Hohe Flexibilität dank vieler Schnittstellen

Mit zahlreichen Schnittstellen sind die Satellite Pro C50- und L70-Notebooks vielseitige Begleiter im Berufsalltag, sei es am Schreibtisch oder unterwegs. USB 2.0 oder USB 3.0 sorgen für unkomplizierte Verbindungen zu Speichermedien oder anderen Peripheriegeräten – beim schnellen USB 3.0-Standard mit bis zu zehnfachem Leistungsvorteil. Die Gigabit-LAN Schnittstelle (Satellite Pro C50-A-1C9, C50-A-1FM, L70-A-13U) ermöglicht schnelle Datentransfers im Firmennetz. Über HDMI® lassen sich die Business-Notebooks zudem rasch mit externen Bildschirmen oder Projektoren verbinden. Und dank des integrierten Bluetooth® 4.0 sind auch Mobilgeräte bequem kabellos zu synchronisieren.

Entspiegelte Displays: Besseres Arbeiten bei jedem Licht

Alle vier neuen Notebooks bieten hochwertige entspiegelte HD- bzw. HD+ (Satellite Pro L70-A-13U) Displays. Diese reduzieren Reflexe, wenn Licht auf die Bildschirm-Oberfläche trifft, und ermöglichen so ein augenschonendes, ergonomisches Arbeiten auch an Orten, an denen sich die Lichtverhältnisse häufig ändern, wie beispielsweise im Freien oder im Zug.

Die Displays eignen sich nicht nur perfekt zum Arbeiten, sondern auch für Multimedia-Genuss, da sie Videos und Bilder in lebendigen Farben mit höchster Detailschärfe darstellen. Die hochwertigen Lautsprecher mit DTS® Studio Sound™-Klangverbesserung liefern einen klaren Klang und gute Bässe für entspanntes Musikhören. Genügend Platz für Dokumente, Filme, Spiele, Fotos und andere Entertainment-Inhalte bieten bei allen neuen Modellen die Festplatten mit 500 GB Speicherplatz.

Alle anderen hier erwähnten Marken sind das Eigentum der jeweiligen Besitzer.
