Chapter 1: StockWatch Mobile Viewers

Minimum requirements

Minimum requirements to run StockWatch Mobile GPRS version are:

- Selected mobile phones that support GPRS (such as Nokia 9500 Communicator).
- A GPRS connection to your telecommunication provider which runs well. Contact your operator to set up a GPRS connection on a Nokia 9500 Communicator.
- For installing StockWatch Mobile application, you need a personal computer to transfer the installation file to your mobile phone. See your Nokia 9500 Communicator user manual for transferring and installing an application on a Nokia 9500 Communicator.

Technical support

If you need help for installing StockWatch Mobile, you can contact Limas technical support.

Telephone :+62 021.526.6811-12

Fax :+62.021.526.6521

E-mail : helpdesk@limas.com

About StockWatch Mobile

Welcome and thank you for choosing StockWatch Mobile, the software that provides real-time stock information of domestic and regional financial markets and other important financial information around the region. The covered financial markets are:

- The Jakarta Stock Exchange (JSX)
- The Surabaya Stock Exchange (SSX)
- The Singapore Stock Exchange (SGX)
- The Kuala Lumpur Stock Exchange (KLSE) and
- The Australian Stock Exchange (ASX).

Moreover, using StockWatch Mobile you can do an online JSX stock trading through StockTrade Mobile. It is an add-on program for StockWatch Mobile.

StockTrade Mobile provides a bridge between you and your broker to do a fast and accurate online trading. You will get real time information on the JSX equities from the StockWatch Mobile and place orders using the StockTrade Mobile.

In addition, SMS Alerts is also provided. The SMS Alerts enables you to monitor stock price movements using SMS.

When you open StockWatch Mobile, the following screen will appear after the Disclaimer screen is shown:

	StockWatc	n Mobile	30/09/2005	Open
	Disclaimer	SWM Mode		
SW Mobile		Online		
244 MIDDIE		Offline		
w				
	Developed by, PT l			
10:26	You are about to u:		developed by	
* 71		nave no naphicy for any aspect of the nitation its performance, intellectual		Cancel

You need to select the StockWatch operating mode here.

- Select Online if you want to open Stock Watch Mobile features with real-time data updates.
- Select Offline if you want to open StockWatch Mobile features with periodic data updates. The periodic data update interval can be set by users. For example: by setting the update interval to 5 minutes, new data will be obtained and displayed every 5 minutes. This will allow you to save the GPRS usage.

Moreover, when you open StockWatch Mobile for the first time, StockWatch Mobile's **free trial mode** will be activated for you. The free trial mode enables you to use a limited version of StockWatch Mobile.

See the overleaf page for the available StockWatch Mobile modes.

The free trial period is 30 days. In this free trial mode, the following features are available for you to access in the Online Mode:

- Market Summary
- Personalized Quotation
- Currency Quote
- Most Active

To use StockWatch Mobile after the free trial mode is expired, you need to register. By registering your StockWatch Mobile account, you can access all available StockWatch Mobile's features.

To register, you need to purchase a StockWatch Mobile Voucher Card or obtain a full StockWatch Retail membership. (Please, contact Limas Sales Department for details or see www.ebursa.com for further information).

>>> If select Online, see page 8 for further explanations.

>>> If you select Offline, the following screen will be displayed:

	StockWatc	1 Mobile	30/09/2005	Open
	Disclaimer	SWM Mode

10:28 े ₹	For support please Phone: +62 21 528	иотт-т2, ∈тпан. петриезк@пттаз.com ог уотк	www.limas.com	Cancel

- Select Periodic Update if you want to use the periodic update features of StockWatch Mobile. See page 40 for further explanations.
- Select SMS Alert if you want to configure and use the SMS Alert (Stock, Currency and News SMS Alerts). This SMS alert feature is not available in the Free-Trial Mode. See page 35 for further explanations.

Registration Menu

If you already have a valid StockWatch Mobile Voucher Card or full StockWatch Retail membership, you can register your StockWatch Mobile account.

