## Amplifiers

### Panasonic

#### 4/3/2 Channel Amplifier

**Part Number:** CYP4003U

**Product Features:** 1000 Watts (250W x 4) peak power • 250 Watts (64W x 4) RMS power @ 40hms • 225 Watts x 2 in bridged mode • Gold-plated RCA connectors and speaker terminals • Adjustable bass boost control (0dB - 15dB) • 50Hz - 250Hz adjustable LPF and HPF

(Crossovers) • Speaker level input • Easy level adjustment after installation (200mV - 6V) • Switchable input model for high-level and low-level • Servo drive circuit for PMW DC-DC converter • Line-out for another power amplifier • Thermal shutdown protection circuit • Indication LED • Blue illumination • Size : 13-1/8"W x 11"H x 2-7/16"D

### Panasonic

#### Mono Block Amplifier

**Part Number:** CYPAD1003U

**Product Features:** 1100 Watts peak power • 350 Watts RMS power @ 40hms • Gold-plated RCA connectors and speaker terminals • Adjustable bass boost control (0dB - 15dB) • 50Hz - 250Hz adjustable LPF and

HPF (Crossovers) • Speaker level input • Subsonic filter • Easy level adjustment after installation (200mV - 6V) • Switchable input model for high-level and low-level • Servo drive circuit for PMW DC-DC converter • Line-out for another power amplifier • Thermal shutdown protection circuit • Indication LED • Blue illumination • Size : 11-15/16"W x 11"H x 2-7/16"D

## Radios

### DELPHI

#### Installation Kit

**Part Number:** PP803750

**Product Features:** Installation kit for the rear seat audio control that works with all variations of Delphi radios DEA 300 and DEA 222. Includes:

DRSA Green Display; T-jumper; Harness Cab Section; Harness Sleeper Section; Harness Terminating Resistor.

### DELPHI

#### AM/FM Stereo Receiver with Weatherband

**Part Number:** PP103213

**Product Features:** LCD Display Technology with LED Lighting • Rotary Knobs with Halo Lighting • Weatherband • Auto Store Memory • Aux Audio Inputs

### DELPHI

#### X250 Series AM/FM CD/MP3/Receiver

**Part Number:** 24070535

**Product Features:** CD EON/RDS Tuner Radio • Digital Audio/MP3 Playback • Anti-shock Memory (30s Audio/120s MP3) • 4 x 45 Watts

Music Power • AM/FM Tuner with 30-station Memory • Multicolored Display / Green Button Illumination • CD/CD-R/CD-RW Drive • Flip-down, Detachable Front Panel • Bass/Treble/Balance/Fader • DSP Sound Effect (Classic, Pop, Rock, Flat) • 2 x LINE OUT (e.g. for iPod® / HDD30) • Phone Mute

### DELPHI

#### Heavy-Duty AM/FM/CD Player with Built-In XM Satellite Tuner\* with Weatherband

**Part Number:** PP102273

**Product Features:** Built-In XM Satellite Radio

Tuner • iPod Capable • MP3 Playback Capability • Program Search & Scan • Random & Repeat Play Modes • 18FM/6AM Presets • 6-channel Weatherband • 12 Satellite Presets • Gen 7 Digital Tuner • Scan/Seek • Auto Preset Stations • Auto Store Memory • Sound Adjustment Mode for Bass, Treble, Balance and Fade • Rotary Volume Control • Liquid Crystal Display • Alarm Clock • Anti-Shock Memory • Steering Wheel Control Compatible • SAE J 1455 Compliant \*Requires Interoperable Satellite Radio Antenna (PP802170 or PP802458) to receive XM satellite radio programming.

