About This Issue...

Heart Health Facts and Solutions

Heart Disease and Stroke, the first and third leading causes of death for men and women, are among the most widespread and costly health problems facing our nation. Yet, they are among the most preventable diseases.

Physicians who monitor their patients for cardiac wellness are especially aware of the factors that contribute to heart health. Effective diagnosis enables better disease management and also paves the way to methods of intervention and treatment that are preventive, often adding to a patient's quality of life.

The percentage of U.S. adults with heart disease risk factors:

Inactivity	39.5%	Cigarette Smoking	20.8%
Obesity	33.9%	High Cholesterol	15.6%
High Blood Pressure	30.5%	Diabetes	10.1%

Overall, 37% of adults reported having two or more risk factors.

Cardiovascular disease, including heart health disease and stroke, account for 33.6% of all U.S. deaths.

Henry Schein Brand Products

We offer products to meet the needs of all medical specialties. From exam room supplies and gloves to diagnostic solutions—you'll find diverse product options that help you achieve greater patient satisfaction, enhanced productivity, and increased revenue for your practice. Our Henry Schein Brand is a perfect match for the practice looking for products that are **cost effective** with **exceptional value**. Our product line has met high standards to earn the Henry Schein Seal of Excellence— ***your guarantee of satisfaction***.

Look for our **Medical Spotlight** in this flyer.
This new feature will be part of our mailings
focusing on a topic of interest each month.

Rely on Us

Our Promise...

We are your **Reliable Network of Trusted Advisors.** *Rely on Us.*

Trusted Advisors

Our knowledgeable team can assist in navigating today's changing healthcare landscape, while you continue to focus on quality patient care, through:

- Revenue Enhancement
- Cost Containment
- Staff Training and Support
- Practice Education
- Technology

Price Integrity

We are highly competitive with our pricing and strive to maintain prices through the development of purchasing plans, GPO programs, and by delivering the best value for your practice.

Guaranteed Fast Delivery

Orders received by 5 PM local time are shipped the same day. Your products arrive within 24–48 hours in most areas.

Vaccines, Pharmaceuticals, and Diagnostics

Our relationships with vaccine manufacturers allow us to supply every adult and pediatric vaccine recommended by the ACIP. In addition, we can fulfill all of your flu vaccine needs with our Worry-Free Guarantee Influenza Vaccine Program. Our pharmaceutical and diagnostic solutions include brand names as well as a complete line of generics and Henry Schein Brand options.

Practice Solutions

A complete array of services from Technology Solutions to Practice Marketing, is available to help you achieve your practice goals.

*Did you know that we have over **80 Ways** to provide added value to your practice?*

Henry Schein Cares

We are helping health happen by expanding access to care for at-risk and underserved populations.

In 2012, our Healthy Lifestyles, Healthy Communities program provided free health screenings to 7,500 children and their caregivers in 6 U.S. cities.

We are now planning for 2013 and need your support.

To make a donation or learn more about our programs, visit: www.hscarefoundation.org

Assurance 50® "Fade-Resistant" Papers Single Channel, Red Grid

Unique line of thermal recording media. Look and feel is similar to standard thermal charts, but difference is in acid-free base paper and patented chemical thermal coatings. Combination of these 2 elements works to deliver 50 years of ECG image life without worry or fading. Thermal chart contaminants such as UV light, PVC, alcohol, adhesive tape, and electrode creams are no longer of concern. No special care or handling is required. Guarantee clear, indelible original records, year after year.

Piccolo® Point-of-Care Chemistry Analyzer Accessories

The first broad-menu clinical chemistry analyzer designed for near-patient testing. *Basic Panel* contains BUN, Ca, Cl-, CRE, GLU, K+, Na+, and tCO₂. *Comprehensive Panel* contains ALB, ALP, ALT, AST, BUN, Ca, Cl-, CRE, GLU, K+, Na+, TBIL, tCO₂, and TP. *Lipid Panel* contains CHOL, CHOL/HDL (calculated), HDL, LDL (calculated), TRIG, and VLDL (calculated).

