NOTE:

The instruction manual describes correct operating method to ensure prolonged service life. Please read and completely understand this manual before operating the solar light. Always save this manual for future reference.

IMPORTANT:

This product contains a rechargeable Ni-Cd battery. When the battery life is exhausted, the battery must be recycled or disposed of properly. For additional information regarding disposal, contact your local county solid waste authority.

CAUTION: DO NOT DISPOSE OF BATTERY IN FIRE.

Feature:

The energy is stored in rechargeable battery.

Automatically ON/OFF.

Illumination period is 6-8 hours.

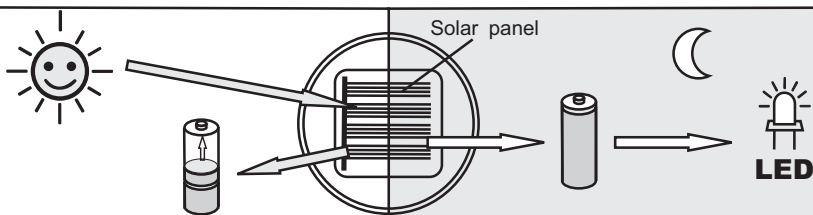

Solar powered, no wire. Easy installation.

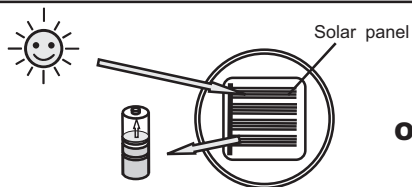

Super bright LED in the light ensure bright light.

How the solar-powered light works:

Solar lights do not receive as much direct sunlight in winter months; therefore, the light time will be reduced during winter.

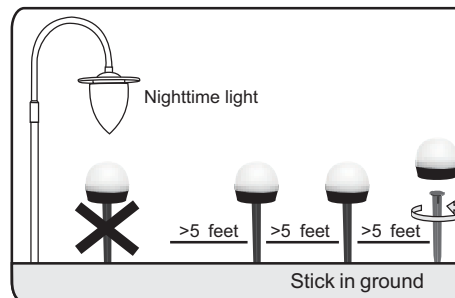

Before first use:

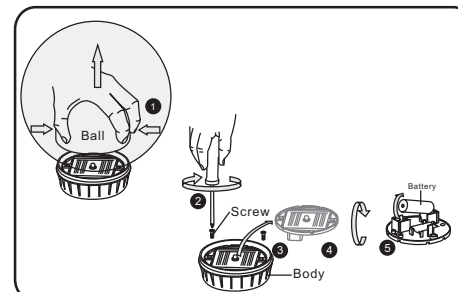

OFF ON
3 DAYS

Installation:

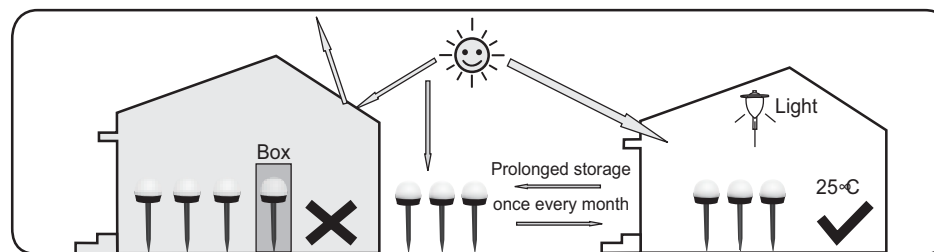

Replace Battery:

Storage tips:

If you wish to store your light indoors for more than two or three days, follow these steps to prevent damage to rechargeable batteries:

Troubleshooting information:

OFF ON
Switch

Switch is in the OFF position.

Dirty Solar panel

Dirty solar panel: a dirty solar panel will not allow the battery to fully charge.

Ni-Cd Rechargeable

Battery is not fully charged or needs replacement.

TOO CLOSE

Other light sources: If your solar lights are located too close to a street light, porch light or another solar light, it may not turn on automatically at night.
