

## IS741A ADDITIONAL DOORBELL REGISTRATION INSTRUCTIONS

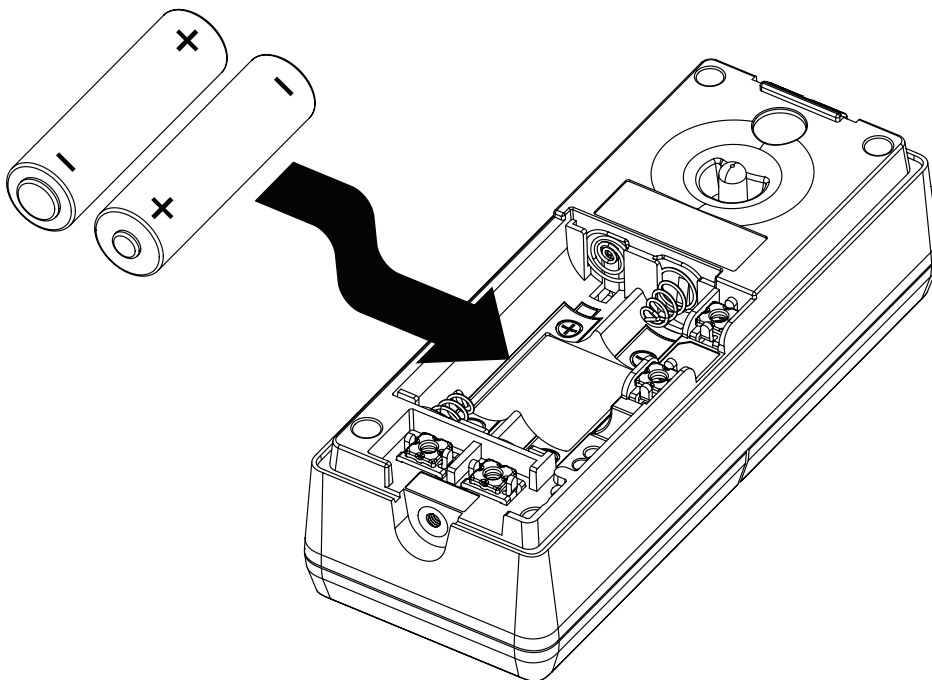

This additional doorbell has been designed to operate with the IS7121A/IS7121-2A telephone system. Please refer to your IS7121A/IS7121-2A user's manual for instructions on general functionality.

### Package Contents

- Doorbell with wall mount cover
- AA Alkaline batteries (2)
- Screw for doorbell (bottom)
- Screw for doorbell (wall mount)
- Wall anchors
- Double-sided adhesive tape

### Install Battery into Your IS741A Doorbell

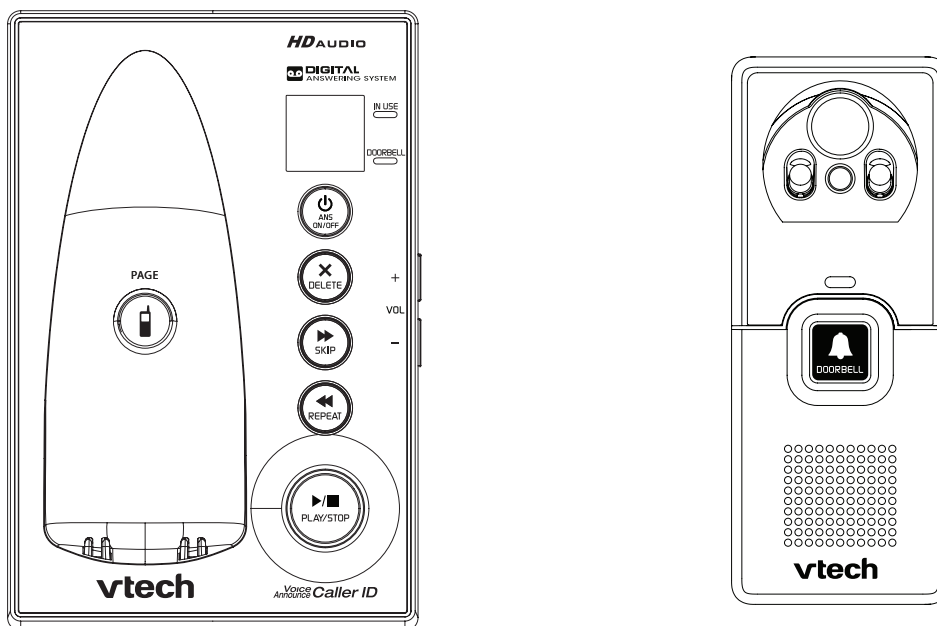

1. Remove the wall mount cover at the back.
2. Install two AA batteries into the battery compartment, matching the polarity markings (+ and -) inside the battery compartment.

## Registering an Additional Doorbell

The IS741A additional doorbell must be registered to the telephone base before use. Your IS7121A/IS7121-2A accommodates up to two doorbells. To register the doorbell to your IS7121A/IS7121-2A, follow the instructions below.

Make sure the doorbell is powered on before pairing it to the telephone base.

1. Press and hold **🔔/PAGE** on the telephone base for about four seconds until the **IN USE** light turns on.
2. Press and hold **🔔/DOORBELL** on the doorbell about 10 seconds until the doorbell light flashes slowly. The doorbell light turns on steadily and you hear a confirmation tone from the doorbell when the registration is successful. It takes about 60 seconds to complete the registration process.

**If you have any problems with your doorbell, refer to the TROUBLESHOOTING section of your IS7121A/IS7121-2A User's manual.**
