  Develop a. USB debug：USB debug only apply in the develop process. This function allows copy data in computer and mobile devices.

  Accounts and Synchronize

  1) Background data Applications using the background data synchronization at any time, send and receive data, disable the background data extend battery life and reduce data usage. However, some applications will use the background data for the connection.
  2)Automatic synchronization   turn on/off Automatic synchronization, applications Automatically synchronize data or asynchronous data

- Right of Privacy
  1) Backup My Data Backup my settings and data of other applications.
  2) Restoring Automatically The system will restore settings or other backup data after a certain application is Installed.
  3) Resetting to Factory Settings Clear all data stored on the phone.

- SD Card and Phone Memory
  1) View SD Card and Phone Memory.

2) Uninstall or Format SD Card.

- Languages and keyboard 🄰
    1) Selecting Language District Include all the languages on the phone and totally amount of 12 kinds.
    2) Android Keyboard Settings Vibrating when buttons are pressed, Playing sound when buttons arepressed, Capitalizing automatically, Speech Input(by microphone on thekeyboard), Inputting words(speech can be altered by slidingfingeronspacekey),Displayingtips(activate predictive function whenyouinputwords); Auto-Text(Automatically input certainwords when press space key or specified keys)
    3) Google Pinyin IME Settings
    4) Custom Dictionary Add words to custom dictionary or delete.

- Speech Input and Output Settings 🗨
    1) Phonetic Recognition Program Setting
    2) Test-to-Speech Conversion Setting

- Auxiliary Function ✋
End up calling when you press power key on/off

- Date and Time 🕐
    1) Automation Use date and time provided by Network.
    2) Setting Date Touch "+" and "-" to set date.
    3) Selecting Time Zone Select Time Zone according to where you are. For China please select "GMT+08:00, China Standard Time".
    4) Setting Time Touch "+" and "-" to set time.
    5) Use 24 Hour Time Format ON/OFF
    6) Select Date Format There are 3 kinds of formats you

can choose from: Month-Day-Year, Day-Month-Year and Year-Month-Day, among which Year-Month-Day is the default setting.

Auto ON/OFF

You can set time of boot or shutdown by touching it. You may also select to repeat it or a certain day during a week.

About

You can check the information on status bar and remaining power.

19. Notices for the use of phone

Your phone is a product of superior design and craftsmanship and should be treated with care. The following suggestions can help you comply with the terms of repair kits, to extend the life of mobile phone.

1) Place the mobile phone and their parts and components out of reach of small children.
2) Keep the phone dry, rain, humidity and all types of liquids which contain minerals will corrode electronic circuits.
3) Don't touch the phone with wet hands when charging, it will cause electric shock or damage the phone.
4) Avoid place the device in high temperature environment. Temperatures will shorten the life of electronic devices, damage batteries, and warp or melt certain plastics.
5) Avoid place the device in too low temperature environment. When the temperature rises, the phone will produce water vapor that may damage electronic circuit.
6) Avoid place the phone in dusty, dirty places, otherwise parts may be damaged.

7) To avoid the phone in a lit cigarette, near open flame or any heat source.
8) Do not open the device, non-professional approach will do damage to the phone.
9) Do not throw it from height, knock or shake the phone, rough handling can damage internal circuit boards.
10) Do not paint the phone, because the paint will block headphones, microphones or other removable parts, and lead it not work.
11) Use clean, soft, dry cloth to clean the camera, light sensor lenses. Prohibit the use of harmful chemicals and cleaning agents, cleaning fluids to clean the phone
12) If mobile phone, battery, charger, or mobile phone accessories are defective, send to the nearest qualified service center for inspection.

I f nessary, Service Centre staff will assist you and will arrange for phone repairs.

Accessory list:

1 each of handset, battery, charger, headset, user manual