If you have a valid full StockWatch Retail membership:

User Manual

- Open StockWatch Mobile using the online mode.
- Select Options from the StockWatch Mobile's main menu. Next, select Registration. The following will appear:

	Register	ОК
	Enter User Name & Password	
SW Mobile	User Name 🕨 Dennis	
	Password ******	
06:52		
∀		Cancel

• Input your existing swretail username and password registered at https:// swretail.limas.com and click OK. Your username and password will be validated. If this process is successful, your login details will be saved to the local memory of your hand phone. The login details will be encrypted by the application.

Next time you open the StockWatch Mobile application, you do not need to input the login details to login, as the application will use the login details saved to your mobile phone.

Note : You must change your password saved to the local memory of your mobile phone if you have changed the password at https://swretail.limas.com. See page 10 for details.

If you have a valid StockWatch Mobile Voucher card:

- Open StockWatch Mobile using the online mode.
- Select Options from the StockWatch Mobile's main menu. Next, select Registration. The following will appear:

6	Register Enter User Name & Pa	OK Issword	User Manua
SW Mobile	User Name Password		
06:52 ॏ ∎		Cancel	

- Here, type in your new user name and password and click OK. The new user name and password are used to login to https://swretail.limas.com if you want to manage your new account details using your personal computer.
- After clicking the Ok softkey, you will receive a message informing you that the user name is not registered as this is a new user name. Select Ok to continue.

	Register	ОК
	Enter Serial Number & PIN	
SW Mobile	Serial Number 🕨 1234823933	
	PIN > *****	
06:52		
* ∎		Cancel

• Input the voucher serial number and PIN. Your serial number and PIN will be validated. If this process is successful, your login details will be generated by the StockWatch Mobile server.

The login details will be sent and saved to the local memory of your hand phone. The login details will be encrypted by the application.

Next time you open the StockWatch Mobile application, you do not need to input the login details to login, as the application will use the login details saved to your mobile phone.

Important note :	Please do not uninstall the StockWatch mobile application after you
	successfully input the voucher serial number and PIN. If you do, this
	will empty your voucher balance. You can uninstall the StockWatch
	mobile application only if your voucher balance is already empty.

Running StockWatch Mobile (Online Mode) Friday 11th June 2004 Open Write Desk note SW Mobile Clock nokia.com User Manual 06:54StockWatch Click this Mobile icon. softkey button to open **StockWatch** Mobile.

To run the application

- Select the SW Mobile icon by using the navigation button and click on the navigation button. A StockWatch Mobile disclaimer screen will appear, Select Ok to continue.
- SWM Mode screen will appear, select Online. A message box asking your confirmation to connect to StockWatch Mobile server will appear. Select Ok.
- Next, a list of GPRS providers (access points) that you have will be shown, select one of them using the navigation button.

You will login automatically using the personal information saved to your mobile phone's local memory when you first installed and used the StockWatch Mobile application.

- If the login process is successful, information about your last login and your StockWatch Retail current balance will be shown. Click on the Ok softkey to continue.
- After the last login summary is shown, the StockWatch Mobile pricing scheme for every feature of StockWatch Mobile will be displayed. Your StockWatch Retail voucher value will be deducted based on the features that you choose. Use the navigation button to scroll down/up to see the available pricing scheme. Click on the Ok softkey to continue.

Note : The trading hours information will be shown when you open the pricing scheme window. The time zone is GMT + 07:00 (Jakarta, Bangkok, Hanoi).

- Finally, a list of StockWatch Mobile features will be displayed. Use the navigation button to scroll down/up and click the navigation button to open the selected viewer.
- **Note**: When you open a feature, you will be asked to accept the subscription fee of the feature. If you select the feature without accepting the subscription fee, the feature will be opened with blank data.

User Manual

Note: You cannot open both StockWatch Mobile and StockWatch Retail using the same StockWatch Retail account details at the same time. If you do, your StockWatch Mobile will close automatically.

