

# THE HARDEST WORKING IMPACT WRENCH IN THE BUSINESS

Trade in your old, impact wrench toward our AWP050 1/2" Impact Wrench and we'll give you a **FREE SVPM136TR Impact Socket Set**

**A \$220<sup>99</sup>  
SAVINGS**

## 1/2" DRIVE IMPACT WRENCH

Mac Tools Titanium series uses lightweight titanium for critical tool areas, such as the clutch housing, to provide a strength-to-weight ratio more durable and superior to tools made with other metals. Designed for demanding automotive environments, this tool is both light and strong and will hold up to many hours of daily use. The variable-speed trigger gives the user maximum control over tool operation. For improved flexibility and ease of use, the power adjustment and forward/reverse lever are both designed for one-hand adjustment.

### Also features:

- 360° Air inlet rotation
- Solvent-resistant rubber grip
- Side-fed air motor for more power
- Innovative motor construction reduces parts
- Rubber bumper for anti-mar protection

## 1/2" DRIVE METRIC STANDARD IMPACT SOCKET SET IN METAL TRAY

### Includes:

- 10mm - 19mm, 21mm, 22mm, and 24mm Impact sockets

- The tool can be used on the vehicle
- The pipe stretcher kit is a convenient, inexpensive alternative to hydraulic pipe expanders
- Comes in a molded storage case

*\* Limited time offer. Quantities limited.*

**NEW**

### 2.5-GAL ATF REFILL SYSTEM

**\$42  
OFF**

- Several auto manufacturers, including Ford and Toyota, have eliminated the transmission dipstick tube, making a simple job suddenly hard. This kit includes ten adapters, a connection hose, and a pump-pressurized reservoir bottle that make refilling or topping off these new transmissions much easier and less messy
- The adapters feature a quick-change coupler for fast switches, a brass ball valve to control the flow of the fluid, and adapters for Ford, Toyota, BMW, Honda, Nissan, VW, Audi and Mercedes transmissions. Fluid flow is shut off automatically when the coupler is disconnected from the adapter
- The dispenser allows the operator to fill or top-off transmissions with up to 2.5-gallons of fluid between refills, while the pressurized operation frees the operator from continual pumping
- The reservoir will continually dispenses fluid so long as it has pressure. The pump is only used to build the initial pressure. The pump tube is sealed to prevent exposure to chemicals and it cleans easily between fluid changes. A thumb-operated tilt valve provides manual pressure release and doubles as a safety valve

- Heavy-duty, double-wall drawer fronts and thick aluminum drawer pulls provide superior drawer strength and rigidity
- Heavy-duty oil-filled lift-cylinders for easy opening of lids on top chests

# THE TOOL CART OF YOUR DREAMS

## 3-DRAWER UTILITY CART

On the top is a large work surface with a top mat to protect it. The work surface splits in half to reveal a large open bin for socket storage and two top-sliding trays for electronics. Both trays have a lift-up top with oil-filled shocks for easy opening. The right tray has an access hole for power to laptops, cell phones, or tablets stored within it. Below the tool bin are three self-closing drawers with 100 lbs. capacity ball-bearing slides, full length aluminum extruded drawer pulls, and non-slip drawer liners. The top compartment can lock and unlock with a quick turn of the key. The locks can be rekeyed to match a Mac Tools tool box. From inside the top compartment, the drawers can be unlocked. Power outlet and power access are through rear of cart. Four built-in pry bar holders can hold up to 36" pry bars with handle (9" long x 1-3/8" diameter). Up to sixteen extensions (1/4", 3/8", and 1/2") and screwdrivers can be stored inside the top compartment. All four casters swivel and two casters will lock for easier moving over long distances. The side handle can be mounted on either side or at any height for improved control. 12" Corner bumpers can be mounted at any height to prevent damage to vehicles in shops (additional bumpers available). A unique mounting system lets you add accessories designed to meet your storage needs. They can be mounted on either side of cart. Available in nine different colors, the Utility Cart is also available in a 5-Drawer configuration.

