Explanation of the print

Shizll®: Spider Rope is a product of the brand Shizll, part of Betuwe Boomverzorging.

: Read these instructions before use of the product and follow instructions given.

No PPE! No Personal Protection Equipment!: For security reasons it is not allowed to use the Spider Rope as a bearing part of a climbing system.

Serial Number: The serial number consists of the letters SR, followed by a unique number and year of production.

MBS 20 kN: There may not be put force over 20 kN on a line that runs through two or more holes of the Spider Rope.

< 130°: When the Spider Rope is used for horizontal balancing, the angle between the two outmost Lines may not be bigger than 130°. (See Figure A)

Ø 12-13 mm: The Spider Rope is suitable for Lines of 12-13 mm. Use of thicker lines is **not allowed**, use of thinner Lines is on own understanding and accountability of the user. Pay attention to the chosen material.

WARNINGS

When in doubt about the frictional force, always use a stopper knot at the short end of the line.

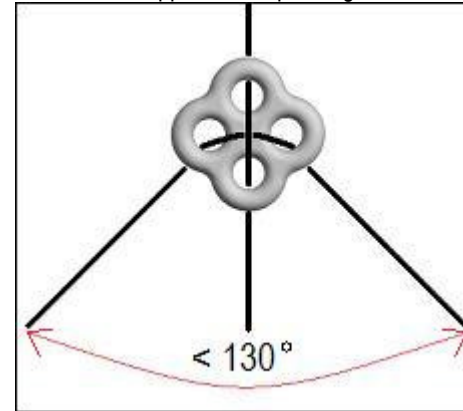

The maximum lifetime of this product is 10 years. This is an approximation since it depends on how often and how intense the Spider Rope is used. The maximum lifetime may also change depending on how carefully the product is used and stored.

Avoid damage by sharp objects or contact with salt, sand, chemicals, etc.

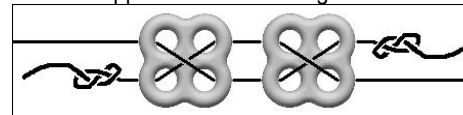

The Spider Rope should only be used by persons who are capable and skilled in dealing with work materials as they are currently applying the Spider Rope.

When the Spider Rope is damaged in any form or for any reason whatsoever it is not permitted to still use it because of the serious damage it can cause to (climbing)lines and other climbing gear. Also in illegibility of the inscription "No PPE!" it is no longer allowed to use the Rope Slider.

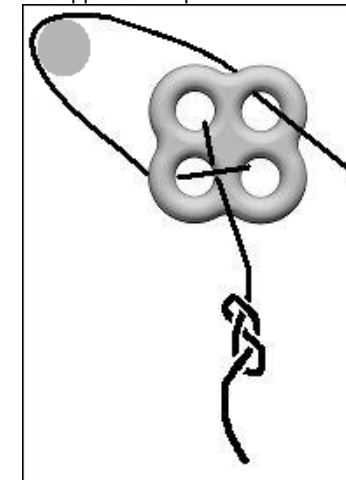

A. An angle with a maximum of 130°
Application: Spiderleg

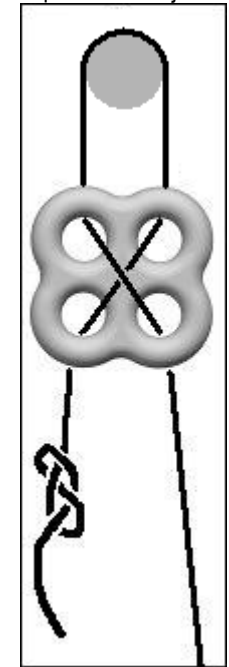

B. Application: Connecting two lines

C. Application Spiderknot: choked

D. Application Spiderknot: Adjustable / solid loop

INSTRUCTIONS FOR USE GEBRUIKERSHANDLEIDING

No PPE!

Read these instructions before use!
Lees deze handleiding voor gebruik!

(EN) ENGLISH

Spider Rope

The Spider Rope is tested working material and may not be used for securing people or as climbing material in any other way.
