750 cc engine with overhead valves, made in China

OHV engine, 750 cc, 28 hp, crankshaft with roller bearings. Very high torque and smooth running.

- Suitable for all Ural and Dnepr frames and gearboxes. Delivered with clutch, electric starter, alternator 280W in front of the crankshaft (100% identical with BMW / Guzzi)
- Piston slide carburetors with side floats, ignition system with coil.
- Engine as depicted. Ural downpipes fits without modification.
- Trade-in of old engine is possible.
- Shipping by hauliers. Delivery in foreign countries is expensive. Please call us for special shipping charges!

S3881

Cylinderset with piston and accessories

1x Cylinder, 1x piston, 1x piston ringset and 1x piston pin for all 650 ccm Dnepr models

- made in EU
- Certified by German association for technical inspection (TÜV)
- Bore: 78.0 mm, 1 piece, fits on both sides!
- Cylinder length: 107 mm
- Attention: When using Schöttle high-performance piston rings only use 1 (one) oil scraper ring! Reason: The Schöttle rings work that perfectly that otherways piston would not be sufficiently lubricated.

149.99 EUR

Artikel.:
S130

Piston, Dnepr, 1st oversize 78,15 mm

- Piston for all Dnepr models with 650 cc
- 1st oversize 78,15 mm, original design, made in Ukraine
- 1 piece (better produkt look S 25-7818)

19.99 EUR

Artikel.:
S24-7815

Piston 2nd oversize, Dnepr, 78.48 mm

- Piston for all Dnepr models with 650 cc
- 2nd oversize 78.48 mm, original design, made in Ukraine
- 1 piece

19.99 EUR

Artikel.:
S24-7848

Piston Dnepr 77,98 mm

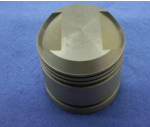

- Piston for all Dnepr models with 650 cc
- 77,98 mm, original design, made in Ukraine
- 1 piece

19.99 EUR

Artikel.:
S24-7798

Piston for Dnepr 77.94 mm, Made in EU

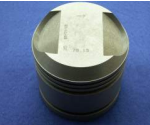

- Piston for all 650 cc Dnepr ohv engines
- Made in EU and DIN-controlled!
- Diameter: 77.94 mm
- Suitable for cylinder bores 78.00 to 78.04 mm
- Suitable piston pin: S26 or S26-EU (better quality, made in EU)

29.99 EUR

Artikel.:
S25-7794

Piston for Dnepr 78.18 mm, Made in EU

- Piston for all 650 cc Dnepr ohv engines
- Made in EU and DIN-controlled!
- Diameter: 78.18 mm = first oversize
- Suitable piston pin: S26 or S26-EU (better quality, made in EU)

29.99 EUR

Artikel.:
S25-7818

Piston ring set Ural/Dnepr, made in Russia, 78.0 mm

Piston ring set, made in Russia
1 set = 2 compression rings and 2 oil control rings
bore: 78.0 mm, height of compression rings: 2.5 mm, height of oil control rings: 5.0 mm for all Ural and Dnepr engines with 650 cc

7.99 EUR
Artikel.:
S31-7800

Piston ring set Ural/Dnepr, made in Russia, oversize 78.2 mm

Piston ring set, made in Russia
- 1 set = 2 compression rings and 2 oil control rings
- bore: 78.2 mm (oversize), height of compression rings: 2.5 mm, height of oil control rings: 5.0 mm for all Ural and Dnepr engines with 650 cc

7.99 EUR
Artikel.:
S31-7820

Piston ring set Ural/Dnepr, made in Russia, oversize 78.5 mm

Piston ring set, made in Russia
1 set = 2 compression rings and 2 oil control rings
bore: 78.5 mm, height of compression rings: 2.5 mm, height of oil control rings: 5.0 mm for all Ural and Dnepr engines with 650 cc

7.99 EUR
Artikel.:
S31-7850

Piston ring Ural and Dnepr Schoettle 78 x 2.5 mm

Piston ring, made by Schoettle, compression ring (so called Minute ring)
- best German quality, no running-in required
- bore: 78.0 mm, height: 2.5 mm for Ural and Dnepr pistons
- when installing pay attention to TOP/N marks & "€" this must point to cylinder head!

4.20 EUR
Artikel.:
S28-UD-7800

Piston ring Ural and Dnepr Schoettle 78.5 x 2.5 mm

Piston ring, made by Schoettle, compression ring (so called Minute ring)
- best German quality, no running-in required
- bore: 78.5 mm, height: 2.5 mm for Ural and Dnepr pistons.
- When installing pay attention to TOP/N marks & "€" these must point to cylinder head!

4.20 EUR
Artikel.:
S28-UD-7850

Oil control ring Schoettle 78 mm, Height 5mm

Oil control ring, made by Schoettle, threepart (so called Niflex ring)
- best German quality, less wear in cylinder
- bore: 78 mm, height: 5.0 mm
- for all models
- Attention: Because these rings scrape the oil very effectively, you should always mount only one oil control ring! That means the downward notch remains empty. Otherway the piston could run too dry.

8.29 EUR
Artikel.:
S29-7800-5

Oil control ring Schoettle 78.5 mm, Height 5mm

Oil control ring, made by Schoettle, threepart (so called Niflex ring)
- best German quality, less wear in cylinder
- bore: 78.5 mm, height: 5.0 mm
- for all models
- Attention: Because these rings scrape the oil very effectively, you should always mount only one oil control ring! That means the downward notch remains empty. Otherway the piston could run too dry.

8.29 EUR
Artikel.:
S29-7850-5

Oil control ring Schoettle 79 mm

Oil control ring, made by Schoettle, threepart (so called Niflex ring)
- best German quality, less wear in cylinder
- bore: 79.0 mm, height: 5.0 mm
- for all models
- Attention: Because these rings scrape the oil very effectively, you should always mount only one oil control ring! That means the downward notch remains empty. Otherway the piston could run too dry.

8.29 EUR
Artikel.:
S29-7900

Oil control ring Schoettle 79.5 mm

Oil control ring, made by Schoettle, threepart (so called Niflex ring)

- best German quality, less wear in cylinder
- bore: 79,5 mm, height: 5.0 mm
- for all models

- Attention: Because theses rings scrape the oil very effectively, you should always mount only one oil control ring! That means the downward notch remains empty. Otherway the piston could run too dry.

8.99 EUR

Artikel.:

S29-7950

Oil control ring Schoettle 80 mm

Oil control ring, made by Schoettle, threepart (so called Niflex ring)

- best German quality, less wear in cylinder
- bore: 80.0 mm, height: 5.0 mm
- for all models

- Attention: Because theses rings scrape the oil very effectively, you should always mount only one oil control ring! That means the downward notch remains empty. Otherway the piston could run too dry.

Crankshaft

Crankshaft

- original design for models with centrifugal oil filter
- made in Ukraine, needs rework!
- Better finish: ord. no. 45

145.55 EUR

Artikel.:

S46

Crankshaft Dnepr 650ccm

Crankshaft with connection rods for 650ccm Dnepr engines with Centrifugal oil-filter

- crankshaft excellently perfected by specialist:
- bores in connection rods an crankshaft round cut, crankshaft grounded
- Attention: Don't interchange the connection rods!

199.99 EUR

Artikel.:

S44

Crankshaft for engines with external oil filter

Crankshaft
- original design for models with external oil filter
- made in Ukraine, needs rework!
- Better finish: ord. no. 45

99.00 EUR
Artikel.:
S47

Crankshaft improved for engines with external oil filter

Crankshaft with connection rods, excellently perfected by specialist, bores in connection rods and crankshaft round cut, crankshaft ground
- Only for engines with external oil filter
Attention: Don't interchange the connection rods!

199.00 EUR
Artikel.:
S45

Connection rod

Connection rod for 650 cc models
- (1 piece)

23.90 EUR
Artikel.:
S88

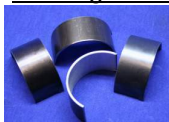

Connection rod small end bush, bronze

Connection rod small end bush, bronze, without slot

4.29 EUR
Artikel.:

Bearing shell set, standard

Bearing shells for 650 cc engines
- 1 set = 4 half-shells
- standard measure / Stage 0

12.89 EUR
Artikel.:
S55-000

Bearing shell set, undersize 0.05

Bearing shells for 650 cc engines
1 set = 4 half-shells
undersize 0.05 mm

9.90 EUR
Artikel.:
S55-005

Bearing shell set, undersize 0.25

Bearing shells for 650 cc engines
1 set = 4 half-shells
undersize 0.25 mm

9.90 EUR
Artikel.:
S55-025

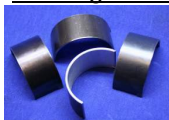

Wheel bearing, ball bearing 204

To be used in engines, gear boxes and ball bearing wheels measure: 47x20x14
type: 6204

3.99 EUR
Artikel.:
S3458

Bearing shell set, undersize 1.00

Bearing shells for 650 cc engines
1 set = 4 half-shells
undersize 1.00 mm

9.90 EUR
Artikel.:
S55-100

Camshaft for Dnepr, standard quality

Camshaft for engine with double ignition and centrifugal-advance ignition
- Needs rework: Polishing the cams and deburring
- Improved quality: Part Nr. S70-V

29.99 EUR
Artikel.:
S70

Camshaft for Dnepr, improved quality

Camshaft for all 650ccm Dnepr engines
- Not a CIS-Product: Does not need rework

31.50 EUR
*Artikel.:
S70-V*

Front camshaft bearing 205

Front camshaft bearing, type 205
- High-quality: no CIS-product

4.99 EUR
*Artikel.:

 Artikel.:
 S21-VL

Pushrod Dnepr

Pushrod Dnepr 650 cc

5.99 EUR
 Artikel.:
 S2141

Pushrod tube, zink-plated

Zink-plated pushrod tube with adjustable pressure ring
 - 1 piece
 - made in Ukraine, dim

5.99 EUR
 Artikel.:
 S100

pushrod tube sealing

Pushrod tube sealing for all 650 cc engines

1.22 EUR
 Artikel.:
 S101

Pushrod tube seal CJ 750 OHV engine

Original pushrod tube seal Changjiang 750 OHV engine

1.75 EUR
 Artikel.:
 S101-CJ

Exhaust valve Dnepr 37mm

Exhaust valve, plain surface, for all 650 cc Dnepr engines, 37mm

7.99 EUR
 Artikel.:
 S103-Dn

Inlet valve Dnepr 40mm

Inlet valve, curved surface, for all 650 cc Dnepr engines, 40mm

7.99 EUR
 Artikel.:
 S104

Valve spring large, original

Outer valve spring for all 650 cc models, original quality, high risk of breakage
 Better quality: ord. No 107-VZ

2.33 EUR
 Artikel.:
 S107-SW

Valve spring large, made in Germany

outer valve spring for all 650 cc models
Made in Germany, break-proof

7.99 EUR
Artikel.:
S107-VZ

Valve spring small, original

Inner valve spring for all 650 cc models, original quality, high risk of breakage
Better quality: ord. No 108-VZ

1.49 EUR
Artikel.:
S108-SW

Valve spring small, made in Germany

Inner valve spring for all 650 cc models
Made in Germany, break-proof

5.99 EUR

Valve collets Dnepr and Ural, 1pair

For all original Dnepr and Ural engines
- For 8 mm valve stem diameter
- Delivery qty:1 pair (=2 pcs.) (You need two pieces for each valve!)

2.99 EUR
Artikel.:
S156

Valve guide end piece

Valve guide end piece

1.99 EUR
Artikel.:
S111

Valve seat Ural and Dnepr

Brass valve seat to press in and to mill the valve sealing face
- External diameter: 41.5 mm, internal diameter: 33 mm, high: approx. 11 mm

5.85 EUR
Artikel.:
S109-VS

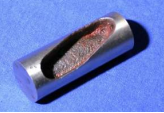

Valve seat Ural and Dnepr

Cast steel valve seat to press in and to mill the valve sealing face
- External diameter: 41.5 mm, internal diameter: 33 mm, high: approx. 11 mm
- Suitable to use unleaded fuel.

5.85 EUR
Artikel.:
S110-VS

Valve tappet

Valve tappet
- 1 piece

7.99 EUR
*Artikel.:
S112*

Valve spring seat

Valve spring seat, for Dnepr and Ural 650 cc with twin valve springs

2.99 EUR
*Artikel.:
S2150*

Upper valve spring retainer Dnepr and Ural

Original valve spring retainer for 650 cc Dnepr and Ural engines
- For original valves with 8 mm shafts

2.22 EUR
*Artikel.:
S157*

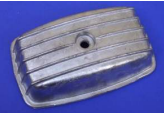

Sealing for valve spring seat

Washer valve spring seat (vibration damper)
For all models

1.49 EUR
*Artikel.:
S2159*

Valve cover Dnepr old style for 650ccm OHV engine

Valve cover for 650 cc Dnepr
- Delivery without bolts and gasket
- Old style: angular and with 5 cooling fins
- It is advisable to face the sealing surface on a glass top with sand paper! best gasket you find under S 132-ok

19.88 EUR
*Artikel.:
S243-Dn-A*

Valve cover Dnepr new style

Valve cover for 650 cc Dnepr
- Delivery without bolts and gasket
- New style: rounded and with 2 cooling fins
- It is advisable to face the sealing surface on a glass top with sand paper!

18.88 EUR
*Artikel.:
S243-Dn-N*

Valve cover gasket Dnepr 650ccm original

Valve cover gasket, rubber USSR.
- Looking for improved quality? See article S132-OK

1.99 EUR
*Artikel.:
S132*

Valve cover gasket Dnepr 650 OHV, made in Germany

Valve cover gasket made from best rubber compound. Made in Germany
- Suits for all Dnepr 650 OHV engines like K650, MT 10-36 / MT 11 / MT 16
- Best quality, lasting for years! Highly temperature-resistant
- Caution: Only original with "OK" symbol

4.99 EUR
*Artikel.:
S132-OK*

Dnepr cylinder head empty, left side

Dnepr Cylinder head, left side
- without build-in parts
- long thread for spark plug

89.90 EUR
*Artikel.:
S136-Li*

Dnepr cylinder head empty, right side

Cylinder head, right side
- without build-in parts
- long thread for spark plug

89.90 EUR
*Artikel.:
S136-Re*

Cylinder head complete, right side

Cylinder head complete, right side
- includes valves and rockers
- long thread for spark plug

165.99 EUR
*Artikel.:
S135*

Cylinder head complete, left side

Cylinder head complete, left side
- includes valves and rockers
- long thread for spark plug

165.99 EUR
*Artikel.:
S134*

Cylinder head gasket Dnepr

Cylinder head gasket, copper, for 650 cc Dnepr models
- (applicable for both sides)

1.99 EUR
*Artikel.:
S137*

Cylinder head gasket Dnepr aluminum

Cylinder head gasket from aluminum, for 650 cc Dnepr models
- (applicable for both sides)

1.39 EUR
*Artikel.:
S137-A*

Oil return pipe Dnepr 650ccm

Oil return pipe from cylinder head EU quality
- for Dnepr 650 cc engines

6.99 EUR
*Artikel.:
S83-EU*

Oil pan extra large, Dnepr

Oil pan from die-cast iron for 650 cc Dnepr engines
- Extra large version: Approx. 1.5 litre more capacity
- Surface is machined to prevent oil leakage sealing.
- Oil drain NOT in scope of delivery.
- HINT: Please take the long oil drain article: S76-lang with magnet

69.99 EUR
*Artikel.:
S84-Fe*

Oil sump made from steel sheet Dnepr 650 ohv engine

Original oil sump made from steel sheet for all Dnepr 650 ohv engine.
- Please use only the oil sump gasket S86-EU (others do not seal!)
- Delivered sometimes in yellow or white zinc-plated, so illustration similar
- The oil sump is not perfect flat! The sump do not fit on sv-engines!

15.99 EUR
*Artikel.:
S84-B*

Extra large die cast aluminum Oil pan for Dnepr

Oil pan from die-cast aluminum for 650 cc Dnepr engines
- Extra large version 5.5 cm depth meaning approx. 1.5 litre more capacity!
- Surface is machined to prevent oil leakage sealing.
- Oil drain NOT in scope of delivery.
- HINT: Please take the long oil drain article: S76-lang with magneto!
- Genuine with OK symbol!

