1-CUSTOMIZED ONLINE

1.1 MYPHOTOCODE.COM

• MYPHOTOCODE.COM

Digital Centre offers your own cloud space where you can create and manage your events online. Through myphotocode.com you can create, edit, and customize your event and customize your PhotoBooth.

• HOW TO REGISTER:

Send us an e-mail myphotocode@dc-image.com with the code printed on the side of strips to assign you your PhotoBooth. If you have more than a PhotoBooth, take a picture with each of them and send the codes. We will send an email with your username and password.

• HOW TO JOIN:

Go to <http://www.myphotocode.com> and click the top right where it says Login Rental, Enter your username and password and click ENTER.

• WHAT CAN I DO:

From MyPhotoCode you can create and customize your event with a USB Stick Event.

• **CUSTOMIZE YOUR PHOTOBOOTH WITH 1 USB STICK (SIMPLE MODE):** personalize the logo, frames, music, welcome, bye, text...

• **CUSTOMIZE YOUR PHOTOBOOTH WITH 1 USB STICK AND LINK YOUR EVENT TO YOUR MYPHOTOCODE SPACE (COMPLEX MODE):** customize the title, background, date, private pictures, available online...

1.2. MANAGE YOUR USB STICKS

CL1234567

1. You need a username and password to access to MyPhotoCode.

2. You need identify your Photo booth to get a username and password.

3. To know the identification number, please, take a photo and send us the number that appears in the right side of the strip, to the following address:

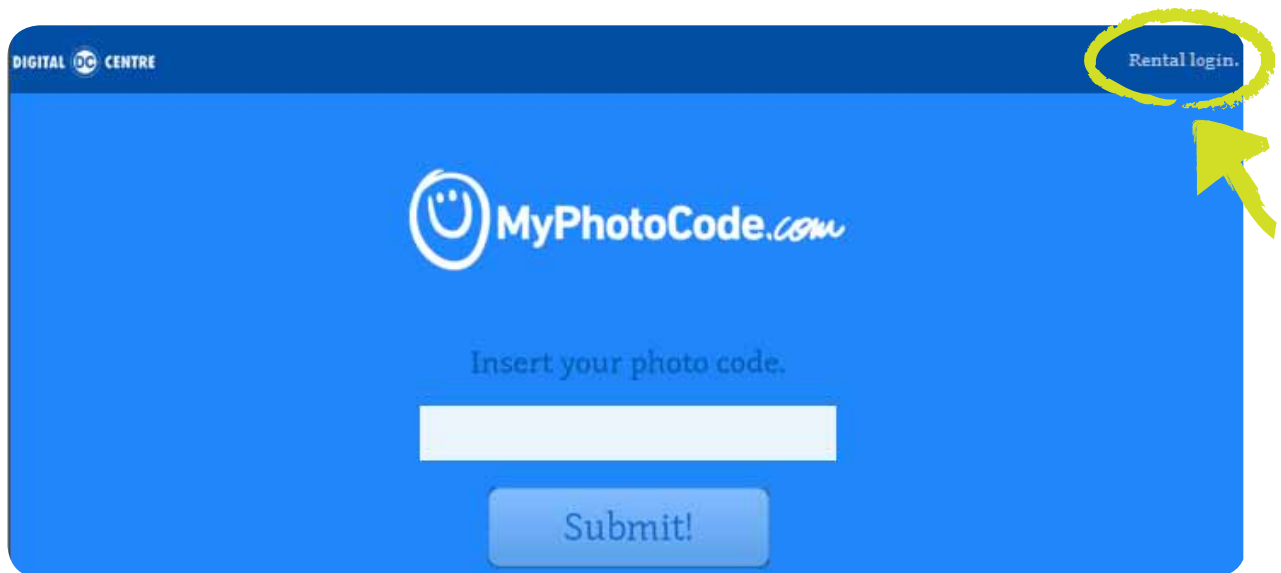

myphotocode@dc-image.com

Then, we will send you the username and password, use them to login.

