Making Phone Calls

Make phone calls

1. On the Home screen or in the Phone Screen, perform one of the following:
   a. Type a phone number
   b. Type part of a contact name. Use the trackball to scroll to and highlight a contact or phone number and click/press the trackball or the **Send** key to place the call.

2. To end the call, press the **End** key.

Make a phone call using Voice Dialing

1. On the Home screen, scroll to and click the **Voice Dialing** icon.
2. Wait for the sound.
3. Say **"Call"** and a contact name or phone number.
4. To end the call, press the **End** key.

Take a Picture

Taking photos is easy with the built-in 2 MP camera.

1. Take a picture by clicking the **Camera** key or by clicking the **Camera** icon on the Home screen.

2. Perform one of the following actions:

   • To take another picture, click the **Camera** icon.

   • To delete the picture, click the **Trash Can** icon.

   • To send the picture via email, click the **Envelope** icon.

   • To set the picture as a caller ID picture or Home screen background, click the **Crop** icon.

   • To rename the picture, click the **File Folder** icon.

   Your use of the camera application on your BlackBerry Curve may be prohibited or restricted at certain times. Use the camera application responsibly and abide by all applicable laws, rules and regulations.

Downloadable Fun using AT&T Mall

Customize and personalize your BlackBerry® Curve™ with downloadable* games, graphics and ring tones.

- On the Home screen, scroll to and click on the **AT&T Mall** icon.

- Browse thousands of ring tones from the classics to today's top performers by going to **Shop Tones**.

- Select **Shop Games** to find games that turn your downtime into fun time.

- Personalize your device with unique art at **Shop Graphics**.

- Go to **Shop Multimedia** to find an MMS greeting card that's perfect for the occasion.

- Subscribe to useful applications and cool tools discovered at **Shop Applications**.

*Additional charges may apply for downloadable content.

Your use of third party products and services shall be governed by and subject to you agreeing to the terms of separate software licenses, if any, for those products or services. Any third party products or services that are provided with RIM's products and services are provided "as is". RIM and/or AT&T makes no representation, warranty or guarantee whatsoever in relation to the third party products and services and assumes no liability whatsoever in relation to the third party products and services even if RIM and/or AT&T have been advised of the possibility of such damages or can anticipate such damages.

MEdia™ Net

With MEdia Net, you can get the information that is important to you at a glance. Check your local weather, your team scores or movie listings with just a few clicks.

1. On the Home screen, scroll down to and select the **MEdia Net** icon.
2. Scroll the trackball to a category of interest and then click to explore that category.

For quick access to your favorite categories, personalize your **MEdia Net** home page.

1. From the **MEdia Net** home page, scroll to and click **Edit** next to My Links.
2. Click **Edit** My Links.
3. Select the categories you would like to appear on your home page.
4. Scroll to the bottom of the page and click **Save**.

How to bookmark a web page

1. Press the **Menu** key, then click **Add Bookmark**.
2. Click **Add**.

Organize Me

The BlackBerry Curve features time saving tools to help you stay on top of your day. Get organized with the calendar, address book, task list, and alarm functionality of your BlackBerry Curve.

Add a contact
1. From the Home screen, click on **Address Book**.
2. Click on the **Menu** key, click on **New Address**.
3. Type in the contact information.
4. Click on **Trackball** and click **Save** when complete.

Set-up a task
1. From the Home screen, click on **Applications**.
2. Click on **Tasks** icon   Press the **Menu** key, click on **New** and enter your task (an errand).

Set the alarm
1. From the Home screen, click on **Settings**.
2. Click on the **Alarm** icon.
3. Set up the Alarm by selecting **On** for the Daily Alarm and Selecting the **Time**, **Snooze**.