74.99 EUR
*Artikel.:
S84-ALU*

Oil pan rubber gasket, Dnepr russian quality

Oil pan gasket from rubber – better sealing at sheet steel oil pan than original gasket better quality (german Quality) you find under S 86-EU

3.99 EUR

Artikel.:
S86

Oil pan rubber gasket, Dnepr German quality

Oil pan gasket from highly fuel- and oil-resistant rubber
- Much better sealing at sheet steel oil pan than original gasket
- Can be used several times German high quality

6.99 EUR

Artikel.:
S86-EU

Oil pan gasket Dnepr OHV cork, made in Germany

Oil pan gasket for Dnepr OHV-engines, made of cork, made in Germany

4.99 EUR

Artikel.:
S4114

Oil pan cork gasket, Dnepr

Oil pan gasket from special cork-rubber compound
- Particularly suitable for large aluminum oil pan
- Tearproof and best sealing
- for 650 cc models

4.99 EUR

Artikel.:
S87-EU

Oil pan cork gasket, Dnepr 650ccm types

Oil pan gasket from cork, particularly suitable for large aluminum oil pan
- for all 650 cc Dnepr OHV models how K650 / MT10-36 / MT11 / MT 16
-
- NOT FOR 750cc ENGINES HOW K 750 look here S 361

Thrust washer – shaft ring crankshaft BMW, M72, K750, Ural

Corrugated thrust washer for 650 cc crankshafts in BMW, M72, K750, Ural
- ID_ 35 mm, OD_ 45 mm

2.99 EUR
Artikel.:
S335-AS

Tab washer timing gear crankshaft

Tab washer to secures the timing gear bolt in the crankshaft and some more.
- OD with locating tab: 21,5 mm
- ID: 8 mm
- Tab length (from hole centre: 8mm)

1.49 EUR
Artikel.:
S335-SI

Flywheel for Dnepr engines with starter gear ring

Flywheel for Dnepr engines which are equipped with electric starter
To be used with sealing ring
Attention: Please use the smaller clutch plates with this flywheel!
weight: 5 kg

185.00 EUR
Artikel.:
S375-DSK

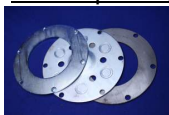

Clutch plate set

Clutch plate set, 5 pieces: 2 driveplates with friction material and 2 plain plates
- matching mounting bolts: ord. no. S41 or S1671 (see below)

85.99 EUR
Artikel.:
S37

Clutch plates, only plain plates

3 plain plates for clutch
- conforms original part nos. 7203121; 6203117 and 7203122
- matching mounting bolts: ord. no. S41 or S1671 (see below)

48.99 EUR
Artikel.:
S40

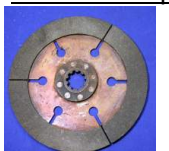

Clutch plate

Clutch drive plate
- Standard, for all models
- 3mm thick
- 1 piece
- Better quality see part nr. S332 (see below)

15.99 EUR
Artikel.:
S333

Clutch drive plate

Clutch drive plate
- better quality: slotted design with bonded friction material
- 4,5mm thick: Use only with thin shim washer (ord. no. 332-Zw)
- 1 piece

18.99 EUR
Artikel.:
S332

Shim washer

Shim washer 3mm for ord. no. 332

16.55 EUR
Artikel.:
S332-Zws

Center clutch plate

Clutch plate for drive plate standard
- Solid and thick steel

13.50 EUR
Artikel.:
S3630

Clutch plate (front) for countersunk head bolts

- Clutch plate (cover plate)
- Suits to all Ural / Dnepr / CJ / Harley models
 - With 6 clutch bolts
 - For models without electric starter
 - For countersunk bolt fixing
 - OD: 215 mm
 - Hint: Use 8 mm countersunk socket bolts S41

16.99 EUR
Artikel.:
 S332-FP

Clutch plate baseplate

- Clutch plate baseplate
- To fit the pressure spring
 - Suits to clutches of all Dnepr, Ural, CJ and some BMW and Harley models
 - Diameter: 215 mm

18.99 EUR
Artikel.:
 S3630-GP

Clutch friction pad to bond

- Friction pad for all clutches
- Thickness: 3mm, outer diameter: 180mm, inner diameter: 130mm
 - To bond use adhesive S845 (see below)!

8.50 EUR
Artikel.:
 S4415

Clutch spring

- Clutch spring
- 1 piece

1.99 EUR
Artikel.:
 S39

Flywheel centre bolt

- Flywheel centre bolt (Wrench size 36mm)
- Corresponding lock washer (part no. S42-Si, see below)

5.99 EUR
Artikel.:
 S42

Clutch pushrod for reverse gearboxes

- Clutch pushrod for all long Dnepr Gearboxes with Reverse gear
- complete with rubber seal
 - Overall length of pushrod: 19,5 cm

9.90 EUR
Artikel.:
 S423

Clutch pushrod

- Clutch pushrod for all shshort Gearboxes as Ural / M 72 / CJ / Chang Jiang / old Dnepr 4 speed Gearboxes w/o Reverse-gear
- Overall length of pushrod: 16,5 cm

7.50 EUR
Artikel.:
 S523

Lock washer for flywheel centre bolt

- Lock washer for flywheel centre bolt order nr. S42

1.99 EUR
Artikel.:
 S42-Si

Woodruff key crankshaft 3mm

- Woodruff key for the crankshaft
- To fix the flywheel to the crankshaft cone
 - 3 mm
 - May have to be tooled

0.65 EUR
Artikel.:
 S4428-3

Woodruff key crankshaft 4mm

- Woodruff key for the crankshaft
- To fix the flywheel to the crankshaft cone
 - 4 mm
 - May have to be tooled

0.75 EUR
Artikel.:
 S4428-4

Woodruff key crankshaft 5mm

- Woodruff key for the crankshaft
- To fix the flywheel to the crankshaft cone
 - 5 mm
 - May have to be tooled

0.75 EUR
Artikel.:
 S4428-5

Woodruff key crankshaft 6mm

- Woodruff key for the crankshaft
- To fix the flywheel to the crankshaft cone
 - 6 mm
 - May have to be tooled

0.85 EUR
Artikel.:
 S4428-6

Clutch bolts for flywheel

- Clutch bolts that have to be pressed in flywheel
- Hint: If one bolt is worn, it is necessary to change all bolts!
 - 1 piece
 - with M8 internal thread, fine-pitch

1.99 EUR
Artikel.:
 S38

Release bearing repair set

- Release bearing repair set
- improved quality with brass cage

14.99 EUR
Artikel.:
 S402

Release bearing

- Ball bearing, clutch release bearing for MT11/16

3.99 EUR
Artikel.:
 S420

Clutch pushrod, complete with release bearing for short gearbox

- Clutch pushrod with release bearing (set)
- K750 / chines. CJ / Chang Jiang 750 with short bearing and reverse gear
 - Side valve gearbox with vintage housing
 - Ural gearbox with reverse gear
 - Overall length of pushrod: 16,5 cm

15.99 EUR
Artikel.:
 S504-16

Release bearing pushrod

- Pushrod for clutch, adapter for release bearing
- For all models, 33,5mm
 - zinc-coated

2.99 EUR
Artikel.:
 S2192

Clutch pushrod, with release bearing for Dnepr reverse gearbox

- Clutch pushrod with release bearing set
- Fits Dnepr gearbox with reverse gear
 - Overall length of pushrod: 19,5 cm

16.99 EUR
Artikel.:
 S504-19

Pressure piece clutch with groove for O-ring

- Clutch rod / thrust piece
- Suits for diverse gearboxes.
 - Overall length: 18.5 mm, diameter: 23 mm, width of the groove: 4 mm
 - Delivery without O-ring

3.99 EUR
Artikel.:
 S4241

Timing gear set Dnepr

- Timing gear set
- Consisting of crankshaft gear and camshaft gear
 - Attention: Replace always both gears
 - For 650 cc Dnepr engines with centrifugal oil filter

69.99 EUR
Artikel.:
 S98

Woodruff key

- Woodruff key to position the drive gear to camshaft

1.29 EUR
Artikel.:
 S73

Timing gear set for engines with external oil filter

- Timing gear set consisting of crankshaft gear and camshaft gear
- Attention: Replace always both gears
- For 650 cc Dnepr engines with external oil filter

49.50 EUR
Artikel.:
 S99

Conversion kit electric starter

- Conversion kit electric starter
- Fits to all engines

169.00 EUR
Artikel.:
 S4464

Breathing hose crankcase

- Crankcase breathing hose, high-quality, UV-proof, heat-proof, oil-proof made in EU

3.23 EUR
Artikel.:
 S43

Rotor crankcase breather

- Rotor crankcase breather
- For all 650 cc Dnepr engines

15.99 EUR
Artikel.:
 S429-OHV

Oil pump

- Oil pump for 650 cc models
- MT10-36, MT11, MT16, MT156 etc.
 - Attention: Deburr before installation!

35.99 EUR
Artikel.:
 S82

Oil pump strainer

- Oil pump strainer
- For 650 cc Dnepr

8.99 EUR
Artikel.:
 S2015

Oil pump gasket Dnepr OHV, German quality

Oil pump gasket in German quality for all 650 cc Dnepr engines, oil-proof and very high quality.

1.99 EUR
Artikel.:
S82-D-EU

Oil pump drive gear, Dnepr

Oil pump drive gear, Ural, for Dnepr 650ccm models

9.99 EUR
Artikel.:
S121

Oil pressure switch

Oil pressure switch

5.99 EUR
Artikel.:
S79

Oil filter

External oil filter, original design, also suitable for Lada cars

4.99 EUR
Artikel.:
S80

Oil filter improved

External oil filter, special design, narrower and longer than original filter
- Effect: higher flow-rate, easy fitting, better cooling!

12.99 EUR
Artikel.:
S81

Centrifugal oil filter

Centrifugal oil filter, complete, threepart

15.99 EUR
Artikel.:
S122

O-ring for centrifugal oil filter

Sealing ring (large O-ring) for centrifugal oil filter

0.99 EUR
Artikel.:
S123

Bolt set for camshaft bearings, 4 pieces

Mounting bolt set for camshaft bearings
1 set = 4 bolts
Countersunk head M6 Allen bolt
best quality!
please only one order for 4 bolts!

1.99 EUR
Artikel.:
S18

Bolt set for sealing ring holder, 4 pieces

Mounting bolt set for sealing ring holder of camshaft
- 1 set = 4 bolts
- Countersunk head M5 Allen bolt
- high-quality!
- please only one order for 4 bolts!

1.99 EUR
Artikel.:
S19

Bolt set engine cover, 12 pieces

Set of engine cover Allen bolts
, zinc-coated, hardness 8.8, with washers
1 set = 12 pieces

7.49 EUR
Artikel.:
S67

Bolt set for aluminum oil pan, 11 pieces

Bolt set with bolts of suitable lengths for fixing aluminum oil pan
- Set of 11 Allen bolts with washers
- Attention: Check depth of threads in crankcase!

5.99 EUR
Artikel.:
S85

Valve cover nut

Sleeve nut for valve covers
all 650 cc Dnepr models

2.50 EUR
Artikel.:
S2099

Stud bolt M8 x 80 coarse-fine

Stud bolt with M8 thread
- One side 13 mm coarse thread, one side 27 mm fine pitch thread
- To use at the valve cover of 650 cc Dnepr engines

2.99 EUR
Artikel.:
S3116

Clutch plates mounting bolt set, 6 pieces

Set of clutch plates mounting bolts
- Consisting of 6 pcs countersunk head
- 8 mm Allen bolt with fine-pitch
- Hardness 10.9
- Attention: Perhaps upper plain plate has to be cut down!

9.99 EUR
Artikel.:
S41

Lower engine mounting bolt, long

Lower engine mounting bolt, long (31 cm)
- Thread M12 x 1,25 (Fine thread)
- Matching nuts: see below

2.99 EUR
Artikel.:
S64-L

Connection rod nut

Connection rod nut with M8 fine-pitch thread
original castle nut
Attention: Very soft material, tighten carefully!!

1.25 EUR
Artikel.:
S90

Connection rod bolt

Connection rod bolt, original design
Hint: Use nut S138!

1.99 EUR
Artikel.:
S91

Lower engine mounting bolt, short

Lower engine mounting bolt, short (31 cm)
- Thread M12 x 1,25 (Fine thread)
- Matching nuts: see below

2.99 EUR
Artikel.:
S64-K

Cylinder head bolt M72, original square head

Original bolt for M72 cylinder head
- 1 piece

1.99 EUR
Artikel.:
S3492

Stud bolts cylinder Dnepr

Cylinder stud bolts for 650 cc models, on one side with M10, on the other side with M8 fine pitch thread original quality ! Better quality look S 140 !
- Hint: Use improved nuts, ord. No S138 or better S 138-S !

4.99 EUR
Artikel.: S140

Cylinder studs for all 650 cc Dnepr engines, high quality

Cylinder studs for all Dnepr 650 in high quality
- One side 10 mm thread, other side: 8 mm fine pitch thread
- Made in EU by a cylinder stud specialist.
- Please use the high 8 mm nuts S138-S

5.99 EUR
Artikel.: S140-EU

locking plate oil pump bolts

locking plate for oil pump bolts
- For Dnepr 650 cc models

1.99 EUR
Artikel.: S2121

Tab washer alternator sprocket

Tab washer for alternator sprocket Dnepr, Ural

1.44 EUR
Artikel.: S2125

Locking plate for crankshaft bearing housing, long

Locking plate for crankshaft bearing housing, long, 1 piece

1.49 EUR
Artikel.: S53-K

Locking plate for crankshaft bearing housing, short, EU-Quality

Short locking plate for crankshaft bearing housing,
- HIgh EU-Quality
- 1 piece

1.99 EUR
Artikel.: S53-K-EU

Locking plate for crankshaft bearing housing, short

Locking plate for crankshaft bearing housing, short, 1 piece

1.49 EUR
Artikel.: S53-L

Locking plate for crankshaft bearing housing, long, EU-Quality

Locking plate for crankshaft bearing housing, long
- EU-Quality
- 1 piece

1.99 EUR
Artikel.: S53-L-EU

Cylinder head nuts special

Cylinder head and connection rod big-end nuts, 12 mm hexagon, M8 fine pitch thread
- Custom product with higher thread: Better load than original design: 17 pitches in brass ensure tighter fit and undamaged stud bolts
- Also suitable for Dnepr connection rod big-end: Nut covers all threads!

1.89 EUR
Artikel.: S138

Washer for cylinder head bolts Dnepr / Ural

Special washer for cylinder heads of Dnepr and Ural models
- Suitable for M8 cylinder head studs
- Extra strong material, so the cylinder head nut won't bite in the alloy.

0.48 EUR
Artikel.: S138-U

Clamp distributor cover

Clamp holder for ignition cover
For all models with centrifugal governor

3.99 EUR
Artikel.: S2184

Intake flange rubber 34 mm

Intake flange made from rubber with metal inlet for a carburettor with a flange of at least 33 mm and at most 35 mm diameter.
- The stud hole distance is suitable for all Russian models (53 mm). IT can be installed vertical or horizontal.
- Length: 24 mm
- Fits also many Mikuni and Dell-Ortho carburetors at Japanese bikes

29.99 EUR
Artikel.: S4130

Leather - seal Dnepr Valve lid screw

Leather seal for Dnepr
- Seals the valve bonnet screw
- Fits all 650ccm Dnepr OHV engines
- Original Part Nr.: MT 801514

1.19 EUR
Artikel.: S102

Sealing set rubber, Dn 30T

Rubber sealing set Dnepr, extra large 30-parts with wire ducts, inspection bore plugs etc.

22.00 EUR
Artikel.: S1316

Gasket and sealing set Dnepr engine

Paper and rubber seals for all Dnepr 650 cc engines
- 25 pieces

21.99 EUR
Artikel.: S2132

Gasket centrifuge, paper

paper gasket for Dnepr engines with centrifugal air filter

0.49 EUR
Artikel.: S2052

Oil pipe sealing for cylinder base, Dnepr

Oil pipe sealing for cylinder base, Dnepr, rubber

0.50 EUR
Artikel.: S133

Rubber sealing cone for centrifugal oil filter

Tapered rubber seal for all 650 cc Dnepr engines with centrifugal oil filter.
- Original part number: MT801216
- HINT: Should be changed at each cleaning of the centrifugal oil filter (at least every year).

