A world of new entertainment

An entertainment experience tailored to you

Choosing the right channel or finding the right movie doesn't have to be difficult; it should be easy. By understanding your entertainment preferences and viewing habits, S Recommendation intuitively recommends content for you to enjoy. Waste no more time searching through the same TV line up or movies over and over, and watch shows that best appeal to you. The more you watch, the more the Smart TV understands you – there will always be something entertaining to watch.

The gateway to a revolutionary entertainment experience

Samsung is changing the rules of watching TV with Smart Hub. With 5 advanced and easy-to use panels and an intuitive Smart Hub UI flipping motion, Smart Hub allows you to search and access content quickly and easily. With immediate access to live TV recommendations, watch everything you enjoy without having to channel surf. Enjoy a wide range of movie and TV shows with videos on demand, access apps available on the Samsung Smart TV and share content on Facebook and Twitter with friends. Enjoy and access photos, videos, and music on all compatible devices.

Dual Core makes multitasking fast

Dual Core's faster processing speeds allow you to perform multiple tasks at the same time, such as using an app while downloading another one. It also enables faster web browsing while playing apps or TV programs that you've recently opened through the Recent History feature.

Watch movies from your USB

With ConnectShare Movie, simply plug your USB memory drive or HDD into the TV and instantaneously enjoy movies, photos or music. Now, you can experience a wide variety of content in the comfort of your living room on your TV.