### DELPHI

#### Heavy-Duty AM/FM/CD Player with Built-In Sirius Satellite Tuner\* with Weatherband

**Part Number:** PP102275

**Product Features:** Built-In Sirius Satellite

Radio Tuner • iPod Capable • MP3 Playback Capability • Program Search & Scan • Random & Repeat Play Modes • 18FM/6AM Presets • 6-channel Weatherband • 12 Satellite Presets • Gen 7 Digital Tuner • Scan/Seek • Auto Preset Stations • Auto Store Memory • Sound Adjustment Mode for Bass, Treble, Balance and Fade • Rotary Volume Control • Liquid Crystal Display • Alarm Clock • Anti-Shock Memory • Steering Wheel Control Compatible • SAE J 1455 Compliant \*Requires Interoperable Satellite Radio Antenna (PP802170 or PP802458) to receive Sirius satellite radio programming.

### Panasonic

#### AM/FM Cassette Receiver with Weatherband

**Part Number:** CQ2130

**Product Features:** ISO CONNECTOR • Auto

Preset Memory • Max Output 37W x 4 • Loudness and Mute • Dual (switchable) Color LED Illumination • Built-In Quartz Clock/Alarm

## Panasonic

**Heavy-Duty AM/FM MP3/CD Player with Weatherband**

**Part Number:** CQ5250

**Product Features:** ISO CONNECTOR • Front

Aux Input (Music Port) • Front USB Input • Digital USB Direct Control for iPod® • CD-R/RW Playback • 7-Channel Weatherband • 6 AM/12 FM/ 7 WB Presets • Separate Bass, Treble, Balance and Fade Controls • LED Backlighting • Built-In Quartz Clock • SQ (Sound Quality) • Maximum Output Power 45W x 4 • SAE J-1455/J-1939 Compliant

## Panasonic

**Heavy Duty AM/FM MP3 CD Radio with Weatherband**

**Part Number:** CQ5251JU

**Product Features:** ISO CONNECTOR •

45 Watts x 4 • Front and Rear Aux-In • Front USB with iPod Controls • 7 Channel Weatherband • SAE J-1939/J-1455 Compliant • SQ3 Sound Quality

## Panasonic

**Heavy-Duty AM/FM CD Player with Weatherband**

**Part Number:** CQ5101

**Product Features:** ISO CONNECTOR • Front

Aux In • 44 Watts x 4 • SQ3 Sound Quality • LED Lighting • 7 Channel Weatherband • 18 FM Presets and 6 AM Presets

## Panasonic

**Heavy-Duty AM/FM MP3/CD Player/Receiver with Weatherband**

**Part Number:** CQ5302

**Product Features:** ISO CONNECTOR •

Satellite Radio Ready (XM/Sirius)\* • Weatherband

• 6 AM and 12 FM Presets • Auto Preset and Scan • Separate Bass, Treble, Balance and Fade controls • LED Backlighting • Built-in Quartz Clock • SQ (Sound Quality) • Maximum Output Power 37W x 4 • SAE J-1455 Compliant \*Requires satellite receiver and antenna kit to receive satellite radio programming. For XM use kit PP801785-CQ5302 sold separately. For Sirius use kit SIRPAN1B sold separately.

## Panasonic

**MP3/WMA/CD Player/Receiver with CD Changer Control**

**Part Number:** CQC300

**Product Features:** Front Aux Input (Music

Port) • Satellite Radio Ready (XM/Sirius)\* • Ready for iPod® • Rotary Knob Control • WMA/MP3 Playback from CD-R/RW Discs • Preamp-out (front, rear, subwoofer) • 18 FM and 6 AM Presets • CD Changer Control • Expansion Module Ready • Hands-free Phone System Ready (CYBT100 sold separately) • Level Meter • SQ (Sound Quality) • MOS-FET High Power Amp 50W x 4 Max • Removable Full Front Panel \*To receive Sirius satellite radio programming use SC-C1 (Sirius Tuner) with harness (CA-PANSC1U). To receive XM satellite radio programming use CNP2000U (XM Mini-Tuner) with harness (CNPPAN1). Both sold separately.