- General chemistry, liver, electrolyte, BMP, CMP, lipid, renal, and hepatic panels available
- No daily controls, calibrators, or maintenance
- Intelligent Quality Control (iQCT) verifies correct performance
- No special training required
- 0.1cc whole blood, serum, or plasma
- Single-use reagent discs
- Compact and portable
- Built-in QC and calibration
- Lipid panel is CLIA waived
- Whole blood, serum, or plasma
- Less than 2 minutes hands-on
- Results in under 13 minutes

#1100-0000, Accessory Kit
(106-6368)ea

Contains: 1-0.1cc Minipette, 1-96-pack of disposable Minipette tips, 1 operator's manual, training CD, 1 power cord, 1 power supply, 10 lithium-heparin tubes, 1 screwdriver & 2-12-packs of results cards.

#400-0024, Basic Metabolic Panel
(137-3987)10/box

#400-0028, Comprehensive Metabolic Panel
(174-6978)10/box

#400-0025, Lipid Panel
(146-0189)10/box

QBC STAR Dry Hematology Analyzer

The QBC STAR dry hematology analyzer can deliver a 9-part CBC with the touch of a single button. The STAR's unique microprocessor performs self-calibration, ensuring the accuracy of results.

STAR Analyzer
(108-4403)ea

Contains: the QBC STAR instrument, 2 replacement 3.15A fuses, 2 rolls of thermal printer paper, screwdriver, forceps & power cord for 120V & 60Hz operation.

Hematology Controls
(117-4049)2 x 6/pkg

Contains: 6 vials ea of 2 different blood samples.

Internal Printer Paper
(932-7453)3/pkg

Fuses, 250V 3.15A, 5 x 20 mm
(116-8093)5/pkg

Hb 201+ Handheld Hemoglobin Analyzer

Offers the same important benefits as its predecessor, the B-Hemoglobin Photometer. Smaller size gives more flexibility and mobility to use the system anytime and anywhere. Performs an internal self-test. No control cuvette required.

- Produces results in less than 1 minute with lab-quality accuracy
- 3 easy steps
- Precalibrated, portable analyzer that requires minimal maintenance
- No calibration or instrument manipulation (between cuvette/reagent batches) is needed
- Safe and easy to use
- Reimbursable
- CLIA '88 waived
- 2-year warranty

Analyzer
(345-2344)ea

Contains: analyzer, AC adapter, manual & training CD-ROM.

#3201 Microcuvettes
(110-9167)100/box
Contains: 4 packs of 25.

Microcuvettes
(345-8733)200/box
Contains: 4 packs of 50.

i-STAT® 1 Handheld System

Performs a comprehensive panel of critical tests. Utilizing self-contained test cartridges, along with the Precision PCx™ and Precision PCx Plus™ glucose test strips, the i-STAT 1 system delivers lab-accurate testing for blood gases, electrolytes, chemistries, coagulation, hematology, glucose, and cardiac markers (cTnI). It is portable and reliable.

Includes these important features:

- Easy to use: Cartridges are self-contained and the system is simple to learn and operate
- Lab-accurate results: Advanced biosensor technology and real-time quality assurance provide extremely accurate testing
- Small sample size: Just a few drops of blood per cartridge
- Ready when you need it: Test results in as little as 2 minutes

CoaguChek XS® System PT/INR Monitoring Solution

- CLIA waived
- Neutralizes therapeutic levels of heparin and LMWH
- INR corrected for hematocrit within specified range; manage a broad array of patients with a single device
- Small sample size (10 µL) for easy dosing
- Strip allows dosing from either top or side for simple blood application
- Small, battery-powered, handheld meter for portability and efficiency
- Onboard controls; no external QC necessary
- Auto-on with strip insertion and auto-off capabilities
- 18-month strip shelf life; no refrigeration needed

XS® System
(891-0581)ea

Strips For XS and XS Plus Meters
(891-7593)48/box

Contains: 24 strips per bottle, 2 bottles per box.
Controls, Hi & Lo
(109-9989)ea

Contains:
3-Box Starter Kit
(108-1861)ea

Contains: XS Analyzer, 3 boxes of CoaguChek XS PT strips (144 total) & CoaguChek Lancets.

5-Box Starter Kit
(108-7757)ea

Contains: XS Analyzer, 5 boxes of CoaguChek XS PT test strips (240 total) & CoaguChek Lancets.

10-Box Starter Kit
(108-2228)ea

Contains: XS Analyzer, 10 boxes of CoaguChek XS PT test strips (480 total) & CoaguChek Lancets.

