ZS55	Battery Operated 10 LED String Fairy Light Party Garden Xmas Warm White	Light color: Warm white Lighting mode: Steady on LED quantity: 10 x Lighting Emitting Diodes LED: F5 Battery: 2 x AA battery (NOT included) Shape: wired ball Size: 7.5 x 3.2 x 1.8 cm (battery box) Cable length: 1.2 m LED space: 10 cm	1 x Light string In original package	
CR14	Warm White 40 LED Battery String Lamp Light Fairy Christmas Party	LED Quantity: 40 String length: Approx. 4.0m Light Color: warm white LED space: 10cm Powered by 3 x AA battery (not included) With control switch to adjust the switch and flashing Note: The style of this item will be randomly selected.	1 X LED battery string light	
BW02	Solar Power 20 LED String Fairy Lights Outdoor Party	20 LEDs Light color: blue String length: 2 meters Distance between LEDs: 7.5cm Solar panel size: 5cm x 4cm Rating power: 0.3W Voltage: 1.2V Mode: steady on With 600mAh NI-MH rechargeable battery Charging time in sunshine: more than 6 hours With light sensor, the LEDs will turn off automatically in the daytime.	1 X 20 LED fairy lights string 1 X Bracket 1 X Base	
BV49	Solar Power 100 LED String Fairy Lights Outdoor Party	100 LEDs Light color: white Length: 16.5 meters LED spacing: 15cm String color: green Solar panel size: 6.2cm x 5cm Rating power: 0.5W 2 selectable modes: flash and steady on Charging time in sunshine: more than 6 hours With light sensor, it will auto turn off the LEDs when the sunshine is very bright in the daytime. Note: Switch is at the bottom of the solar battery box. For the first time use, please tear the protective plastic film off the solar battery panel. 1. High-quality solar panels, efficiently convert the solar radiation into electric energy 2. With built-in high capacity rechargeable battery to satisfy the long time power supply need in rainy days. 3. With the light sensor, turn on the switch, it	1 X 100 LED fairy lights string 1 X Bracket	

BR17	Mini 20 LED Wedding Party Christmas String Fairy Lights	<p>20 LED bulbs Powered by 3 AA batteries (not included) LED uses 70% less energy and have 4 times the life of similar incandescent string lights</p> <p>2 operating modes: Steady mode: the light is always on Twinkling mode: all the bulbs blink at the same time (on-off-on-off...)</p>	1 x LED string fairy lights	
CQ70	Battery Power Multicolor 20 LED Christmas String Fairy Lights	<p>Operates on 3 AA batteries (not included) 20 LEDs Multicolor LED space: 10 cm</p>	1 x LED string fairy lights	
BX01	Solar Power 50 LED String Fairy Lights Outdoor Party	<p>50 LEDs Light color: white String color: green Length: 7 meters Distance between LEDs: 10cm Solar panel size: 5cm x 4cm Rating power: 0.3W Voltage: 1.2V 2 selectable modes: steady on or flashing Built-in rechargeable battery Charging time in sunshine: more than 6 hours With light sensor, the LEDs will turn off automatically in the daytime.</p>	<p>1 X 50 LED fairy lights string 1 X Stand 1 X Panel</p>	
BL142	Solar Power 50 LED Light String Fairy Xmas Garden Party Warm White Waterproof 7M	<p>Material: PP LED lamp beads: F5 50 x Light Emitting Diodes Color: Warm White Work mode: 1. steady on 2. flashing (switch control) Battery: AA 1.2V 400MAH 1 Ni-MH rechargeable battery (built-in) Charging time: 8 hours Working time: 8 hours Waterproof grade: IP44 Product Dimensions: Solar battery box: 7.7 * 6.7 * 2.2cm Total height: 24cm (10cm ground rod included) Cable length: 7 meters Lamp bead spacing 10 cm Switch is at the bottom of solar battery box.</p>	<p>1 x Solar fairy light string 1 x Bracket 1 x Ground rod Packaged in white box</p>	
BL141	Solar Power 100 LED Light String Fairy Xmas Garden Party 4 Colors Waterproof 12M	<p>Material: PP LED lamp beads: F5 100 x Light Emitting Diodes Color: Red (25) Green (25) Blue (25) yellow (25) Work mode: 1. steady on 2. flashing (switch control) Battery: AA 1.2V 400MAH 1 Ni-MH rechargeable battery (built-in) Charging time: 6 hours Working time: 6 hours Waterproof grade: IP44 Product Dimensions:</p>	<p>1 x Solar fairy light string 1 x Bracket 1 x Ground rod Packaged in white box</p>