## Panasonic

**AAC/MP3/WMA/CD Player/Receiver with CD Changer Control**

**Part Number:** CQC500

**Product Features:** Front Aux Input (Music

Port) • Satellite Radio Ready (XM/Sirius)\* • Ready for iPod® • Rotary Knob Control • AAC/WMA/MP3 Playback from CD-R/RW Discs • Preamp-out (front, rear, subwoofer) • 18 FM and 6 AM Presets • CD Changer Control • Expansion Module Ready • Hands-free Phone System Ready (CYBT100 sold separately) • Variable Seven-color Display • Two-line Text Display • SQ3 (3-band Sound Quality) • MOS-FET High Power Amp 50W x 4 Max • Removable Full Front Panel \*To receive Sirius satellite radio programming use SC-C1 (Sirius Tuner) with harness (CA-PANSC1U). To receive XM satellite radio programming use CNP2000U (XM Mini-Tuner) with harness (CNPPAN1). Both sold separately.

## Panasonic

**AAC/MP3/WMA/CD Player/Receiver with full Dot Matrix Display**

**Part Number:** CQC700

**Product Features:** Satellite Radio Ready (XM/

Sirius)\* • Ready for iPod with Rotary Knob Control • Preamp-Out (front, rear, subwoofer) • AAC/WMA/MP3 Playback from CD-R/RW Discs • 18 FM and 6 AM Presets • DVD/CD Changer Control • Expansion Module Ready • Hands-free Phone System Ready (CY-BT100 sold separately) • Customizable Display • Spectrum Analyzer • SQ7 (7-band Sound Quality) • MOS-FET High Power Amp 50W x 4 Max • Motorized and Removable Full Front Panel \*To receive Sirius satellite radio programming use SC-C1 (Sirius Tuner) with harness (CA-PANSC1U) - both sold separately. To receive XM satellite radio programming use CNP2000U (XM Mini-Tuner) with harness (CNPPAN1) - both sold separately.

## Panasonic

**AM/FM MP3/CD Player/Receiver**

**Part Number:** CQCP134

**Product Features:** Front Aux Input (Music

Port) • MP3 Playback • 6 AM/12 FM Presets • Separate Bass, Treble, Balance and Fade Controls • Built-in Quartz Clock • Sound Quality EQ • Maximum Output Power 50W x 4

# Audio & Video Systems

## Panasonic

**MP3/WMA/CD Player/Receiver**

**Part Number:** CQRX100

**Product Features:** Front Aux Input (music port) • WMA/MP3 Playback from CD-R/RW Discs

• Preamp-out (rear) • 18 FM and 6 AM Presets • SQ3 (3-band Sound Quality) • Removable full front panel

## Panasonic

**MP3/WMA/CD Player/Receiver with**

**Digital USB Direct Control for iPod®**

**Part Number:** CQRX400

**Product Features:** Front Aux Input (Music

Port) • Front USB Input • Digital USB Direct Control for iPod • Ready for iPod with Rotary Knob Control • Satellite Radio Ready (XM/Sirius)\* • Preamp-Out (front, rear) • AAC/WMA/MP3 Playback from CD-R/RW Discs • 18 FM and 6 AM Presets • CD Changer Control • Expansion Module Ready • Hands-free Phone System Ready (CY-BT200 sold separately) • Blue-tooth® Audio Ready (CY-BT200 sold separately) • SQ3 (3-band Sound Quality) • MOS-FET High Power Amp 50W x 4 max • Removable Full Front Panel \*To receive Sirius satellite radio programming use SC-C1 (Sirius Tuner) with harness (CA-LSR01U) - both sold separately. To receive XM satellite radio programming use CNP20000U (XM Mini-Tuner) with harness (CNPPAN1) - both sold separately.