Refilling your StockWatch Mobile account using SW CAM

SW CAM is used to refill your StockWatch Mobile account. You need to input your new serial number and PIN to refill the expired account.

Note : Before using SW CAM, make sure that you have successfully registered your StockWatch Mobile account.

Changing your StockWatch Mobile Password

You need to change the login details saved to your mobile phone if:

• You have already changed your password at https://swretail.limas.com.

To change your password:

- Firstly, you must change your password at https://swretail.limas.com.
- Secondly, open the StockWatch Mobile, a pop up window will appear informing you that your password has changed. You will be asked to change your password saved to your mobile phone's memory.
- Next, input your new password. Make sure the new password is the same as the new password registered at https://swretail.limas.com.
- Finally, save the new password to your mobile phone's memory.

Checking your StockWatch Mobile version

You can check your StockWatch Mobile version by selecting Other from the SWM main menu and then select Check Version.

Checking your StockWatch Mobile User ID

You can check your StockWatch Mobile user ID by selecting Other from the SWM Manual main menu and then select User Info.

Switching from the current StockWatch Mobile Mode to Other Modes

You can change to other modes from the current mode by selecting Options from the SWM main menu and then select Connection Type.

- Offline, to configure the SMS Alerts.
- Periodically, StockWatch Mobile Periodic Updates Mode.

User

Information contained

This viewer displays the current market summary of the Jakarta Stock Exchange (JSX), the Australian Stock Exchange (ASX), the Singapore Stock Exchange (SGX), the Kuala Lumpur Stock Exchange (KLSE) or the Surabaya Stock Exchange (SSX). On this viewer, you can read the following information (please refer to the numbers on the picture above).

1. Composite index

This section shows the current composite index and the value/percentage differences between the current and previous day's composite index.

- Green shows the current price is higher than the previous day's closing price.
- **Red** shows the current price is lower than the previous day's closing price.
- **Black** shows the current price is the same as the previous day's closing price.

2. Advancers/Decliners/Unchanged

This section shows the number of stocks whose prices are advancing, declining or have remain unchanged (in comparison to the previous day's closing price).

3. Current total market volume and value and transaction frequency

This section shows a summary of current total market volume (in million shares) total market value (in billion Rupiah or SGD \$ or AUD \$ or Malaysian Ringgit depending on the market selected) and total transaction frequency of all stocks.

	Market Summary JSX		23/05/2003	Change

Information contained

This viewer displays all transactions on the Jakarta Stock Exchange (JSX), Australian Stock Exchange (ASX) or the Surabaya Stock Exchange (SSX) market live on one screen including the transactions at regular and non-regular boards. Incoming new transactions will be displayed at the top of the viewer. The color code formats are:

- **Green** the stock price is advancing in comparison to the previous day's closing price.
- **Red** the stock price is declining in comparison to the previous day's closing price.
- Black the stock price is the same as that in the previous day's closing.

Trading board color

To differentiate between the regular and non-regular trading board, you can see the background color of the transaction. For regular board, the color is **white**.

Note: To switch from JSX information to SSX/ASX information, click the Options softkey, a small pop up window will appear, select SSX/ASX.

SMS Alerts

SMS Alerts consist of stock, news and currency alerts.

The SMS stock alert enables you to monitor stock price movements using SMS.

It will send you a SMS when your stock monitoring parameters are exceeded. You can set your parameters based on stock price alerts (the highest and lowest price parameters).

To use the SMS Alerts you must configure the SMS Alerts feature. You can configure it using StockWatch Mobile while you are connected to the Internet (online/GPRS mode) or not (offline mode/SMS mode).

To configure the SMS Alerts feature using the online mode:

- Make sure that you have successfully registered your StockWatch Mobile account using the New or Expert feature of StockWatch Mobile.
- Open StockWatch Mobile and make sure you have successfully opened it using the GPRS connection. Next, from the StockWatch Mobile's main menu, select Alert Setting.

	StockWatch Mobile Main Menu	30/09/2005	Open

12:43	AFX	AFX News	eko	Enable	
-					Close
Y I Ö					

- In the Code column, select the news source.

