Improve productivity in your shop

New Applications

- Purchase a new 2006 Genisys kit with
 - USA 2006 Domestic software
 - USA 2006 Asian software
 - USA 2004 ABS and Air Bag software
 - USA 2006 InfoTech software

Quick Vehicle Connections

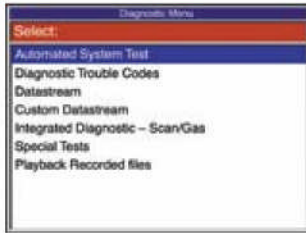

Quick "Health Check" of Vehicles

- Automated System Test is part of all vehicle applications software (Domestic 06, Asian 06 and European 06).

The new automated System Test will run a "Health Check" of all systems on the vehicle.

- Diagnostic trouble codes, service information are gathered by Genisys and provided in a summary report.

USA 2006 Domestic Software Update Kit

This OBD II Smart Cable compatible update kit

includes expanded vehicle coverage, Pathfinder troubleshooting with Repair-Trac, Fast Fixes, Automated System Test, Smart Card, manual, ConnectTech Reader, and the NGIS Windows-based program CD for downloading software updates.

IMPORTANT NOTE: System 2.0 required to install; see No. 3421-84.

No. 3421-82

InfoTech 2006 Driveability and Component Test Diagnostic Software

InfoTech 2006 software is available for all Genisys scan tools! No Genisys Scope is required.

- Genisys without Scope - InfoTech 2006 is available from the Repair Information menu and operates as a electronic database. InfoTech data is also integrated into the new Automated System Test analysis. Have a scope already? No problem, now add repair info!

- Genisys with Scope - InfoTech 2006 not only provides the powerful repair information, but also sets up the Genisys scope for you!

The kit includes InfoTech 2006 Smart Card, manual, and the NGIS Windows-based program CD for downloading software updates.

IMPORTANT NOTE: System 2.0 required to install; see No. 3421-84.

USA 2006 Asian Software Update Kit

This OBD II Smart Cable compatible update kit is for

Genisys owners who already have the Asian Import 2000 or 2003 starter kits and want to update software coverage to 2006. Asian 2006 includes the new Automated System Test feature.

Kit includes the NGIS software CD, manual, and Smart Card.

IMPORTANT NOTE: System 2.0 required to install; see No. 3421-84.

No. 3421-85

USA 2006 Asian Software Starter Kit

This OBD II Smart Cable compatible starter kit

is for Genisys owners who want to add coverage for Asian OBD I and OBD II software and cables through 2006. Asian 2006 includes

Asian 2006 Smart Card, Asian specific OBD I vehicle cables, and manual. What you need to start servicing Asian vehicles.

IMPORTANT NOTE: System 2.0 required to install; see No. 3421-84.

No. 3421-86

Genisys Super Bundle Productivity Kit

This powerful kit maximizes technician productivity with the three most popular Genisys options - OBD II Smart Cable, USA 2006 Domestic software, and USA 2006 Asian software. Each software application includes the new Automated System Test feature.

IMPORTANT NOTE: System 2.0 required to install; see No. 3421-84.

No. 3241-90

Genisys USA 2006 Deluxe Kit

Includes Genisys scan tool, OBD II Smart Cable, Automated System Test, USA 2006 Domestic software with Pathfinder, Repair-Trac, Fast Fixes, USA 2006 Asian, USA 2004 ABS/Air Bag software, InfoTech 2006 software, manuals, adapters, domestic OBD I vehicle cables (for GM, Ford, Chrysler, Jeep, Saturn), Smart Cards, and carrying case. (USA Asian OBD I cables not included; see Kit No. 3421-87.) (USA ABS/Air Bag cables not included; see Kit No. 3421-54.)

Genisys USA 2006 Deluxe Kit with ABS/Air Bag-Specific Cables

Includes Genisys scan tool, OBD II Smart Cable, Automated System Test, USA 2006 Domestic software with Pathfinder, Repair-Trac, Fast Fixes, USA 2004 ABS/Air Bag software and vehicle-specific cables, USA 2006 Asian software, InfoTech 2006 software, manuals, adapters, domestic OBD I vehicle cables (for GM, Ford, Chrysler, Jeep, Saturn), Smart Cards, and carrying case. (USA Asian OBD I cables not included; see Kit No. 3421-87.)