Alere

Alere™ Cholestech LDX® System

Complete Lipid Profile, Glucose
Lab-accurate lipid profile, glucose, ALT,
AST, and hs-CRP results in about 5
minutes* from a simple fingerstick.

- CLIA waived**
- Procedure saves time and enhances productivity
- Small, tough, and portable
- Eliminates anxiety of venipuncture; requires only a fingerstick
- On-the-spot adjustment of therapy and improved patient compliance
- Accuracy comparable to laboratory tests
- Saves time: fewer follow-up visits required
- Enhances compliance through teachable moments between healthcare providers and patients

#10-959, Analyzer
(738-2917).....ea

Contains: 1 of ea: analyzer, printer, power supply, starter pack, optics check cassette, printer cable, user's manual, procedure manual & training video. Starter pack contains 200 lancets, 200 capillary tubes, 200 capillary plungers, 1 Minipette pipette, 50 pipette tips, 1 accessory tray & 1 fingerstick tip pad.

Bayer HealthCare

A1CNow+® Tests

This handheld monitor provides accurate in-office A1c results, allowing physicians to make on-the-spot treatment decisions for diabetes patients.

- CLIA waived
- In-office testing; no waiting for lab results
- Hands-on procedure time is less than 1 minute
- Simple, 3-step procedure
- No calibration
- No capital equipment required
- Enables A1c testing in every exam room
- Results in just 5 minutes
- No refrigeration necessary if used within 4 months

#3024
(430-3504)10/box
#3021
(430-1248)20/box
CPT® Code: 83037QW†

More convenient than the lab

- Results in 5 minutes
- Portable – use in multiple exam rooms
- Small (5µL) blood sample
- Easy to use – minimal training required
- No maintenance

Key features

- Lab accuracy
- National Glycohemoglobin Standardization Program (NGSP) certified
- CLIA waived
- Service reimbursed by most third party insurers

Bayer's A1CNow+® Multi-Test A1C System

Bayer's A1CNow+® provides you with a fast and easy way to obtain lab accurate A1C results in your office. This innovative technology enables you to communicate face-to-face with your patients about their diabetes control.

SIEMENS

DCA™ Vantage Analyzer

Point-of-care immunoassay analyzer for diabetes management. Provides precise and accurate quantitative test results for HbA1c in whole blood during a patient's visit to help improve decision making. With a single urine sample, the analyzer also provides quantitative test results for low levels of albumin, creatinine, and A:C ratio in the physician's office or clinic.

#5075US, Analyzer
(110-0743)ea

#5035C, HbA1c Reagent Kit
(147-8045)10/pkg

#5068A, Hemoglobin Like Control Kit
(147-6067)ea
Contains: 2 vials of ea control: high & low.

Microalbumin/Creatinine Reagent Kits
Detects and monitors microalbuminuria, an early indication of kidney disease. Achieve test results in just 7 minutes from a urine specimen, using the DCA™ Vantage Analyzer. Existing DCA analyzers may be updated with a new program card.

#6011A
(147-8917)10/pkg

CPT® Codes: 83036QW†/82043†/82570†

SIEMENS

Multistix® 10LS Pro Reagent Strips

- Creatinine ratio to correct for varying urine concentrations
- Decreases false positive protein and false negative protein rates
- For over-65 patients and those with diabetes, CVD, or UTI
- Indication of a dilute requires patient to submit specimen, triggering another urine sample
- Automatic identification of strip configuration for Clinitek® 50 users

#1566
(147-8028)25/btl

#1554

SIEMENS

CLINITEK® Microalbumin Test Strips

- CLIA waived on CT status analyzer
- Dip-and-read test for albumin and creatinine in urine
- Determines an A:C ratio for greatest accuracy
- Use a random urine sample—reduces need for a 24-hour collection
- Timeframe: 60 seconds

#2083
(147-4712)25/btl
CPT® Codes: 82044†/82570†

Take a new look at diabetes care.

Enhanced and improved patient care

Answers for life.

Offer your patients enhanced care:

- HbA1c results in minutes allows adjustment of patient treatment during the office visit
- Immediate results reduce the need of costly and inconvenient patient call-backs and return visits
- NGSP certified HbA1c test with excellent correlation to reference methods ensures confidence in the results
- Easy to perform CLIA-waived HbA1c test can be performed in any clinical setting

BIG REVOLUTION

*It will change
the way you view
rapid testing...*

- **Proven Performance vs PCR** —
PCR is currently the highest sensitivity standard available
- **Reproducibility You Can Count On** —
Unique Adaptive Read Technology helps reduce false-positive results

- **Results You Can Trust** —
Easy-to-read digital display eliminates subjective interpretation
- **Convenient Workflow** —
Testing requires minimal hands-on time

New

Point-of-care drug screens.