New Address
Title: Mr
First: John
Last: Smith
Picture:

Email: johnsmith@internet.com
Company: Internet
Job Title: Doctor
Work: 1234567890
Work 2: 1234567890

You can also synchronize your BlackBerry Curve with local information on your home/work computer such as calendar, contacts, tasks, and media files by using BlackBerry® Desktop software that comes on the enclosed BlackBerry® User Tools CD in the box. See the Getting Started Guide that came with your BlackBerry device for installation requirements

Text Messaging

Let your thumbs do the talking. With the versatile keyboard, sending and receiving email, SMS, and MMS messages is easy and fast. An SMS can be sent to other mobile phones while an MMS can be sent to both mobile devices and email addresses.

To compose a text message

1. From the Home screen, click on the **Messages** icon.
2. Press the **Menu** key. Click **Compose SMS Text**.
3. Select a name in the address book or click **Use Once** and add the recipients phone number(s) or email addresses and separate with a semicolon if necessary.
4. Enter the message text.
5. When you're through typing, click the trackball and **Send**.

To respond to a text message

1. Click on the **Messages** icon on the Home screen.
2. Using the trackball, scroll to and click the Text Message in your messages list.
3. Click the trackball and click **Reply**.
4. Type your message. Click the trackball, select **Send**.

```
Compose SMS Text
                147 / 1 of 6
1234567890
Good Morning!
```

Personal Email

BlackBerry® Internet Service email provides wireless "push" delivery and access up to 10 supported personal and work email accounts including MSN™, Yahoo!™, GMail™, Earthlink™ and many other popular ISP and personal email providers.

How to set up supported email accounts from your BlackBerry Curve.

1. From the Home screen, click the **BlackBerry Setup** icon.
2. On the BlackBerry Setup screen, click the **Personal Email Setup** icon.
3. Roll the trackball, scroll down and click **Create New Account**.
4. Read the BlackBerry Internet Service terms and conditions carefully, and if you agree, then scroll to and click **Yes** to accept.
5. Type the following information in the Account Setup screen: **User Name & Password**.
6. You now have the option to add up to 10 supported Internet email accounts and/or create an optional BlackBerry email address.

How to compose email

1. From the Home screen, click on the **Messages** icon.
2. Press the **Menu** key, scroll to and click **Compose Email**.
3. Type an email address or contact in the **To:** field.
4. Type the **Subject**.
5. Type your message, click the trackball and click **Send**.

For more information on message settings, filters, and shortcuts, press the **Menu** key while in the **Messages** screen and then click on **Help**.

AT&T Mobile Music

AT&T Mobile Music provides the ultimate, integrated, on-the-go music experience*. Almost anywhere you go, AT&T Mobile Music will connect you to music with a touch of a button.

- On the Home screen, scroll to and click on the **AT&T Music** icon.
- Listen to your music with the integrated **Music Player**. Organize your music by Artist, Album, Genre, or Playlist.
- Channel surf dozens of commercial free music stations with **Streaming Music**.
- Personalize your BlackBerry Curve with music ringtones and Answer Tones⊠ at **Shop Music**.
- Instantly find out the artist's name and the title of a song with **MusicID**.
- Select **Community** to go to one or more hot user communities. Interact with friends and the community as well as review artist fan sites.
- Purchase additional fun music applications via AT&T Mall by going to **Music Apps**.

*Additional charges may apply for downloadable content.

Your use of third party products and services shall be governed by and subject to you agreeing to the terms of separate software licenses, if any, for those products or services. Any third party products or services that are provided with RIM's products and services are provided "as is". RIM and/or AT&T makes no representation, warranty or guarantee whatsoever in relation to the third party products and services and assumes no liability whatsoever in relation to the third party products and services even if RIM and/or AT&T have been advised of the possibility of such damages or can anticipate such damages.

Transfer Music

You can listen to your favorite music on the BlackBerry® Curve™. The built-in Media Player provides the ultimate in control and flexibility to organize your music and listen to it the way you want to*.