Genisys USA 2006 Domestic Scan, Gas, and Scope with InfoTech 2006 Software

Repair-Trac, Fast Fixes,

(for GM, Ford, Chrysler, Jeep, Saturn), 4-channel Lab Scope Module with 4 DMM leads, ground lead, kV conventional ignition lead, GM HEI ignition adapter, ignition sync lead, manual, Smart Cards, Performance 5-Gas Analyzer Module with hose, probe, Gas M-P software, filters, and carrying case. (USA Asian OBD I cables not included; see Kit No. 3421-87.) (USA ABS/Air Bag cables not included; see Kit No. 3421-54.)

No. 3681

USA 2005 European Software Update Kit

This kit is for Genisys owners who already have European 2003 and want to update coverage to 2005. Kit includes European Smart Card, manual, and CD. (The new BMW cable and Mercedes 38-pin SSI must be purchased separately, see kit No. 3421-77.)

IMPORTANT NOTE: System 2.0 required to install; see No. 3421-84.

No. 3421-73

USA 2005 European Starter Kit

Get European coverage in a single kit!

This starter kit allows you to service select European manufacturers: Audi, BMW, Mercedes-Benz, Volvo, Volkswagen, and more. Kit includes software CD, Smart Card, Mercedes 38-pin cable, Mercedes 1-pin cable, Mercedes 38-pin SSI, BMW cable, and Volkswagen/Audi cable.

IMPORTANT NOTE: System 2.0 required to install; see No. 3421-84.

No. 3421-74

Genisys Heavy-Duty Starter Kit

Genisys Heavy-Duty Standard software includes

J1587/1708 and J1939 CAN communications. Kit includes 9-pin Deutsch cable, 6-pin Deutsch cable, heavy-duty System Smart insert, Smart Card, and PC software CD.

IMPORTANT NOTE: System 2.0 required to install; see No. 3421-84.

No. 3421-79

Includes Genisys scan tool, OBD II Smart Cable, Automated

System Test, Heavy-Duty Standard software, USA 2006 Domestic software with Pathfinder, Repair-Trac, Fast Fixes, USA 2006 Asian, InfoTech 2006, USA 2004 ABS/Air Bag software, manuals, adapters, and domestic OBD I vehicle cables (for GM, Ford, Chrysler, Jeep, Saturn), and carrying case. (USA Asian OBD I cables not included; see Kit No. 3421-87.) (USA ABS/Air Bag cables not included; see Kit No. 3421-54.)

No. 3669HD

Genisys USA 2006 Domestic Scan and Scope with InfoTech 2006 Software Kit

Includes Genisys scan tool,

OBD II Smart Cable, Automated System Test, USA 2006 Domestic software with Pathfinder, Repair-Trac, Fast Fixes, USA 2006 Asian software, InfoTech 2006 software, USA 2004 ABS/Air Bag software, manuals, adapters, domestic OBD I vehicle cables (for GM, Ford, Chrysler, Jeep, Saturn), 4-channel Lab Scope Module with 4 DMM leads, ground lead, kV conventional ignition lead, GM HEI ignition adapter, ignition sync lead, manual, Smart Cards, and carrying case. (USA Asian OBD I cables not included; see Kit No. 3421-87.) (USA ABS/Air Bag cables not included; see Kit No. 3421-54.)

No. 3671

Repair-Trac, Fast Fixes,

(for GM, Ford, Chrysler, Jeep, Saturn), 4-channel Lab Scope Module with 4 DMM leads, ground lead, kV conventional ignition lead, GM HEI ignition adapter, ignition sync lead, manual, Smart Cards, Performance 5-Gas Analyzer Module with hose, probe, Gas M-P software, filters, and carrying case. (USA Asian OBD I cables not included; see Kit No. 3421-87.) (USA ABS/Air Bag cables not included; see Kit No. 3421-54.)

No. 3681

Trade in your old Genisys or return it to us for a \$300 credit. The new Genisys kit includes a BRAND NEW Genisys scan tool, OBD II Smart Cable, carrying case, CD, manual, and return mailer.

NOTE: When you return your used Genisys tool to the factory, FREE InfoTech 2006 and ConnectTech PC software kits with Smart Cards will be shipped to you. (Allow 6 to 8 weeks for delivery.)

No. 3687

ELectronics

ABS Reader II

ABS Reader II 2005 Kit No. 3416

Kit includes: ABS Reader II tool; System Smart Inserts; cables and adapters necessary to support Domestic, Asian and European coverage; ScanMate ABS PC software; operations manual and carrying case.
No. 3416 – ABS Reader II 2005 Kit.