Reliable, immediate test results at the point-of-care enable you to make informed decisions about substance abuse issues. We offer an entire line of products dedicated to CLIA-waived testing. You can be assured that you are getting high quality products that fit in with your drug testing program.

Laboratory confirmations.

Our reputable testing labs combine cutting edge technology with world-class customer service. Our dedicated team of toxicologists, customer service specialists, and sales representatives are focused on meeting your unique needs within clinical testing, occupational health, and medication monitoring.

Searching for a Strep A test you can rely on?

Recently, some rapid Strep A tests made in China have had quality challenges forcing you to find other tests. With flu and strep season just around the corner, you need to be ready with a strep test that won't let you down. Our **OSOM® Strep A** and **OSOM® Ultra Strep A Tests** provide excellent sensitivity in an easy-to-use dipstick format. The 50-test kits include two additional test sticks to run external QC. Performance, reliability, online training anytime, and exceptional value — made in the USA... **awesome, yes OSOM®.**

OSOM® Influenza A & B Tests

In vitro diagnostic test for the qualitative detection of influenza A and B antigens.

- Differentiates between influenza A and B
- Easy to read: 3 distinct lines
- Nasal swab specimens
- Less than 1 minute hands-on time; results in 10 minutes
- Room-temperature storage
- Moderately complex
- 2 extra test sticks included for external QC testing

#190
(106-3126)27/box

#191, Influenza A & B Control Kit
(106-3132)ea
CPT® Codes: Influenza A and B, 87804-59†

OSOM® Ultra Strep A Tests

Ultrasensitive strep A test with the ease of use and rapid results your busy practice needs. Studies show the sensitivity of OSOM Ultra Strep A test and the standard single-swab culture method are not statistically different.

- CLIA-waived
- Easy to use
- Easy-to-read, 2-color results in minutes
- Room-temperature storage
- Includes positive and negative controls
- Includes 2 additional tests for external QC testing

Offer your patients a colorectal cancer (CRC) screening test they may actually use.

Trust the brush and help boost patient compliance with InSure® FIT™

The InSure FIT Fecal Immunochemical Test with its unique water-based Blue Brush collection method makes it easier to screen for CRC. No fecal handling or test card smears required; instead, InSure FIT uses a gentle brushing of the stool in water. The 2 tests/one card format follows American Cancer Society recommendations for CRC screening along with high sensitivity, no dietary or medicinal restrictions and a patient-friendly collection method for improved patient compliance.

Please visit **DiagnosisCAST.com** and click on ColonCancerWRAP for information on new advances in colon cancer screening (CME credits available).

For more information, please visit **www.insuretest.com**.

Manufactured by Enterix Inc., Edison, NJ 08837 USA, a Quest Diagnostics Company. ENTBA9013 08/2012

Colorectal Cancer Screening
That's Easier to Live With

InSure® FIT™ Fecal Immunochemical Tests (FIT)

Test provides high sensitivity and ease of use with a simple, water-based collection method designed to be more patient-friendly. The patented brush sampling replaces unpleasant fecal collection or smearing. No dietary or medicinal restrictions, enhanced specificity and sensitivity for more productive colonoscopies. The InSure® FIT™ is based on the immunochemical detection of human hemoglobin (Hb) as an indicator of blood in the stool. The assay uses a monoclonal antibody to capture Hb on a test strip during test development. Since globin does not survive passage through the upper gastrointestinal (GI) tract, the presence of globin in the stool indicates bleeding in the colon or rectum. Clinical studies have demonstrated high sensitivity and specificity of the InSure® FIT™ test in colorectal cancer screening.

- 87% sensitivity for colorectal cancer*
- 98% specificity*
- 66% increase in patient compliance vs. a guaiac-based fecal occult blood test (gFOBT) was found in one study*
- No handling/smearing of dry, solid fecal materials*

#90030, Combo Kit 25/25

(450-0009)ea

Contains: 25 test strips, 1-9-mL bottle of run buffer & 25 patient collection kits.

