Collins OXFORD

Talking Translator

Bi-Lingual Translator

Power Source

- The translator is powered by 2 AAA Alkaline (non-rechargeable) batteries (included).
- The translator can also operate via USB, connected to PC/laptop. Note batteries will not be charged via USB.
- It can be operated via mini USB adapter (not included), compatible with the cell phone devices in market, e.g. Blackberry, Nokia, Samsung etc.
- When batteries power is low, $\boxed{}$ appear on display. If this happens, replace batteries.
- Turn off the translator before replacing batteries.
- Do not use different types of batteries or used batteries.
- Make sure batteries make good contact with the metal plates.
- Always remove a weak or dead battery from the device.
- To avoid damage caused by leakage of battery fluid, replace batteries once every 6 months.
- Do not expose batteries to direct heat.

Micro-SD Reader

Micro-SD cartridge is provided on the side of translator. Micro-SD card (not included) could be used to download files to the translator. Micro-SD reader accepts card up to 8GB.

".txt files" file

1. Insert your Micro SD card.
2. Press 🔴 to switch the unit on and press TOOLS .
   Use down keys to select Text Reader, followed
   by ENTER .

> 4. Currency Conversion
> 5. Unit Conversion
> 6. Mp3 Player
> 7. My Recorder
> 8. Games
> 9. Science formula
> 10. Text Reader

File Manager

📁 Disk _E
📁 SD Card

---

3. Use (🔼 / 🔽) keys to select SD Card and
   press ENTER .
4. Use arrow keys to select the text file and press
   ENTER to read.

"MP3" file

1. Insert your Micro SD card.
2. Press ⏻ to switch the unit on and press **TOOLS**. Use down keys to select MP3, followed by **ENTER**.
3. Press **BACK** once to return to E:/, Press **BACK** again to return to File Manager. Use (🔽 / 🔼) keys to select MP3 and press **ENTER** to go to your MP3 folder files. Press **ENTER** again. Track listing will appear on the screen.
4. Use arrow keys to select the song and press **ENTER** or **F1** to listen.

USB

The translator can be connected to a computer via USB cable to download files as necessary. Note USB download works with Windows system only.
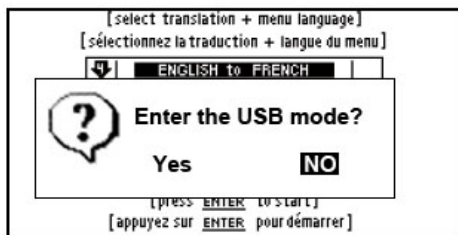

USB driver will automatically install first time you plug in the USB cable. You can copy text files and MP3 files to Removable Disk.
Disconnecting USB cable un-mounts Removable Disk and resets the translator.
1. Connect translator to a computer via USB cable.
2. The following message will pop up. Press

(1) key to highlight YES and press (ENTER) to confirm.

Reading ".txt files" in your Translator

1. Press TOOLS and select Text Reader.
2. Highlight Disk E and press ENTER to see your folder list.
3. Use arrow keys to select your desired file and press ENTER to read.

```
              File Manager
 ┌─ Disk _E
```

```
 E:/
 ┌─ ADD NEW WORDS
 ┌─ MP3
 ┌─ RECORD
```
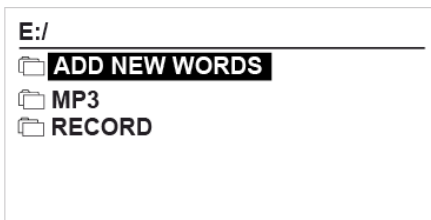

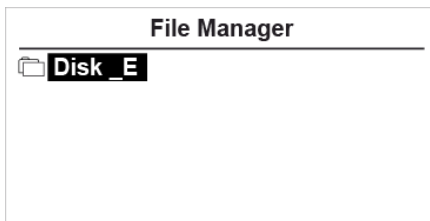

Reading "MP3 files" in your Translator

1. Press TOOLS and select MP3 Player.
2. Press (BACK) to return to E:/. Use ((🔊) / (🔽)) keys to select MP3 and press (ENTER) to confirm.
3. Use arrow keys to select the song and press ENTER or F1 key to listen.

5

Resetting the Translator

If the keyboard fails to respond, or if the screen performs erratically, you should reset the translator.

Remove the batteries. Put the batteries back after ~1 minute.
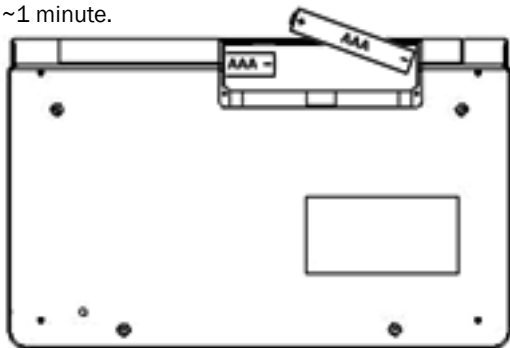

Key Functions

1. ⏻ : On/Off button. Translator has auto turn off function (3, 5, or 10 minutes). You can set the time under Tool → Shut Off Time. Factory default is set to 3 minutes.

2. **START MENU** : Main Language Menu.

3. **MENU LANG** : Menu language, select your language.

