### Great picture quality

Featuring an 800 x 600 high resolution LCD screen, the df850 displays photos in amazing colors. Turn on the Vivid Photos feature to enhance the edges, color, brightness, and contrast of the pictures.

### Multimedia entertainment

The df850 brings fun to sharing photos and videos with friends and family. With its Photo Show feature, the df850 can turn the photos and music you select into an animated slideshow. You can also share your home videos recorded with your digital camera or camcorder.

### Clock and calendar display

The df850 can display a monthly calendar and digital clock. You can choose from three different modes; a monthly calendar and digital clock with a photo slideshow, a special four-quadrant display with two slideshow windows, monthly calendar and a clock, or just a date & time displayed with a photo slideshow.

### Predefined digital albums

The df850 digital picture frame comes equipped with three predefined digital albums. You can organize, sort, and save your desired photos in different albums making it easy for you to select which set of pictures you'd like to view or share.

### Programmable power on/off

The df850 digital picture frame provides the convenience of programming it to turn on and off at the times you choose. Set the digital picture frame to display photos when you're at home and turn it off when you're away or asleep. With this useful function, you do not have to worry about excessive electricity consumption.