#90035, Combo Kit 25/35

(450-0008)ea

Contains: 25 test strips, 1-9-mL bottle of run buffer & 35 patient collection kits.

#90010, Patient Collection, 10-Pack

(450-0003)ea

Contains: Each envelope contains: 1-2-day sample card, 2 brushes & specimen collection instructions.

#90025, Patient Collection, 25-Pack

(450-0002)ea

Contains: Each envelope contains: 1-2-day sample card, 2 brushes & specimen collection instructions.

#80025, Developer Kit

(450-0011)ea

Contains: 25 test strips & 1-9-mL bottle of run buffer.

#11018, QC Pack, 50 Test Cards

(450-0012)ea

Contains: 50-2-day sample test cards.

#16800, FOBT Controls

(450-0010)ea

Contains: 2-1.5-mL bottles, 1 of ea: positive & negative.

HENRY SCHEIN® ONESTEP® IFOB OCULT BLOOD MONOCLONAL ANTIBODY KITS

Innovative kit designed to avoid increased costs caused by noncompliant patients.

- Patient takes home stick and card only (instead of taking home buffer tubes)
- 30-day sample stability (compare to 4-8-day stability)
- Monoclonal; no dietary restrictions
- Clean, in-office sample handling
- Multiple-site accuracy

25-Test Complete Kit

(900-4413)25/kit

Contains: mailing cards kit, cassettes & buffer tubes.

Cassettes

(900-7458)30/kit

Contains: 30 cassettes & buffer tubes.

20-Patient Mailer Kits

(900-4416)20/kit

Contains: sticks, card mailer & instructions.

All-inclusive Test Kit

CPT® Codes: 82274QW†/G0328QW†

Hemoccult® ICT Tests

Next-generation fecal occult blood test (FOBT) for colorectal cancer screening. Specific for human hemoglobin, this immunochemical test eliminates all diet and drug restrictions. Specific for lower GI bleeding, resulting in fewer false positives and a reduction in unnecessary invasive procedures.

- CLIA waived; easy test procedure
- Screening reimbursement code: G0328QW†

#395065A, Collection Card Set

(834-7610)ea

Contains: 100 cards, 100 applicator sticks, physician instructions & sample collection instructions.

#395066A, Screening Kit

(834-3249)ea

Contains: 1 box of 40 patient screening kits. Each patient screening kit contains: 1 dispensing envelope with patient instructions, 3 Hemoccult ICT collection cards, 3 flushable collection tissues, 3 applicator sticks & 1 mailing pouch.

#395067A, Test Kit

(834-6389)ea

Contains: 20 test devices & 1-1-mL bottle Hemoccult ICT buffer (to be used with Hemoccult ICT collection cards & patient screening kits).

#395068A, Controls

(834-5620)4/box

#395261A, 2-Day Patient Screening Kit

(237-0085)50/box

Contains: 1 dispensing envelope, 2 Hemoccult ICT collection cards, 2 flushable collection tissues, 2 applicator sticks & 1 mailing pouch.

HENRY SCHEIN® ONESTEP™ OCULT BLOOD PATIENT MAILERS

Effective and rapid method for detecting occult blood in stool. Aids in diagnosis of asymptomatic gastrointestinal problems such as colorectal cancer, ulcers, polyps, anemia, and diverticulosis.

- Detects hemoglobin through chemical reaction
- Compares to high-sensitivity products
- Room-temperature storage

(147-7182)50 kits/box

Contains: 50 triple 2-hole slides, 150 sticks, developer & 50 US postal mailers.

CPT® Code: #82270QW

Precision Uroflowmetry System by

HENRY SCHEIN®
MEDICAL

What is the Flo-Med 1100 by Henry Schein?

It is a simple, non-invasive diagnostic screening device used to calculate the flow rate of urine over time. This aids in diagnosis of bladder and sphincter function as well as prostate conditions.

