Rockdale®

Company History

Rockdale Europe Limited a Manufacturing & Distribution company for Terrestrial & Satellite TV products and new trends in consumer and professional electronics.

Our primary function is to broaden the horizons of Terrestrial & Satellite TV to the mass market, identify and promote innovative products and trends in the electronics industry and have the ability to set up distribution, source or OEM manufacture such products for the these markets at realistic prices.

In the past members of **Rockdale Europe Limited** have won some prestigious awards for innovative consumer electronic products which have been sold thru-out the World gaining a large market share in the field they targeted.

Rockdale Europe Limited are well known in the Terrestrial & Satellite TV field and consumer electronics industry and constantly seek new company marketing opportunities which fits into its objectives and resources.

REACH & RoHS

As one of the most respected companies in our market, it is natural for us to bring only items on the market, which meet relevant policies and laws.

1. All our electronic products are tested and evaluated within the REACH Regulations and requirements.

2. We do not produce chemical substances and products, therefore we are a non producer, according to the REACH Regulation.

3. As an importer from third countries, we also bring no products into circulation, which release chemical substances. Therefore up to the present time there is no registration or notification requirements necessary according to the REACH regulations under article 6 & 7.

As a supplier we are aware of our responsibility for information, and will continue to take care of our responsibilities.

The EC Directive 2002/95/EC on the restriction of certain hazardous substances in electrical and electronic equipment, the use of hazardous substances in equipment and components will be controlled. Many raw materials in the electronic products are considered environmentally hazardous.
Examples are:
Lead, cadmium, mercury, chromium, polybrominated biphenyls (PBB) and polibromierte diphenyl ethers (PBDE).

The implementation of the RoHS Directive is one of the most complex projects in the Electronics industry.
Nonetheless: All our products do comply with RoHS directives.

Easyfind Compatible

Features:
Station presets: 5,000
Super Fast Teletext: 800 pages
Software update via satellite Astra1 19 ° East: Yes
Software update via USB: Yes
Low power consumption in standby mode: Yes
Electronic Program Guide EPG: (channel dependant) Up to 7 days in advance
Favourites Lists: 8
Optical Satellite Finder: Yes
Acoustic satellite finder: Yes
Plug & Play: Yes
Remote volume control: Yes
Number OSD languages: 18
Channel list editor: Yes
Automatic channel search (no data necessary): Yes
Manual tuning: Yes
Program Search by name: Yes
Multi-function timer: 8-fold
Sleep Timer: Yes
Timer function coupled with EPG: Yes
Parental Control: Yes
Currently pre-programmed: Yes
Short switching: Yes
Last Channel Memory: Yes
4:3 / 16:9 letterbox format auto detection: Yes
Optional image output format: Yes
Teletext on OSD: Yes
Radio reception with background display: Yes
4-digit LED display: Yes
Games: 3

SL6012HD

Connections:

Satellite F connector input: Type F, IEC 169-24
USB interface
HDMI port
Euro SCART connector for TV
Digital coaxial audio output of S / PDIF
Digital optical audio output of S / PDIF

W x D x H: 280 x 175 x 45mm

Rockdale®

Rockdale REL5012 HD

Features:

Will indicate that you are on a satellite for quick and easy installation
5000 Channels
Software upgrade through USB 2.0
USB 2.0 interface for external portable hard disk for MP3 & JPEG playback and video player, PVR
Record digital television program to a USB Flash Drive or an external USB portable hard disk and
playback via USB2.0
MPEG-4 H.264/AVC Main Profile Level 3 and High Profile Level 5 video decoder
MPEG-2 MP@HL and MP@ML video decoder
MPEG-1 Layer I & II, Dolby Digital Audio, E-AC3, WMA and HE-AAC Digital Audio decoder
DivX 3.X ~ 6.X, JPEG, BMP, PNG, Motion JPEG, AVI, VOB, MOV, MKV decoding supported
Music player, Photo browser and video player function supported
Various channel editing function (Favourites, Move, Lock, Rename, and Delete)
HDMI 1.2 output with HDCP

Specification:

Tuner
Input Frequency Range: 950MHz-2150MHz
Demodulation: QPSK/8PSK
Video Decoder
Standard: ISO/IEC 13818-2 & ISO/IEC 14496-10
Video Decoding: PAL/NTSC/AUTO
Video Resolution: 576i, 576p, 720p, 1080i
Aspect Ratio: 4:3, 16:9
Audio Decoder
Standard: ISO/IEC 13818-3 & TR1011154
Sample Rate: 32, 22.1, 44.1, 48
Rear Panel
CVBS outputs: 3xRCA
Optical: Coaxial
Scart: 1 Output
HDMI: Digital HDTV video output
Power
Input Range: DC 12V/1.5A
Power Consumption: Max 30W
Dimensions: 200mm x 136mm x 42mm

Remote Infra Red Eye

Receiver specification.