**MB199UC**

### OIL LIGHT RESET KIT

- Eliminates the need to take the vehicle to the dealer or use an OEM scan tool to reset oil service lights

#### Features:

- Domestic, Asian, and European coverage
- Adapters and interface module required to reset the oil service lights on Volkswagen, Audi, Mercedes-Benz, BMW, and Volvo
- Manual contains Oil Light Reset tool procedures and manual reset procedures for domestic and import vehicles
- Vehicle coverage is PC updateable

#### Includes:

- (1) Oil light reset tool, (1) Main unit cable, (1) BMW connector, (1) Mercedes-Benz connector, (1) OBD II connector, (1) Volvo cable, (1) Transfer plug, (1) VW and Audi cable, (1) Power cable, and (1) Reset procedure manual

**ET3596J**

**\$415.99**

### OIL LIGHT RESET UPDATE KIT

**ET3596J-UPD**

**\$103.99**

### ABS/SRS COLLISION TOOL

- Quickly and accurately diagnoses the cause of the check engine, ABS, and SRS airbag malfunction indicator lights

#### Includes:

- OBD-II/ABS/Airbag base unit
- Vehicle OBD-II cable
- Bilingual user manual - English and Spanish
- Soft carry case

#### Systems Diagnosed:

- OBD-II powertrain vehicles 1996 - current
- Domestic ABS vehicles 1996 - 2008
- Domestic airbag vehicles 1996 - 2008
- CAN-enabled
- Read and display freeze frame data (OBD-II)
- Displays emissions data

### OEM LEVEL TOOL FOR VW/AUDI ELECTRONIC PARK BRAKE AND MERCEDES SENSORTRONIC BRAKE CONTROL

- OEM level required tool performs all functions on all VW/Audi vehicles equipped with the Electronic Park Brake System
- Electronically move calipers via OBD II port
- Allows for recalibration of tilt angle and entering of new brake pad thickness
- OEM level tool to deactivate, clear codes, and re-activate the Mercedes Sensortronic Brake Control system
- Required tool for working on Mercedes E-Class and S-Class vehicles from 2002 to 2006

**EPBSBC12**

**\$415.99**

### VW/AUDI SERVICE INTERVAL LIGHT AND AIRBAG LIGHT RESET TOOL

- Resets service lights across the entire VW/Audi range, including on vehicles with conditional-Based servicing
- Turns off airbag/SRS reset light
- CAN compatible
- Allows technician to switch service intervals between "Standard Life" and "Long Life" function

**EPBSLR12**

**\$415.99**

### MOTORCYCLE-ATV SCAN TOOL KIT

- The world's most complete motorcycle/ATV/dirt bike/scooter scan tool
- Version 9 software with more than 1,000 new applications just released, brings functions close to OE scan tools
- Covers 40 brands - including select watercraft and snowmobile coverage
- Comes pre-loaded with all software - just purchase OEM cables separately as needed
- Read and clear fault codes
- Make adjustments and follow factory procedures
- Display ECU data, real time, and run diagnostic tests
- Key programming

**MS5950**

**\$3,951.99**

# MENTOR TOUCH™ SCOUT

**THE TOOL EVERY TECH  
NEEDS TO OWN**

**INSPIRED BY THE TOOL  
EVERY SHOP NEEDS TO OWN**

## MENTOR TOUCH™ SCOUT

- Professional scan tool built into a durable Android™ tablet
- Full access to Google Play™ and all your favorite Android™ apps
- Up to four hours of battery run time
- Extremely fast boot time and Swift On function
- Wi-Fi and web browser allow full Internet access
- Bluetooth® allows endless possibilities of peripheral devices
- Built-in training videos to learn scan tool and vehicle test procedures
- 7" Capacitive, high-resolution touch-screen display
- AutoDetect™: alerts technician when repair information is available
- Auto ID™: automatically identifies CAN vehicles to quickly set up year, make, model, and engine
- Deep Link, In-session access to Direct-Hit™ for Identifix® subscribers
- Imbedded Google search saves valuable time
- Contains all your favorite resources – Code Assist™, Symptom Assist™, Repair-Trac™, and more
- Innovative steering wheel bracket keeps the tool where you want it
- 2-Year warranty

### Includes:

- Mac Mentor Touch™ Scout • OBD II Cable • Power Cable
- USB Cable • Carry Case

ET6200

**\$2,287.99**

## MULTI-BRAND SERVICE CONFIGURATION TOOL

- The most comprehensive coverage of any electronic service tool on the market
- Includes many applications covered only in high-end scan tools
- Works on most vehicles, even such exclusive brands as Porsche, Ferrari, Lotus, Maserati, Maybach, and Lamborghini

