## What's Inside The box

Tablet – 1pc Power Adapter -1pc User manual -1pc

# **Tablet Parts**

# **Getting Started**

#### **Battery Charging**

The tablet has a built-in rechargeable Li-polymer battery.

- 1. To charge connect the AC power adapter to the DC jack on the right side of the tablet.
- 2. The LED indicator will illuminate to show the battery is charging. The LED indicator will turn off when it's fully charged.
- 3. The tablet can be used even if the battery is being charged.

#### Power ON/OFF

#### Turn ON:

Press and hold the power button until the tablet turns "ON". You will feel vibration when the tablet is turning on.

Unlock the screen: slide the lock to the top and the screen will be unlocked.

#### OFF:

- 1. Press and hold the power button until device optional
- 2. Select power off
- 3. Select OK to power off the tablet

Screen Lock/Unlock:

This feature locks the screen, at the same time turn OFF the screen's backlight after a few seconds.

Screen locks when:

- 1. System is idle.
- 2. Manually activated by pressing the Power button once.

#### Software Keyboard

The tablet has a software keyboard which automatically show up when you tap the place on screen where text or number are to be entered.

#### **USB Keyboard**

The unit support external USB keyboard to input text and number. Some buttons on the unit and some function keys on keyboard may not work if an external USB keyboard was connected.

# *Note: when connect an extra USB keyboard, please put the switch to HOST status.*

#### How to Use TF card (micro SD card)

Note: TF card is not included in the package. You need the TF card only when you need extra storage space or plan to transfer files into the tablet.

- 1. Insert the TF card into the TF card slot. Gently push TF card into slot until it clicks into place.
- 2. A prompt will be seen on the screen saying " Preparing SD card "

#### **Removing TF card**

- 1. Close all applications and documents which have been opened from the TF card.
- 2. Select "Setting" and find " Storage" then click "Unmount SD card".
- 3. A prompt will be seen on the screen saying "SD card safe to remove"
- 4. Gently press the TF card to remove and pull out the TF card.

Note: Insert the TF card in correct position, otherwise it will damage the card and the slot.

#### **Touch Screen**

The touch screen responds to finger touch as well as the stylus (touch pen) included with the device.

Note: don't place any object on the touch screen for it may damage or crush the screen.

Single Click: single click one icon to choose the icon or option you want. Long Press: press and hold one icon to choose the icon and you can drag it to the bottom shortcut bar.

Drag: drag on the screen and you can move between magic cube sides or drag the application icons into the shortcut bar.

#### **USB Mouse**

The device supports external USB mouse. Connect an USB mouse and you can single click, choose, drag, slide and right click.

# *Note: when connect an extra USB keyboard, please put the switch to HOST status.*

#### How to connect with computer

Note: first should put the switch to Device status,

Before transporting documents, firstly you must set store mode for your MID.

1. Use USB cable to connect MID with computer. Notice bar will appear notice cue.

2. Press Menu button to pop up Menu option, and click on Notice.

3. In the notification panel, click on the **USB connection**, then click Loading **USB Storage Device**.

4. Then the USB connection has been successfully.

# **Connection to Internet**

#### Ethernet:

1. Connect the Ethernet cable to the Ethernet port of the tablet.

#### Michley/Tivax Limited Warranty to Original Purchaser

Michley/Tivax warrants this product purchased in the USA against defects in material and workmanship under normal use and service for a period of one year from the date of retail purchase by the original end-user purchaser. Products will not be warranted if the serial number is removed or defaced.

This warranty shall be void upon transfer of ownership of this product and is effective only when used in the United States.

Michley/Tivax agrees to repair or replace this unit at no charge, within the warranty period, providing that the product is delivered to Michley/Tivax in its original package or equivalent, fully insured, with all shipping charges prepaid and a return authorization number listed on the outside of the packaging. A handling charge of \$25 will be applied to any returned product found not to be defective. To honor this warranty and to ensure the best service to our customer, Michley/Tivax requires the following information to be included with the returned unit:

- A copy of the original sales invoice from your vendor.
- Model number & serial number of the unit.
- A detailed description of the problem associated electrical connection and hardware.

A Return Authorization number can be requested by sending a fax to 650-963-3585 or an email to <a href="mailto:support@tivax.com">support@tivax.com</a> prior to returning the unit.

This warranty contemplates the owner will reasonably maintain this product without alteration, negligent use, misuse, or abuse. Furthermore, any unauthorized alteration of this device without written approval by Michley/Tivax will void any warranty and the owner's right to operate this device.

This warranty presented above is exclusive and in lieu of all other expressed or implied warranties. Any warranty applicable to this product is limited to the period described above. In no event will Michley/Tivax be liable for any special, incidental, or consequential damage, loss of revenue, or cost of replacement goods resulting from the use of malfunction of this product to the equipment system on which it is used. This warranty gives specific legal rights and you may have other rights that vary from state to state.
