Reconnection

1. Turn on Bluetooth on phone.
2. Switch on the P253 BT by press the multifunction button for 3 seconds.
3. If your device was the latest one to be paired with the P253 BT it will connect automatically otherwise please repeat pairing section.

Charging the Headset

The P253 BT can be charged while switched on or off.
1. Insert the micro USB cable into the P253 BT and the USB side into a power source. (We recommend the Home Charger 4500).
2. When the Blue light on constantly the P253 BT is fully charged.
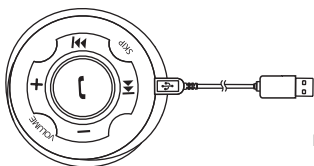

Home Charger 4500

It is recommended to fully charge before initial use for better battery life.

Cautions

- Wireless connections are affected by obstructions such as walls, human body and other devices.
- Keep P253 BT dry, moisture may damage electronic components.
- Exposure to high temperature will shorten the life and damage electronic components.
- Opening / altering the P253 BT voids all product warranty.
- Rough handling may damage inside electronic components.