## Panasonic

**AM/FM Radio with Weatherband**

**Part Number:** CRW402

**Product Features:** Weatherband • 6 AM/ 12 FM Presets • Auto Preset Memory • 4-Channel

High Power Amp • Separate Bass, Treble, Balance and Fade Control • LED Backlighting • Built-In Quartz Clock • SAE J-1455 Compliant

## Panasonic

**6 1/2" Two-Way Speakers**

**Part Number:** CJA1623

**Product Features:** Peak Power Rating: 160 watts • Frequency Range: 35 Hz-22 kHz • Frequency Response: 92 dB SPL • Sold in pairs with grills

## Panasonic

**6"x 9" Three-Way Speakers**

**Part Number:** CJA6933

**Product Features:** Peak Power Rating: 250 watts • Frequency Range: 28-50 kHz • Frequency Response: 93 dB/ W/ m • High Rigidity Polypropylene Injection Cone • Sold in pairs with grills, wire and hardware

## Panasonic

**4" Two-Way Speakers**

**Part Number:** EAKPP4

**Product Features:** 70 Watts Peak Power • 60 Hz-22 KHz Frequency Response • 88dB Sound Pressure Level • Sold in pairs with grills, wire & hardware

## Speakers

## Panasonic

**4" Two-Way Speakers**

**Part Number:** CJA1023

**Product Features:** Peak Power Rating: 80 watts • Frequency Range: 45 Hz-22 kHz • Frequency Response: 90 dB SPL • High Rigidity Polypropylene Cone • Shallow Mounting Depth 1.626" • Sold in pairs with grills

## Panasonic

**5 1/4" Two-Way Coaxial Speakers**

**Part Number:** EAKPP5

**Product Features:** 80 Watts Peak Power • 50 Hz-22 KHz Frequency Response • 90dB Sound Pressure Level • Sold in pairs with grills, wire & hardware

## Panasonic

**5 1/4" Two-Way Speakers**

**Part Number:** CJA1323

**Product Features:** Peak Power Rating: 120 watts • Frequency Range: 40 Hz-22 kHz • Frequency Response: 91 dB SPL • High Rigidity Polypropylene Cone • Shallow Mounting Depth 1.673" • Sold in pairs with grills

## Panasonic

**6 1/2" Two-Way Speakers**

**Part Number:** EAKPP6

**Product Features:** 120 Watts Peak Power • 40 Hz-22 KHz Frequency Response • 90dB Sound Pressure Level • Sold in pairs with grills, wire & hardware

## Radio Accessories

### DELPHI

**Wireless IR Remote Control**

**Part Number:** 16246101

**Product Features:** Compatible with DELPHI 09354361 6-Disc CD Changer and DELPHI Premium CD & Cassette Radios. Controls the CD Changer through the radio

### DELPHI

**iPod RJ25/MP3 Player Connective Cables for Volvo with Factory Installed Delphi Radios**

**Part Number:** PP202421

**Product Features:** iPod/MP3 Player Connective Cables for Volvo with factory installed Delphi radios. Works with all iPods except the iPod Shuffle®. Delivers audio to truck stereo and powers iPod® device.

### DELPHI

**iPod®/MP3 Player Connective Cables for Volvo with factory installed Delphi radios.**

**Part Number:** PP202442

**Product Features:** Works with any device with a headphone output • Delivers audio to truck stereo

### DELPHI

**iPod/5-PIN Mini-DIN Harness**

**Part Number:** PP202836

**Product Features:** Works with all iPods except the iPod Shuffle®. Charges the iPod® battery.

### DELPHI

**iPod®/MP3 Player Connective Cables for Delphi Radios**

**Part Number:** PP502812

**Product Features:** 3.5mm Patch Cord • Cable works with Kenworth, International, Peterbilt and Freightliner • Works with any device with a headphone output • Delivers audio to truck stereo

### Panasonic

**Video Audio iPod® Cable**

**Part Number:** CAVDC300

**Product Features:** Ready for Video iPod. The Direct Cable for Video iPod® is all you need to connect your Video iPod® player to your head unit. The head unit will display Video iPod®

information, including artist name and album, and you can select Video iPod® tracks and playlists directly from the head unit. Power is supplied to the Video iPod® player from the head unit, so you can enjoy the vast amount of music on your Video iPod® player while charging at the same time.