No. 3416-01

ABS Reader II 2005 Exchange Kit

This exchange kit is intended for owners of the No. 3762 ABS Reader, it includes: ABS Reader II tool; System Smart Inserts; cables and adapters necessary to support Domestic, Asian and European coverage; ScanMate ABS PC software and operations manual. Note: Owners will use existing No. 3762 case and some existing cables.
No. 3416-01 – ABS Reader II 2005 Exchange Kit
 (Owners of the No. 3761 that did not update with the No. 3763 ABS 2002 kit will require additional cable purchases.)

Nemisys USA 2006 Domestic Scan Kit

Includes Nemisys scan tool loaded with 2006 software; OBD II cable; Ford, GM, Chrysler OBD I cables; ScanMate Lite PC software; scan tool to PC cable; 12-volt power cable;

Quick Start Guide included with CD-based manuals in Spanish, French, English; and a professional carrying case.
No. 3797 – Nemisys USA 2006 Domestic scan kit
No. 3774-11 – Nemisys USA 2006 Domestic update kit (84-06)
No. 3774-12 – Nemisys USA 2006 Asian update kit (96-06)
No. 3774-13 – Nemisys USA 2006 combination update kit. Includes USA 2006 Domestic update (84-06) and USA 2006 Asian update (96-06)

PRO-LINK[™] GRAPHIQ...

The handheld diagnostic scan tool for transmission, ABS, and more.

- Large VGA sunlight readable color display.
- Graph up to 4 selected parameters to view relationships and trends over time.
- Display 8 lines of data in text mode with Enhanced Pro-Link GRAPHIQ™ software as listed below.
- Compatible with existing multi-protocol cartridge and standard Pro-Link® software which displays 4 lines of data as listed below.
- Factory-level diagnostic applications:
 - Proprietary Trouble Codes
 - OEM Data Parameters
 - Advanced Functional Tests

No. 3104

The heavy-duty standard application provides the functions necessary to diagnose most SAE/TMC J1708/J1587 OBD electronic control system/engine, transmission, brakes, and instruments.
No. 3104 – Heavy-duty Standard Kit includes: Pro-Link® GRAPHIQ with multi-protocol cartridge, HDS software, PCMCIA card, 6-pin & 9-pin Deutsch cable, data and power cable, manual, and carrying case.

No. 3852

No. 3852 – Solarity 4-Channel Scope Kit
 Includes 4 Scope/DMM leads, ground lead, kV ignition lead, ignition sync lead, HEI adapter, manual, InfoTech Smart Card, CD, and carrying case.

No. 3852M – Solarity 4-Channel Scope Master Kit
 Includes 4 Scope/DMM leads, ground lead, kV ignition lead, ignition sync lead, HEI adapter, Low Amp Probe 0-60A, pressure/vacuum adapter, temperature adapter, COP adapter (5 OEM s), COP adapter cable, 14-piece terminal adapters, BNC/Banana adapter cable, 3 test probes, 3 back probes, manual, InfoTech Smart Card, CD, and carrying case.

No. 3852MT – Includes 3852M with a 4-hour training coupon.
Note: Only for sale in U.S.A.

Solarity Gas

No. 3855 – Solarity Performance 5-Gas.
 The Solarity emissions repair solution. Kit includes Solarity, with plug-in 5-Gas Analyzer Module, hoses, exhaust probe, power cable and battery adapter, RS232 cable, AC power supply, Smart Card, Gas M-P software CD, filters, manual, and carrying case.

Coupon with kits.

No. 3855

Servicing Vehicles with Tire Pressure Monitoring Systems

The new **AUTOSCAN** feature allows for quick checking of tire sensor operation. Selecting this feature from the main menu allows for a single button push to activate any (RF) radio frequency activated sensor, quickly and accurately. The **DIAGNOSTICS** feature is designed to be used as a sensor pretest, as well as for diagnosing sensors.

The **RESET PROCEDURE** provides the capability to turn off the illuminated tire pressure monitor dash light.

No. 3833TQR

Tire Pressure Monitor Master Kit (with quick reference guide)

Includes a TPM tool, magnet, digital tire pressure gauge, 4-way valve tool, valve core torque driver, update cable, laminated application flip chart, service procedure flowchart, consumer poster, CD training video, a blow-molded case, 2006 software CD, quick start guide, and 2006 supplement/quick reference manual.

