iVIEW's new 10.1" SupraPad i1000QW is the next-generation tablet PC with Windows 8.1 and Office 365 Personal. It features with 10.1" IPS High Resolution Screen (1280 x 800) and strong processors of Intel® Atom™ Processor Z3735G-CR (Quad Core, 1.33GHz) CPU providing access to the web for news, weather, or local business info; downloading thousands of Apps from the Windows Store to tap your need, such as games, favorite movie clips, music, and videos. With built-in bluetooth function you are able to connect to your bluetooth speaker system / bluetooth earphone to listen to music, or connect to a bluetooth keyboard for easy typing, and send files to another tablet or mobile phone with bluetooth function. For your convenience, i1000QW now comes with a Bluetooth Keyboard Case for easy typing and additional protection to the tablet. Equipped with memory of 16GB, you may store plenty of pictures, movies, and documents. Expansion storage is available via Micro Card Reader slot, up to 48GB. SupraPad i1000QW is your all-in-one tablet that you can't live without.

■ NOTE: Office 365 is free of use for 1 year subscription only.

## Notes

- \* This is a high-density electronic product; please do not dismantle it by yourself.
- \* Avoid strong beat and collision.
- \* Avoid using this product in the following environments: High and low temperature, humidity, dusty, with strong magnetic and long-term exposure to the sun.
- \* Wipe the product shell by using dry wet cotton cloth gently; the use of other chemical cleaning is prohibited. This product should keep away from water drop and water splash, so cups filled with liquids should not be placed near the product.
- \* Use the headset long time, high volume may cause permanent damage to hearing.
- \* Do not use headphones when going across a road, driving a motorcycle or bicycle, in order to avoid traffic accidents.
- \* Please use permitted battery, charger and accessories only, the use of any other type of product would be a breach of warranty regulations, and may be dangerous.
- \* Please deal with waste machinery and accessories according to local environmental regulations.
- \* If you have any questions in the process of using of the product, please contact the local dealer or contact Wiltronics customer service center directly.
- \* For any file loss caused by product damage, repair or other causes of product damage, Wiltronic shall not be responsible for it. Please follow the user's guide and timely backup your files.

- 9 Back Camera: Take photos, and record pictures.

## 2. Descriptions of Keyboard

### • How to connect the Bluetooth Keyboard?

1. Turn on the Bluetooth Keyboard via the Power button.
2. Press the connect button on the keyboard till the indicator of Bluetooth is twinkling.
3. Click "Control Panel" on the Tablet, then go to "All Control Panel Items", then go to "Devices and Printers", then go to "Add a device".
4. Choose the Bluetooth Keyboard from the device list, and input the PIN code. After typing the code, you might need to press Enter, Return, OK, or a similar button on your tablet.

- 1 Connect Button: To turn on Bluetooth of keyboard.
- 2 Power button: To turn on/off the keyboard.

Use of tablet and keyboard:

---

### 3. Introduction to Desktop

---

**3.1 Windows 8.1 start image:** On the start screen, you can see many programs fixed in the image. These application programs are displayed in the form of “magnet”. As long as you click them, you can easily visit them.

You need to log on your Microsoft account before the application program completely runs.

### 3.2 Image slide applications

Slide to right

Slide to the right from the left side of the screen to start the application program in running.

Slide to left

Slide to the left from the right side of the screen to start Charm menu column.

### Reduce

On the touch screen, narrow two fingers to reduce the image.

### Enlarge

On the touch screen, widen two fingers to enlarge the image.

### Slide downward

In start screen, slide from the top of the screen to view all application programs.

### Slide with finger

In start screen, slide finger right and left to move the image.

### Slide upward

In the start screen, slide upward from the bottom of the screen to visit all application program (APPS) interfaces.

### 3.3 Introduction to app Interface

Besides the application programs already fixed on the start screen, you can also start other application programs in all application programs, such as other software application programs attached to the Tablet PC.

If you want to fix more application programs on the start interface, see the operation in the figure below, (1) press and hold the application program magnet for about one second, and release the magnet till the Customize column shows at the bottom, and select (2) to fix to the start screen.

Conversely, if you want to cancel or delete a certain application in the start screen, (1) press and hold the application program magnet for about one second, and release the magnet till the Customize column shows at the bottom, and select the attributes to customize the magnet you want.

### 3.4 Charm menu column

Slide it to the left from the right side of the screen to start Charm menu column, including: Start, Device, Setup, Share, and Search Program.

Search the files and application programs in the Tablet PC.

Share the program through social exchange website or e-mail.

Return to the start screen. From the start screen, you can also use this function to return the application program opened in the latest.

Read, write and share files, and connect external screen or printer with the device connected to the Tablet PC.

Set up the Tablet PC.

Search Menu

Share Menu

Device Menu

Set up Menu

### 3.5 Dual-Screen application

On My Computer in (Figure 1), slide it inward from the left side of the screen, drag it and hold. Let go when seeing double interfaces appear. In (Figure 2), press the partition button on the middle partition line and drag right and left to partition the display proportion of the double screens.

(Figure 1)

(Figure 2)

## 4. Basic Operations

### 4.1 Dormancy, restart and power off

- **Reset / Shutdown forcibly**

If the tablet freezes, you can press and hold the Power button for 8~12 seconds, then the tablet will shutdown.

### 4.2 Recovery

#### ● Reinstall Microsoft Office (Office 365)

After recovery the system, if you can't find the icon of Microsoft Office in APP list, follow the step below to reinstall:

- Open "Internet Explorer".
- Click  to open the "Favorites"
- Find "Microsoft Office Download Read me" and click it, then follow the instructions to reinstall Office 365.

### 4.3 Bluetooth

a) Turn on Bluetooth: Charm menu - Settings - Change PC settings - PC and devices - Bluetooth.

After turn on bluetooth, the tablet will auto-search other device, and you can pair with your device.

b) Send a File: Choose the files you want to share, keep touch them for 2 seconds with one finger, click "Send to" on the pop menu, click "Bluetooth device" to start share.

c) Receive a File: Before receiving the files, you should open the window "Waiting for a connection": Click  at lower right corner of desktop -  - Receive a File.

### 4.4 Security management

Method for quick setup:

Click the "Setup" button in "Charm" setup, and select "Change computer setup". Select "User" on the left and click "Create local account" in "Your account" on the

---

right side. After inputting the password of Complete Windows Live Id Account, input username, password, confirm password and password prompt.