1.22 EUR
Artikel.: S122-G

Sealing ring for oil dip stick

O-ring for oil dip stick, special design replaces non-sealing aluminum ring

0.55 EUR
Artikel.: S20

Engine oil HD30, 10 litres

Engine oil for classic cars and bikes engine oil with less additives "single grade oil SAE30 / HD30 for engines without oil filter

- This oil is better applicable for engines without paper oil filter than modern oils, because debris is accumulated in the oil pan and won't be transported continuous through the engine

- HD30 is used in cold conditions!, 10 litres

99.99 EUR

Artikel.:

S1505-20

Dipstick sealing, hard 2 mm

Sealing ring for the dipstick

- Suitable for all models

- Size: outside: 30 mm, inside: 23 mm, thickness: 2 mm

- Made from oil resistant sealing material

0.59 EUR

Artikel.:

S20-H2

Engine oil HD50, 10 litres

Engine oil for classic cars and bikes engine oil with less additives "single grade oil SAE50 / HD50 for engines without oil filter

This oil is better applicable for engines without paper oil filter than modern oils, because debris is accumulated in the oil pan and won't be transported continuous through the engine

special suitable for Harley-Davidson! HD30 is used in hot conditions!, 10 litres

89.00 EUR

Artikel.:

S1506-20

Oil seal crankshaft, original, Dnepr

Crankshaft oil seal for 650 cc Dnepr models, original quality

1.99 EUR

Artikel.:

S94

Oil seal camshaft, original, Ural and sv

Camshaft oil seal for 650 cc Ural and side valve models, original quality

1.99 EUR

Artikel.:

S95-Dn

Oil seal crankshaft, made in EU, Dnepr 60x85

Crankshaft oil seal for 650 ccm Dnepr models, high-quality, made in EU, Size: 60x85x12

6.99 EUR

Artikel.:

S96

Oil seal camshaft, 15/30/7, made in EU

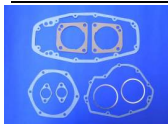

Camshaft oil seal for all 650 cc models, high-quality, made in EU

2.99 EUR

Artikel.:

S97-EU

Gasket set Dnepr engine

Paper gasket set for Dnepr engines

- 9 pieces

6.99 EUR

Artikel.:

S4458

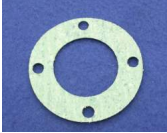

Gasket sealing ring bracket camshaft 3 holes

Improved gasket (Made in Germany) to fit under the sealing ring bracket of the camshaft sealing ring, with 3 hole-fixing, original spare part-no.: MT 801118

1.49 EUR
Artikel.:
S4254

Gasket sealing ring bracket camshaft 4 holes

Improved gasket (Made in Germany) to fit under the sealing ring bracket of the camshaft sealing ring, with 4 hole-fixing, original spare part-no.: MT 801118

1.49 EUR
Artikel.:
S4255

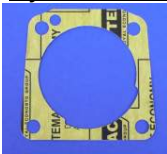

Engine cover gasket Dnepr 600 cc

Original engine cover gasket
- for all ohv Dnepr with 600 cc

1.79 EUR
Artikel.:
S66-P

Cylinder base gasket Dnepr

Original cylinder base gasket
- For all 650ccm Dnepr, fits left and right side
- Improved version: see below
- Image similar
-

0.99 EUR
Artikel.:
S4302-UA

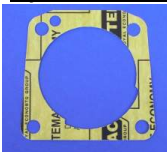

Engine cover gasket Dnepr 600 cc improved european quality

Improved engine cover gasket in european quality.
- Fits all 650 cc ohv Dnepr engines.

2.99 EUR
Artikel.:
S66-EU

Cylinder base gasket Dnepr, improved

Cylinder base gasket, improved quality
- Fits left and right side
- ca. 0.75 mm thick

1.79 EUR
Artikel.:
S4302-V

Pressure piece release bearing

Pressure piece release bearing
Attention: No O-ring groove that means in gearbox has to be an O-ring groove!
If not, use ord. no. 402

3.99 EUR
Artikel.:
S2193

Clutch lever Dnepr reverse gear models

Complete clutch lever for all Dnepr with reverse gear!
- Neat reproduction! Better cast, proper anodized surfaces and best workmanship.
- Complete with pivot bolt, split pin, adjusting bolt and locknut.

9.99 EUR
Artikel.:
S 424-S

Gearbox Ural, without reverse gear

4-speed gearbox complete, without reverse gear

329.98 EUR
Artikel.:
S500

Gearbox CJ / Chang Jiang with reverse gear

Gearbox Chang Jiang with reverse gear

455.99 EUR
Artikel.:
S501-CJ

Gearbox with reverse gear

Gearbox with reverse gear for oil bath air filter
- applicable for all Dnepr models with long frame (M72, MT9, K650, K750, MT12, etc.) Warning: Quality from Ukraine!!!
- Hint: The chinese gear box SCJ501 fits also and is of good quality!

499.00 EUR
Artikel.:
S405

Dnepr Gearbox with reverse gear for E-Start

Dnepr gearbox with reverse gear and electric starter flange
- ATTENTION: Gear box will be delivered w/o oil filling.
- It is necessary to fill an appropriate oil (GL3) before usage! It may be necessary to remove conservant before. See our oil selection.

799.00 EUR
Artikel.:
S407

Gearbox cover for gearbox with electric starter

Gearbox cover for gearbox with electric starter

125.00 EUR
Artikel.:
S416

gearbox cover Dnepr, old style BMW

Gearbox cover
- Suits to several gearboxes of BMW / Cemec / Harley / Dnepr / Ural / CJ

19.99 EUR
Artikel.:
S4191-D

Gearbox gear 26 teeth

External diameter: 70.4 mm, width: 22.2 mm, internal diameter_ 25.9 mm
- helical cut
- Please check the size on your gearbox.

19.99 EUR
Artikel.:
S510-26

Gearbox gear 29 teeth

External diameter: 78 mm, width: 19.2 mm, internal diameter_ 25.9 mm
- straight cut

19.99 EUR
Artikel.:
S510-29

Gearbox gear 32 teeth

External diameter: 85 mm, width: 19.2 mm, internal diameter_ 25.9 mm
- straight cut

19.99 EUR
Artikel.:
S510-32

Gearbox gear 36 teeth

External diameter: 94.5 mm, width: 18.2 mm, internal diameter_ 25.9 mm
- straight cut

19.99 EUR
Artikel.:
S510-36

Shift collar small

Shift collar with 52 mm external diameter
- 11 teeth inside
- External groove diameter: 41.3 mm
- Caution: At Dnepr gearbox with reverse gear the collar has to be modulated to the fork!

11.99 EUR
Artikel.:
S512-11

Shift collar large

Shift collar with 60.7 mm external diameter
- 14 teeth inside
- External groove diameter: 52.3 mm
- Caution: At Dnepr gearbox with reverse gear the collar has to be modulated to the fork!

15.99 EUR
Artikel.:
S512-14

Shift collar, genuine for Dnepr reverse gear gearbox

Genuine shift collar for Dnepr reverse gear gearbox
- External diameter in groove: 52.5 mm
- 14 teeth inside
- Overall external diameter: 61.5 mm

13.09 EUR
Artikel.:
S512-RW

Raceway input shaft Dnepr reverse gearbox

Raceway for the oil seal cover of Dnepr reverse gearboxes
- Fits tight on the input shaft
- Use O-ring S4258 to seal!

6.99 EUR
Artikel.:
S443-S

Pinion 4th gear input shaft

4th gear pinion for input shaft (main shaft) of Dnepr gearbox

14.99 EUR
Artikel.:
S412-E3

Gear pinion 4th gear

Gear pinion 4th gear for Dnepr gearbox

19.99 EUR
Artikel.:
S412-E4

Pinion 1st gear output shaft

1st gear pinion for output shaft (auxiliary shaft) of Dnepr gearbox (37 teeth)

19.99 EUR
Artikel.:
S412-A1

Pinion 3rd gear output shaft

3rd gear pinion for output shaft (auxiliary shaft) of Dnepr gearbox (32 teeth)

16.99 EUR
Artikel.:
S412-A3

Pinion 4th gear output shaft

4th gear pinion for output shaft (auxiliary shaft) of Dnepr gearbox

19.99 EUR
Artikel.:
S412-A4

Pinion 29 teeth

For Ural and Dnepr gearboxes,
- 29 teeth, shaft diameter: 26 mm, outside diameter: 78 mm

19.99 EUR
Artikel.:
S4530

Inner part of selector coupling

Pinion Dnepr gearbox.
- Inner part of selector coupling (shear modulus)

19.99 EUR
Artikel.:
S412-R

Pinion 36 teeth

For Ural and Dnepr gearboxes,
- 36 teeth, shaft diameter: 26 mm, outside diameter: 78 mm

19.99 EUR
Artikel.:
S4529

Pinion reverse gear small

Small pinion reverse gear
- with copper bush

15.99 EUR
Artikel.:
S417

Pinion 1st gear output shaft

1st gear pinion for output shaft (auxiliary shaft) of Dnepr gearbox

10.00 EUR
Artikel.:
S412-7

Kickstart gear / teeth segment

For all Dnepr gearboxes with reverse gear

17.99 EUR
Artikel.:
S413-Z

Pinion 3rd gear input shaft

3rd gear pinion for input shaft (main shaft) of Dnepr gearbox

29.99 EUR

Artikel.:
S412-K

Pinion set longer 4th gear

Pinion set for longer 4th gear (overdrive) in Dnepr gearbox, gear ratio:25/21

49.99 EUR

Artikel.:
S442

Input shaft (main shaft) complete

Input shaft (main shaft) for Dnepr gearbox with reverse gear
- complete with pinions, without bearings

49.99 EUR

Artikel.:
S443

Gearbox output shaft M72 / CJ / Chang Jiang

Without pinions

17.50 EUR

Artikel.:
S3470

Gearbox shaft set, Dnepr

Gearbox overhaul set: contains both shafts, complete with pinions, etc.

249.99 EUR

Artikel.:
S410

gearchange shaft

gearchange shaft for Dnepr gearbox with reverse gear

9.99 EUR

Artikel.:
S434

Gear lever shaft Dnepr reverse gearbox

Gear lever shaft of all Dnepr gearboxes with reverse gear
- Genuine part no.: MT 804121-A

15.99 EUR

Artikel.:
S428-W

Selector fork 3th/4th gear, Dnepr

Selector fork 3th/4th gear, Dnepr gearbox with reverse gear

9.99 EUR

Artikel.:
S431-A

Selector fork 1st/2nd gear, Dnepr

Selector fork 1st/2nd gear, Dnepr gearbox with reverse gear

Artikel.:
S431-B

Selector fork reverse gear, Dnepr

Selector fork reverse gear, Dnepr gearbox with reverse gear

7.99 EUR

Artikel.:
S431-C

Selector fork

Selector fork

12.90 EUR

Artikel.:
S516-A

Selector fork

Selector fork for many Ural and Dnepr gearboxes without reverse gear
- Opening width: 53.9 mm
- Caution: Check size and shape, unsuitable for Dnepr with reverse gear.

12.80 EUR

Artikel.:
S516

Selector plate

Selector plate for Dnepr gearbox with reverse gear

14.99 EUR

Artikel.:
S432

Selector arm, splined, Dnepr

Selector arm for inner fitting to gearchange shaft

8.20 EUR

Artikel.:
S433

Speedometer screw drive in gearbox

For Ural and early Dnepr four speed gearboxes without reverse gear, M72 gearboxes. Suits for final drive 8/37

9.99 EUR

Artikel.:
S4527

Drive flange with speedometer screw drive

For Ural, M72 and early Dnepr four speed gearboxes without reverse gear

25.55 EUR

Artikel.:
S4531

Driven flange 8-37 with speedo-drive

Driven flange (crown gear mounting) complete with worm drive for correct drive ratio of speedometer-drive, final drive 8/37

19.99 EUR

Artikel.:
S400

Driven flange 9-35 with speedo-drive

Driven flange (crown gear mounting) complete with worm drive for correct drive ratio of speedometer-drive, final drive 9/35

23.99 EUR

Artikel.:
S401

Bronze bushing Dnepr gearbox

Bushing for transmission output shaft
- Dimensions (inside x outside x height): 22 x 26 x 18 mm
- Original part-no.: MT804414

6.99 EUR

Artikel.:
S4678-Dn

Steel bushing Dnepr gearbox

Bushing for the transmission output shaft
- Dimensions (internal x external x high): 22 x 26 x 18.6 mm
- Original part no. MT 804415

4.99 EUR

Artikel.:
S4682-Dn

Crown nut with collar M14 x 1.5 fine pitch

Spanner size 17 mm, especially for gearbox outlets in drive flange

3.90 EUR

Artikel.:
S400-M

Kickstarter shaft Dnepr, old style

Kickstarter shaft for all Dnepr gearboxes with reverse gear and wedge bolt fixing (S403)

27.50 EUR

Artikel.:
S413-W

Kickstart return spring

Kickstart return spring, zinc-coated

7.99 EUR

Artikel.:
S414

Kickstart stop rubber inside gearbox

Stop rubber for kickstart lever in gearbox

1.55 EUR

Artikel.:
S415

Spring compressor kick starter spring Dnepr

Spring compressor for all Dnepr reverse gear transmission
- To secure use S1673 or improved part

4.99 EUR

Artikel.:
S4152

Spring Dnepr gearbox no. MT804587

Spring for Dnepr reverse gear transmission
- Original spare part no.: MT804587

1.99 EUR

Artikel.:
S4175

Spring Dnepr gearbox no. MT804501

Spring for Dnepr reverse gear transmission
- Original spare part no.: MT804501
- Is fitted to lock the shift disc

4.99 EUR

Artikel.:
S4176

Spring Dnepr gearbox no. MT804533

Spring for Dnepr reverse gear transmission
- Original spare part no.: MT804533

3.99 EUR

Artikel.:
S4177

Selector shaft return spring

Selector shaft return spring
For Dnepr gearboxes with reverse gear

4.99 EUR

Artikel.:
S427

Output shaft, reverse gearbox

Output shaft for all Dnepr reverse gearboxes (early and new style)

32.98 EUR

Artikel.:
S3470-DN

Spring washer Dnepr gearbox

Spring washer Dnepr gearbox
- For main transmission shaft at gearboxes with reverse gear
- Diameter: 52 mm

1.99 EUR

Artikel.:
S4440

Kickstarter repair-kit Ural and early Dnepr

- If the kickstarter won't grip well!
- Repair-kit with latch (18mm), latch-shaft, spring and pin
 - Suitable for all Ural gearboxes and early Dnepr gearboxes without reverse gear.
 - Round kickstarter gear!

9.99 EUR
 Artikel.:
 S511

Bearing 304

- Ball bearing type 304 for gearbox measure: 52 x 20 x 15 type nr. 6304
- NO CIS-production

3.99 EUR
 Artikel.:
 S419

Roller bearing to replace ball bearing 204

- This roller bearing has the same size as ball bearing 204.
- So at an gearbox overhaul it can be used as a stronger replacement for bearing 204 measure : 47x20x14 Type NU6204 E

11.20 EUR
 Artikel.:
 S71-R

Bearing 205, closed

- Both sides closed ball bearing type 205 (6205)
- Dimensions: 52 x 25 x 15
 - Fits Ural / Dnepr camshaft and front side of gearbox input shaft of MT11/16 and many Zuendapps
 - Good quality, no CIS product!

5.99 EUR
 Artikel.:
 S421

Bearing 303

- Ball bearing type 303 measure 47x17x14 bearing nr. 6303
- for rear side of gearbox input shaft of MT11/16 and other Gearboxes from Ural, BMW etc. NO CIS-production

3.99 EUR
 Artikel.:
 S422

Wheel bearing, ball bearing 204

- To be used in engines, gear boxes and ball bearing wheels measure: 47x20x14 type: 6204

Rear wheel swing arm Dnepr with sidecar drive

Rear wheel swing arm for Dnepr K 750 / MW 750 / MT 16 / models with sidecar drive – no plunger suspension
- Suitable for bevel /sidecar drive housing with 10 mm bolts in semi-circle.
- Delivered without bolts and rubbers.

99.99 EUR
Artikel.:
S MT16

Final drive Dnepr MT11

Final drive complete
- for Dnepr MT11 models, gear ratio: 8/37

295.00 EUR
Artikel.:
S600

Final drive Ural Dnepr

Final drive with four 10 mm bolt-fixing (Ural, Dnepr) and a 8/37 teeth transmission ratio
- Good finish, solid material. Suitable for several Ural and Dnepr models without sidecar drive!
- Attachment for external brake linkage, brake shoe fixing like Ural, M72, CJ
- M72 half hub brake shoes can be installed without alternation; Ural brake shoes (35 mm) have to be adapted.
- Delivered without oil – fill up SAE 80GL3 gearbox oil before use! NOT MADE IN CIS!