- 800 pages Super fast videotext
- 4,500 channel memory positions
- Built-in optical and acoustic satellite finder
- Multilingual on-screen menu
- 8-way multi-function timer
- DiSEqC 1.2 control
- Go-to-X function
- EPG electronic program guide (broadcast dependent)
- Parental Control
- Timer programmable via EPG
- Format selection 4:3 / 16:9 Letterbox
- Automatic channel scan
- Various favourites lists possible
- Program swap function
- Currently pre-programmed
- Radio reception with background display
- Last station memory
- Suitable for 12-volt operation and for 230-volt operation

Connections

- 1 x SAT-F-connection
- 1 x HDMI socket
- 1 x Remote Eye
- 1 x Power socket for 12v or 240v adapters (supplied)

Dimensions

- W x D x H: 100 x 60 x 30mm

Rockdale®

20

Semi-professional
Digital Satellite Meter

R-DSFD2

Features:

LCD display
Supports DVB-S & DVB-S2
Microprocessor controlled
Multi standard demodulation & decoding
Satellite signal quality
Satellite signal intensity
Set up L.O. Frequency of LNB
Set up parameters of satellite
Built-in signal alert buzzer
Built-in compass
LCD backlight
Buzzer
DC pass to LNB
Built in 0/22KHz & 13/18v V-H
DC input for battery
Excellent Sensitivity

Comes complete with:
Battery pack for 4 x AA batteries
In-built compass
1.5m 'push on' quick connect fly lead
Male – Male 'F' connector
User Manual

Rockdale®

LCD Digital Satellite Finder
## R-DSFD

Features:

LCD display
Microprocessor controlled
Satellite signal intensity
Built-in signal alert buzzer
LCD backlight
Buzzer
Attenuation control function
DC pass to LNB
Built in 22KHz
Excellent Sensitivity

Specifications:

Input frequency: 950 – 2150 MHz
Input level minimum: -40dBm
Input level maximum: -10dBm
Input impedance: 75 ohm
Output impedance: 75 ohm
Power: 13 – 18v DC
Operating range: 52 -60dB

Controls/Functions:
1. LNB Connecting Port
2. Receiver Connecting Port
3. Compass
4. Buzzer Control Key
5. LED Backlight Control Key

6. ATT Increasing Key
If the incoming signal is too strong, (the thermometer-scales shows max and the signal strength value shows 99 it can easily be attenuated by enabling this "attenuation" function, to reduce the incoming signal to a lower level. There are four step attenuation.
7. ATT Reducing Key(The function is contrary to above item)
8. LCD Graphic Display
It can display various measured parameters for the function you selected. It has LED Backlight which user can turn on or turn off.
9. Adjustable knob

Reliable & Accurate
Comes in a good quality consumer orientated neutral box

Rock**dale**®

Satellite Finder
R-DSFA

Features:

Indicating LED,s
Satellite signal level
Built-in signal alert buzzer
LCD backlight
Buzzer
Compass
DC pass to LNB
Excellent Sensitivity

Specifications:

Input frequency: 950 – 2150 MHz
Input level minimum: -40dBm
Input level maximum: -10dBm
Input impedance: 75 ohm
Output impedance: 75 ohm
Power: 13 – 18v DC
Operating range: 52 -60dB

Reliable & Accurate
Comes in a good quality consumer orientated neutral box

Rockdale®

Accessories

Military grade Compass
R-OCMP

Features:

•Tough Durable Body, Rugged Metal Case
•Liquid Filled Compass for Stability
•Floating Luminous Dial
•Adjustable Luminous Marching Line
•Thumb Hold and Magnifying Viewer
•Sighting Hairline
•Ideal for Locating Position on a Map or in the Field
•1: 50000 Metre Scale For Map Measurements
•Can be used for Satellite Signal Location

Specifications:

•Material: Zinc alloy casing, damping dial, ABS disk, copper, etc
•Size: 6cm 5.8cm 1.9cm (unfolded), 7.5cm 5.5cm 2.6cm (folded)
•Lens Diameter: 4.5cm
•Liquid filled: Clear Oil
•Colour: Navy green
•Weight: 80 Grams

Compass   Specifications :

Dial with a magnifier attached, the scale is precise with a diameter of 45mm and can be revolved .
Folding shell, cast by engineered metal alloy, 2mm average thickness, very solid.
Compass scale in the proportion of 1:25000 on the side of outer shell to measure the distance on a map.
You can judge the deflexion utilizing a direction measure apparatus.
Metal wire fixed on the cover is used to locate positions on a map or in the field.
A secure clasp is designed to prevent the cover from opening itself.
Filled with a special oil inside the dial for accuracy.

Reliable & Accurate
Comes in a good quality consumer orientated neutral box