### DELPHI

**iPod®/MP3 Player Connective Cables for International, Peterbilt, Freightliner with existing Delphi CD radios w/out Front Aux In (not already connected to external satellite radio tuners)**

**Part Number:** PP802841

**Product Features:** Includes: Switch plate, PP502812 3.5mm patch cord and PP202836 iPod®/5-Pin Mini-DIN Harness.

### Panasonic

**Bluetooth® Module**

**Part Number:** CYBT100

**Product Features:** Hands-Free Kit featuring Bluetooth® Technology. This kit supports hands-free mobile phone conversation, via Bluetooth® wireless network technology.

Simply connect the Hands-Free Kit to the expansion module or head unit. The kit includes a switch, microphone, and antenna. This automatically provides a wireless connection to a Bluetooth® enabled mobile phone when calls are received, so you can converse confidently and conveniently, while leaving your phone in a pocket or bag. The caller's number is displayed on the head unit when calls are received.

### DELPHI

**iPod®/MP3 Player Connective Cables for Kenworth with existing Delphi CD radios w/out Front Aux In (not already connected to external satellite radio tuners)**

**Part Number:** PP802883

**Product Features:** Includes: Switch plate, PP502812 3.5mm patch cord and PP202836 iPod® 5-Pin Mini-DIN Harness.

### Panasonic

**Bluetooth® Module**

**Part Number:** CYBT200

**Product Features:** Hands-Free Kit featuring Bluetooth® Technology. This kit supports hands-free mobile phone conversation, via Bluetooth®

wireless network technology. Simply connect the Hands-Free Kit to the expansion module or head unit. The kit comprises a switch, microphone, and antenna. This automatically provides a wireless connection to a Bluetooth® enabled mobile phone when calls are received, so you can converse confidently and conveniently, while leaving your phone in a pocket or bag. The caller's number is displayed on the head unit when calls are received.

# Audio & Video Systems

## Panasonic

### Expansion Module

**Part Number:** CYEM100

**Product Features:** Create a Multi-Device Entertainment Environment. This expansion module is designed specifically to link car audio

equipment with a variety of digital devices. With this module you can connect a mobile audio system simultaneously to several devices, such as an iPod® loaded with your favorite music, a Satellite radio receiver, a DVD/CD Changer, a video camera, a game player, a Bluetooth® hands-free cell phone kit, and so on. In other words, this lets you take your digital lifestyle into your vehicle to enhance your driving pleasure.

## Subwoofers

## Panasonic

### Powered Subwoofer

**Part Number:** PP602219

**Product Features:** Add To Existing Audio System • Amp Included -100-watt internal amp provides all the power you'll need • Easy To Install - Self-contained unit can be placed

anywhere you have space for it • Rich Bass Sound - Enhance the music you listen to without distortion • Dimensions: 15" W x 12.5" H x 11" D

## KICKER

### Dual 10" Subwoofer

**Part Number:** 07DC104

**Product Features:** Comp subs in dual- and single-driver vented boxes. Space-saving slim

profile box with 10-inch sub, 2 and 4 Ohm final impedances. Heavy duty black and gray carpeting over MDF; gold plated terminals. Model number indicates impedance at terminal.

## KICKER

### Full Range Boxes - Black

**Part Number:** 07KB6000

**Product Features:** Serious upgrades from The Original® solid molded enclosures; spring-loaded

terminals; 2-way system; 6.5-inch woofers; 2x5 inch compression loaded tweeters; water resistant molded enclosures great for indoor/outdoor applications; 11x8- 1/8 x 8- 1/8

## KICKER

### Full Range Boxes - White

**Part Number:** 07KB6000W

**Product Features:** Serious upgrades from The Original® solid molded enclosures; spring-loaded

terminals; 2-way system; 6.5-inch woofers; 2x5-inch compression loaded tweeters; water resistant molded enclosures great for indoor/outdoor applications; 11 x 8-1/8 x 8-1/8

Additional audio & video products available for viewing online at [www.panapacific.com](http://www.panapacific.com).

