

# Snooper Air 22

Built for Touring

## Snooper Air 22, 22" HD LED TV

Since 2008, Snooper has developed the highest quality products dedicated to caravan and motorhome owners, under our award winning Ventura brand. Now regarded as the No. 1 choice for caravan and motorhome owners in satellite navigation, Snooper has created the brilliant Air 22, a 12 volt, low energy consumption, 22 inch HD LED television, specifically designed for caravans and motorhomes.

## Crystal Clear High Definition

Delivering crystal clear HD viewing, Snooper Air 22, a super slim LED colour TV, has a fully integrated HD DVB-S2 and a HD satellite decoder allowing users to enjoy free-to-air satellite TV\* while on tour anywhere in Europe. Not all channels transmit HD images, in these cases the smart Snooper Air 22 will revert to standard definition, so you will not miss a single thing

\*External Satellite Required, not supplied

## Unbelievable Sound Quality

Manufactured to the highest specification, Air 22's amazingly low energy consumption is perfect for caravan's using leisure batteries and includes Nicam Stereo and auto noise reduction settings, ensuring the very best in sound quality and enhancing the viewing experience.

## Play Movies Your Way

Packed full of exciting features including digital teletext, DVB-T and eco power saving mode, the 22 inch HD-TV comes complete with a built in DVD player and USB input, offering the choice of playing blockbuster movies, home videos or downloaded TV shows. Wish to connect a blu-ray player? No problem, Snooper Air 22 comes complete with two HDMI inputs allowing blu-ray picture quality through a mobile television

## Watch TV From Any Angle

The lightweight, sleek and beautifully crafted Snooper Air 22, weighing under 5kgs and measuring only H:340mm x W:529mm, will free up space that is at a premium for all motorhome and caravan owners. With the flexibility of a remote control and a super-wide angle LED, Air 22 can still be viewed from even the acutest of angles

## Built To Last

The adaptable Air 22 has been created using rust, moisture and salt air resistant components, making it ideal for coastal touring or marine use, and with a 2 year warranty, owners have the confidence that their new purchase will last for many years to come.

Snooper Air 22

# FEATURES

## Style

The super slim, beautifully crafted Air 22 measures a meagre H:340mm x W:529mm x D:55mm.

The 22" or 56cm HD LED backlit screen is housed within a fabulous silk black brushed bezel, fitting in perfectly with any tourer

## Power Efficiency

How low can you go? As a dedicated 12v television, Snooper Air 22 is incredibly power efficient with an average power usage of 22 watts, making it perfect for touring and camping.

## Energy Efficiency

Snooper Air 22 has been awarded a class A in energy efficiency

### High Definition

Air 22 is a full HD LED TV, with a fully integrated HD satellite decoder receiving free-to-air HD-TV\* and includes two HDMI inputs, allowing for blu-ray or HD game console hook up. High definition will allow for deeper, richer and vibrant colours and upto 5 times more definition than a standard TV.

\* External Satellite Dish Required, not supplied

### HD Freeview

With the in-built HD satellite decoder, your Snooper Air 22 will be able to pick up HD Freeview including all BBC HD channels, E4, Film 4 and CNN news and local TV in Europe. Not all channels transmit in HD, in these cases the smart Snooper Air 22 will revert to standard definition so you never need to miss an episode of your favourite TV show.

### **Screen Resolution**

Snooper Air is a 22" or 56cm screen with display resolution of 1920 x 1080, projecting fantastic crystal clear HD images.

### **Super Wide Viewing Angle**

Snooper Air 22 supports wide angle viewing, allowing users to view their favourite TV programmes from even the acutest of angles.

### **HDMI Inputs**

Snooper Air has two HDMI inputs (High Definition Multimedia Inputs) allowing you to connect two HD devices and still enjoy high definition television.

### **DVD Player**

An in-built DVD player is perfect for any tourer, no need to transport an external DVD unit and take up crucial extra space with Snooper Air 22. The in-built DVD plays DVD/CE/CD-R/CD-RW/MP3/Jpeg/Mpeg playback.

### **USB Storage**

Display your photos, movies and listen to music through USB with the USB input.

### **One Touch Auto Tuning**

For ease of tuning, Snooper Air 22 comes with a one button auto quick tuner, press the tuner button and Snooper Air will tune all analogue and Freeview channels and sort them into number order. It's as simple as one..... oh, there isn't a two or three

### **Suitable for Coastal or Marine Use**

Snooper Air 22 is manufactured using rust, moisture and salt air resistant components, making it perfect for use on coastal tours or even in boats

### **Manufacturers Warranty**

We're sure you'll never need to use it, but all Snooper Air 22 HD LED TV's come with a 2 year warranty for your peace of mind.