- Type in the news keyword to alert for the selected news source in the Keyword column.
- You need to enable the selected news alert parameter by changing its status to Enable.
- Finally, select Send to save the parameter.

- You also need to make sure that the SMS Alert setting value is set to Automatic.

To set it to Automatic:

- Select Options from the SMS Alert viewer.
- Next, the SMS alert option window will appear.

- In Option, select Automatic and click Save.
- **Note:** The Working Mode is used if you want to switch from the online mode to the offline mode or vice-versa.

To configure the SMS Alerts feature using the offline mode:

- In the offline mode your StockWatch Mobile will use SMS to configure the SMS alerts.
- To open the SMS alert configuration, open StockWatch Mobile, in the SWM Mode screen, select Offline and then SMS Alert.
- The required steps to configure the SMS Alerts in this offline mode is the same as in the online mode.
- **Note:** In the offline mode, you cannot change currency/stock codes or news sources. However, you can change other parameters. You can also add a new stock/ currency code or news source to alert.

To obtain the SMS Alert subscription details:

In the online mode:

- Select Get Status in the SMS Alert viewer. Next, you can check the SMS features you have subscribed to by opening all SMS alert viewers. These viewers will display all enabled SMS alerts.

In the offline mode:

- Select Get Status in the SMS Alert viewer, a SMS will be sent to your mobile phone. Open the SMS to show a list of SMS features you have subscribed to.

To stop all SMS Alert subscriptions:

- Select Options from the SMS Alert viewer.
- Next, the SMS alert option window will appear.

	StockWatch Mobile Main Menu	02/06/2005	<u>ok</u>

Chapter 2: StockTrade Mobile Viewers

StockTrade Mobile Viewers

You can find the StockTrade Mobile's viewers under the StockWatch Mobile main menu such as the following:

User Manual

	StockTrade Mobile Main Menu	23/05/2003	Open
	2. Personalized Quotation	ł	
ST Mobile	3. Currency Quote 4. Most Active Stock		Options
	5. Running Trade		
8:04 AM	6. New Order 7. Order Status		
0.04 AM	8. Transaction List		Logout
	9. Preorder		9

StockTrade Mobile consists of:

- New Order

New Order viewer is used to create and submit a new buy/sell order.

- Order Status

Order Status will display the status of the order submitted to a related broker.

- Transaction List

Transaction List will display the list of done orders.

- Preorder (offline version)

Using this viewer you can create orders while your mobile phone is not connected to your GPRS provider and save the orders to be submitted later. See page 54 for details.

- Preorder (online version)

This viewer is used to submit any pending orders that you created before.

The online version of Preorder viewer is located in the StockWatch Mobile main menu. (See the picture above).

Orders

<u>6</u>	lew Order	JSX Equity		23/05/2003	Submit	
Mobile	Code	AALI	Expiration	Day		
INIODILE	Action	Buy	Broker Code	KW		
	Price (Rp)	2,500	User ID	BRAYNT		
	Vol. (Lot)	10	Password	*****		
AM		May L. S.			Close	User Manual

To submit a buy/sell order:

- In the Code text box, type in a stock code you want to buy or sell. To type in the stock code, select the Code row using the navigation button of your mobile phone and click the navigation button. The cursor will be on the Code row. Now, you can start typing a stock code.
- In the Action input box, select Buy if you want to buy or Sell if you want to sell the intended stock.
- Type in the bid/offer price in the Price text box.
- In Volume, input the stock volume to sell/buy in Lot.
- In Expiration, select one of the two available values. The two available values are:

a) **Day**: the order will be valid for the whole trading day.

b) Session: the order will be valid only for current trading session.

- In Broker Code, select your broker code from the broker code list. To open the list, select the Broker Code row using the navigation button and click the button.
- In User Id, input your user id for the selected broker.
- In the password input box, type in your password for the selected broker.
- Finally, click on the Submit softkey.
- A confirmation window will appear, click Ok to proceed. Your order will be sent.
- If the submit process is successful, an order submission status screen will appear, click Ok if you want to send another order or click Exit to return to the StockWatch Mobile main menu.

