New, enhanced, versatile functionality...

Let yourself be inspired to new creative heights!

New, enhanced functionality

BERNINA embroidery software V5 offers everything you need to explore your creativity to the fullest.

In spite of all its new and improved functions, the software is extremely easy to use. Explore the Quilter and Cross Stitch programs, functions such as Advanced Appliqué and Monograms, and PhotoSnap for converting pictures into embroidery designs – plus countless other creative options for editing embroidery designs.

BERNINA is the first to offer Outline techniques – a brilliant tool for achieving top-quality results when digitising, editing and stitching.

T-shirt with snail-motif embroidery and pleated skirt with embellishments

Advanced appliqué a BERNINA exclusive!

Experience new, exciting flexibility in appliqué creation. Now you can digitize complex appliqués, add fabrics and choose from a huge assortment of borders. Only DesignerPlus brings you open-curve appliqués!

Advanced monogramming

This program alone makes V5 well worth the price! Create one- to three-letter monograms in 16 distinct styles. Incorporate numerous decorative ornaments and borders. You can even apply these advanced features to full names.

Customize designs

Change your mind? The new graphical color and object list makes editing a breeze. With a few clicks, you can easily select individual objects to delete, resequence, change color or edit.

...for the creative embroiderer in you!

Pattern stamp

Stitch a pattern wherever you like without restriction. Just pick your pattern, place it and repeat. It's that easy!
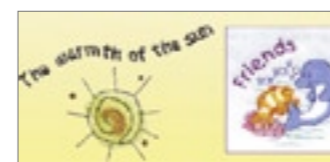

Multi-hooping split design file

Big improvements for big designs! If your design is too large for your hoop, use this great feature to automatically split the design. The software instantly displays your design on multiple hoops. You can manipulate objects at will to adjust the details.

Easily remove overlaps

Forget fussing with overlapping embroidery. The software automatically removes any undesired overlaps for a smooth, even look. Trouble-free and very tidy!
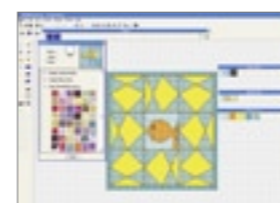

Lettering and fonts

Personalize any craft with professionally digitized lettering. Simple to use and easy to edit, this feature gives you complete control. And you can instantly digitize lettering from thousands of Windows® fonts available for your computer. Think of the possibilities!

Mirror image and mirror merge

Duplicate and mirror image your favorite designs – horizontally or vertically – in one simple operation. Mirror merge aligns your designs perfectly every time!

BERNINA Quilter

Overlap art forms with this powerful, easy-to-use patchwork program. It allows both experienced and first-time quilters to skillfully combine embroidery techniques and quilting patterns. Designing and previewing tools let you refine every detail before you even begin stitching.

BERNINA cross stitch

You can easily replicate traditional cross-stitch embroidery techniques. Let the software convert images for you or manually create your own patterns. With a few clicks, you can copy your design or color photo, add the final touches and stitch it out.
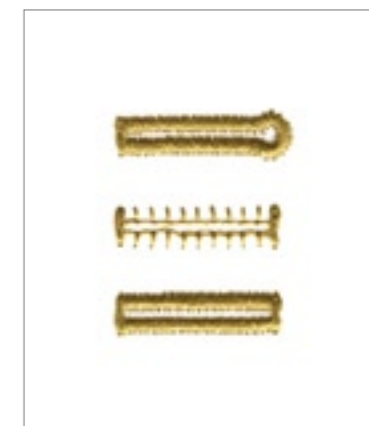

Photosnap

Create keepsake gifts by digitizing your own photos and turning them into fine embroidery. With one click, you can fashion textural designs from photos or graphical images. Crop, rescale and alter stitch angles for variety and interest.