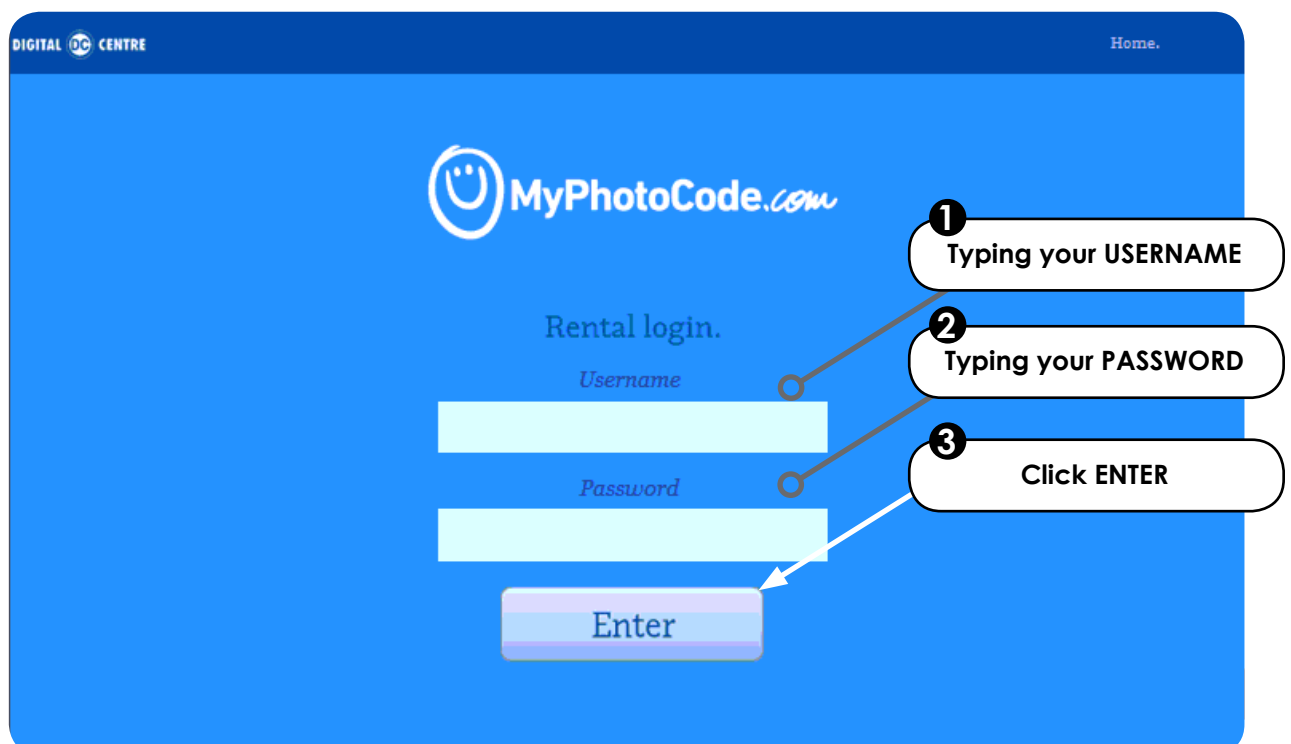

1.2.1 HOW TO LOGIN

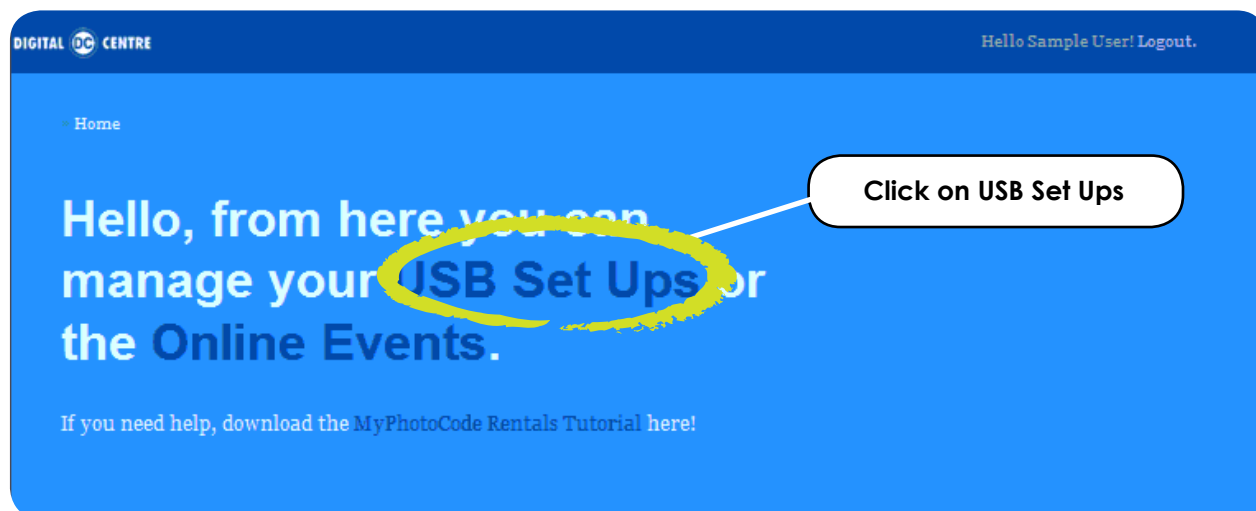

- 1- Goes to <http://myphotocode.com> and click on RENTAL LOGIN, it is up in the right side

