Bluetooth® Pairing

Say goodbye to cord hassles with Bluetooth connectivity to a headset, speakerphone, or laptop. Great for hands-free talking or exchanging contacts.

1. From standby mode, press [MENU/OK] and select **Bluetooth (1)**.

2. Select **Add Device (1)** and press [MENU/OK] to **Search**. Press [MENU/OK] when prompted to turn on Bluetooth. The phone will now search for Bluetooth enabled devices (in pairing mode) that are within range.

3. Once the Bluetooth device has been found, highlight it and press [MENU/OK].

4. Enter the pin code (typically "0000"– 4 zeroes) and press [MENU/OK] to pair. If you don't know the code, consult the user manual of the device you are trying to pair.

5. Press [MENU/OK] to save.

Sending a Name Card

Send a name card to another Bluetooth capable device to quickly share or sync up your contacts. Sharing info has never been easier!

1. From standby mode, press ![MENU/OK] and select **Contacts (6)**.

2. Select **My Name Card (4)**. (Choose **Edit Entry** to edit your contact info.)

3. Select one of the following four options:
   - **Send Name Card via Bluetooth**
   - **Pull Name Card via Bluetooth**
   - **Exchange Name Card via Bluetooth**
   - **Send All Contacts via Bluetooth**

4. Select a device (with object push profile) and press ![MENU/OK].
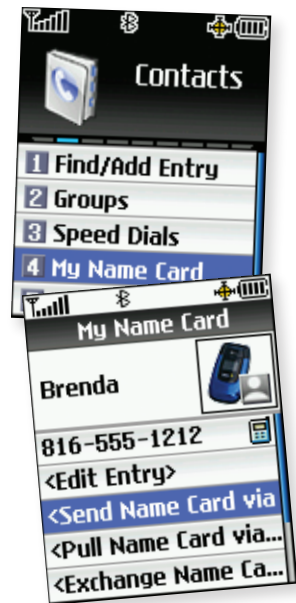

Sending a Calendar Event

Share details about events on your schedule the easy way through Bluetooth. Transfer them to your own calendar or send them off to friends and associates.

1. From standby mode, press **left** on the Navigation Key for **Scheduler**.

2. Highlight a date with a saved event and press the **Right Soft Key** for **Options**.

3. Scroll down to **Send Calendar via Bluetooth (6)** and press [MENU OK].

4. Select a device (with object push profile), and press [MENU OK] to send.

SMS Voice Messaging

Send a voice message to a mobile phone or e-mail address without making a. Just record a note and send it instantly to one or more people. No chit chat. No interruption.

To send an SMS voice message:

1. From standy mode, press the **Right Soft Key** for **Contacts**.

2. Select a contact and phone number and press ⬛. Select **Send Message (2)**, then **VoiceSMS**.

3. Record a message. Press the **Left Soft Key** for **Done**, and again to send.

To retrieve SMS voice messages:

1. Press **up** on the Navigation Key for **Messaging**.

2. Select **VoiceSMS (4)** and press ⬛.

3. Select a message and press ⬛ to listen.

Voice-Activated Dialing

Call any name in your contacts with a touch of a button and a pre-recorded voice command. It saves time and keeps your eyes on the road.

1. From standy mode, press the **Right Soft Key** for **Contacts**.

2. Select a contact and press .

3. Select **Edit Entry** and press . Highlight the phone number and press the **Right Soft Key** for **Options**.

4. Select **Set Voice Dial (3)**, then press **OK (1)** to record. At the prompt, say the name twice.

Note: To activate voice-activated dialing, press the **Voice Services Key** on the left side of the phone. (Pressing and *holding* the **Voice Services Key** will activate the voice memo recorder.)
