# WASTE MANAGEMENT\*

## DE

Geräte, die mit diesem Symbol gekennzeichnet sind, müssen an dem örtlichen Sammelpunkt für die Entsorgung von elektrischen und elektronischen Geräten abgegeben werden. Dieses Produkt darf nicht über den normalen Haushaltsabfall entsorgt werden.

## EN

Appliances bearing this symbol must be deposited at the designated local reception point for the disposal of electrical and electronic equipment. It is not permitted that this product be disposed of by way of the normal household refuse collection system.

## ES

Los aparatos que lleven este símbolo deberán depositarse en los lugares locales de recogida de aparatos eléctricos y electrónicos. Este producto no debe desecharse en la basura doméstica convencional.

## FR

Les appareils portant ce symbole doivent être obligatoirement remis à un point de collecte local pour la mise au rebut d'appareils électriques et électroniques. Il est interdit de jeter ce produit dans les ordures ménagères.

## IT

Gli apparecchi che sono contrassegnati con questo simbolo devono essere consegnati al posto di raccolta locale per lo smaltimento e il trattamento di apparecchi elettrici ed elettronici. Questo prodotto non deve essere smaltito con i normali rifiuti domestici.

## PT

Aparelhos caracterizados com este símbolo precisam ser jogados fora nos pontos de recolha locais especiais para descarte de aparelhos eléctricos e electrónicos. Este aparelho não deve ser jogado fora junto com o lixo doméstico normal!

## SE

Apparater märkta med denna symbol skall lämnas in till kommunens insamlingsställe för omhändertagande av elektriska och elektroniska apparater. Denna produkt får inte slängas i hushållsavfallet.

---

**\* Valid for EU countries only.**

*Waste Electrical and Electronic Equipment (WEEE)*

*The European Union (EU) has implemented the WEEE Directive to ensure there are systems in place in the EU countries for the collection, treatment and recycling of waste electronic products. Products that are marked with the crossed-out wheeled bin should not be disposed as unsorted municipal waste.*

## INTRODUCTION

Thank you for choosing the Dometic Wine Cellar!  
Please read the following instructions carefully before installing your new wine cellar. We trust you will be completely satisfied with your purchase. The wine cellar must be installed and used according to these instructions in order for it to operate correctly and economically.

## TRANSIT DAMAGE

Inspect the wine cellar for transit damage. You must report any damage the company responsible for the delivery within the legal or stated time for this type of product. If there is no such established report time, the damage must be reported within seven days of delivery.

## ACCESSORIES

When unpacking the wine cellar, please check that the following accessories are included:

- Keys
- CD
- Instruction manual

Necessary additional tools not included:

- Screwdriver (star quad)
- Adjustable spanner or fixed spanner, 21 mm (0.83")

## DATA PLATE

Check the data plate, inside the wine cellar at the top left, to ensure you have received the right model.

The data plate shows details that you will need to quote if you have to contact service personnel.

It is a good idea to make a note of them here:

Model designation. ....

Product number. ....

Serial number. ....

Voltage. ....

## CONTACT INFORMATION

### EUROPE

Please contact your dealer for service/support.

### USA

Service Office  
Dometic, LLC  
2320 Industrial Pkwy.  
Elkhart, IN 46516  
Phone: 574-294-2511

### Service Center Assistance

Phone: 800-544-4881

## INSTALLATION

Please follow these installation instructions:

- For best performance, air needs to circulate freely over the cooling unit behind the wine cellar.
- Place your wine cellar far away from any source of heat (radiator, cooker or intense sunlight).
- The free-standing design of the cellar means that it should stand at least 25 mm (1") from the rear and side walls.
- Allow a clearance of at least 100 mm (4") above the wine cellar.

1. Remove the transport pallet on which your wine cellar rests.
2. Adjust the feet to allow a 30 mm (1.2") clearance under the wine cellar. Make sure the wine cellar stands in a vertical position in both directions. (Use a spirit level if necessary.)

3. Check that the charcoal filter is in place at the top left corner inside the wine cellar.

## ELECTRICAL CONNECTION

It is essential that the electrical installation is carried out correctly, taking into account all relevant regulations and codes of practice.

### U.S

If an external electrical source is utilized, the wine cellar, when installed, must be electrically grounded in accordance with local codes or, in the absence of local codes, the National Electrical Code, ANSI/NFPA 70 - (latest edition).

### Canada

If an external electrical source is utilized, the wine cellar, when installed, must be electrically grounded in accordance with local codes or, in the absence of local codes, the Canadian Electrical Code, CSA C22.1, Parts I and II - (latest edition).