How to load MP3 files

1. Ensure that you have inserted a microSD Media card into the back of your BlackBerry Curve to optimize the memory available for music.
2. Install the BlackBerry® Desktop Manager software on your PC computer using the BlackBerry User Tools CD included in the box.
3. Connect your BlackBerry Curve to your computer using the USB cable provided.
4. On your PC, open the **Desktop Manager** software with your computer mouse.
5. Double click on the **Media Manager** icon.
   NOTE: Two sections will appear: the top shows your PC files, the bottom shows your BlackBerry Media card files under the My Device section.
6. In the BlackBerry section below, click on the **Music** folder for the BlackBerry Media card.
7. In the PC section above, select the folder and then the music file you would like to copy to your Media card.
8. Click on **Copy Down** button and then **OK** to move the song file to the Music folder on your Media card. Repeat as desired.

*Additional charges may apply for downloadable content.

Play Music

Listen to your favorite music* on the BlackBerry® Curve™ while on the road, relaxing at home or at the gym.

How to play MP3 files

- From the Home screen, click the **AT&T Music** icon.

- Click on **Music Player** to view music files by song, artist, album, genre, or playlist.

- Use the **Find** field on any view screen to quickly type in the name of what you want to get to.

- Once the music starts playing, press the **ESC** button to exit and continue to listen to music while accessing other BlackBerry Curve functions, e.g. email. The **Mute** button can be used to pause and resume playing.

Note: Any audio files must be transferred to the BlackBerry Curve before playing. Use the Media Manager application of the Desktop® Manager software found on the BlackBerry User Tools CD in the box to transfer your files.

*When listening to audio files using headphones, permanent hearing loss might occur if headphones are used at a high volume. Avoid increasing the volume of your headphones to block out noisy surroundings. If you experience ringing in your ears or muffled speech, consult a physician to have your hearing checked.

Push to Talk

Push to Talk (PTT) lets you view the availability of family, friends or co-workers before you call.

Add a Push to Talk Contact

1. On the Home screen, click the **Push to Talk** icon.

2. On the PTT Menu screen, click **Add Contact**.

3. Type the contact information and click **OK**. Your BlackBerry Curve will now send the invitation to your new contact.

Make a Push to Talk Call

1. Press and release the PTT key (**Left Convenience** Key) to display your PTT contacts.

2. Scroll the trackball to highlight the contact you wish to reach then press and hold the PTT key to establish a connection.

3. When the BlackBerry Curve beeps, you can perform one of the following actions:

    a) To speak, press and hold the **PTT** key.

    b) To listen, release the **PTT** key.

4. To end the Push to Talk call, press and hold the **End** key.

TeleNav® GPS Navigator™

Turn your BlackBerry Curve into a GPS navigation system.

Download TeleNav GPS Navigator*:

1. Click the **TeleNav GPS Navigator** icon on the Home Screen or Go to: **http://ota.telenav.com/ota/at**
2. You will next come to the Download Summary screen. Click the **Download** button. A progress bar appears.
3. Once TeleNav GPS Navigator has downloaded and installed successfully, select **Run** on the pop-up and press the **trackball**.

Generate a route with TeleNav GPS Navigator:

1. Click the **GPS Navigation** icon on the application main menu.
2. Enter your desired destination and click the **'Get Route'** button.
3. TeleNav GPS Navigator is designed to connect to the satellites if available. *Note: user must be outdoors to establish GPS connection.*

*Your use of third party products and services shall be governed by and subject to you agreeing to the terms of separate software licenses, if any, for those products or services. RIM and AT&T makes no representation, warranty or guarantee whatsoever in relation to the third party products and services and assumes no liability whatsoever in relation to the third party products and services even if RIM and AT&T has been advised of the possibility of such damages or can anticipate such damages.

TeleNav® is a registered trademark and TeleNav GPS Navigator™ and TeleNav Track™ are trademarks of TeleNav, Inc. Additional charges may apply.