- No. 3833T** – Tire Pressure Monitor master kit (with three volume manual set).....
- No. 3833TCD** – Tire Pressure Monitor Master Kit (with Manuals on CD).....
- No. 3833-2** – TPM manual-printed and 2006 supplement
- No. 3833-3** – TPM manual-CD – 2006
- No. 3833-5** – TPM Quick reference guide and 2006 supplement
- 3833-14** – Batteries - 6 nM Hi and Charger
- 3833-15** – Digital Tire Gauge.....
- 3833-16** – Valve Nut Tool.....
- 3833-17** – Valve Core Torque Driver
- 3833-18** – Laminated Application Flip Chart
- 3833-19** – Procedure Flowchart
- 3833-20** – Consumer Poster
- CDTPMS0506** – TPMS Training Video

OTC Scan Tools

OTC ScanPro

OTC ScanPro is an ergonomically designed, full function OBD I and OBD II scan tool that provides enhanced powertrain coverage for GM, Ford, and Chrysler. All compliant manufacturers 1996 to 2006 are covered with Global OBD II including CAN-based vehicles.

NEW FEATURES!

- Supports OBD I and OBD II enhanced functionality for GM, Ford and Chrysler
- Enhanced data stream
- Scanning Suite C.D.
 - Browse Manuals
 - Update Tool
 - Print Companion

Features:

- OBD II enhanced functionality - displays enhanced vehicle data from vehicle computer for 1996 and newer vehicles
- Graph data – 1996 and newer
- only (OBD II)
- Multilingual menu options - English, French, Spanish
- Read, record & playback live sensor data
- OBD I functionality – cables included for 84-95 Ford, 84-95 GM and 89-95 Chrysler vehicles
- USB cable included for product updates

No. 3499

OTC Code Scanner

OTC Code Scanner is an ergonomically designed multi-function code scanner that retrieves GM, Ford and Chrysler OBD I and all generic OBD II diagnostic trouble codes for all 1996 to 2006 foreign and domestic OBD II compliant vehicles as well as display selected enhanced codes for GM, Ford, Chrysler and Toyota and certain manufacturer s specific codes for Asian and European vehicles.

NEW FEATURES!

- Supports OBD I & OBD II enhanced functionality for GM, Ford & Chrysler
- Scanning Suite C.D.
 - Browse Manuals
 - Update Tool
 - Print Companion

Functions

- Read hard and pending codes and their definitions
- Erase codes and reset MIL
- View freeze frame data
- PC upload and printing capability
- Off vehicle data review

No. 3498

Electronics

OTC Family of Battery Testers

Battery and Electrical System Diagnostic Tester

- Digital circuitry precisely controls battery test loads to accurately determine battery conditions.
- Tests both flooded lead acid and AGM/gell cell batteries accurately—down to 1 volt state of charge.
- Tests vehicle starting and charging systems with minimal user interaction.
- Tests all 6- and 12-volt batteries with a 50-2000 CCA operating range.
- Scales: CCA, CA, AHR, MCA, JIS, DIN.
- Removable/auto-sensing leads.

No. 3167

(3' leads included in kits, optional 10' leads available.)
No. 3167 — SABRE HP — Includes SABRE HP, 3' test leads, side-post terminal adapters, instruction manual, and molded-plastic carrying case.

Professional Battery Charging Starting System Analyzer

Test batteries and starting/charging systems faster than ever before.

Features and Benefits

- Utilizes cost effective conductance test technology for accurate testing at a value price point.
- Tests charging and starting systems.
- Operating range of 50-2000 CCAs, accurate to 5 CCAs.
- Tests 6V and 12V batteries.
- Stores data in memory or remotely prints out the results using an infrared printer interface.
- Compensates for temperature & low charge.

No. 3184 — BCS System Analyzer Includes analyzer, 12-foot cable extensions, 9 volt battery, and detachable leads.

No. 3185 — BCS System Analyzer Kit Includes analyzer, infrared printer, 12-foot cable extensions, 2 voltmeter probes, 9 volt battery, detachable leads, and soft-sided carrying case

Digital Battery Tester

- Tests 12V batteries (125 - 1400 CCA range).
- Analyze starting/charging system voltages.

No. 3183

- Utilizes cost effective conductance test technology for accurate testing at a value price point.
- Includes soft-sided carrying case.

130 Amp Digital Battery Load Tester

- 0 - 16 volt range
- State of charge
- Battery load test
- Starter test
- Charging system test
- Alternator ripple test
- Includes test leads

No. 3182

130 Amp Heavy-Duty Battery Load Tester

- 130 amp load capacity for accurate results
- 0 - 16 volt range
- Uniquely-designed clamps for both top and side post batteries
- Extra large display with zero adjust
- Works on both 6V and 12V batteries

No. 3181

- 100 amp load capacity
- 0 - 16 volt range
- Load safety switch prevents arcing
- Works on both 6V and 12V batteries

No. 3180

Sabre Heavy-Duty

multiple battery packs.