- Easy to use (hygienic & convenient)
- Height adjustable
- Battery operated
- Wireless communication to laptop, iPad, or other PDA (hardware capable)
- CPT 51741†
- Compact/portable
- One-touch technology
- Easy calibration
- PDF can easily be stored into an EHR

System Requirements:

Windows 7, XP, Vista
Hardwire compatible
with PCL5 Printer

(112-5811)

Flo-Med Precision Uroflowmetry System,
1 Unit

(112-5812)

Flo-Med Cup & Funnel Disposables,
24/Sets

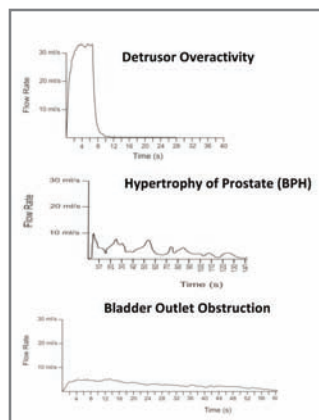

Other accessories such as Laptops
and printers are available separately.

LOVE YOUR LIFE WITHOUT LOWER BACK & RADIATING PAIN

- **Relieves lower back pain**
- **Drug free pain relief**
- **Invisible under clothing**
- **Medicare and private insurance approved**

Traction in the lumbar spine is created upon inflation of the **DDS 500** by anchoring up underneath the ribcage pushing upwards and down against the pelvic girdle pushing downwards. This action stretches the torso and can significantly reduce pressure within the lumbar spine while assisting active rehabilitation.

Add DDS to your line of products and earn extra income!

WINDOWS® Personal Seats Plastic Dispenser

SCOTT® Slimroll Hard Roll Towel Dispenser

The SCOTT Slimroll Hard Roll Towel System lets you use a roll towel dispenser in places you didn't think were possible, like right next to the sink, or at a nurses' station where you've never been able to fit a roll towel dispenser before.

- Nearly 50% smaller than standard Sanitouch® dispensers
- Small footprint and reduced depth allow mounting in tight places
- Dries more hands in less space
- Higher capacity than folded towel dispensers for less waste and maintenance
- Towels are FSC Certified and exceed EPA minimums for post-consumer waste content

Slimroll Towel Dispenser.....ea
Specify:
Smoke.....(643-0162)
White.....(643-0163)

Slimroll Towel Dispenser
Brushed Metallic
(643-0164).....ea

TERUMO MEDICAL PRODUCTS

FIGHT ALLERGIES AND SUPPORT BREAST CANCER RESEARCH EVERY TIME YOU WEAR IT.

Micro-Touch® NitraFree™ is unlike any other nitrile exam glove. It provides powerful protection against Type I latex allergies – and reduces the potential for Type IV chemical accelerator*-based allergies. It's also FDA approved for handling chemotherapy drugs. And every time you wear it, proceeds go to Susan G. Komen for the Cure†. No other pink glove does so much to protect healthcare practitioners – and women across the world.

For samples and more details, call us at **800-952-9916**, and to share your story about how you or your loved ones have been touched by breast cancer, visit ansell.com/powerofpink.

Depend Guards for Men—Bonus Pack

For light to moderate loss of bladder control. Blue layer helps product quickly absorb fluid. Contoured design—front end is wider for a better fit. Absorbent core locks in fluid to keep skin drier and reduce odor; soft elastics for leakage barrier. Two adhesive strips help hold guard in place. Individually wrapped for convenience and discreet disposal. One size fits all.

TELFAP™ Ouchless Non-Adherent Pads

1's

Absorbent pads are ideal as primary dressings for lightly-draining wounds. Minimize wound trauma: they won't disrupt healing tissue by sticking to wound.

- Bonded on both sides with perforated, nonadhering film, so it can be cut to fit any shape without separating
- Polyester wound-contact-film polymer can be steam sterilized
- Core made from 100% cotton
- Easy to use, so they are a perfect take-home dressing

MEDICAL SPOTLIGHT!

Did you know that being overweight has a measurable impact on your overall heart health?

Weight loss has the ability to improve the nation's heart health. More than two-thirds of Americans are overweight or obese. Many people do not realize being overweight significantly increases the chances that they will develop adult-onset type 2 diabetes mellitus. According to the National Diabetes Education Program, 25.8 million Americans have diabetes—8.3 percent of the U.S. population. Of these, 7 million people do not know that they have the disease.

Nationwide, more than half of adults with diabetes are obese and 30 percent or more are overweight¹. How does diabetes affect the heart? Diabetes contributes to the metabolic syndrome. The metabolic syndrome is having any three of the following: diabetes, hypertension, high cholesterol and/or obesity². This combination of diseases leads to an atherogenic plaque building state that results in blockages in the arteries of the heart. These blockages cause angina, pain associated with a decrease in blood flow to the heart or heart attacks, and complete lack of blood flow to an area of the heart, which leads to the localized destruction of the heart muscle. Having multiple heart attacks will cause heart failure and ultimately death.