225.98 EUR
Artikel.:
S600-C

Final drive Dnepr MT16 complete with sidecar drive

Final drive complete
- for Dnepr MT16 models with sidecar drive, gear ratio: 8/37
- illustration similar

699.00 EUR
Artikel.:
S601

bevel/crown gear set 8-37, MT16

Final drive gear set for sidecar-use
- contains bevel gear and crown gear
- gear ratio: 8/37
- only for MT16

109.99 EUR
Artikel.:
S606

bevel/crown gear set 8-37

Final drive gear set
- contains bevel gear and crown gear
- gear ratio: 8/37 (solo bike)
- not for sidecar use

59.99 EUR
Artikel.:
S605

bevel/crown gear set 9-35

Final drive gear set
- contains bevel gear and crown gear
- gear ratio: 9/35 (solo bike)
- not for sidecar use

62.50 EUR

Artikel.:

S604-9

Bevel/crown gear set 10-35

Final drive gear set with higher gear ratio
- Contains bevel gear and crown gear
- gear ratio: 10/35 (solo bike)
- not for final drives with driven sidecar
- Attention: In some cases few aluminum material has to be removed inside final drive housing for sufficient clearance of bevel gear

Universal joint

Sidecar drive universal joint Dnepr MT16 / MT12
- Final drive output shaft to sidecar

39.90 EUR

Artikel.:
S2059

Cardan joint sidecar drive

Original Dnepr universal joint with bore for the sidecar drive (MT12M and MT16)
- Caution: Please rework and check circlips before use!

33.00 EUR

Artikel.:
S622-L

Cardan joint Dnepr final drive inlet

Original Dnepr universal joint to connect transmission shaft with final drive
- Suitable for all Dnepr final drive shafts
- Caution: Please rework and check circlips before use! Illustration similar, sometimes zinc-plated

35.99 EUR

Artikel.:
S622

Universal joint, machined

Machined universal joint
- With true-running surface at final drive
- Suits to oil seal 49/33 (S639-33)
- Contact area to press on the double groove ball bearing is faced and shims (S 2083-03 / 2083-05 / 2083-08) can be used.
- Suits to several Dnepr / Ural / CJ / Changjiang / BMW and Harley models.
- Overall length: approx. 125 mm
- To use with drive shafts with 6 splines
- OD: 20 mm

59.99 EUR

Artikel.:
S622-VB

Universal joint fork final drive shaft

Fork piece for the universal joint final drive side
- Suits to nearly all drive shafts
- Total length: approx. 85 mm, width: approx. 52 mm, bearing diameter: 19 mm
- Shaft OD: 28 mm, 6 splines for bevel gear / Dnepr drive shafts, OD: 20 mm

17.99 EUR

Artikel.:
S622-KK

Universal joint fork input final drive

- Fork piece for the universal joint input final drive
- Unmachined at final drive side (original for oil seal 49/34)
 - Suits to nearly all drive shafts / universal joints
 - Total length: 84 mm, width fork (outside): 51 mm, bearing diameter: 19 mm
 - Caution: Often the contact surface of the genuine fork pieces does not turn centrically. Often this eccentricity results in oil leakage. Improved part: S622-KAB

19.99 EUR
Artikel.:
 S622-KAU

Universal joint

- Universal joint for nearly all cardan shafts
- With lubrication nipple, external distance: 39 mm, bearing seat diameter: 11.4 mm
 - Suitable bearing: S625, suitable fork pieces: S 622-KAB / S622-KAU / S622-KK

9.99 EUR
Artikel.:
 S625-KR

Universal joint fork input final drive, high-quality, with oil seal

- Fork piece for the universal joint input final drive
- The running surface for the oil seal is machined and absolutely plane to the bevel gear shaft
 - With suitable oil seal (OD: 49 mm)
 - Suits to nearly all universal joints with 52 mm external distance
 - Hint: We have noticed, that the contact surface of the genuine fork pieces does not turn centrically. Often this eccentricity results in oil leakage.

29.99 EUR
Artikel.:
 S622-KAB

Drive shaft

Brake linkage rod Dnepr, improved. Left side

- Improved Brake linkage rod for Dnepr models with brake system redirection at the swingarm.
- Smooth brake adjustment is possible without removing the rear wheel from outside. Brake lever can be slackened from outside, so the rear wheel is easily removed. Proper finished tempered steel (yellow zinc-coated) which transmits the brake power perfectly (no Russian product!)
 - Simply to replace the early brake linkage. Delivered with 1 bolt with 6 mm left hand thread.
 - Unsuitable for models with direct linkage between pedal and brake lever in bevel gear housing.
 - NEW: Now also in stainless steel – see S1383-LG-VA.

19.89 EUR
Artikel.:
S1383-LG

Improved stainless steel brake linkage for Dnepr (left hand side)

- Improved brake linkage made from stainless steel for all Dnepr models with redirection on the swingarm.
- ----- FOR BETTER REAR WHEEL BRAKING! -----
 -
 - Advantages over original :
 - Stepless brake adjusting from outside without removing the rear wheel
 - Brake lever can be loosen from outside, so the rear wheel removing is much easier.
 - The adjusting between the brake lever and the adjusting cone can be harmonised from outside for a better braking action.
 - Proper finished stainless steel for a perfect transfer of the brake power – Made in EU! Simple to change against the original brake linkage Delivery: 1 brake linkage with left/right hand 6 mm thread + bolt with left hand thread – as illustrated Caution: Not suitable for models with direct connection between pedal and brake lever in final drive

24.99 EUR

Brake pad for bonding 35mm

Brake pad for adhesive bonding extra soft for good brake efficiency
- Dimensions 35mm x 165mm x 8,5mm
- Suitable for all Dnepr and Ural brake shoes
- Easy to saw to exact width, e.g. For 25 mm M72-brake shoes
- Fits brake drum diameter 200 - 210mm !!!
- Delivery quantity: 1 pcs.: For one wheel you need 2 pcs.

4.22 EUR

Artikel.: S2206

Brake pads for adhesive bonding, 5 mm thick

- Brake pads for adhesive bonding
- Flexible to bend for radius, easy to saw
 - Width: 90 mm - 250mm , Thickness: 5 mm, length: 30 cm
 - deliver 1pcs

7.55 EUR
Artikel.:
S2206-B

Brake shoe lining to glue, 25 mm wide

- Highly elastic brake shoe lining to glue
- Made in accordance with DIN "Made in Germany"
 - Strength: 4 mm; Width: 25 mm; Length: 21 cm
 - Asbestos-free! Best deceleration at every weather
 - To glue on steel or alloy brake shoes from 8 cm drum diameter.
 - Easy to cut with powerful scissors.
 - Please use adhesive S845-K

5.99 EUR
Artikel.:
S2206-25

Brake shoe lining to glue, 35 mm wide

- Highly elastic brake shoe lining to glue
- Made in accordance with DIN "Made in Germany"
 - Strength: 4 mm; Width: 35 mm; Length: 21 cm
 - Asbestos-free! Best deceleration at every weather
 - To glue on steel or alloy brake shoes from 8 cm drum diameter.
 - Easy to cut with powerful scissors.
 - Please use adhesive S845-K

6.29 EUR
Artikel.:
S2206-35

Brake shoe original, complete with friction material

- Brake shoes original, complete with lined friction material (1 piece) Dnepr

11.99 EUR
Artikel.:
S841

Disk brake system

- Disk brake conversion kit for all models.
- The brake disc is simple plugged in the wheel splines
 - Delivered with brake disc with flange, mounting and cover, brake calliper with brake pads, hydraulic hoses with fittings, master cylinder with lever and bolts.
 - Caution: Calliper bracket has to be welded on the fork or swingarm. Suitable only for experienced DIY mechanics!
 - Suitable for front and sidecar wheel
 - No TÜV certification or operating license "Not for Highway-use. To use only at your own risk!"

275.00 EUR
Artikel.:
S2073

Compound for brake shoe friction pad

- Compound for brake and clutch friction pads, Araldite
- can contains ca. 100 g, sufficient for at least 20-25 brake pads
 - For home-made brake shoes
 - one-component adhesive, must be hardened for 15 minutes at 200°C!
 - Instructions at can.
 - The safety data sheet you find here.Used cleaner for Hands, Tools usw. S 845-R

11.99 EUR
Artikel.:
S845-K

Cleaner for brake pad adhesive / glue remover

- Our cleaner to remove adhesive traces from skin, tools, clothings etc. from our brake pad adhesive Araldite (product no: S845 "see below)
- Glue traces can be removed easy and gentle to skin as long as the glue is not hardened. Do not use at other glues.
 - Do not use as glue-thinner
 - Content: 150 g

2.99 EUR
Artikel.:
S845-R

Wheel bearing, angular-contact roller bearing

Wheel bearing, angular-contact roller bearing; High-quality
- 1 piece

7.99 EUR
Artikel.:
S2157

Stainless steel bolt 6 mm

Bolt for diverse pivots (brake clutch, shift lever)
- Material: stainless steel
- Diameter: 6.1 mm, length: 22 mm, clearance: 15 mm

0.89 EUR
Artikel.:
S2081-VA

Locking ring stainless steel

Locking ring made from stainless steel
- To lock various bolts
- Easy to unlock and to reuse
- Delivered without bolt!

0.18 EUR
Artikel.:
S2081-SVA

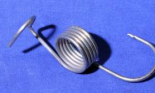

Bolt stainless 8mm

Bolt 8mm stainless
- 25mm long
- For all Brake linkage with 8mm hole.

1.99 EUR
Artikel.:
S2081-V8

Brake pedal return spring

Brake pedal return spring Dnepr MT11, MT12, MT16

5.90 EUR
Artikel.:
S2097

Return spring rear brake, made in EU

Return spring for the rear wheel brake
- Suits to Dnepr MT11, MT12, MT16
- High class EU Quality !

7.99 EUR
Artikel.:
S2097-EU

Gaiter brake linkage

Gaiter brake linkage
- For all Dnepr models

3.33 EUR
Artikel.:
S2146

Brake pedal bolt

Bolt for brake pedal Dnepr
suitable for ord. No 2048

1.49 EUR
Artikel.:
S2154

Seal ring wheel hub

Seal ring for wheel hub (Dnepr aluminum full hub and Ural half hub 25x38x7
- 1 piece

3.99 EUR
Artikel.:
S1228

Talcum

Talcum (French chalk) 400 ml can with caster
- Absolutely needed for fitting inner tubes and tyres
- 1 can is sufficient for 6 to 10 tyres

6.99 EUR
Artikel.:
S1516

Talcum / French chalk

- Vital release agent to fit a tyre with tube
- To be powdered between tyre and tube so they won't stick together
 - Mineral base "harmless" Made in Germany!
 - Unlimited storable in a dry place
 - Content: 200 g
 - Colour: beige

2.29 EUR
Artikel.:
 S1516-P

Brake cleaner

- Brake cleaner spray, 500 ml, necessary to clean brake drums
 (Also suitable for engine-start) illustration similar

3.99 EUR
Artikel.:
 S1507

Assembly clamp brake shoes

- Clamp for pressing bonded friction material to brake shoe
- Highly recommended for home-made brake shoes: press bonded parts and let cure at 180°C for 15 minutes in oven

8.99 EUR
Artikel.:
 S1364

Pressure gauge

- Pressure gauge for tyres
- Scala in bar and psi
 - With plastic etui, image similar

8.99 EUR
Artikel.:
 S3655

Tail light lens / reflector

Tail light made from real glass, suits to tail light S1055 and reflector S4185
- OD: 52 mm, lens face diameter: 45 mm, 7 mm thick

12.99 EUR
*Artikel.:
S4416-X*

Alternator 150 W

Alternator 12V / 150W
- type for external regulator. If required, order this separately!
- Matching carbon brushes etc. see below. Regulator look S 2047

107.50 EUR
*Artikel.:
S56*

Alternator like Denso

Alternator like "Nippon-Denso"
- Suits to some Ural models with Denso adapter
- Very powerful, suitable for custom bikes!
- 14 x 1.5 mm thread, 78 mm circle diameter

199.99 EUR
*Artikel.:
S-Den1*

Generator 6V

Generator 6 volt, 12 amperes, 72 watts
- Body length ca. 16 cm
- suitable for M72 / K750
- reproduction from China

169.99 EUR
*Artikel.:
S340*

Rubber sealing generator, flat

Sealing between generator and crankcase

0.99 EUR
*Artikel.:
S3491*

Generator cover, zinc-plated

Iron sheet cover for Russian 6 V generators, zinc-plated, delivered without bolts

4.99 EUR
*Artikel.:
S2208-Vz*

Gasket 6 V generator

Water and weather proof gasket for all 6 volt generators.
- Fits below the clamping plate S2208-B
- Isolates the brushes inside the generator.
- Made in Germany.

3.99 EUR
*Artikel.:
S7008*

Generator rotor 6V standard

Rotor for generator 6V
- original quality, not revised
- Better quality: ord. no. S341

78.99 EUR
*Artikel.:
S342*

6 V generator rotor, length: 187 mm

6 V generator rotor, length: 187 mm
- Iron core length: 61 mm, bearing seat tappet with 8 mm diameter

49.99 EUR
*Artikel.:
S342-187*

6 V generator rotor, length: 194 mm for M72

6 V generator rotor, length: 194 mm
- Iron core length: 72 mm, bearing seat tappet with 8 mm diameter

79.88 EUR
*Artikel.:
S342-194*

Commutator for 6V rotor

Commutator for the 6V generator
- Bore: 8 mm, external diameter: 28 mm, overall length: 25 mm

15.99 EUR
Artikel.:
S342-R

Driven gear for Dnepr 12 V generators

Driven gear for Dnepr 12 V 150W and 12V 500W generators
Illustration similar

7.99 EUR
Artikel.:
S120

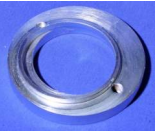

Driven gear for all 6V generators

Driven gear for all 6 Volts generators
- Fits all 6 Volt generators as from M 72 / K 750 / K650 / old Ural 6 Volt models and all russian and chinese 6 Volt generators
- Image similar

11.99 EUR
Artikel.:
S120-6V

Adapter alternator

Adapter piece for installing an 12V-alternator to vintage engines with 6V-generator mount
Please consider: For conversion some other work is needed!

39.00 EUR
Artikel.:
S1363

Alternator spring piece short

Flexible pressure piece made from spring steel for genuine 6V alternator
- Pushes alternator in bracket
- Short version

4.99 EUR
Artikel.:
S2218-K

Alternator spring piece long

Flexible pressure piece made from spring steel for genuine 6V alternator
- Pushes alternator in bracket
- Long version

4.99 EUR
Artikel.:
S2218-L

Carbon brush set 150 W

Set of Carbon brushes for 150 W-Alternator
- 1 set = 2 pieces
- product of CIS

6.99 EUR
Artikel.:
S22

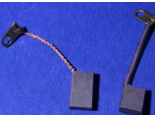

Carbon brush set 500 W

Set of Carbon brushes for 500 W-Alternator (ord. no. 57)
- to solder in original regulator
- 1 set = 2 pieces
- made in Germany (not oiling)

6.99 EUR
Artikel.:
S23

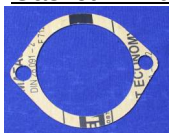

Generator brush (6V)

Set of Carbon brushes for 6V-generator
made in Germany, custom production with braid and screw connection, Co/Cu-based, not oiling

9.99 EUR
Artikel.:
S344

Gasket 12V alternator, improved

Alternator gasket for all Dnepr and 12V Ural models, improved design

1.88 EUR

Artikel.:
S2037

Sealing ring alternator 12V 150W, high-quality, 20x40x10

Sealing ring alternator 12V 150W, for all models, 20x40x10
- high-quality: no CIS-production

3.49 EUR

Artikel.:
S2162-EU

Sealing ring alternator 12V 150W

Sealing ring alternator 12V 150W, for all models
original quality

0.99 EUR

Artikel.:
S2162-GUS

Brushes set alternator 150 W

Brushes set for alternators with 350 to 500 watts
- With strand and screw connection

5.99 EUR

Artikel.:
S4204

Gasket 12V alternator original

Original gasket for the alternator of all Dnepr and Ural models with 12 volts

0.99 EUR

Artikel.:
S2037-R

Carbon brush holder for 150W alternator

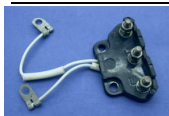

Original brush holder for all 12V / 150W alternators of Dnepr and Ural

5.77 EUR

Artikel.:
S56-H

Terminal block for 150W alternator

Terminal block of the original 150W alternator
- For Dnepr and Ural

10.99 EUR

Artikel.:
S56-K

Alternator rotor 12V / 150W

Rotor for the 150W Alternator of Dnepr and Ural models.
- Distance between rear end and commutator: 33 mm
- External rotor diameter: 72.5 mm

55.95 EUR

Artikel.:
S56-R

Alternator (12V, 150W) bearing set

Bearing set for alternator 12V, 150W
- contains 2 SKF sealed ball bearings

22.99 EUR

Artikel.:
S224-EU

Bearing set, generator 6V

Ball bearing set for generator 6V, 2 maintenance-free ball bearings, no
CIS-product

6.99 EUR

Artikel.:
S329

O-ring for 6V generator

Sealing ring
To fit between 6V generator and crankcase

0.99 EUR
Artikel.: S2090

Mechanical regulator 6V

Mechanical regulator 6V, original design, PP302 high-quality (very rare!)

