Getting Started

Key functions

1. ON/OFF: Slide power switch to 'ON' or 'OFF' to turn the speaker on and off.
2. 'Line in': Aux input slot, use the provided Aux-in cable to connect your Mobile, Tablet, iPad, MP3 Player etc. to play music
3. Mini USB: Use the provided USB cable for charging the unit through your computer.
4. LED indicator: Blue light indicates

working, red light indicates
charging.
5. '-': Decrease volume/prev. track
6. '⏸': Play/Pause/Pick up/End
   call
7. '+': Increase volume/next track
8. MIC: Microphone

Operating the speaker
A. Power On Status
Slide the Power switch to the "ON"
position at the bottom of the unit and
you will hear a voice saying

"Bluetooth already opened" and you will see a blue light from the LED indicator.

B. Power Off

Slide the Power Switch to the "OFF" position and the speaker shuts down.

C. Bluetooth Pairing

If the speaker has never been paired with a bluetooth device before, you need to follow the instructions below to pair your speaker with your bluetooth device.

1) After hearing the voice prompt"

Waiting for bluetooth connection", the speaker is ready to pair with your bluetooth device and the Blue LED light will be blinking fast.

2) Activate bluetooth on your compatible device and set it to search for compatible devices.

3) Select the speaker "ENV-1318" from the list of found devices.

Note: If the speaker is already connected to another bluetooth device then the speaker will not

appear in search list and you need to disconnect the current paired bluetooth device from the speaker and search again.

4) If your device asks for a passkey, enter digits "0000" and press "OK" (varies depending on the bluetooth device manufacturer, model and software version).

5) If the pairing is successful, the speaker will have Voice Prompt "Bluetooth Connected success-fully` and the Blue LED light

indicator will flash with an interval of two seconds, and your speaker is ready to play music and receive calls from mobiles.

Note: If the speaker has been paired to the bluetooth device before, you need to follow the pairing instructions below to connect the speaker to the bluetooth device:

Activate bluetooth on your compatible device, turn on the speaker and the speaker will connect automatically to the compatible

device and you will hear a Voice Prompt "Bluetooth connected successfully".

D. Playing Music in Bluetooth Mode

After the bluetooth device is connected successfully to the speaker, you will be able to play music from your Bluetooth device.

Short press` ▷Ⅱ `to pause music and short press ` ▷Ⅱ ` again to resume music.

Short press `+` for next song and short press `-` for previous song.

Long press `+` to increase volume and long press ` -` to decrease volume.

E. Using the Speaker as Hands-free Wireless Speaker Phone

When your device is paired with the speaker and you get an incoming call or making an outgoing call, the speaker will shift from music mode to call mode automatically. If you get an incoming call, press ▷⫿⫿ to pick up the call. After completing the call

press " ⏸ " to hang up. The music will automatically resume after the call is disconnected.

F. Using the Speaker in AUX-In Mode
Plug one end of the 3.5 mm Audio Cable into the headphone or line out of your MP3 Player, Mobile or computer and plug the other end of the cable into the Aux-In jack of the Speaker. You will hear Voice Prompt "Now is Aux in mode", and you can play music from your device.

Short press `▷▯▯` to Mute Music and short press `▷▯▯` again to Unmute Music.
Long or short press `+` to Increase volume, and Long or short press `-` to Decrease Volume.
Note: In Aux-in mode, you cannot press `+` or `-`.
Choose next volume or last volume.

Speaker Charging

The speaker comes with a built-in rechargeable battery. Connect the USB cable provided to a computer or into a DC 5V power adaptor (not included). When the speaker is set to `OFF` you will hear a voice saying `Charging` and the LED light will turn Red. If the speaker is on, you will not hear a voice saying `Charging` when you start charging it. The charging time is approximately 4 hours. Unplug

the Speaker from the power device once the speaker is fully charged.

The battery playing time will be different depending on volume when playing music. If the speaker isn't being used for a long time, then please charge the speaker once per month, as this can protect and extend the battery life.

Compatibility

Wireless: With BLUETOOTH V3.0,
Including A2DP/
AVRCP/GAVDP/IOPT/HFP/SSP

Safety precautions

a. Do not use or store the unit in high
   temperature or hazardous
   location.
b. Please do not expose the unit to
   rain.
c. Please do not disassemble, repair
   or modify the unit.

d. The unit comes with a rechargeable battery so please do not throw or put in fire to avoid explosion.
e. Please do not listen to music in high volume for long time as it may cause damage to your ears.
f. Low battery power may result in reduction in bluetooth transmission distance or disconnection

Trouble shooting