The diseases associated with metabolic syndrome—hypertension, diabetes and high cholesterol—improve with a healthy diet, exercise, and weight loss. Your heart health will benefit by losing weight if you are overweight or obese. You should make an appointment to be tested for diabetes and/or pre-diabetes with your primary care physician. If you suffer from diabetes, weight loss and/or medication could help decrease your risk of developing the metabolic syndrome. Being tested and treated, if present, for hypertension with your doctor is necessary to preserve your heart health. Your lifestyle choices and commitment to heart health in 2013 could make a huge difference in your overall health.

Together,
We're
Helping
Health
Happen

Through participation
in our Calendar of Caring
programs, our valued customers
have helped raise over \$800,000
to help health happen!

Henry Schein Cares, our global corporate social responsibility program, is a source of pride for Team Schein Members around the world. Through many activities, we "help health happen" by expanding care to underserved populations. One way our customers can assist the important work of Henry Schein Cares is through participating in our Calendar of Caring programs. Throughout the year, we offer special products for purchase, a portion of which will be donated to the Henry Schein Cares Foundation in support of health-related causes. *Together we can do more!*

Make an impact!

Help us broaden access to health care around the world.

Please visit www.hscaresfoundation.org to make a donation or learn more about our programs.

GO from OW! to WOW!™

The Pronto-7® offers noninvasive and quick spot-check testing of total hemoglobin (SpHb®), SpO₂, pulse rate and perfusion index which may provide the following benefits:

- > Facilitates timely patient assessment
- > Reduces the need to wait for lab results
- > Decreases risk of accidental needle sticks and exposure to blood-borne pathogens
- > Reduces painful needle sticks and time-consuming blood draws

It's About Time.

Vitals are the beginning of the patient-caregiver interaction, playing an important role in treatment decisions. While the process has not changed significantly over the years, devices and the technology behind them have. So, **isn't it about time we start working smarter**, not harder? Purchase an IQvitals® device February 1 – May 31, 2013, and receive your choice of product incentives or a **rebate up to \$400**.

For more information about the Midmark IQvitals® devices currently on promotion, call **1-877-651-0612** or visit midmark.com/DiagnosticsFebSale.

Despite high rates of reported pertussis in a recent decade, **vaccination** rates remain low.

The ACIP recommends
Tdap vaccination for
adults and adolescents,
including
healthcare providers

- Adults 19–64 years of age should receive a single dose of the Tdap booster, especially adults who have or anticipate close contact with infants <12 months of age — When possible, women should receive Tdap before becoming pregnant
- Adolescents 11–18 years of age should receive the Tdap booster, with the preferred age of vaccination at the 11–12 year visit
- Health-care providers in hospitals or ambulatory-care settings who have direct patient contact should receive a single dose of Tdap
- Tdap is preferred to Td for tetanus prophylaxis in wound management Source: www.cdc.gov

WHY YOU SHOULD BE TREATING YOUR PATIENTS' WEIGHT PROBLEMS.

\$100 HENRY SCHEIN COUPON OFFER*

"Obesity program adopted by doctors."
The New York Times

"An Rx for Growth from Weight Loss."
THE WALL STREET JOURNAL

"Growing Trend Amongst Doctors"
CNBC

"Patients achieve significant weight loss"
THE AMERICAN JOURNAL of MEDICINE.

THE PROBLEM:

- Obesity rates have increased 60% in the US over the last 10 years.
- 53 diseases are linked to obesity.
- Over 80% of Type II Diabetes is directly related to obesity.
- More than 75% of high blood pressure is related to obesity.
- Obesity is the only recognized chronic disease primarily treated by nonprofessionals.

THE OPPORTUNITY:

- Integrate non-surgical weight loss into your practice.
- Programs are based on clinically proven, evidence-based medicine that helps your patients get healthier.
- Increase practice income \$10-\$15K per month with 8-10 hours of patient care per week.
- Insurance coverage has large cash component.
- Comprehensive clinical and business training.
- Practice support and business development.
- World-class advertising creative and campaign management.

Learn how to integrate weight loss into your practice. Contact your Henry Schein rep or e-mail schein@cmwl.com. Learn more and receive a **\$100 SCHEIN COUPON.***
