

EQ7 Quilt Layers and Layouts

Barb Vlack

All Levels

Friday, 1:00 - 4:00 p.m.

Room 212 A

49502

Custom Set and Layers have been vastly improved in *EQ7*. It's so easy to just drag and drop what you need into the quilt. If you are tired of designing quilts only in straight sets with blocks all the same size, then come learn how to use *EQ7* to make custom quilts with blocks of all different sizes. In addition to custom quilts, we'll work with medallion quilts, row quilts, and other complex-looking layouts. After that we'll practice setting appliqué motifs, stencils, photos, and embroidery on our quilts. By the end of this class you will have a stockpile of ideas and tricks for creating your next masterpiece.

Member: \$48

Retail: \$60

Supplies:

Please bring the following to class:

- Laptop with *EQ7* installed, activated, and validated. You must have been on the Internet and open *EQ7* before class in order for the validation to be up-to-date.
- Mouse and mouse pad
- Power cord for laptop
- Spare battery for mouse.
- Note-taking materials

Optional:

- *EQ7* User Manual

Note: A trial version of *EQ7*, with an expiration date, will be available for those who have not purchased the program or do not want to install it permanently on their laptops. Contact barb@barbvlack.com to request the trial, which will be downloaded in the classroom before class (show up ½ hour early).