### Partial list of covered functions:

- Service reset • Key programming • Wheel size set-up • Engine check • Airbag • Dashboard
- Steering angle sensor (must perform on most vehicles with electronic stability control)
- Traction control • Headlight reset • Brake bleeding • Air-conditioning check • Suspension

### POWER PROBE "THE HOOK" CIRCUIT TESTER

- Operates in 12V to 48V DC systems
- Voltage from 0 to 99.9V
- Current from 0 to 99.9 Amps
- Resistance from .001 ohm to 15 Mega ohms
- Frequency from 1 Hz to 1 MHz
- Pulse width, negative and positive
- Duty cycle
- The Hook automatically selects the Voltmeter, Ohmmeter, Ammeter, Peak-Peak Voltage, or Frequency
- Activates components with battery positive or ground and measures Amp draw
- The Power Switch can also be set to Latched for continuous power or Pulsed for On/Off cycling
- The Electronic Circuit Breaker is adjustable from 2 Amps to 65 Amps
- It can supply 100 Amps in rush current and 25 Amps continuous current without overheating
- The Hot Shot feature loads a circuit within 15 milliseconds for testing integrity of connections
- 0 to 5V Reference for simulating sensors and verifying wiring back to the ECM
- The Arc Detect feature quenches electrical arcs to protect the tip and other contacts from burning

### RELAY CIRCUIT TESTER GEN 2

- Can test an entire circuit from the battery to the component in question, as well as determining if the relay itself is functioning properly
- Gives the technician the ability to instantly determine the problem within a tested circuit
- Identifies at the push of a button if a wire, a part, or a relay is defective, without the use of a multimeter
- Easily accessible ports for use with other diagnostic tools
- Tester can jump the relay allowing the technician to use it as a remote control starter in engine work like compression testing, distributor, or camshaft adjusting, or to run the compressor during an A/C charge

#### **Includes:**

- Tester
- (6) Popular relay leads
- (1) Universal relay lead
- Blow-molded case with a high-density foam insert
- Works with both 12 and 24-volt systems

RCT105A

**\$155.99**

REG. \$207.99

### RELAY BYPASS SET II

- Provides direct control over a relay circuit
- Verify load
- Isolate electrical components
- Plugs in place of relay
- Provides manual control of circuit
- Helps identify bad relays, control switches, open circuits, electrical equipment, and power feed
- Operating range: 20 Amp continuous, 30 Amp surge (12V)

### HD TRUCK CONTACT CARE

- Cleans and repairs most types of electrical connectors found on cars, trucks, and industrial equipment in North America
- Use as both service and preventative maintenance tools
- Clean male and female connections and connectors
- For terminal sizes: .03" - .25"
- Connector types: Deutsch, Cannon, 7 round pin, Bullet, Weather Pack, common ABS sensor and power connectors, trailer light connectors, and more
- Standard PM service tools
- Prevents intermittent power failures
- Extends harness life
- Ensures proper diagnostic equipment connectivity

**ET8048**  
**\$114.99**  
REG. \$135.99

### ELECTRIC CONTACT CLEANERS

- Covers wide range of contact sizes
- Super hard, diamond coating is highly abrasive and durable
- Enhances connections and extends contact life
- Non-slip, high-viz, ergonomic handles for comfortable use
- Ultra-thin, flexible handles for added functionality

#### Applications:

- Large spade relays, forklift contacts, industrial electrical contacts

# CORDLESS REVOLUTION

Mac Tools line of world class cordless tools are designed and built tough for Automotive Technicians.

Our hardworking tools focus on power and durability, tools you can count on to tackle the toughest automotive applications. These premium tools are powered by DEWALT's® advanced battery and switch technology platform that delivers consistent performance.

Battery flexibility allows technicians to conveniently interchange batteries within the Mac Tools and DEWALT® product families. The innovative and shared platform along with Mac Tools engineering knowledge for torque and performance delivers trusted power and speed to your new cordless tools of choice.

Top technicians depend on Mac Tools so we built this robust line of cordless tools to withstand the rigors of the toughest shops. Glass Filled Nylon (GFN) and other quality materials have been selected to withstand the harsh automotive environment. The ergonomic handle, designed with a forward center of gravity, provides superior balance and control that reduces fatigue and improves productivity.

Mac Tools is excited to offer you quality cordless automotive tools that are **GREAT TO WORK WITH™**.

\* Maximum initial battery voltage (measured without a workload) is 20 or 12 volts. Measured under a workload, nominal voltage is 18 or 10.8 volts.