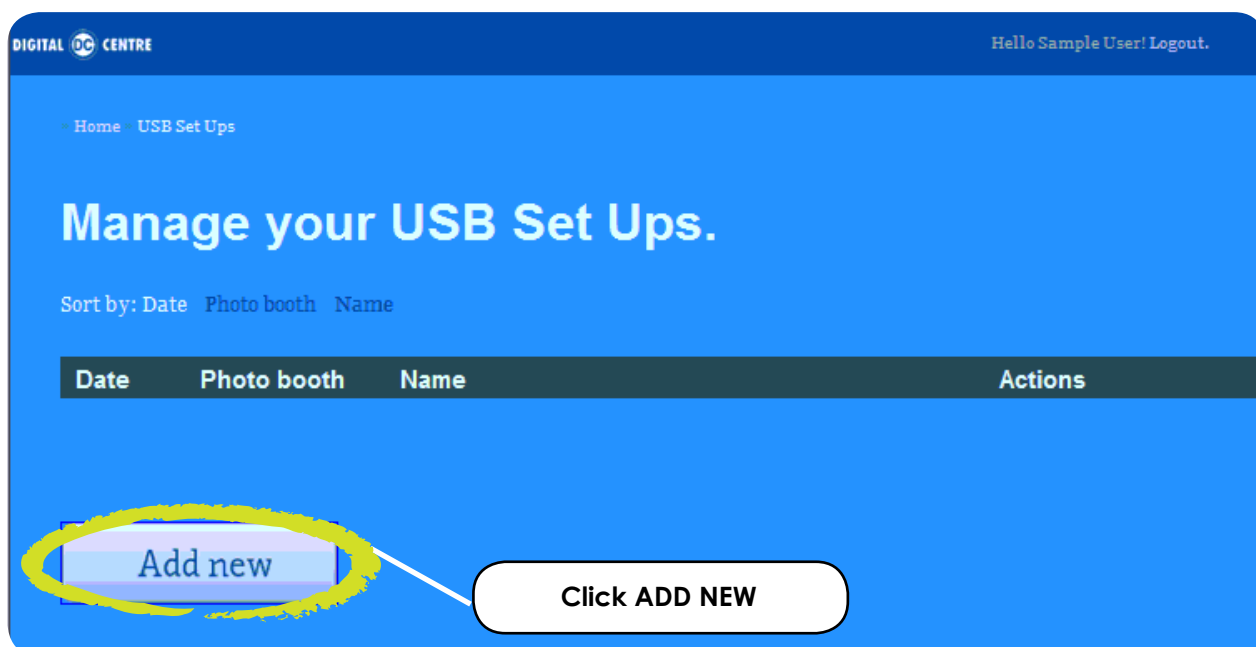

- 2- Please, enter your username and password and click ENTER

3- Here you can prepare the USB to customize our Photo Booth . Click on “USB Set Ups”