Your wine cellar will operate on a mono-phased alternating current.

Please check that the voltage shown on the data plate corresponds to your power supply.

The wine cellar is fitted with a plug intended for an grounded socket. Dometic and its subsidiaries will not be held responsible for any incident due to non-existent or defective ground wires.

**Electrical leads must be routed and secured so that they cannot come into contact with hot or sharp parts of the wine cellar.**

## WARNING

**The wine cellar must be grounded.**

## TEMPERATURE SETTING

The wine cellar is equipped with an electronic regulator. This allows you to programme the temperature inside the wine cellar. Your wine will then be stored between 10 °C (50 °F) and 15 °C (59 °F) according to expert advice. The temperature is shown on the display. The temperature, pre-set at 12 °C (54 °F), can be changed according to the wine stored.

1. Plug in the wine cellar and turn it on with the switch.

2. Press and hold the UP (▲) or DOWN (▼) arrow button for a few seconds until the display starts blinking.

3. Release the button. Press the UP/DOWN arrow buttons to set the temperature. The new value is saved automatically after 6 seconds.

**It is important to avoid rapid temperature changes inside your wine cellar!**

A certain smell may be noticeable when using the wine cellar for the first time. This will disappear after a few hours.

## MAINTENANCE

We recommend that you keep your wine cellar as clean as possible. Unplug the cellar before cleaning. Do not use any abrasive or strong scented substances. Use a smooth cloth or sponge and light detergent.

It is very important to check regularly that the air circulation underneath and behind the cellar is not blocked. Condensation collects in a small cup placed at the back of the wine cellar. The cup has a sponge which helps the condensation to evaporate. Check that the plastic pipe routing the water from the inside to the cup is not blocked by dust or dirt.

You should replace the inside ventilation charcoal filter every second year. The filter is fitted in the upper left corner inside the wine cellar.

If the wine cellar fails to work, check the following points before calling a service technician:

- Is the fuse of power supply intact?
- Is the plug properly inserted in its socket?
- Is the wine cellar switched on?

If the cause of failure is not to be found among the points listed above, contact an authorised service technician.

The wine cellar is equipped with an overheating protection. An authorised service technician can check whether this has been triggered or not.

## SHELF SUPPORTS AND SHELF LOCKS

The wine cellar is equipped with 5 shelves and 20 shelf supports. The shelves are at delivery fixed to the side of the wine cellar with a shelf lock. These can easily be removed with a screwdriver.

To install the shelf supports, place the support hooks in front of the desired holes and press in direction of arrow 1 and then, push the hook down as arrow 2 indicates.

## STORING THE WINE

Bottles should be stored in your wine cellar according to their size (diameters and heights). Take these differences into account when storing your wine and avoid mixing the bottles.

It is important to store bottles on their side in order for the cork to remain in contact with the wine.

### CAUTION

**Note that you should store no more than one layer of bottles on the shelves.**

The maximum number of bottles (“Bordeaux Tradition”) that can be stored in the wine cellar:

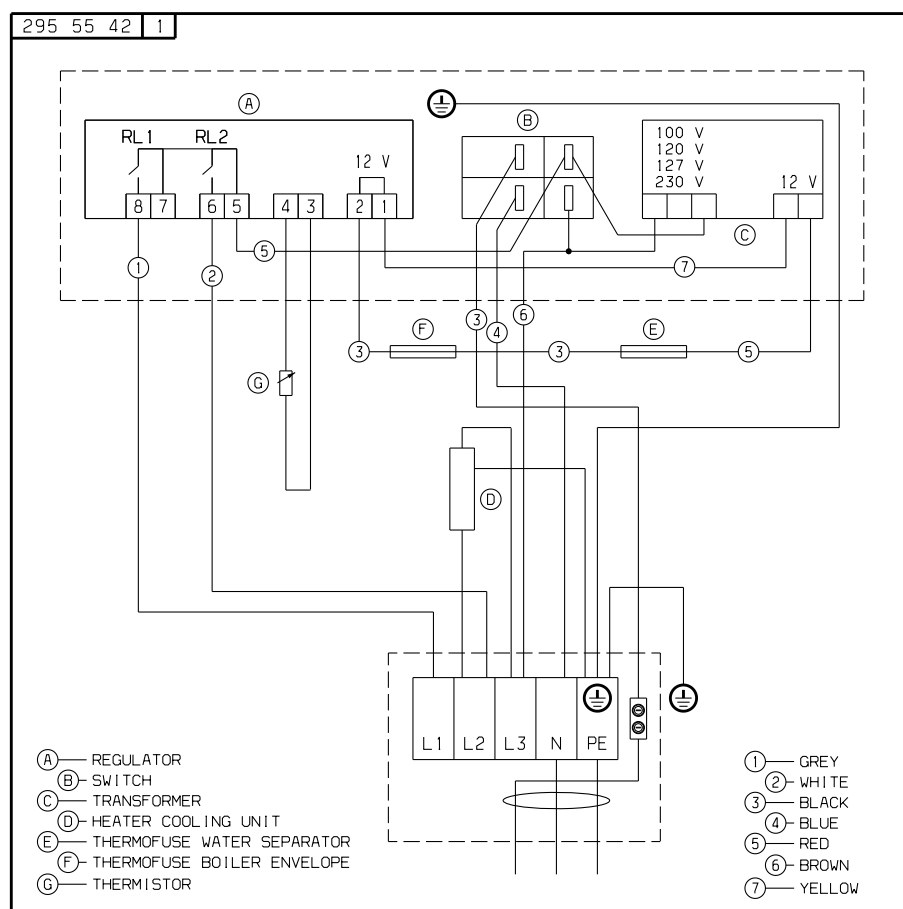

Number of shelves	Number of bottles
5	36
0	54

## APPENDIX B

### USA/CAN WARRANTY

### GARANTIE USA/CAN

## LIMITED WARRANTY

THE SELLER NAMED BELOW MAKES THE FOLLOWING WARRANTY WITH RESPECT  
TO THE DOMETIC WINE CELLAR:

### 1. ONE YEAR WARRANTY

1A. This Limited Warranty will be in effect for one year from date of purchase

1B. This Limited Warranty is made only to the First Purchaser (hereinafter called the "Original Purchaser") who acquired this product for their use. It is suggested the Original Purchaser retain a copy of the shipping invoice as evidence of the date of purchase.

1C. This Warranty covers all parts of the refrigerator which shall be free from defects in material and workmanship under normal use. This Warranty does not cover conditions unrelated to the material and workmanship of the product. Such unrelated conditions include, but are not limited to (a) faulty installation and any damage resulting from such; (b) the need for normal maintenance and any damage resulting from the failure to provide such maintenance; (c) failure to follow Seller's instructions for use of this product; (d) any accident to : and (e) acts of God or misuse of any part of this product and any alteration by anyone other than the seller.

1D. In order to obtain these benefits of this Warranty:

- (a) Contact the Seller Customer Service Department at 574-294-2511
- (b) Provide Seller Customer Service Department with product, model and serial number from product.
- (c) Seller will provide replacement parts on a no charge basis.
- (d) Seller will pay freight on replacement parts.
- (e) Original purchaser may be required to return defective parts when requested by seller.

### 2. FIVE YEAR LIMITED COOLING UNIT WARRANTY

2A. This Limited Warranty will be in effect for five years from the date of purchase.

2B. This Limited Warranty is made only to the First Purchaser (hereinafter called the "Original Purchaser") who acquired this product for their own use. It is suggested the Original Purchaser retain a copy of the shipping invoice as evidence of the date of purchase.

2C. This Five Year Limited Cooling Unit Warranty shall be free from defects in materials or workmanship as outlined in item 1C.

2D. In order to obtain the benefits of this Warranty:

- (a) Contact the Seller Customer Service Department at 574-294-2511
- (b) Provide Seller Customer Service Department with product, model and serial number from product.
- (c) Seller will provide replacement parts on a no charge basis.
- (d) Seller will pay freight on replacement parts.
- (e) Original purchaser may be required to return defective parts when requested by seller.

3. **The Seller does not authorize any person or company to create any warranty obligations or liability on their behalf. This warranty is not extended by the length of time which you are deprived of the use of the product. Repairs and replacement parts or complete product provided under the terms of this warranty shall carry only the non-expired portion of this warranty.**

4. **In no event shall Seller be liable for incidental or consequential damages. This includes any damage to another product or products resulting from a defect in seller's product. Some states do not allow the exclusion of incidental or consequential damages, so this limitation may not apply.**

5. **Any implied warranty, including the implied warranty of merchantability and fitness for any purpose, is limited to the duration of this limited warranty. Some states do not allow limitations on how long an implied warranty can last, so the above limitation may not apply.**

6. **THIS WARRANTY GIVES SPECIFIC LEGAL RIGHTS, YOU MAY ALSO HAVE OTHER RIGHTS WHICH VARY FROM STATE TO STATE.**