 $\ensuremath{\textit{Note}}$: You can only submit the order to The Jakarta Stock Exchange's Regular Board.

Note : To find out the status of your submitted orders, see the Order Status viewer

Order Status

User Manual

	Order	Status	JSX			23	3/05/200	13	Amend

6:32 AM ेरे ∎									Clo

All orders submitted to your broker are recorded, and their statuses are displayed in this viewer. The available statuses are: **In Process, Open, Cancelled, Rejected, Failure,** and **Expired**.

Besides the order status, this viewer also displays **Remark**. A remark of an order is a previous status of the order. For example: if an order has both an "In process" status and an "Accepted by Back Office" remark, then this means the order was processed by the broker but is not processed yet by the JSX's trading engine. The order is now still in process. The following is the explanation of the viewer's columns:

colun	ins:	
1.	Code	Displays the stock code
2.	Broker	Displays the broker code
3.	Time	Displays the time when the user submitted the order
		Format: HH:MM:SS
4.	Clt. Ord. No.	Displays the Client Order Number. This order
		number is generated by StockTrade
5.	Mkt. Ord. No.	Displays the Market Order Number. This order
		number is generated by the JSX's Trading Engine
6.	Action	Displays the related type of an order (Buy/Sell)
7.	Price	Displays the order's bid/offer price.
8.	Expiry	Displays the related order's expiration
		(Day/Session)
9.	Exch.	Displays the active stock exchange –>JSX
10.	Brd.	Displays the active stock exchange's board –>RG
		(regular board)
11.	Vol. (Lot)	Displays the sent order's volume in lot
12.	Lvs. Vol. (Lot)	Displays the remaining quantity of an order which
		has not been processed in the market
13.	Status	Displays the related status of an order
14.	Remarks	Displays the related remark of an order

The following table shows order statuses with its remarks.

Status	Remark	Explanation
In process	Accepted by Back	The order has been processed by your broker's server but the order
	Office	is not processed yet by the JSX's trading engine.
Open		The order has been received by the JSX's trading engine. Now the
		order is open for a buy/sell transaction.
Open	Partially done	A buy/sell transaction has been partially processed by the JSX.
		The remaining order's volume can be seen on the Lvs(Leaves) Vol
		colum.
Open	Amended	An amended sell/buy order
Open	Amend rejected by Back	A buy/bell amend order request is rejected by your broker's server
-	Office	
Open	Amend rejected by	A buy/sell amend order request is rejected by the JSX
	Exchange	
Open	Cancel rejected by Back	A buy/sell cancel order request is rejected by your broker's server
	Office	
Open	Cancel rejected by	A buy/sell cancel order request is rejected by the JSX
	Exchange	
Cancelled		A cancelled sell/buy order
Cancelled	Partially done	A buy/sell cancel order request is partially processed by the JSX.
		The remaining order's volume can be seen on the Lvs(Leaves) Vol
		colum.
Rejected	Rejected by Back Office	An order has been sent to your broker's server but then the order is
		rejected
Rejected	Rejected by Exchange	An order has been sent to the JSX but then the order is rejected
.		
Expired		The order is expired
Failure	Internal reject	This can happen when the connection to the JSX is cut or the JSX is
		not trading yet.

User Manual

The order status information is displayed in color format for your convenience. The color code formats are:

- **Green** indicates buy orders.
- **Red** indicates sell orders.

Note : Done transactions are displayed in Trade List, see page 40 for details.

How to Operate

- If you send orders successfully **and** the StockTrade Mobile application is still open, you can open the Order Status viewer to see the orders' statuses.
- If you send orders successfully **but** afterward you close StockTrade Mobile, then to see the statuses of the submitted orders after you reopen StockTrade Mobile:
 - Select Order Status, the following window will appear.