4- Click on “Add New”

1.2.2 CUSTOMIZE YOUR PHOTOBOOTH WITH A USB STICK

Create your USB Stick:

1.2.4 HOW TO SAVE YOUR CUSTOMIZES

Download the USB Set Up: when you finish customizing, save the changes.
Download the USB Set Up.

Click on "Download the USB Set Up into a USB Drive".
It will appear a new window asking what want you do?
Select Save and accept.

a- Save the document 'save-in-usb.zip' in the USB pen drive. Don't change the document name when you save it.

b- This is an compacted document, that you must decompress in the USB pend drive.

c- When you finish the decompress, you'll have 2 folders called "PhotoIdUpload" and "PhotoIdEvents".

d- Inside the USB you only must have these two folders: PhotoIdUpload i PhotoIdEvents.

e- When we have our USB with these folders, connect the USB to the Photo Booth.

IMPORTANT! : Enter in the configuration menu and go out to update the new changes and customizations.

1.2.4.1 UNZIP ZIP FILE

· To extract a single file or folder, double-click the compressed folder to open it. To extract the entire contents of the compressed folder, right-click the folder, click Extract All, and then follow the instructions

1.3 CREATE, MANAGE AND CUSTOMIZE YOUR EVENTS WITH A USB STICK AND LINK IT TO YOUR MYPHOTOCODE SPACE

title, background, date, private pictures, available online...

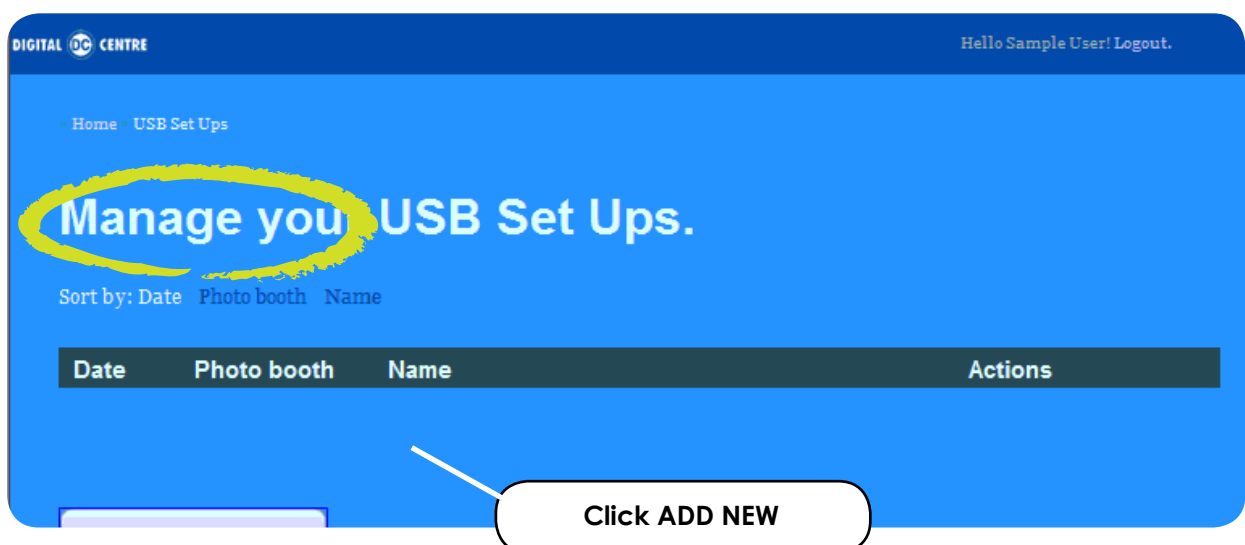

Click on Online Events Option.