75.99 EUR
Artikel.: S371

Electronic regulator 12V, 150W, standard

Electronic regulator for alternator 12V/150W, original design, prone to interference. Our recommendation: ord. no. 2189 (Made in Germany)

12.00 EUR
Artikel.: S1335

Regulator 6 volts mechanical, PP31 reproduction

Mechanical 6V regulator for all bikes and vehicles with DC-generator like BMW / EMW / AWO / M72 / K 650 / K 750 etc.

- Matches the old Bosch regulator and the Russian reproduction PP31 which was used till 1953.

- Very heavy duty finish, polarity is no object.

- Dimensions L x W x H: 143 x 110 x 60 mm

- Connections:

- W = Sch or DF (to field coil), AW = cyrillic YA (mirrored R) or D+ (generator power output_DC = b pr B+ (connection battery or control lamp), sideway connection = earth to connect with the frame

- Weight: 1335 grammes

79.98 EUR
Artikel.: S4610

Electromechanical regulator 6V PP1

Electromechanical voltage regulator 6V PP1 with 4 connectors (Б Я М Ш) battery / generator / earth / induction current)

- For several 6 Volt generators of BMW R71 / M72 / K750 / 650 / MT9 / MT12 etc.

49.99 EUR
Artikel.: S4803

Regulator, electronic 12V 150W

Regulator for all 12V Dnepr and Ural bikes with original 150W alternator

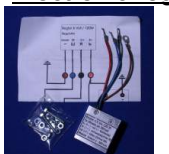

- (Not suitable for 300 or 500 watts or Denso.)

- Warning light will not be connected

- Delivered with foolproof connection diagram

22.99 EUR
Artikel.: S4609

Electronic regulator 6V

Electronic regulator 6V for possibly installation in vintage housing (small, sealed, water-proof)

- Hint: Generator must earthed with minus!

- No more on stock! Please have a look at our regulator S4610-E !

45.50 EUR
Artikel.: S369

Regulator Bosch, electronic

Transistorized regulator, 12V Bosch

- For refitting alternators with 300 or 500 watts, to replace original Russian regulator (Has to be soldered!)

12.99 EUR
Artikel.: S2187

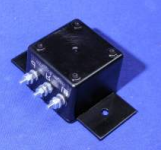

Regulator 12 volt universal

Alternator regulator for all 12 volt models, universal type, regulates output at 14 volt, highly stressable

19.55 EUR
Artikel.:
S4027

Regulator 6V electronic

Electronic regulator 6V, max 120W / 20A
- For side valve engines and K650
- Attention: Minus of generator has to be connected to earth!

49.99 EUR
Artikel.:
S2188

Rectifier / Bridge rectifier 3 phases

Three phase-rectifier, transforms AC to DC with max. 80A.
- Perfect for BMW / Guzzi, Chang Jiang Alternators. Very small: approx. 30 x 30 mm.
- This Rectifier has to fix on a cooling plate! Delivered with connecting guide!
- Caution: No warranty for electronic parts!

19.99 EUR
Artikel.:
S4659-B

Electronic rectifier in original housing

6 Volt rectifier for original alternator
- Perfect original look
- Delivered with connecting guide

79.80 EUR
Artikel.:
S4610-E

Diode rectifier

Diode rectifier for alternator 12V / 150W, Dnepr, Ural

36.99 EUR
Artikel.:
S2214

Starter motor

Electric starter motor for Dnepr

189.00 EUR
Artikel.:
S2072

Signal relay 12V, original

Flashing relay 12V, original Dnepr/Ural
Bimetal, flash frequency dependent on temperature and voltage

7.99 EUR
Artikel.:
S1027

Signal relay 12V, improved

Flashing relay 12V, made in EU, relative constant flash frequency, illustration similar
3 connects : + = 12V entree / L = to the turn signal / P = for sp. kontrollight

7.44 EUR
Artikel.:
S1028

signal relay 6V, made in EU

flashing relay 6V, made in EU, illustration similar

7.99 EUR
Artikel.:
S2013

Signal relay 12V

Easy to install flasher relay
- Needs no earth connection

7.50 EUR
Artikel.:
S3914

Distributor cap

Distributor cap

13.99 EUR
Artikel.:
S397

Distributor rotor

Rotor for distributor, with carbon pins

7.99 EUR
Artikel.:
S398

Carbon pin distributor

Carbon pin set for distributor cap with 2 pins, including spring, made in Germany, top quality, high performance, long durability

5.99 EUR
Artikel.:
S315

Handlebar switch, left side, black

Universal handlebar switch left side, made from cast aluminum
Functions: Hi/low beam, turn signals, headlight flasher, horn, warning lights
for 22 mm handlebars, black
Fitting levers: S1380-22 or S3655-22

29.99 EUR
Artikel.:
S2173-22

Handlebar switch, right side, black

Universal handlebar switch right side, made from cast aluminum
Functions: Hi/low beam, Start, Kill
for 22 mm handelbars, black
Fitting handlebar levers: S1379-22 und S3649-22 (see below)

29.99 EUR
Artikel.:
S2174-22

Handlebar switch, left side, polished

Universal handlebar switch left side, made from cast aluminum
Functions: Hi/low beam, turn signals, headlight flasher, horn, warning lights
for 22 mm handlebars, polished
Matching handlebar levers: S1379-22 und S3649-22 (see below)

29.99 EUR
Artikel.:
S2175-22

Handlebar switch, right side, polished

Universal handlebar switch right side, made from cast aluminum
Functions: Hi/low beam, Start, Kill
for 22 mm handlebars, polished
Matching handlebar levers: S3645-22 (see below)

29.99 EUR
Artikel.:
S2176-22

Capacitor

Ignition system capacitor, all models
Length 22mm, diameter 18mm

4.44 EUR
Artikel.:
S2183

Centrifugal ignition governor

Centrifugal ignition governor, Dnepr, Ural
Original design delivered with contact breaker!

19.99 EUR
Artikel.:
S2213

Ignition system with centrifugal governor

Ignition system with centrifugal governor
- For all 650 cc Ural and Dnepr engines
- Hint: Use as spare part, if electronic ignition comes to fail

39.50 EUR
Artikel.:
S2219

Capacitor

Capacitor with screw connection, suitable for all capacitor ignition systems
- Diameter: 18 mm, overall length: 42 mm

3.99 EUR
Artikel.:
S4706

Ignition capacitor with clamp

Ignition capacitor with mounting clamp.
- To fix on the ignition coil or the case.
- For all motorbikes with point ignition.
- Size: 38 mm long, diameter: 17.5 mm, wire length: 95 mm.

5.29 EUR
Artikel.:
S4239

Repair kit ignition cam

Repair kit ignition cam with centrifugal advance mechanism
- Russian reproduction
- Better quality: ord. no. 2213

14.50 EUR
Artikel.:
S92

Breaker points

Breaker points, original quality

4.99 EUR
Artikel.:
S129

Electronic Ignition module

Breakerless electronic ignition system, so called type II, made in CIS, w/o ignition coil
- for all 12V Ural and Dnepr models with centrifugal-advance ignition control
- Attention: Seal against spray water!

74.89 EUR
Artikel.:
S32-OZ

Electronic Ignition set with ignition coil

Contactless electronic ignition system, so called type II, made in CIS, including double HT ignition coil 12V
- for all Ural and Dnepr models with centrifugal-advance ignition control
- Attention: Seal against spray water!

99.99 EUR
Artikel.:
S32

Spark plug A14

Spark plug A14, Russian design, short thread

2.99 EUR
Artikel.:
S125

Spark plug A17

Spark plug A17 for high compression engines, Russian design, short thread

2.99 EUR
Artikel.:
S126

Spark plug Iskra, heat range 155

Spark plug Iskra, short thread, long centre electrode, heat range 155
- For all side valve and low compression engines with short thread

3.33 EUR
Artikel.:
S4023

Spark plug Iskra, heat range 195

Spark plug Iskra, short thread, long centre electrode, heat range 195
- For all high compression engines with short thread

3.33 EUR
Artikel.:
S4024

Spark plug ISKRA

Spark plug ISKRA, ideal for all models, better combustion
- made in EU with short thread and long centre electrode
- Very durable and best ignition.

3.33 EUR
Artikel.:
S124

Spark plug ISKRA, long thread

Spark plug ISKRA with very long centre electrode (developed for gas engines), gentle combustion with long thread
- made in EU

3.33 EUR
Artikel.:
S127

Spark plug long thread Brisk 165

BRISK spark plug
- with long thread
- Suitable for all new cylinder heads of Ural / Dnepr / BMW / Chang Jiang ohv engines
- 21 mm hex, flat sealing, thread length: 19 mm
- Heat rating: 165
- Powerful Yttrium centre electrode!
- Ideally for Chinese ohv engines
-
- Caution: Not suited for engines with 12.7 mm short thread!

2.99 EUR
Artikel.:
S127-B

Spark plug short thread

Spark plug with short thread and long centre electrode, made by BRISK.
- Heat range: 175 (new standard: 7)
- Bosch identification: W175-T1
- Suits to all models with short thread (M72, K750, K650, R71 and several other Ural, Dnepr and CJ models)
- Please note: Many Ural, Dnepr and CJ models are fitted with long thread cylinder heads – Check before order!

3.29 EUR
Artikel.:
S124-B

Spark plug terminal

Spark plug terminal
- With 10 kOhms Resistor (w radio interference suppression)

3.49 EUR
Artikel.:
S128

Rubber cap für spark plug

-

1.37 EUR
Artikel.:
S128-Gk

Grommet for spark plug lead

Original grommet for spark plug lead. Suits for Dnepr M 72 / K 750 / MT 12or
Ural M 72 / M 61 / M 63 etc
- Genuine part-no.: 7218805-A
- Length: 55mm
- Improved model: S 1360-T

3.99 EUR
*Artikel.:
S1360-O*

Ignition wire original K750, red

Ignition wire, original design
red
Sold by the metre
1 order for 1 metre

4.20 EUR
*Artikel.:
S1361*

Spark plug cap NGK

Spark plug cap made by NGK
- Fits to all models
- Best NGK quality, no breakdown, secure ignition, heat proof

4.99 EUR
*Artikel.:
S4201*

Ignition wire silicone

Ignition wire, made from silicone
- High-quality and temperature-proof
- Sold by the metre
- 1 order for 1 metre

11.00 EUR
*Artikel.:

Ignition wire black

Ignition wire, original design black with cu inside
- Sold by the metre
- 1 order for 1 metre

3.99 EUR
*Artikel.:
S1360*

HT lead with white fabric

Traditional white HT lead with copper strand
- White heat resistant fabric
- Sold by metre: Order one for 1 m.

4.23 EUR
*Artikel.:
S1360-W*

Ignition coil plug made in Germany

This ignition coil plug is radio-interference-suppressed and fits to our 12V
Double-Ignition coils and to all 6V ignition coils with compatible plug
- Manufacturer: Beru, made in Germany: Fits very well and is waterproof!
- Ignition coil has to be screwed on inside pin.

5.99 EUR
*Artikel.:
S4005*

Rubber seal ignition wire

Rubber seal for ignition wire lead-through at crankcase

0.78 EUR
*Artikel.:
S314*

Double ignition coil, 12V, oil cooled

Strong double ignition coil for all 12V engines without distributor
- Nevermore trouble with ignition distributor at side valve engines
-
- Holder look S2546 and S3542 Use part nr.: S4005 to connect the ignition coil with the ignition cable.
-
- Strong ignition spark at all engine speeds also in cold and wet conditions
- Never-failing classic design!
- Spontaneous engine starting
- For all contact breaker point ignitions at Ural, Dnepr, M72, K750, MT12, MT16, etc.

39.99 EUR
*Artikel.:
S3452*

Ignition coil 12 volt, twin ignition coil

Ignition coil 12 volts, imitation of the original
- Suitable for Dnepr and Ural with 12 volts

14.99 EUR
*Artikel.:
S4025*

Ignition coil 6 volt, twin ignition coil

Ignition coil 6 volts, imitation of the original
- For K 650 engines, old Ural 650 cc engines

17.99 EUR
*Artikel.:
S4026*

Ignition coil 6 volts

Ignition coil 6 volts for motorbikes with battery ignition
- Because of the low charging rate at flat-twin engines this could also be used as twin ignition with two coils
- Overall length: 120mm, body diameter: 46mm

14.50 EUR
*Artikel.:
S4700*

Oil cooled ignition coil 6 volts

-

23.79 EUR
*Artikel.:
S4700-C*

BERU ignition coil 6V

Special ignition coil to connect two coils in series at 12V systems
- Diameter 40 mm
- So it is possible to go without an ignition distributor!
- Also usable as single 6V ignition coil

39.00 EUR
*Artikel.:
S300-6*

Wiring harness Dnepr MT11 and MT16 models

Complete wiring harness for all Dnepr MT11 and MT16 models and their followers.
- With all connections and connectors
- Designed for the original 150W alternator and its regulator

32.50 EUR
*Artikel.:
S4735*

Rear brake light switch

Brake light switch for rear brake

7.99 EUR

Brake light switch rubber boot

Front brake light switch rubber boot, covers connectors at switch
- For switch S848

1.99 EUR
*Artikel.:
S866*

Brake light switch universal

- Brake light switch universal
- To fit with clamp
 - Contacts closed when pulled

5.00 EUR
Artikel.:
 S2199

Brake light switch

- Brake light switch in a very solid and waterproof design
- To screw-on.
 - According the connection it opens or closes the circuit.
 - Length: 60 mm, height: 20 mm, 5 mm holes with 30 mm distance

12.99 EUR
Artikel.:
 S2240-H

Brake light switch spring

- Spring for rear brake light switch (connects brake pedal with switch)

1.99 EUR
Artikel.:
 S849

Ignition switch

- Universal ignition switch
- 3 switch positions
 - Suitable key: ord. no. 2122

12.99 EUR
Artikel.:
 S2113

Dimmer / horn switch

- Very good chrome plated dimmer switch with horn button / start button
- Screw connection "no soldering needed!"

8.99 EUR
Artikel.:
 S4647

Ignition switch

- Universal ignition switch

35.69 EUR
Artikel.: S4021-BMW

Fuel tap Dnepr, Ural, K750 "made in Germany" 1 outlet

Fuel tap in German quality, suitable for all Dnepr, Ural, M72, K750 fuel tanks with 14 mm internal thread
- Quick removable water separator " very high flow rate: approx. 4 mm diameter.
- Can be fitted with distributor.
- HINT: Solder 14 mm nut (S1657) at right hand side of fuel tank and use tow fuel taps, so the carburettors could be separated individually from the fuel. If one cylinder was flooded, it can be run dry. The overflow under the fuel tank drops and can be plugged. So the fuel tank can be removed without bleeding the fuel. No problems when working at the alternator/generator! Each carburettor gets its individual and optimum fuel.

17.49 EUR
Artikel.: S826-EU

Fuel tap Dnepr, Ural, K750 "made in Germany" 2 outlets

Improved fuel cap gasket, 100% petrol proof – no changes even at permanent contact with petrol.

- For all Russian and Chinese fuel tanks
- Internal diameter: 65 mm, external diameter: 86 mm, 4 mm thick

2.99 EUR

Artikel.:
S908-K4

Fuel tap Dnepr, Ural, K750 "made in Germany" 1 outlet

Fuel tap in German quality, suitable for all Dnepr, Ural, M72, K750 fuel tanks with 14 mm internal thread

- Quick removable water separator – very high flow rate: approx. 4 mm diameter.
- Can be fitted with distributor.
- HINT: Solder 14 mm nut (S1657) at right hand side of fuel tank and use two fuel taps, so the carburetors could be separated individually from the fuel. If one cylinder was flooded, it can be run dry. The overflow under the fuel tank drops and can be plugged. So the fuel tank can be removed without bleeding the fuel. No problems when working at the alternator/generator! Each carburetor gets its individual and optimum fuel.