- In Broker, input a broker code. To input a broker code: select the Broker row using the navigation button and click the button. Next, a broker code list will appear, select a broker code.
- In Username, input your username for the related broker.
- In Password, input your password for the related broker.
- Click on the navigation button to submit.
- If the login process is successful, the font color for the related broker will turn to green.
- Repeat the previous steps to see your order status at the other brokers.
- Using this viewer, you can also amend and cancel an order.

Amending an Order

This feature allows you to edit the submitted order that has an **open** status. You can edit only the price and volume of an order.

To amend an order:

- 1. Select an **open** order to amend.
- 2. Select Amend.
- 3. Make the amendment and click the Ok softkey.

Canceling an Order

To cancel the order:

- 1. Select an **open** order to cancel.
- 2. Select Cancel. A confirmation window will be displayed. Click Ok to proceed.

Transaction List

	Transa	Transaction List 23/05/2003						003	
	Code	Price	Vol(Lot)	Time	Action	Board	Broker	:.Ord)
-	AALI	1,600	10	06:27:49	Buy	RG	KW	827	
ST Mobile	ALLI	1,700	10	01:11:50	Sell	RG	KW	311)	
									Login
6:33 AM									_
★ ।									Close

With **Transaction List**, you can display comprehensive information on buy and sell **done** transactions for the current trading day.

Note: Mkt. trd. (market trade) no. is a transaction number generated by the JSX's trading engine when the transaction is done. One Mkt. ord. (market order) number can have several Mkt. trd. (market trade) numbers as several partially done transactions can occur for a given market order number. This also applies to Clt. trd. (client trade) number generated by your broker server.

How to Operate

- If you send orders successfully **and** the StockTrade Mobile application is still open, you can open the Transaction List viewer to see the list of today done orders.
- If you send orders successfully **and** afterward close StockTrade Mobile, then to see the list of today done orders after you reopen StockTrade Mobile:
 - Select Transaction List, the following window will appear.

- In Broker, input a broker code. To input a broker code: select the Broker row using the navigation button and click the button. Next, a broker code list will appear, select a broker code.
- In Username, input your username for the related broker.
- In Password, input your password for the related broker.
- Click on the navigation button to submit.
- If the login process is successful, the font color for the related broker will turn to green.
- Repeat the previous steps to see your today done orders at the other brokers.

Preorder (offline version)

This viewer allows you to create orders while your mobile phone is not connected to your GPRS provider and save the orders to be submitted later to the JSX's Regular Board.

The StockTrade Preorder (offline version) main menu are:

- New Preorder
- Preorder List, see the following picture for details:

	StockTrade Preorder Main Menu	04/00/2004	Open
	1. New Preorder		
ST Mobile	2. Preorder List		
8:06 AM			
1 1			Exit

New Preorder

Using New Preorder, you can create many orders to be submitted to a broker in one file. The file is password protected.

To create many orders to be submitted to a broker in one file:

- Open New Preorder. A Set Broker Code pop-up window will appear.
- You need to input your broker code here and click the Ok softkey to save it.
- ST Preorder window will be displayed, select Edit.

User Manual

Preorder - Equity					Edit		
le Action	Exch.	Price (Rp)	Vol (Lot)	Expiration	Board	Туре	
							Delete
							Save
							Close

• ST Preorder input form will be displayed.

	Preorder - E	quity		04/00/2004				
ST Mobile	Code	AALI	Expiration	Day				
	Action	Buy	Exchange	JSX				
	Price (Rp.)	1,500	Board	RG	Save			
8:10 AM	Vol. (Lot)	10	Туре	Limit				
й. Т					Cancel			

Here, you can input the stock code, the order type (buy or sell), the bid/offer price, the volume and the order expiration (day or session).

• Click the Save softkey to save the order. Your saved order will be displayed on the ST Preorder viewer.

		Preor	der - E	quity	,			04/0	00/2004	Edit
		Code	Action	Exch.	Price (Rp)	Vol (Lot)	Expiration	Board	Туре	
	ST Mobile	AALI	Buy	JSX	1,500	10	Day	RG	Limit	Delete
I										Save
	8:11 AM ৼ ∎									Close

If you want to input another order you can click again the Edit softkey. Otherwise, you can finally save the order to a file.