- Tests 12 & 24 volt battery, starting and charging systems.
- Tests battery packs in series, parallel and/or series-parallel (12V or 24V while connected in a pack).

3168-HD shown

- AGM and traditional battery diagnostics.
- 15 foot removable/replaceable test leads.
- Optional amp clamps for live amperage readings.
- Compatible with infrared wireless printer.

No. 3167-HD — Deluxe kit includes 24-volt heavy-duty battery tester, 15 ft. test leads, side- and top-post terminal adapters, instruction manual, molded plastic carrying case.

No. 3168-HD — Same as the 3167-HD above, but also includes an infrared wireless printer.

Professional Timing Lights

- All metal inductive pickup.
- Reflexive, super bright xenon flash.
- One touch control.
- Heat resistant over-molding on clips.
- Blow-molded case included.

Side View

Inductive Timing Light

No. 3363 — Professional inductive timing light designed for standard base timing. Has on/off touch control.

Advance Timing Light

No. 3365 — Professional advanced timing light allows accurate adjustment of base and advanced timing readings.

Digital Timing Light

No. 3367 — Professional digital timing light, microprocessor-controlled circuitry, LED tach display reads 0-9999 rpm, LED advance display to 1/10, unique flashlight feature, 2/4 cycle and rpm/advance lights, up and down scroll buttons

Circuit Testers

Designed for testing electrical circuits and locating shorts, grounds, and open circuits.

- Checks 6- and 12-volt systems.
- Bright red, high intensity/slim style replaceable bulb.
- Positive contact-molded strain relief.
- Heavy-duty clip with positive soldered connection.
- Ergonomic, slim designed clear handle

No. 3633 — Mini-coil cord circuit tester with 12', heavy-duty, red coil, cord lead. Special threaded probe comes with screw on alligator clip for additional versatility

No. 3634 — Heavy-duty, straight cord circuit tester

with 5-foot heavy-duty cord....

No. 3636 — Heavy-duty, coil cord circuit tester with 12-foot, heavy-duty, red coil cord lead.

No. 3633

No. 3634

No. 3636

Oil Light Reset Tool

- Oil changes are the #1 service your shop will perform each year. Enhance your service with this complete electronic tool and manual kit, No. 3596.
- This kit will eliminate the need to take the vehicle to the dealer or use an OEM scan tool to reset oil service lights.
- Electronic tool set includes the adapters and interface module required to reset the oil service lights on Volkswagen, Audi, Mercedes Benz, BMW, and Volvo.
- Updated manual now covers thru 2005 vehicles. Manual includes oil light reset procedures for Domestic and Import vehicles not requiring electronic tools to reset, but have manual reset procedures.

Update for 2005 Coverage:

No. 3596-9 — Oil light reset manual only.

No. 3596E

Automotive Scope

- A 25 MHz

sample rate per channel for rapid data updates.

- A unique "Glitch Snare" feature captures, displays, and optionally saves abnormal signal patterns in the Scope mode for component testing.
- Real-time comparison between actual waveforms and reference waveforms on the same screen for component testing.

No. 3840 — Automotive scope kit. Includes red and yellow test leads, black ground lead, 3- and 5-way alligator clips, 3 test probes, 3 back probes, ignition probes, inductive pickup, lead extensions, AC adapter, update cable/software, soft carrying case, and user manual.

No. 3840

Glow Plug Tester provides fault

No. 3673

Benefits:

- Glow Plug Tester allows for testing without removing glow plug from engine.
- Powers the glow plug to test the plug in its operating state.

New Diesel Fuel Pressure Tester

- Simple connectivity
- Displays pressure in PSI or BAR.

Benefits:

- Read diesel fuel pressure in vehicle.
- No fittings required
- Readings alternate between current and max pressure.

No. 3674

Tech 2 Flash Deluxe Kit

Includes the OTC Tech 2 Flash, vehicle power cables, CANdi module, vehicle adapters, and 32 MB 92-06 GM PC diagnostic card. Packed in a heavy-duty storage case.

3625-16 — Expertec Pro Repro. Starter Kit.

3625-17 — Expertec TIS Starter Kit.

*SPX registration is required to become part of the SPS program.

Phototach

- Four styles of contact adapters tips clip easily to

- Infrared technology makes phototach accurate, convenient, and easy to use.
- Infrared beam not affected by ambient light.
- Non-contact

Get a free Spaceman radio with every purchase of a No. 3660 Phototach.

- Wide measuring range and high resolution, 2.5 to 99,999 RPM with a large 5-digit display, autoranging, min/max memory storage, and low battery indicator.

No. 3665 — Phototach Contact / Non Contact.
