

Shoot 'n Share Instantly

3M™ CamCorder Projector CP45.

HD Camcorder, Camera and Pocket Projector. All in one.

Capture every moment in HD. And share instantly, anywhere.

Life's best moments, made possible anywhere

- **Big impact** The projector feature brings photos, videos and movies to life up to 65" projected screen size.
- **Project immediately** No downloading or waiting to hook it up to another device. Simply create it; then show it off.
- **Take anywhere** Small enough to throw in your bag and go.

So easy to use. And so much fun!

Record video, snap photos and project images at the push of a button.

- **Everyone can see together** Large projected screen means no-one misses out... no more passing around a small screen.
- **Bright stunning images** 20 lumens of brightness and 800 x 600 SVGA resolution for outstanding image clarity. Who knew sharing could be so much fun?

Plus... Use Shoot 'n Share to enlarge your small screens!

Just connect your smartphone, iPod®, iPad®, portable DVD player, game console or laptop*, and you have big screen mobile entertainment.

Great for business and for pleasure.

*Please check compatibility. Some accessories/connecting cables may be necessary and are sold separately.
