## How To Play

To switch the unit ON, move the slider located at the bottom of the unit.

Open the lid and the laptop will play a welcome tune.

The laptop offers 4 different game modes to play with. The game mode is selected using the game selector.

### Game 1: Discovery mode

This game is selected when moving the game selector to the very left.

In this mode, the child can discover colours, numbers, letters, and meet Ben & Holly and their friends, by pressing the various keys of the Laptop:

- The 6 square keys will say the colours, the numbers and letters.
- The 6 round keys on the sides will introduce Ben & Holly and their friends.
- The 2 leaf keys will play some cute tunes when pressed.
- The fun knob will trigger a special sound effect when turned.
- Waving the magic wand over the TRUE or FALSE areas on screen will trigger a magical sound effect.

### Game 2: Quiz mode

This game is accessed by sliding the game selector one step to the right, from the Discovery mode.

The child is now asked questions that can be answered by directly pressing on the keys. He will be challenged on finding colours, letters, numbers, Ben & Holly and their friends.

The child has 3 attempts to give the correct answer.

After 3 incorrect answers, the unit will advise what the correct answer was and then will ask another question.

### Game 3: Magic Quiz mode

This game is accessed by sliding the game selector one step to the right, from the Quiz mode.

The child is now asked questions that can be answered placing the face of the magic wand over the TRUE or FALSE areas on screen.

He will be challenged on colours, letters, quantities, and Ben & Holly and their friends.

The child has only 1 attempt to give the correct answer.

After an incorrect answer, the unit will advise what the correct answer was and then will ask another question.

*How to use the magic wand.*

### Game 4: Music mode

This game is accessed by sliding the game selector to the very right.

In this mode, the child can discover music by pressing the various keys of the laptop:

- Each of the 6 square keys will become a kind of piano key and will then trigger a different music note when pressed. The child can then compose his own tunes!
- Each of the 6 round keys on the sides will trigger alternatively 2 different tunes.
- The 2 leaf keys will play some cute tunes when pressed.
- The fun knob will trigger a special sound effect when turned.
- Waving the magic wand over the TRUE or FALSE areas on screen will trigger magical tunes.

At any time, closing the lid will stop the games and send the laptop into sleep mode.

To save battery power, the unit will automatically turn into sleep mode after a few seconds of inactivity.

To awake the unit from sleep mode, press on any key or game mode contact.

## How To Change Batteries

1. This product requires 3 x "AA" (LR6-AM3) 1.5V batteries
2. When required, using a suitable screwdriver, undo and remove the battery cover located under the unit.
3. Insert 3 x "AA" (LR6-AM3) 1.5V batteries into the compartment ensuring they are installed the correct way around.
4. The polarities are marked inside the battery compartment.
5. Should the batteries have no polarity markings, the flat end of the battery should always be inserted against the spring.
6. Reassemble the battery cover and tighten the screw to secure.
7. Do not over tighten.

### Please note the important points below when using batteries to power this product:

- Batteries should be inserted and removed by an adult.
- Only use the type of batteries specified in this user manual, or equivalent type. We recommend the use of alkaline batteries.
- Follow the polarity diagram inside the battery compartment and the polarity markings on the batteries.
- An incorrect location may either damage the toy, or cause battery leakage, or, to an extreme degree, lead to battery explosion.
- Do not try to charge non-rechargeable batteries, as they may leak or explode.
- Replace all batteries at the same time.
- Do not mix new with old batteries
- Do not mix different types of batteries (i. e. alkaline and zinc carbon).
- Remove the batteries during long periods of non-use. Always remove exhausted batteries from the product. Battery leakage and corrosion can damage the product.
- Do not short-circuit the supply terminals. Store batteries away from metal objects.
- Do not dispose of batteries in fire, as they may leak or explode. Never disassemble batteries.
- Rechargeable batteries should not be used.
- When rechargeable batteries are used anyway :
  - Rechargeable batteries shall be charged only under the supervision of an adult.
  - Rechargeable batteries shall be removed from the toy before being charged (if they can be removed).
- If a battery is swallowed, consult a Doctor or Medical Facility. Don't forget to take the product with you.
- If battery leakage occurs and comes in contact with the skin or eyes, wash immediately with lots of water.
- Batteries are included for demonstration purposes only and may need replacing after purchase.
- Strong Electro Magnetic Interference may disturb the normal function of the product. If so, simply reset the product to resume normal operation by following the instruction manual. In case the function does not resume, please use the product in another location.
