## ADOBE OPEN OPTIONS 4.5 VOLUME LICENSING PROGRAM FOR EDUCATIONAL INSTITUTIONS

With the Adobe Open Options 4.5 volume software licensing program, educational institutions can make the most of their software budgets, providing students and faculty access to Adobe's industry-standard software. Volume licensing is available through the following programs:

**Contractual License Program (CLP)** - This flexible volume software licensing program provides larger organizations with increased discount levels based on the initial order amount.

**Transactional License Program (TLP)** - Educational institutions with smaller orders can still get the benefit of volume pricing with the TLP. Volume licensing through the TLP makes it easier for students, faculty, and staff to use the most current versions of Adobe products.

**For pricing and information on purchasing volume licenses of Adobe products, please visit:** [www.creationengine.com/adobelicense](http://www.creationengine.com/adobelicense)

## ADOBE K-12 SCHOOL SITE LICENSE OPTIONS

These affordable solutions empower K-12 educators to engage students in learning while preparing them for the next level of education—and for future careers. K-12 Site licenses are available for all Adobe Creative Suite Suites. The K-12 Site Licenses include installation rights for up to 500 school-owned computers at one school site and an additional 50 teacher home-use rights licenses.

**For pricing and information on purchasing volume licenses of Adobe products, please visit:** [www.creationengine.com/csk12](http://www.creationengine.com/csk12)

## ADOBE OPEN OPTIONS NONPROFIT LICENSING PROGRAM

Adobe recognizes that nonprofit organizations must accomplish more with less. That is why Adobe is pleased to provide solutions that can help nonprofits maximize their limited time, money, and manpower. The Adobe Open Options Nonprofit Licensing Program provides amazing discount levels on both volume licensing and single-seat purchases. It is possible for a qualifying organization to save over 50 percent off the commercial price on software.