17.49 EUR

Artikel.:
S826-EU

Fuel tap Dnepr, Ural, K750 "made in Germany" 2 outlets

Fuel tap in German quality with two lateral outlets.

- Suitable for all Dnepr, Ural, M72, K750 fuel tanks with 14x1,5 mm internal thread
- Leak-proof and always smooth! Spare parts available! Quick removable water separator – very high flow rate: approx. 4 mm diameter.
- Double outlet at the back.

39.50 EUR

Artikel.:
S826-DS

Engine cover gasket

Engine cover gasket K750 / M72, simple quality

1.99 EUR
 Artikel.:
 S348-T

Rear engine cover K750 / M72

Rear engine cover K750 / M72 special part for sealing ring fit
 - Attention: matching shaft seal: Part Nr. S239 (see below)

33.50 EUR
 Artikel.:
 S3553

Handlebar pressure switch (start / horn button)

To use as start or horn button, universal fit, switches up to 100W
 For 6.3 mm wire shoe, bore: diameter 20 mm, depth: 8 mm
 Height: 20 mm over installing material, total length: 46 mm!

3.99 EUR
 Artikel.:
 S4000

Universal handlebar switch / Hi/low beam with horn button

Switch to install at handlebars with 20 to 25 mm diameter
 Usable for switching from hi to low beam. With momentary switch (to use as horn or start button)
 Push button connects to earth, terminals screwable, aluminum housing, height about handlebar: 25 mm, width: 40 mm

6.99 EUR
 Artikel.:
 S4002

Main switch battery

Main switch battery, Dnepr and Ural
 - Max current: 10A

4.99 EUR
 Artikel.:
 S2012

Battery main switch

High current switch up to 150 Ampere
 - Normally fitted between battery and earth
 - High-performance alternative for Dnepr / Ural main switch. Mountable at any place. Secures battery against current leaks 2 fixings M10, 2 fixing holes for M6 bolts, distance: 37 mm, barrel diameter: 17 mm, total height: 85 mm, total diameter: 60 mm

13.99 EUR
 Artikel.:
 S4003

Shim washer

Shim washer 3mm for ord. no. 332

16.55 EUR

13.99 EUR

Artikel.:
S7010

Spoke spanner

- Spoke spanner
- A must-have for every tool box!
 - Suitable for spokes with nipples from 3.5 to 6.1 mm
 - HINT: Checking the spoke tension at regular intervals prevents breakings.

9.51 EUR

Artikel.:
S4112-M

Lapping agent "Sidlap"

- Liquid lapping agent.
- Specially developed for the lapping (micro whetting) of engine and gear box parts.
 - Especially for valves (also valve shafts) and for piston to cylinder.
 - This is especially recommended at SV engines if there is a certain disposition for piston squeezing.
 - Also well suited for Dnepr 650cc engines to lapp the cylinder head to the cylinder.
 - A further application is the flywheel cone which should always been lapped.
 - Ready to use agent, please do not dilute. Agent is viscous and becomes thinner when in use.
 - Delivery qty: 50ml
 - Made in Italy (www.lappersid.it)

5.99 EUR

Artikel.:
S700

Vernier caliper

- Precision vernier calliper made from high quality steel
- Measuring range: 200 mm, vernier for 1/50 mm accuracy

19.99 EUR

Artikel.:

Exhaust downpipe flange crown nut

Header pipe fixing for CJ / Chang Jiang 750 cc OHV engines
- Tripartite with sealing cone and clamp washer
- 1 piece

6.99 EUR
Artikel.:
S4642-CJ

Exhaust downpipe flange crown nut

Header pipe fixing for CJ / Chang Jiang 750 cc OHV engines
- Tripartite with sealing cone and clamp washer
- 1 piece

7.99 EUR
Artikel.:
S4642-CJ

Cover bolt clutch cover

Brass cover bolt for Enfield crankcase
- Overall diameter: approx. 32 mm, fine pitch thread with approx 24 mm bore

8.99 EUR
Artikel.:
E10070

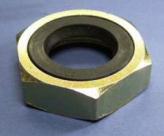

Stud bolt brass for Enfield

Brass stud bolt 8 mm
- thread length: 2 x 10 mm, bolt length: 10mm

1.99 EUR
Artikel.:
E10120

Nut with oil seal

Nut (38 mm hex) with internal oil seal (21 mm)
- Total height: 12 mm

7.99 EUR
Artikel.:
E30017

Bolt for inner cable lever

Bolt to fix the inner cable brake / clutch lever
- Length: 29 mm, 13 mm M5 thread, shaft diameter: 6 mm

2.37 EUR
Artikel.:
S1321-S

Oil drain plug Enfield crankcase

Oil drain plug for several Enfield crankcases
- With strainer
- Length: 6 cm, fine pitch thread approx. 12.7 mm

9.99 EUR
Artikel.:
E10010

Oil drain plug Enfield gearbox

Oil drain plug for Enfield gearbox
- Length: 15 mm, 1/2 inch thread

4.99 EUR
Artikel.:
E10020

Washer for Dnepr oil sump

Special genuine washer for the steel sheet oil sump bolts
- Genuine spare part no.: KM3- 8.15201135

0.75 EUR
Artikel.:
S87-US

Bolt set for oil pans, 12 pieces special for ALUMINUM OILPAN

Bolt set with bolts of suitable lengths for fixing oil pans, best quality
- Set of 12 Allen bolts with washers
- Attention: Check depth of threads in crankcase!

6.25 EUR
Artikel.:
S235

Speedometer dial

Speedometer dial for Russian speedos with 78 mm diameter

9.99 EUR

Artikel.:
S5214

Oil drain plug, long

Oil drain plug with 22 mm hexagon

2.23 EUR

- special design with long thread particularly suitable for aluminum oil pan!
- Hard material with sealing washer, no magnet
- Thread: M14x1.5

Artikel.:
S75

Oil drain plug, short, with magnet

Oil drain plug with 17 mm hexagon

8.48 EUR

- Special design with long thread and very strong magnet
- Normal thread length suitable for sheet steel oil pan!
- Hard material with sealing washer
- Removes efficiently steel particles from engine oil, also suitable for final drive and gearbox
- Attention: Check necessary length carefully before ordering!
- Thread: M14x1.5

Artikel.:
S76-Kurz

Oil drain plug, long, with magnet

Oil drain plug with 22 mm hexagon

7.49 EUR

- special design with long thread and very strong magnet particularly suitable for aluminum oil pan!
- Hard material with sealing washer
- Removes efficient steel particles from engine oil
- Thread: M14x1.5

Artikel.:
S76-Lang

Sealing washer oil drain plug / fuel tap

Sealing washer, copper, suitable for oil drain plug, fuel tap, final drive, sidecar drive, gearbox, internal dimension: 14 mm

0.49 EUR

Artikel.:
S74

Hexagon bolt 5 x 20 mm

5 mm hexagon (Allen) bolt with special strength

0.29 EUR

- Thread length: 20 mm
- E.g. to fix the breakerless ignition box

Artikel.:
S4165

Countersunk Allen bolt M5 x 10

Countersunk Allen bolt M5 x 10
zinc-coated

0.25 EUR

Artikel.:
S3805

Countersunk Allen bolt M5 x 25

Countersunk Allen bolt M5 x 25
zinc-coated

0.25 EUR

Artikel.:
S3806

Hexagon bolt 5 x 30 mm

5 mm hexagon (Allen) bolt with special strength

0.33 EUR

- Thread length: 30 mm

Artikel.:
S4171

Raised countersunk Phillips head screw M6 x 1 x 12

Raised countersunk Phillips head screw M6 x 1.0, length: 12 mm, stainless steel

0.33 EUR

Artikel.:
S1673

Allen screw M 6 bx 16 mm stainless steel

Allen screw M 6 bx 16 mm stainless steel, with cheese head
- No sharp edges!
- Ideal for all attachments: mudguards/bracings/leg shields and so on

0.55 EUR

Artikel.:
S4040

Countersunk bolt M6 x 40 zinc-plated

Zinc-plated countersunk bolt 6 x 40 mm with slotted head
- For timing cover fixing Ural / M72 / Chang Jiang models

0.45 EUR

Artikel.:
S4154

Allen screw M6 x 1 x 25

Hexagon socket screw M6 x 1.0, length: 25 mm
For fixing oil pan

0.25 EUR

Artikel.:
S1672

Countersunk bolt M6 x 35 stainless steel

Stainless steel countersunk bolt 6 x 35 mm with slotted head
- For timing cover fixing Ural / M72 / Chang Jiang models

0.65 EUR

Artikel.:
S4155

Hexagon bolt 6 x 55 mm

6 mm hexagon (Allen) bolt with special strength
- Thread length: 55 mm
- E.g. to fix the timing cover at Dnepr

0.60 EUR

Artikel.:
S4168

Slotted lens head screw M4 x 8

Lens head screw, thread: 4 mm, length: 8 mm
- Zinc-coated steel with slot.
- Essential to restore classic bikes

0.19 EUR

Artikel.:
S4162-L8

Brass bolt M6 x 20 mm slotted

Old style brass bolt with slot head
- head diameter: 12 mm, 6 mm thread, length: 20 mm

0.48 EUR

Artikel.:
S4156

Lens head hexagon bolt 6 x 10 mm, stainless steel

Stainless steel lens head bolt 6 x 10 mm with hexagon (Allen) head
- Thread length: 10 mm, head diameter: 10 mm
- For nice fixings without edges.

0.39 EUR

Artikel.:
S4157

Countersunk lens head bolt 6 x 25 mm, stainless steel

Stainless steel countersunk lens head bolt 6 x 25 mm with slotted head
- Thread length: 25 mm

0.55 EUR

Artikel.:
S4162

Countersunk lens head bolt 6 x 25 mm, zinc-plated

Zinc-plated countersunk lens head bolt 6 x 25 mm with slotted head
- Thread length: 25 mm

0.40 EUR
Artikel.:
S4172

Slotted head screw M 6 x 20 mm with cheese head

Screw M 6 x 20 mm with cheese head, old style

0.25 EUR
Artikel.:
S4039

Countersunk bolt M6 x 12 zinc-plated

Zinc-plated countersunk bolt 6 x 12 mm with cross slotted head
- Overall length: 12 mm

0.33 EUR
Artikel.:
S4159

Round head bolt M6 x 12 mm, slotted

Old style round head bolt, zinc-plated, M6 thread, length: 12 mm
- E.g. To fix leg shields, mudguards etc.

0.25 EUR
Artikel.:
S4173

Raised countersunk slotted head screw M6 x 1 x 40

Raised countersunk slotted head screw M6 x 1.0, length: 40 mm
For engine cover Ural and side valve engines
stainless steel

0.49 EUR
Artikel.:
S1676

Allen screw M6 x 1 x 20

Hexagon socket screw M6 x 1.0, length: 20 mm
For fixing steel oil pan

0.20 EUR
Artikel.:
S1678

Grub screw M 6 x 14 mm for Allen keys

Headless screw M 6 x 14 mm with internal hexagon
- All-purpose, e.g. mounting screw for oil bath air filters of all types

0.29 EUR
Artikel.:
S4065

Allen head screw M8 x 16

To fix the intake flange S4130

0.30 EUR
Artikel.:
S4130-SR

Slotted fillister head screw M8 x 25

Fillister head screw, thread: 8 mm, length: 25 mm
- Zinc-coated steel with slot.
- Essential to restore classic bikes

0.29 EUR
Artikel.:
S4039-M8

Slotted fillister head screw M6 x 18

Fillister head screw, thread: 6 mm, length: 18 mm
- Zinc-coated steel with slot.
- Essential to restore classic bikes

0.29 EUR
Artikel.:
S4039-RK

Slotted pan head screw M6 x 17

Flat headed screw, thread: 6 mm, length: 17 mm
 - Zinc-coated steel with slot.
 - To restore classic bikes

0.23 EUR
 Artikel.:
 S4039-FK

Bolt M8 x 1 x 45, 8.8

Bolt M8 x 1.0, length: 45 mm, 13 mm head
 improved strength: 8.8

0.45 EUR
 Artikel.:
 S1667

Bolt final drive M8 x 1 x 20

Bolt M8 fine pitch thread for final drive
 high strength category 8.8
 Check thread in case before installation!

0.35 EUR
 Artikel.:
 S638-F

Bolt M8 x 1 x 50, 8.8

Bolt M8 x 1.0, length: 50 mm, with shank, 13 mm head
 improved strength: 8.8

0.45 EUR
 Artikel.:
 S1666

Machine bolt M8 x 30 mm fine pitch thread

High quality machine bolt with M8 x 1.0 mm fine pitch thread
 - Length: 30 mm
 - For miscellaneous fixings at the motorbike (e.g. headlight)

0.42 EUR
 Artikel.:
 S4163

Machine bolt M8 x 25 mm fine pitch thread

High quality machine bolt with M8 x 1.0 mm fine pitch thread
 - Length: 25 mm
 - For miscellaneous fixings at the motorbike (e.g. fuel tank)

0.33 EUR
 Artikel.:
 S4164

Hexagon bolt 8 x 25 mm fine pitch thread

8 mm fine pitch thread hexagon (Allen) bolt with special strength
 - Thread length: 25 mm
 - E.g. to fix shock absorbers and telescopic fork from below

0.42 EUR
 Artikel.:
 S4166

Hexagon countersunk bolt 8 x 40 mm

Countersunk 8 mm hexagon (Allen) bolt
 - Overall length: 40 mm
 - E.g. To fix carburettor adapters, final drive, etc.

0.80 EUR
 Artikel.:
 S4179

Countersunk head bolt M8 x 1,25 x 45, 8.8

Bolt M8 x 1.25, countersunk head, length: 45 mm
 - improved strength: 8.8 e.g. For fixing carburettor adapter to crankcase

0.39 EUR
 Artikel.:
 S1670

Countersunk head bolt M8 x 1 x 16, with slot

Bolt M8 x 1.0, countersunk head with slot, length: 16 mm
 - Original design, fairly soft steel
 - e.g. For fixing clutch plate
 - better quality: ord. no. 41

0.45 EUR
 Artikel.:
 S1671

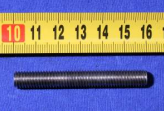

Stud bolt Cylinder M8 x 42

Cylinder stud bolt M8 standard / fine pitch thread, zinc-coated
Matching nuts: S1650, S1651, S1652, S229 (See below)

1.55 EUR
Artikel.:
S3113

Stud bolt M8 standard thread

Stud bolt M8 x 1.25 (standard thread)
- length: 60 mm
- High-quality
- For self-cutting e.g. Carburettor studs

0.45 EUR
Artikel.:
S1675

Stud bolt M8 10 / 10 / 20 mm

Stud bolt M8 standard thread
8 mm thread, 10 mm shank, 20 mm thread

0.79 EUR
Artikel.:
S3807

Engine front cover screw set M72 / BMW

Screw set for the front engine cover
- Consisting of 6 long and 4 short raised countersunk head screws with slot
- High quality: Made in EU
-

4.99 EUR
Artikel.:
S67-M72

Engine front cover screw set K750

Screw set for the front engine cover
- Consisting of 4 long and 6 short raised countersunk head screws with slot
- High quality: Made in EU
-

4.99 EUR
Artikel.:
S67-K750

Bolt M10 x 1 x 70, 8.8

Bolt M10 x 1.0, length: 70 mm, 17 mm head
improved strength: 8.8

0.49 EUR
Artikel.:
S1664

Machine bolt M10 x 1.0 x 50 mm

Machine bolt with M10 x 1.0 mm fine pitch thread
- Length: 50 mm

1.20 EUR
Artikel.:
S4183

Machine bolt M10 x 1.0 x 40 mm

Machine bolt with M10 x 1.0 mm fine pitch thread
- Length: 40 mm

0.99 EUR
Artikel.:
S4184

Bolt M10 x 1 x 45, 8.8

Bolt M10 x 1.0, length: 45 mm, 17 mm head
improved strength: 8.8

0.49 EUR
Artikel.:
S1665

Machine bolt M10 x 40 mm fine pitch thread

High quality machine bolt with M10 x 1.0 mm fine pitch thread
- Length: 25 mm
- For miscellaneous fixings at the motorbike

0.49 EUR
Artikel.:
S4167

Machine bolt M10 x1,5 x 60 mm zinc-plated

Machine bolt with M10 thread and wrench size 17
 - Thread length:60 mm
 - For miscellaneous fixings (rear shock absorber lower bolt etc.)