IE99	5M 3528 SMD 300 LED RGB Light Strip for Boat Bar Car + 24 Keys IR Controller	<p>LED strip: RGB Color changing LED type: 3528 SMD View angle:120° Working voltage: 12V DC 300 LEDs Working temperature:-20°C to 50°C Luminous flux: 3000 lm Size: 500cm (5M) x 0.8cm x 0.25cm</p> <p>24 Keys IR Remote Controller: 4 colors changing (flashing / flashing frequently / fading / smooth) 16 colors can be chosen If the remote controller's color does not match with the light's color, please operate by following the instructions below: 1. Turn the light off by ON/OFF key of the remote controller . 2. Place the remote controller towards the signal receiving port of the controller and press the key on the lower right corner(24 keys remote controller: Please press "SMOOTH" key. 44 keys remote controller: Please press "FADE7" key). If the strip light</p>	<p>1 x Light strip 1 x Remote controller</p> <p>1 x User guide Note: This product does not contain power supply</p>	 
I205	CroLED 5M 5050 SMD 150 RGB LED Flexible Strip Light Car Auto Bar+44 Keys Remote	<p>Strip light</p> <ul style="list-style-type: none"> ● Brand: CroLED ● Warranty: Two years ● LED quantity: 150/5M, 30 per meter ● 3 LEDs per group, can be cut ● Dimension: Approx. 5m x 10mm x 2.2mm (L x W x H) ● Colors: 16 different colors ● Lighting modes: Flash, Strobe and Fade ● Lighting angle: 120° <p>24keys IR remote control</p> <ul style="list-style-type: none"> ● Controller input voltage: DC 12V ● Controller working current: 6A (Max.) ● Service life: 100000 hours ● With 6 custom color keys, first press "custom color" once, then use the color adjustment button, and then press the "Custom Color" button ● once and save the set color. Then you press this key at any time, the color of the light is the same as the set one. 	<ul style="list-style-type: none"> ● 1 X LED strip ● 1 X 44 key Controller ● 1 X User manual <p>In original package Note: This product does not contain power supply</p>	

R945	5M 3528 SMD 300 RGB LED Strips Light Lamp 12V DC +44 Keys Remote	<p>Length: 5 m 300 x Light emitting diodes LED type: 3528 SMD Lighting color: RGB((with 44 keys remote controller: for the remote controller's detailed description, please refer to the user manual) Voltage: DC 12V If the remote controller's color does not match with the light's color, please operate by following the instructions below: 1. Turn the light off by ON/OFF key of the remote controller . 2. Place the remote controller towards the signal receiving port of the controller and press the key on the lower right corner(24 keys remote controller: Please press "SMOOTH" key. 44 keys remote controller: Please press "FADE7" key). If the strip light flashes, it indicates successful adjustment. 3. Turn the light on by ON/OFF key of the remote controller and observe whether the lighting color is matched with the remote controller's color. If the lighting color is still not matched with the remote controller's color, then repeat the steps above until the color is matched(6 times for a cycle). Note: 1. There are positive and negative pole</p>	<p>1 x LED light strip 1 x 44 Keys remote controller 1 x English user manual In original package Note: This product does not contain power supply</p>	
CY31	10M 3528 SMD 600 Cool White LED Flexible Strip Light Car Auto 12V	<p>LED type: 3528 SMD LED quantity: 600 (60 LEDs per meter) Light color: cool white Color temperature: Approx. 6000K Length: 10M Lighting angle: 120° Working temperature: -20 °C ~ +60°C 3 LEDs per group and can be cut Mounting with 3M adhesive tape on the back</p>	<p>1 X LED strip In original package Note: This product does not contain power supply</p>	
BK353	5M RGB 6803IC LED Strip Light Chasing Magic Dream Color Controller Addressable	<p>"Light strip: p length: 5M ●LED type: 5050 SMD LED ●Chipset type: 6803 IC ● 150 x Light Emitting Diodes ●Power: 36W (7.2W per meter) ●Light color: RGB multicolor ●Lighting angle: 120° ●Working voltage: 12V DC ●Waterproof grade: IP68 ●IC qty.: 10 pcs per meter Controller: ●Dimension: 93 x 58 x 25 mm (L x W x D) ●Working voltage: 12V DC ● By adopting two groups of SPI signal outputs, this controller can control the light strip within 50 meters and run 500 pieces of 6803 ICs. ● Adopts controller panel, choose and adjust speed through the wireless frequency remote control with 8 buttons. 133 different changing modes and speeds (please refer to the user guide for details) ● With memory storage function, which means data can be saved even when there is a power failure. Remote control:</p>	<p>1 x 5M LED Strip 1 x Remote Control 1 x Controller 2 x Signal Wire 1 x User Guide in English In original package Note: This product does not contain power supply.</p>