4. **TOOLS** : System Setup, Calculator, Conversions, My Record, Games, Science/Formula, Text Reader, User Manual, Copyright, Version.

5. **ZOOM** : Zoom. To view bigger font size.

6. **⎵** : Space.

7. **F1** : Text Translate menu, F1 function key. Or Common Phrases menu (for some models)

8. **F2** : Dictionary menu, F2 function key.

9. **F3** : Learning menu, F3 function key.

10. **F4** : Conjugation/Inflection, F4 function key.

11. **F5** : Sample phrases, F5 function key.

12. (SHIFT) : a) Capital letter. If Shift key is pressed twice, CAPS sign will appear on top right corner of screen.

   b) In cross word translation, press shift key, then press right arrow key (2) to highlight two or more words.

Tips: While typing letters with the shift key on a PC, the shift key + the letter key are pressed simultaneously, in the translator you have to press shift key once followed by the letter key.

For instance in TAMIL model:
On the PC keyboard:
Press & hold (SHIFT) key and press letter (D) to get "அ"
On the TRANSLATOR keyboard:
Press (SHIFT) key once (do not hold it down) then press letter (D) to get "அ".

---

13. (★âa) : **âá** - Accent key(Vowel). Press target alphabet, and then press the Accent key to get available characters. E.g. Press 'o', then press the Accent key to get [ò, ó, ô, õ, ö] etc.
   ★ - Favorites. In Translate or Dictionary mode, press this key to copy screen to your favorite list.

Tips: While typing letters with the 🔑 key on translator keyboard, you have to press the letter key once followed by the 🔑 key.
For instance in French model, on the translator keyboard press letter (A) once (do not hold it down) then press 🔑 key to get "á".

14. 🔑 Symbol. Type punctuation, ./... ?*- Wildcard. More powerful searches can be done using placeholder symbols (?)(*) to search your unknown letter, e.g. 'AMA?ING' to find 'amazing'; 'AMAZ*' to find 'amaze' or 'amazing'.

15. 🔑 : Escape. Return to previous screen.

16. 🔑 : Backspace. Delete the last input.

17. 🔑 : Speaker. Press to hear voice.

18. 🔑 / 🔑 : up/down and move to available voice option.

19. 🔑 / 🔑 : up/Down and Page up/Page Down.

20. 🔑 / 🔑 : Left/ Right.

21. 🔑 : Enter key. Type something, press this key to get translation.

Alphabet with Accent (Vowel)
(Available in some European model)

Some languages have their own alphabet with accent. Simply press the original key and key, to get the available characters.

E.g. English-French
In the home language of French.

Type in "e", display shows: "e"

Press once, display shows: "è"

Press twice, display shows: "é"

Press three times, display shows: "ê"

Press four times, display shows: "ë"

Alphabet with Accent (Vowel)

a á à â ä ă ā ã å ą æ	Press A, press 🔘 repeatedly to get your desired character.
c ć č ç	Press C, press 🔘 repeatedly to get your desired character.
d ď đ	Press D, press 🔘 repeatedly to get your desired character.

e é è ė ê ë ě ē ę ə	Press E, press 🔘 repeatedly to get your desired character.
g ğ ġ	Press G, press 🔘 repeatedly to get your desired character.
i í ì î ï ī į	Press I, press 🔘 repeatedly to get your desired character.
k ķ	Press K, press 🔘 repeatedly to get your desired character.

l í ľ ļ ł	Press L, press 🔘 repeatedly to get your desired character.
n ń ň ñ ŋ	Press N, press 🔘 repeatedly to get your desired character.
o ó ò ô ö õ ő ø œ	Press O, press 🔘 repeatedly to get your desired character.
r ŕ ř	Press R, press 🔘 repeatedly to get your desired character.

s ś š ş β	Press S, press [key] repeatedly to get your desired character.
t ť ţ	Press T, press [key] repeatedly to get your desired character.
u ú ù û ü ū ů ų ű	Press U, press [key] repeatedly to get your desired character.
y ý ÿ	Press Y, press [key] repeatedly to get your desired character.
z ź ż ž	Press Z, press [key] repeatedly to get your desired character.

Getting Started

Press 🔵 to switch the unit on and press (START MENU).
Use arrow keys to select translation and menu
language, then press (ENTER) to start.

(e.g. Model of English to French.)

| [select translation + menu language] |
| [sélectionnez la traduction + langue du menu] |

```
⬇    ENGLISH to FRENCH
     FRENCH to ENGLISH
     ENGLISH to ENGLISH
     DE L'ANGLAIS AU FRANÇAIS
     DU FRANÇAIS À L'ANGLAIS
     DE L'ANGLAIS À L'ANGLAIS    ⬆
```

[press ENTER to start]
[appuyez sur ENTER pour démarrer]

MENU LANGUAGE

You can select your desired displaying language by
pressing (MENU LANG) repeatedly or using arrow keys and
then press (ENTER).

START MENU

Use arrow keys to select translation and menu
language, then press (ENTER).

15

1. TEXT TRANSLATE (F1)

Type any word or phrase and press ENTER. If your input is found in the available database, you will be offered the option. You can navigate with arrow keys to desired option and find the exact translation.

If not, the Text Translation Technology (CITE) will be used. The result should be used as reference rather than exact translation.

```