0.40 EUR
 Artikel.:
 S4174

Stud bolt M10 for cylinder base

Cylinder stud bolt M10 standard / fine pitch thread, zinc-coated
 Overall length: 45mm consisting of 25mm standard thread and 15mm fine pitch thread

2.29 EUR
 Artikel.:
 S3114

Stud bolt M10 standard / fine pitch thread

Stud bolt M10
 at one end: fine pitch thread M10 x 1.0; at other end: standard thread M10 x 1.25
 Overall length = 35mm consisting of 12mm standard thread and 17mm fine thread
 For fixing cylinders of sv and Dnepr engines and final drives

1.99 EUR
 Artikel.:
 S1674

Bolt M12 x 1.5 x 60, 8.8

Bolt M12 x 1.5, length: 60 mm, with shank, 19 mm head
 improved strength: 8.8

0.59 EUR
 Artikel.:
 S1663

Machine bolt M14 x 1.5 x 60 mm

Machine bolt with M14 x 1.5 mm fine pitch thread
 - Length:60 mm, thread length: 40 mm

1.55 EUR
 Artikel.:
 S4181

Machine bolt M14 x 1.5 x 45 mm

Machine bolt with M14 x 1.5 mm fine pitch thread
 - Length:45 mm
 - (Engine oil drain bolt)

2.33 EUR
 Artikel.:
 S4182

Plug bolt Dnepr engine case

Plug bolt in Dnepr engine case behind the camshaft

4.99 EUR
 Artikel.:
 S4043

Wave ring / spring washer

Spacer disc for shimming the crankshaft at Dnepr 650 cc ohv engines.

2.22 EUR
 Artikel.:
 S5219

Clutch plate (front) for countersunk head bolts

Clutch plate (cover plate)
 - Suits to all Ural / Dnepr / CJ / Harley models
 - With 6 clutch bolts
 - For models without electric starter
 - For countersunk bolt fixing
 - OD: 215 mm
 - Hint: Use 8 mm countersunk socket bolts S41

16.99 EUR
 Artikel.:
 S332-FP

Flywheel centre bolt

Flywheel centre bolt (Wrench size 36mm)
- Corresponding lock washer (part no. S42-Si, see below)

5.99 EUR
Artikel.:
S42

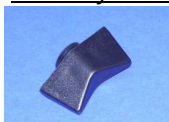

Lock washer for flywheel centre bolt

Lock washer for flywheel centre bolt order nr. S42

1.99 EUR
Artikel.:
S42-Si

Butterfly nut Dnepr air filter

Butterfly nut to close the Dnepr air filter box

1.49 EUR
Artikel.:
S4425

Stainless steel bolt 6 mm

Bolt for diverse pivots (brake clutch, shift lever)
- Material: stainless steel
- Diameter: 6.1 mm, length: 22 mm, clearance: 15 mm

0.89 EUR
Artikel.:
S2081-VA

Locking ring stainless steel

Locking ring made from stainless steel
- To lock various bolts
- Easy to unlock and to reuse
- Delivered without bolt!

0.18 EUR
Artikel.:
S2081-SVA

Woodruff key

Woodruff key to position the drive gear to camshaft

1.29 EUR
Artikel.:
S73

Brake pedal bolt

Bolt for brake pedal Dnepr
suitable for ord. No 2048

1.49 EUR
Artikel.:
S2154

Plug bolt oil pump drive shaft

Plug bolt for the oil pump drive shaft at Ural engines and sice valve engines (M72, K750, etc.)
- Heavy cast material

7.99 EUR
Artikel.:
S4648

Valve cover nut

Sleeve nut for valve covers
all 650 cc Dnepr models

2.50 EUR
Artikel.:
S2099

Bolt set for camshaft bearings, 4 pieces

Mounting bolt set for camshaft bearings
1 set = 4 bolts
Countersunk head M6 Allen bolt
best quality!
please only one order for 4 bolts!

1.99 EUR
Artikel.: S18

Bolt set for sealing ring holder, 4 pieces

Mounting bolt set for sealing ring holder of camshaft
- 1 set = 4 bolts
- Countersunk head M5 Allen bolt
- high-quality!
- please only one order for 4 bolts!

1.99 EUR
Artikel.: S19

Bolt set engine cover, 12 pieces

Set of engine cover Allen bolts
, zinc-coated, hardness 8.8, with washers
1 set = 12 pieces

7.49 EUR
Artikel.: S67

Bolt set for aluminum oil pan, 11 pieces

Bolt set with bolts of suitable lengths for fixing aluminum oil pan
- Set of 11 Allen bolts with washers
- Attention: Check depth of threads in crankcase!

5.99 EUR
Artikel.: S85

Bolt final drive

Bolt M8 x 1,25 (standard pitch) for final drive
high strength category 8.8
Check thread in case before installation!

0.35 EUR
Artikel.: S638-G

Stud bolt M8 x 80 coarse-fine

Stud bolt with M8 thread
- One side 13 mm coarse thread, one side 27 mm fine pitch thread
- To use at the valve cover of 650 cc Dnepr engines

2.99 EUR
Artikel.: S3116

Connection rod nut

Connection rod nut with M8 fine-pitch thread
original castle nut
Attention: Very soft material, tighten carefully!!

1.25 EUR
Artikel.: S90

Clutch plates mounting bolt set, 6 pieces

Set of clutch plates mounting bolts
- Consisting of 6 pcs countersunk head
- 8 mm Allen bolt with fine-pitch
- Hardness 10.9
- Attention: Perhaps upper plain plate has to be cut down!

9.99 EUR
Artikel.: S41

Lower engine mounting bolt, long

Lower engine mounting bolt, long (31 cm)
- Thread M12 x 1,25 (Fine thread)
- Matching nuts: see below

2.99 EUR
Artikel.: S64-L

Connection rod bolt

Connection rod bolt, original design
Hint: Use nut S138!

1.99 EUR
Artikel.: S91

Lower engine mounting bolt, short

Lower engine mounting bolt, short (31 cm)
 - Thread M12 x 1,25 (Fine thread)
 - Matching nuts: see below

2.99 EUR
 Artikel.:
 S64-K

Cylinder head bolt M72, original square head

Original bolt for M72 cylinder head
 - 1 piece

1.99 EUR
 Artikel.:
 S3492

locking plate oil pump bolts

locking plate for oil pump bolts
 - For Dnepr 650 cc models

1.99 EUR
 Artikel.:
 S2121

Snap ring "Made in Germany"

Round-wire snap ring for drive shaft Dnepr "Made in Germany"

1.17 EUR
 Artikel.:
 S2080-EU

Circlip / spring lock washer

Circlip / spring lock washer made from high quality spring steel (Made in Germany)
 - Suits for cardan shanft with 22 mm groove depth (Ural / M72 etc.
 - Not suitable for original Dnepr driveshaft!

0.99 EUR
 Artikel.:
 S2080-22

Cylinder head bolts black

Cylinder head Allen bolts
 High strength: 8.8, 1 piece

0.39 EUR
 Artikel.:
 S3109-88

Cylinder head bolts stainless steel

Cylinder head Allen bolts
 Suitable for all side valve engines: M72, K750, MT12
 Stainless steel, 1 piece

1.55 EUR
 Artikel.:
 S3109-VA

Cylinder head bolts 8.8

Cylinder head Allen bolts
 - black, 1 piece

0.39 EUR
 Artikel.:
 S3109-Sw

Cylinder head nuts special

Cylinder head and connection rod big-end nuts, 12 mm hexagon, M8 fine pitch thread
 - Custom product with higher thread: Better load than original design: 17 pitches in brass ensure tighter fit and undamaged stud bolts
 - Also suitable for Dnepr connection rod big-end: Nut covers all threads!

1.89 EUR
 Artikel.:
 S138

Washer for cylinder head bolts Dnepr / Ural

Special washer for cylinder heads of Dnepr and Ural models
 - Suitable for M8 cylinder head studs
 - Extra strong material, so the cylinder head nut won't bite in the alloy.

0.48 EUR
 Artikel.:
 S138-U

Valve cap gasket for Chang Jiang OHV engines

Valve cap gasket for Chang Jiang OHV engines
 - High quality sealing compound

2.64 EUR
 Artikel.:
 S4118-DS

Leather - seal Dnepr Valve lid screw

Leather seal for Dnepr
 - Seals the valve bonnet screw
 - Fits all 650ccm Dnepr OHV engines
 - Original Part Nr.: MT 801514

Spring washer M14
 zinc-coated

0.35 EUR
 Artikel.:
 S3814

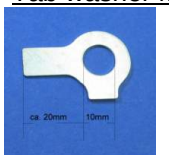

Spring washer M20

Spring washer M20
 zinc-coated
 I.e. for spare wheel mounting Ural / M72 or side car wheel nut.

0.45 EUR
 Artikel.:
 S3820

Tab washer M10

Tab washer for 10 mm bolts.
 - (Secures the swingarm pivot bolt nut) Tab length: 20 mm

1.25 EUR
 Artikel.:
 S 4522-S10

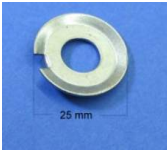

Tab washer M20

Tab washer for 20 mm nuts, zinc-coated steel.
 - (E.g. To secure the sidecar driveshaft nut at MT16 / K750 MW etc.) Tab length: 20 mm

1.33 EUR
 Artikel.:
 S2065-SI

Lock washer with tab M10

Lock washer with tab for all 10 mm threads
 - The tab grips in the surface and the washer is bend up. So the nut is secured.
 - Recommended to use for the 10 mm nut on all alternators (6 and 12V)
 - Hint: At some Dnepr gears the bore of the sprocket is missing. If you drill a 3 mm deep hole, you do not need the split pin.

1.99 EUR
 Artikel.:
 S2125-EU

Lock washer for steering head bearing nut

Lock washer for steering head bearing nut
 Fits all models

1.79 EUR
 Artikel.:
 S2111-Si

Rubber pad M 8

Rubber pad, especially for the fuel tank
 - Normally two are used (one about the other)
 - Inside diameter: 8 mm

0.49 EUR
 Artikel.:
 S4037

Retaining clip 2.0 mm, 20 mm

Clip to retain the M8 nuts, e.g. connection rod nuts Dnepr / brake-rod linkage

0.30 EUR
 Artikel.:
 S4170

Split pin 2 mm

Split pin 2 mm for crown nuts (e.g. rear wheel nut)

0.99 EUR
 Artikel.:
 S4049

Retaining clip 2.5 mm, 35 mm

Clip to retain the bolts at the brake-rod linkage "all models"

0.30 EUR
 Artikel.:
 S4169

Grease nipple M6

Grease nipple with 6 mm thread for K 750 wheel hub / steering head and some other areas

1.22 EUR
 Artikel.:
 S4211

Grease nipple angled M10 x 1

Tilted lubrication nipple
 - Thread: 10 x 1 mm self-retaining (tapered fine pitch thread)
 - Material: steel.

1.25 EUR
 Artikel.:
 S4211-10

Protective cap for nuts / bolt heads

Protective cap for 17 mm nuts or bolt heads (normally M12 thread)
 - Suitable e.g. for duplex brake

1.49 EUR
 Artikel.:
 S4439

Cable adjuster M8 thread (coarse)

Cable adjuster M8 standard thread (M8 x 1.25) rustproof without slot, with lock nut, thread length = 35 mm, for cables up to 3 mm strength SW11

3.99 EUR
 Artikel.:
 S4100

Cable adjuster M8 fine pitch thread

Cable adjuster M8 fine pitch thread (M8 x 1) steel version anodised without slot, with lock nut, thread length = 28 mm, for cables up to 3.5 mm strength SW13

4.44 EUR
Artikel.:
S4101

Cable screw nipple

Nipple to clamp with a screw, diameter: 8 mm
- Do not use at brake cables!

1.19 EUR
Artikel.:
S4707

Front axle nut 5/16

Self-locking nut
- Suitable for Royal Enfield Classic and other front wheel axles
-
- Thread size: 5/16, 14 mm long

2.99 EUR
Artikel.:
E10950

Bolt Enfield

Brass bolt for Enfield
- Overall length: 34 mm
- Fine pitch thread approx. 7 mm, length: 26 mm

4.99 EUR
Artikel.:
E10050

Brass sleeve nut Enfield

Sleeve nut for Enfield
- Overall length: 22 mm, fine pitch thread 9 mm, slide-in: 15 mm

Allgemeine Geschäftsbedingungen

1. Vertragspartner

Auf Grundlage dieser Allgemeinen Geschäftsbedingungen (AGB) kommt zwischen dem Besteller und der Ural-Zentrale, Inhaberin Oksana Klin

Adresse: Schmagerower Weg 1, 17321 Ramin OT Bismark

Handelsregister:

Handelsregisternummer:

Umsatzsteuer-Identifikationsnummer: DE207042631

nachfolgend Anbieter genannt, der Vertrag zustande.

2. Vertragsgegenstand

Durch diesen Vertrag wird der Verkauf von neuen und gebrauchten Waren über den Online-Shop des Anbieters geregelt.

Wegen der Details des jeweiligen Angebotes wird auf die Produktbeschreibung der Anbieterseite verwiesen mit den dazu gegebenen Abbildungen, ggf. Zeichnungen.

Gegebenenfalls Abweichungen in Farbe, Form und Größe sind zulässig, soweit sie für den Besteller zulässig sind.

3. Vertragsschluss

Der Vertrag kommt im elektronischen Geschäftsverkehr über das Shop-System oder über andere Fernkommunikationsmittel wie Telefon und E-Mail zustande. Dabei stellen die dargestellten Angebote eine

unverbindliche Aufforderung zur Abgabe eines Angebots durch die

Kunden dar, das der Anbieter dann annehmen kann. Der Bestellvorgang zum Vertragsschluss umfasst im Shop-System folgende Schritte:

- Auswahl des Angebots in der gewünschten Spezifikation (Größe, Farbe, Anzahl)

- Einlegen des Angebots in den Warenkorb

- Betätigen des Buttons 'bestellen'

- Eingabe der Rechnungs- und Lieferadresse

- Auswahl der Bezahlmethode

- Überprüfung und Bearbeitung der Bestellung und aller Eingaben

- Betätigen des Buttons 'kostenpflichtig bestellen'

- Bestätigungsmail, dass Bestellung eingegangen ist.

Bestellen können neben dem Shop-System auch über

Fernkommunikationsmittel (Telefon/E-Mail) angegeben werden, wodurch der Bestellvorgang zum Vertragsschluss folgende Schritte umfasst:

- Anruf bei der Bestellhotline / Übermittlung der Bestellmail

- Bestätigungsmail, dass Bestellung eingegangen ist

- Die Bestellung stellt keine Annahme Ihres Angebots dar, sondern soll Sie nur darüber informieren, dass Ihre Bestellung bei uns eingegangen ist.

- Ein Kaufvertrag kommt erst zustande, wenn die Ware an Sie versendet und der Versand bestätigt wurde.

4. Eigentumsvorbehalt

Bis zur vollständigen Bezahlung bleibt die gelieferte Ware im Eigentum des Anbieters.

5. Preise, Versandkosten, Rücksendekosten

Alle Preise sind Endpreise und enthalten die gesetzliche Umsatzsteuer. Neben den Endpreisen fallen je nach Versandart weitere Kosten an, die vor Versendung der Bestellung angezeigt werden. Besteht ein Widerrufsrecht und wird von diesem Gebrauch gemacht, trägt der Kunde die Kosten der Rücksendung.

6. Zahlungsbedingungen

Der Besteller hat ausschließlich folgende Möglichkeiten zur Zahlung: Vorüberweisung, Zahlungsdienstleister (PayPal), Barzahlung bei Abholung. Weitere Zahlungsarten werden nicht angeboten und werden zurückgewiesen.

Der Rechnungsbetrag ist nach Zugang der Rechnung, die alle Angaben für die Überweisung enthält und mit E-Mail verschickt wird, auf das dort angegebene Konto vorab zu überweisen. Bei Verwendung eines

Treuhandservice/Zahlungsdienstleistungen; er möglicherweise dieser dem An- und Kunden, die Zahlung untereinander abzuwickeln. Dabei leitet der Treuhandservice/Zahlungsdienstleistungen; der die Zahlung des Bestellers an den Anbieter weiter. Weitere Informationen erhalten Sie auf der Internetseite des jeweiligen Treuhandservices/Zahlungsdienstleistungen; der. Der Rechnungsbetrag kann auch unter Abzug der in Ansatz gebrachten Versandkosten in den Geschäftsräumen des Anbieters zu den üblichen Bürozeiten in bar gezahlt werden. Der Besteller ist verpflichtet innerhalb von 14 Tagen nach Erhalt der Rechnung den ausgewiesenen Betrag auf das auf der Rechnung angegebene Konto einzuzahlen oder zu überweisen. Die Zahlung ist ab Rechnungsdatum ohne Abzug fällig. Der Besteller kommt erst nach Mahnung in Verzug. Ein Zurückbehaltungsrecht des Bestellers, welches nicht auf demselben Vertragsverhältnis beruht, wird ausgeschlossen. Die Aufrechnung mit Forderungen des Bestellers ist ausgeschlossen, es sei denn diese sind unbestritten oder rechtskräftig festgestellt.