It will open a new window with a list about our events online. This list it's empty because there isn't any event created.

1.3.1 HOW TO CREATE AN ONLINE EVENT

Click on "Add New"

1.3.2 MANAGE THE ONLINE EVENTS

Edit the options:

- **Event title:** Try a name to the event, for example: Night Party
- **Start Date:** Indicate when it starts and how long is the event
- **Background:** You can put on a different background to show in the event online, when some user take's a picture and want to recover it, they only have to enter the code in the website Myphthocode. Instead the background of the web, they could see our personal background..
- **Private pictures:**
 - If the event is a private event, when the users insert their code, they only will see their photos.
 - If the event isn't private, when the user introduces the code, could see all the pictures of the event.
- **Single day event:** Indicate if the event is for a single day
- **Available Online:** If the user choose YES, the picture will be seen on the website, otherwise, the pictures won't be seen online.

At the moment to see the pictures, the logo, will be seen like this:

When we finish the configuration, click on SAVE.
We have already edited i created the online event!

Select "Go back to Online Events"

Return to outset where the list was empty, but now we can see our new event

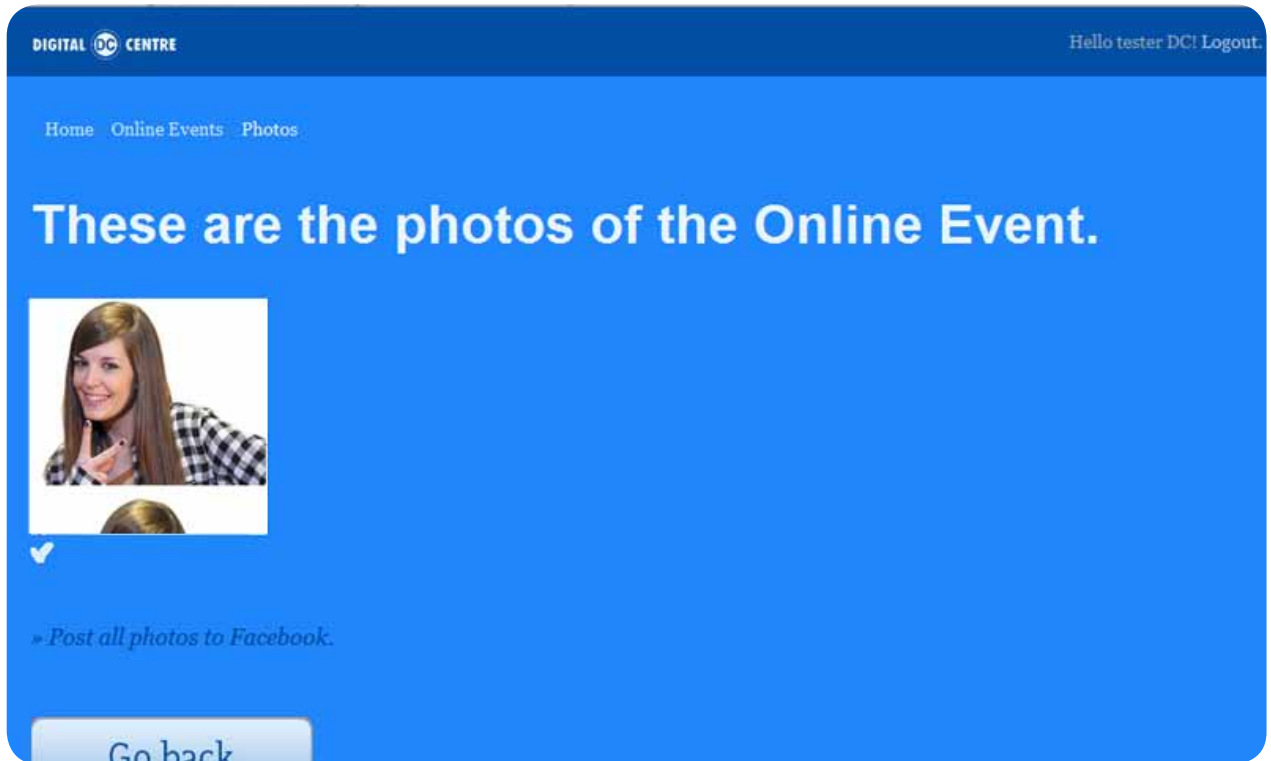

Date	Name	Photo booth	Status	Photos	Videos	Actions
2013/1/3	Night party		Online	0	0	Photos Emails Edit

Here you can see all the information about the event that we just created:

- Date : The day of the appointment
- Name: the name that we gave to the event
- Photo booth: the photo booth model that will be used in the event. This section will be empty until the moment we take the first photo, then, the model will appear automatically.
- Status: indicate if online option is activated
- Photos: how many pictures has been taken
- Video: how many videos has been recorded
- Actions:
 - 1.3.2.1 Photos:** can see the pictures from all the users
 - 1.3.2.2 Emails:** can see the mail list where the users send the photos
 - 1.3.2.3 Edit:** you can edit the event again

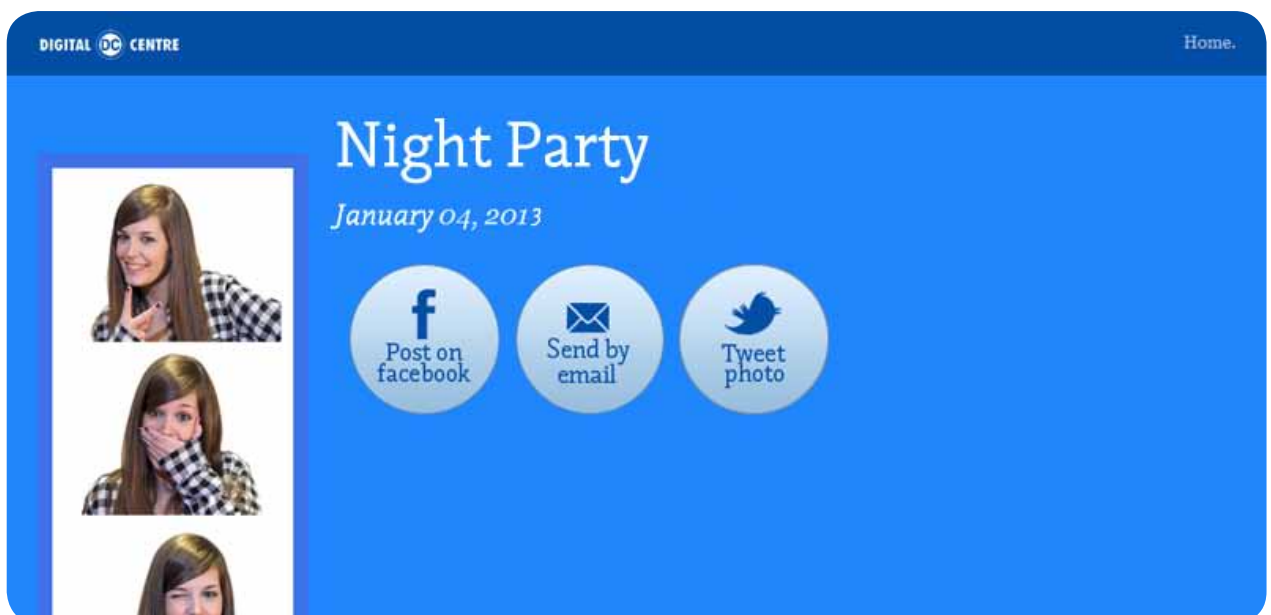

1.3.2.1 PHOTOS

You will see a new window with all the photos in a little size.