- To save the order to a file, select Save from the ST Preorder viewer.
- You will be asked to input a file password. Click Ok to save the password and the file.

Preorder List

• After saving the file and its password, you can see, edit, or delete the file using The Preorder List viewer.

Note: If you forget the password, you cannot edit, delete or send the preorder file. The only way to remove the file from your mobile phone is by uninstalling the Preorder application (the offline version). This also means that all of your existing preorder files will be removed.

- Select an order to edit in the Preorder List viewer using the navigation button and click the Edit softkey.
- Here, you can only edit the price and volume of the order. Save the order after editing it.

To delete an order in a Preorder file

• Select an order to delete in the Preorder List viewer using the navigation button. Next, select Delete. See the following picture for details:

		Preor	der - E	quity	,			04/	00/2004	Edit
r		Code	Action	Exch.	Price (Rp)	Vol (Lot)	Expiration	Board	Туре	
l.	ST Mobile	AALI	Buy	JSX	1,500	10	Day	RG	Limit	Delete
										Save
	8:11 AM									
	1 1									Close

To delete a Preorder file with all of its contents

• Select a preorder file to delete in the Preorder List viewer using the navigation button. Next, select Delete. See the following picture for details:

	Preorder List	04/00/2004	View
	PO_AA_001)
-	PO_AA_002		Delete

	PO_AA_004		
	PO_AA_005		
0.44.0.88			
8:11 AM			Class
× 1			Close

• You will be asked for a password file. Input the password file. If the file's password checking process is successful, the file will be deleted.

Preorder (online version)

This viewer allows you to send orders that you created before using the offline version of preorder viewer. You can also edit or delete orders in the preorder file here.

• Select Preorder from the StockTrade Mobile main menu such as the following:

	StockTrade Mobile Main Menu	23/05/2003	Open
	2. Personalized Quotation	, l	•
	3. Currency Quote		Options
ST Mobile	4. Most Active Stock		optiona
	5. Running Trade		
	6. New Order		
0.04.411	7. Order Status		
8:04 AM	8. Transaction List		Logout
1 1	9. Preorder		royout

- If you have not logged in to any brokers yet, the Broker List viewer will be displayed. Here you can login to your broker.
- If the login to the broker's system is successful and you have a pending preorder file to sent to that broker, you will be notified. Select Ok to send the order.
- If you select not to send the order, the order will be displayed, such as the following:

	Preorder List File 04/00/2004	View
	PO_AA_001) 10.11
-	PO_AA_002	Delete
ST Mobile	PO_AA_003	Delete
	PO_AA_004	
	PO_AA_005	Send
8:11 AM		Close
1 1		

- To directly send the preorder file without viewing the file's order contents, select the file to sent using the navigation button, select Send.
- To send other preorder files to another different broker, you need to repeat the login process using the Broker List viewer described before.
- To edit the preorder file, select the file to edit using the navigation button and select View.

Preferred Brokers

Preferred Brokers enables you to set StockTrade Mobile to have your preferred brokers displayed in the Orders viewer when you input your orders.

To set your preferred brokers:

• Select the Options softkey from StockWatch main menu, a pop up window will appear, then select Preferred Brokers.

	StockWate	SWM Options	23/05/2003	Open	
	1. MarketSu	efill Account

±	7. Order Status 8. Transaction L	GG ⊫ No		Cancel

• Select at least one broker code. If there is no preferred broker selected, you cannot submit any order.

Trading Parameters

Viewer Function

Trading Parameters viewer enables you to see your current trading limit. When you submit buy or sell orders to the regular, crossing or negotiated board, your trading limit parameters will be updated.

The cash position is your current available cash on your account. The trading limit is calculated from your latest cash position and the calculation parameter is determined by your broker firm. The stock owned is your current stock portfolio.