7. Lieferbedingungen

(1) Lieferung

Sofern nicht anders vereinbart, erfolgt die Lieferung an die vom Besteller angegebene Lieferadresse. Der Besteller stellt sicher, dass die Ware ordnungsgemäß zu gestellt werden kann. Hierzu gehört auch, dass er oder ein Bevollmächtigter, je nach gewählter Versandart, die Bestellung gegen Unterschrift annimmt. Soweit der Besteller nicht unter der von ihm angegebenen Lieferadresse angetroffen wird, obwohl der Lieferzeitpunkt dem Besteller mit angedeutet wurde, trägt der Besteller die Kosten für die erfolglose Anlieferung.

(2) Lieferzeit

Die Ware wird umgehend nach Eingang der Bestellung versandt. Der Versand erfolgt durchschnittlich spätestens nach einem Tag. Die Regellieferzeit beträgt 3 Tage, wenn in der Artikelbeschreibung nichts anders angegeben ist. Der Anbieter versendet die Bestellung aus seinem Lager, sobald die gesamte Bestellung dort vorrätig ist. Der Besteller wird über Verzögerungen umgehend informiert. Hat der Anbieter ein dauerhaftes Lieferhindernis, insbesondere höhere Gewalt oder Nichtbelieferung durch eigenen Lieferanten, obwohl rechtzeitig ein Entsprechendes des Deckungsgehalts festgestellt wurde, nicht zu vertreten, so hat der Anbieter das Recht, insoweit von einem Vertrag mit dem Besteller zurückzutreten. Der Besteller wird darüber unverzüglich informiert und empfangene Leistungen, insbesondere Zahlungen, zurückzuerstatten. Der Unternehmer verpflichtet sich zur Lieferung am 5. Tag nach Bestellungsläng.

(3) Beschädigte Ware

Bei Anlieferung ist der Besteller bzw. sein Bevollmächtigter verpflichtet, die Ware auf Beschädigungen hin zu überprüfen. Werden solche festgestellt, so muss er diese bei Annahme des Paketes beim Zusteller auf dem Zustellformular vermerken. Bei offensichtlichem Warenverlust oder Warenbeschädigung sollte er die Annahme der Zustellung, unter dem Hinweis des Warenverlusts oder Warenbeschädigung, verweigern. Die Annahmeverweigerung hat er unverzüglich dem Anbieter mitzuteilen.

8. Gewährleistung

Der Großteil der angebotenen Ware entspricht nicht den westlichen Qualitätsansprüchen bzgl. Verarbeitung und Materialbeschaffenheit. Insbesondere sind die Waren, welche aus der Fertigung Russlands stammen, bedürfen vor der Nutzung einer Nach- bzw. Überarbeitung durch den Besteller. Die Kosten und Risiken dieses Zugleich trägt der Käufer. Die Gewährleistungspflicht erstreckt sich lediglich auf das rohe, unarbeitete Teil. Hierunter fallen alle Teile, die ausdrücklich als EU-Produkt gekennzeichnet sind.

Ist der Käufer Unternehmer, wird für Neuwaren die Gewährleistungsfrist auf ein Jahr beschränkt. Dem Anbieter wird erkannt, dass er bei einer Nachlieferung selbst zwischen Reparatur oder Neulieferung wählen kann, wenn es sich bei der Ware um Neuware handelt und der Käufer Unternehmer ist. Ist der Käufer Unternehmer, wird für Gebrauchsgüter die Gewährleistung ausgeschlossen. Ist der Käufer Verbraucher, wird für gebrauchte Waren die Gewährleistungsfrist auf ein Jahr beschränkt. Verbrauchern steht für die angebotenen Leistungen ein gesetzliches Mängelhaftungsrecht nach den einschlägigen Vorschriften des Bürgerlichen Gesetzbuch (BGB) zu. Sofern hiervon abgewichen wird, richtet sich die Gewährleistung nach den hierzu verfassten Regelungen in den

All­ge­mei­nen Ge­schäfts­be­din­gun­gen (AGB). Dies gilt nicht für Scha­den­ser­satz­zansprüche des Kunden wegen Verletzung des Lebens, des Kör­pers, der Gesundheit oder wesentlicher Vertragspflichten, welche zur Erreichung des Vertragszieles notwendigerweise er­füllt werden müs­sen. Ebenso gilt dies nicht für Scha­dens­er­satz­an­sprü­che nach grob fahr­läs­si­ger oder vor­sätz­li­cher Pflichtverletzung des Anbieters oder seines gesetzlichen Vertreters oder Er­füll­lungs­ge­hil­fen. Im Üb­ri­gen gel­ten die gesetzlichen Regelungen.

9. Ver­trags­ge­stal­tung

Ist der Käu­fer Unternehmer, so geht die Gefahr des zu­fäl­li­gen Un­ter­gangs und/oder der zu­fäl­li­gen Verschlechterung der Ware mit der Über­ga­be, bei Versendung mit der Auslieferung der Ware an den aus­gewählten Dienstleister hier­für auf den Be­stel­ler über. Der Vertragstext wird vom Anbieter gespeichert. Der Besteller hat keine Mög­lich­keit selbst direkt auf den gespeicherten Vertragstext zuzugreifen. Der Kun­de kann Fehler in der Eingabe wä h­rend des Bestellvorganges kor­ri­gie­ren. Hierzu kann er durch Drü­cken des Zu­rück­but­tons vorgehen.

10. Widerrufsrecht und Kundendienst

Wi­der­rufs­be­leh­rung

Widerrufsrecht

Sie haben das Recht, binnen vierzehn Tagen ohne Angabe von Grün­den diesen Vertrag zu widerrufen.

Die Widerrufsfrist be­trägt vierzehn Tage ab dem Tag,

• Im Falle eines Kaufvertrags: an dem Sie oder ein von Ihnen be­nann­ter Dritter, der nicht der Be­för­de­rer ist, die letzte Wa­re in Besitz genommen haben bzw. hat.

• Im Falle einer Vertrags über mehrere Waren, die der Ver­brau­cher im Rahmen einer einheitlichen Bestellung bestellt hat und die getrennt geliefert werden: an dem Sie oder ein von Ihnen be­nann­ter Dritter, der nicht Be­för­de­rer ist, die letzte Ware in Besitz ge­nom­men haben bzw. hat.

• Im Falle eines Vertrags über die Lieferung einer Ware in meh­re­ren Teilsendungen oder Stü­cken: an dem Sie oder ein von Ih­nen benannter Dritter, der nicht Be­för­de­rer ist, die letzte Teil­sen­dung oder das letzte Stück in Besitz genommen haben bzw. hat.

• Im Falle eines Vertrages zur re­gel­mä ß i­gen Lieferung von Wa­ren über einen festgelegten Zeitraum hinweg: an dem Sie oder ein von Ihnen benannter Dritter, der nicht Be­för­de­rer ist, die erste Ware in Besitz genommen haben bzw. hat. Beim Zusammentreffen mehrerer Alternativen ist der jeweils letz­te Zeitpunkt maß­ge­blich.

• Um Ihr Widerrufsrecht aus­zu­üben, müs­sen Sie uns (Ural-Zent­ra­le, Oksana Klinger, Schmagerower Weg 1, 17321 Ra­min OT Bismark, Tel. 039754/51509, Fax. 039754/51507, supp­ort@ur­al-zent­ra­le.de mit­tels einer eindeutigen Er­klä­rung (z.B. ein mit der Post ver­sand­ter Brief, Telefax, oder E-Mail) über Ihren Ent­schluss, diesen Vertrag zu widerrufen, informieren. Sie kön­nen da­für das bei­ge­füg­te Muster-Widerrufsformular ver­wen­den, das jedoch nicht vorgeschrieben ist.

Zur Wahrung der Widerrufsfrist reicht es aus, dass Sie die Mit­tei­lung über die Aus­übung des Widerrufsrechts vor Ab­lauf der Widerrufsfrist absenden.

Folgen des Widerrufs

Wenn Sie diesen Vertag widerrufen, haben wir Ihnen alle Zah­lun­gen, die wir von Ihnen erhalten haben, ein­schlie ß lich der Lieferkosten (mit Ausnahmen der zu­sätz­li­chen Kosten, die sich daraus ergeben, dass Sie einer andere Art der Lie­fe­rung als die von uns angebotene, güns­ti­ge Stan­dard­lie­fe­rung ge­wählt haben), un­ver­züg­lich und spä­tes­tens binnen vier­zehn Tagen ab dem Tag zu­rück­zu­zah­len, an dem die Mit­tei­lung über Ihren Widerruf dieses Vertrags bei uns ein­ge­gan­gen ist. Für diese Rück­zah­lung verwenden wir dasselbe Zah­lungs­mit­tel, das Sie bei der ur­sprüng­li­chen Transaktion ein­ge­setzt haben, es sei denn, mit Ihnen wurde aus­drück­lich et­was anderes vereinbart; in keinem Fall werden Ihnen we­gen dieser Rück­zah­lung Entgelte berechnet. Wir kön­nen die Rück­zah­lung verweigern, bis wir die Waren wieder zu­rück­er­hal­ten haben oder bis Sie den Nachweis erbracht ha­ben, dass Sie die Waren zu­rück­ge­sandt haben, je nach­dem, welches der frü­he­re Zeitpunkt ist.

Sie haben die Waren un­ver­zü­g­lich und in jedem Fall spä­tes­tens binnen vierzehn Tagen ab dem Tag, an dem Sie uns über den Widerruf dieses Vertrags unterrichten, an Ural-Zent­ra­le, Oksana Klinger, Schmagerower Weg 1, 17321 Ra­min OT Bismark uns zu­rü­ck­zu­sen­den oder zu über­ge­ben. Die Frist ist gewahrt, wenn Sie die Waren vor Ablauf der Frist von vierzehn Tagen absenden.

Sie tragen die unmittelbaren Kosten der Rück­sen­dung der Waren.

Sie müs­sen für einen etwaigen Wertverlust der Waren nur auf­kom­men, wenn dieser Wertverlust auf einen zur Prüfung der Beschaffenheit, Eigenschaften und Funktionsweise der Wa­ren nicht notwendigen Umgang mit Ih­nen zu­rü­ck­zu­füh­ren ist.

Ende der Widerrufsbelehrung

11. Haftungsausschluss

Scha­dens­er­satz­an­sprü­che sind ausgeschlossen, soweit sich aus den nach­fol­gen­den Grün­den nicht etwas anderes ergibt. Dies gilt auch für den Vertreter und Er­fü­lungs­ge­hil­fen des Anbieters, falls gegen diese An­sprü­che auf Schadensersatz erhebt werden. Ausgenommen sind Scha­den­ser­satz­zansprüche wegen Verletzung des Lebens, des Körpers, der Gesundheit oder wesentlicher Vertragspflichten, welche zur Erreichung des Vertragszieles notwendigerweise er­füllt werden müs­sen. Ebenso gilt dies nicht für Scha­dens­er­satz­an­sprü­che nach grob fahr­läs­si­ger oder vor­sätz­li­cher Pflichtverletzung des Anbieters oder seines gesetzlichen Vertreters oder Er­fü­lungs­ge­hil­fen.

12. Ab­tre­tungs- und Verp­fän­dungs­ver­bot

An­sprü­che oder Rechte des Bestellers gegen den Anbieter dür­fen oh­ne dessen Zustimmung nicht abgetreten oder ver­pfän­det werden, es sei denn der Kunde hat ein berechtigtes Interesse an der Abtretung oder Verpfändung nachgewiesen.

13. Bat­te­rie­ve­rord­nung

Endverbraucher sind zur Rück­ga­be gebrauchter Starterbatterien gem. 7 Batterie Verordnung gesetzlich verpflichtet. Starterbatterien können dem Ver­käu­fer an einer seiner Verkaufsstellen unentgeltlich zu­rü­ck­ge­ben werden. Endverbraucher haben beim Kauf einer neuen Star­ter­bat­te­rie ohne Rück­ga­be einer gebrauchten Batterie einen Pfand von 7,50 € zu hinterlegen. Dieser Pfand ist im Gesamtpreis bereits ent­hal­ten. Bei Rück­ga­be einer gebrauchten Starterbatterie wird der Pfand er­stat­tet. Starterbatterien enthalten Blei und dür­fen daher nicht im Haus­müll ent­sorgt werden.

14. Sprache, Gerichtsstand und anzuwendendes Recht

Der Vertrag wird in Deutsch abgefasst. Die weitere Durch­füh­rung der Ver­trags­be­zie­hung erfolgt in Deutsch. Es findet aus­schließ­lich das Recht der Bundesrepublik Deutschland Anwendung. Für Verbraucher gilt dies nur insoweit, als dadurch keine gesetzlichen Bestimmungen des Staates ein­ge­schränkt werden, in dem der Besteller seinen Wohn­sitz oder ge­wöhn­li­chen Aufenthalt hat. Gerichtsstand ist bei Strei­tig­kei­ten mit Kunden, die kein Verbraucher, juristische Person des öf­fent­li­chen Rechts oder öf­fent­lich-rechtliches Son­der­ver­mö­gen sind, Sitz des Anbieters.

15. Datenschutz

Im Zu­sam­men­hang mit der Anbahnung, Abschluss, Abwicklung und Rück­ab­wick­lung eines Kaufvertrages auf Grundlage dieser AGB wer­den vom Anbieter Daten erhoben, gespeichert und verarbeitet. Dies ge­schieht im Rahmen der gesetzlichen Bestimmungen. Der Anbieter gibt keine personenbezogenen Daten des Bestellers an Dritte weiter, es sei denn, dass er hierzu gesetzlich verpflichtet wä­re oder der Be­stel­ler vorher aus­drück­lich eingewilligt hat. Wird ein Dritter für Dienst­leis­tun­gen im Zusammenhang mit der Abwicklung von Ver­ar­bei­tungs­pro­zes­sen eingesetzt, so werden die Bestimmungen des Bun­des­da­ten­schutz­ge­set­zes eingehalten. Die vom Besteller im Wege der Bestellung mit­ge­teil­ten Daten werden aus­schließ­lich zur Kontaktaufnahme in­ner­halb des Rahmens der Vertragsabwicklung und nur zu dem Zweck ver­ar­bei­tet, zu dem der Besteller die Daten zur Ver­fü­gung gestellt hat. Die Da­ten werden nur soweit notwendig an das Versandunternehmen, das die Lieferung der Ware auf­trags­ge­mäß über­nimmt, weitergegeben. Die Zah­lungs­da­ten werden an das

mit der Zahlung beauftragte Kre­dit­in­sti­tut weitergegeben. Soweit den Anbieter Aufbewahrungsfristen handels- oder steuerrechtlicher Natur treffen, kann die Speicherung einiger Da­ten bis zu zehn Jahre dauern. Wäh­rend des Besuchs im Internet-Shop des Anbieters werden anonymisierte Daten, die keine Rück­schlü­se auf personenbezogene Daten zulassen und auch nicht beabsichtigen, ins­be­son­de­re IP-Adresse, Datum, Uhrzeit, Browsertyp, Betriebssystem und besuchte Seiten, protokolliert. Auf Wunsch des Bestellers werden im Rahmen der gesetzlichen Bestimmungen die personenbezogenen Da­ten ge­löscht, korrigiert oder gesperrt. Eine unentgeltliche Auskunft über alle personenbezogenen Daten des Bestellers ist mög­lich. Für Fra­gen und An­trä­ge auf Lö­schung, Korrektur oder Sperrung per­so­nen­be­zo­ge­ner Daten sowie Erhebung, Verarbeitung und Nutzung kann sich der Kunde an folgende Adresse wenden: Ural-Zentrale, Oksana Klin­ger, Schmagerower Weg 1, 17321 Ramin OT Bis­mark, Tel. 039754 51509, supp­ort@ural-zentrale.de.

16. Salvatorische Klausel

Die Unwirksamkeit einer Bestimmung dieser AGB hat keine Aus­wir­kun­gen auf die Wirksamkeit der sonstigen Bestimmungen.
