SAR. The SAR limit for mobile devices is 2.0 W/kg. The highest SAR values under the ICNIRP guidelines for this device model are:

SAR values for European countries: The SAR values below are only for devices developed for use in European countries.

Maximum SAR for this model and conditions under which it was recorded

Head SAR	0.312 W/kg
Body-worn SAR	0.874 W/kg

Body-worn SAR testing has been carried out at a separation distance of 1.5 cm. To meet RF exposure guidelines during body-worn operation, the device should be positioned at least this distance away from the body.

For SAR values for all other countries: For SAR values specific to your model, visit www.samsung.com/sar and search for your region and device with the model number.