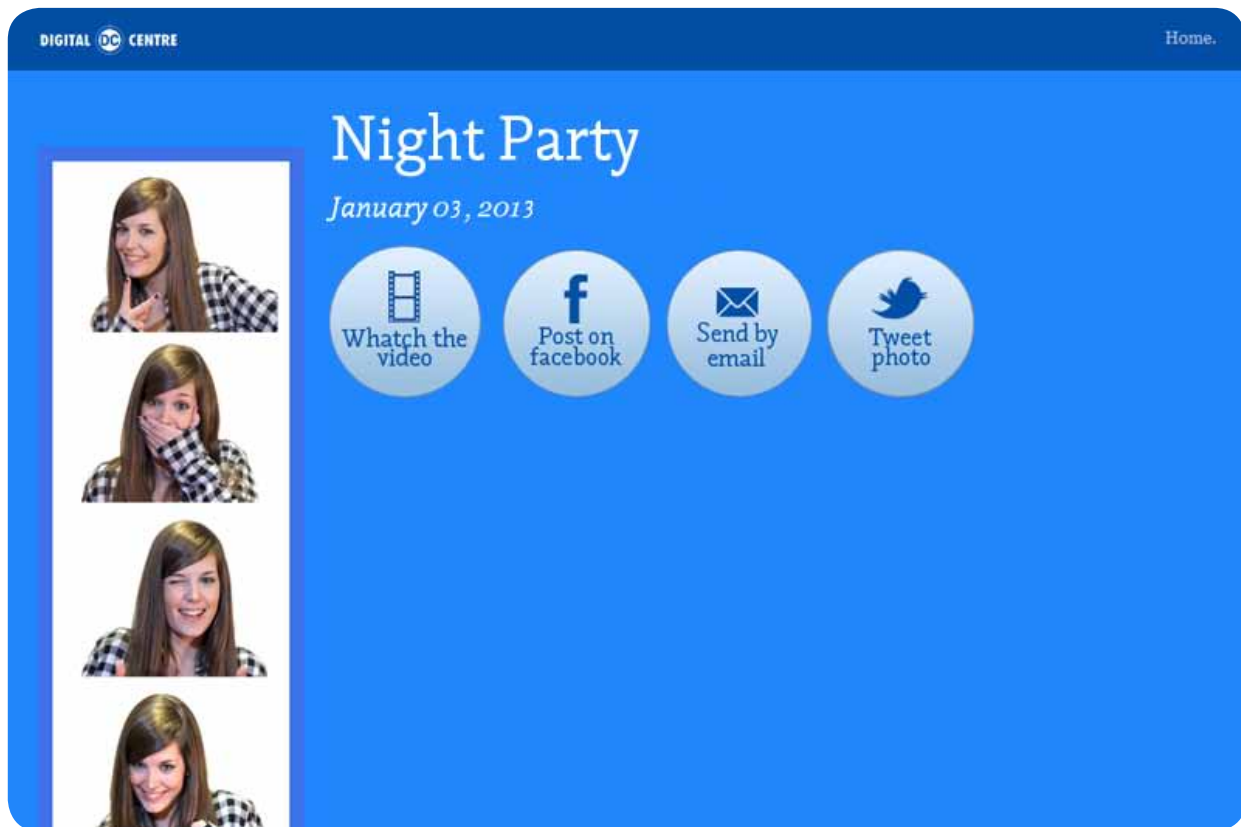

If you click one of the small photos, this will be opened and some options appear. In this example, the user didn't record any video, so the possible options are:

- Post on Facebook
- Send by email
- Tweet photo

But the options are different when the user records a video:

- Watch the video
- Post on Facebook
- Send by email
- Tweet photo

1.3.2.2 EMAILS

Select the Button "ACTIONS > EMAIL" you will see an address list, here you could see the sending historial, every time that users share their photos by e-mail, the e-mail addresses will be registered in this list.

Night Party

No emails were entered in this event.

1.3.2.3 EDIT