## Televisions & Displays

## Skyworth™

### 15" Digital LCD TV/DVD Combo

**Part Number:** SLC-1551A

**Product Features:** 15" Active Matrix TFT LCD Panel • Native Resolution: 1024 x 768 • 1080i/720p/576p/480i/480p Compatible • 4:3 Aspect Ratio • Contrast Ratio - 450:1 •

Brightness: 250 cd/m2 • Built-in TV Tuner (NTSC-M+ATSC) • VGA In (D-Sub 15 pin) for PC • Component Video Input • A/V In VERSATIL / S-Video • 4-Preset Picture Mode • Built-In DVD Player • Built-In Speakers • Full Function Remote • Multi Language OSD • Includes: User's Manual, AC Power Adapter, DC Vehicle Power Adapter, Remote Control and 2 "AA" Batteries.

## Skyworth™

### 19" LCD TV/DVD Combo

**Part Number:** SLC-1969A

**Product Features:** Native Resolution: 1440 x 900 • Contrast Ratio: 700:1 • Brightness: 300cd/M2 • Aspect Ratio: 16:10 • Sleep Timer • Integrated TV Tuner • Auto Search • A/V Inputs • Earphone Jack • Component Video Input •

HDMI Input • VGA in (D-sub 15 pin) for PC • RF Antenna Input • Audio Output for External Speaker System • Close Caption • Multi-Language OSD • Stereo • DVD Player • Full Function Remote Control • Power Supply: AC 110V or DC 12V • Wall Mount: VESA 100 • Unit Dimension: 21 1/4" x 9 1/16" x 17 3/4"

## Antennas

### Interoperable Satellite Radio Truck Antenna

**Part Number:** SRTMM-01

**Product Features:** Mirror mount design • Replaceable 18-ft. coax cable • Durable, light weight and sleek

### XM Truck Antenna

**Part Number:** XM500

**Product Features:** Dimensions: 9" H x 2.5"W • Includes SRADP connector & 29' cable required for installation

### 48" Length Single Antenna with Bracket, Cable and Hardware

**Part Number:** SSL4C

**Product Features:** S.W.R. below 1.5:1 across all 40 channels • Broad tuning range 26.000 to 29.500 MHz • Exclusive

"VibraSorb" anti-breakage design • Weatherband FM frequency trap • 1500 Watt Rating • 1 Wave • Made in the USA

### 36" Length Antenna

**Part Number:** ST3C

**Product Features:** S.W.R. below 1.5:1 across all 40 channels

• Broad tuning range 26.000 to 29.500 MHz • Exclusive "VibraSorb" anti-breakage design • Weatherband FM frequency trap • 1500 Watt Rating • 1 Wave • Made in the USA

### 48" Length Antenna

**Part Number:** ST4C

**Product Features:** S.W.R. below 1.5:1 across all 40 channels

• Broad tuning range 26.000 to 29.500 MHz • Exclusive "VibraSorb" anti-breakage design • Weatherband FM frequency trap • 1500 Watt Rating • 1 Wave • Made in the USA

### 48" Length Dual Antenna with Brackets, Cable and Hardware

**Part Number:** STL4C

**Product Features:** S.W.R. below 1.5:1 across all 40 channels

• Broad tuning range 26.000 to 29.500 MHz • Exclusive "VibraSorb" anti-breakage design • Weatherband FM frequency trap • 1500 Watt Rating • 1 Wave • Made in the USA

### 24" Length Antenna

**Part Number:** TSM2

**Product Features:** 26.000 to 29.500 MHz • Exclusive "VibraSorb" anti-breakage design • 1000 Watt Rating • 3/4 Wave • Made in the USA

### 36" Length Antenna

**Part Number:** TSM3

**Product Features:** 26.000 to 29.500 MHz • Exclusive "VibraSorb" anti-breakage design • 1000 Watt Rating • 3/4 Wave • Made in the USA

### 42" Length Antenna

**Part Number:** TSM35

**Product Features:** 26.000 to 29.500 MHz • Exclusive "VibraSorb" anti-breakage design • 1000 Watt Rating • 3/4 Wave • Made in the USA

### 48" Length Antenna

**Part Number:** TSM4

**Product Features:** 26.000 to 29.500 MHz • Exclusive "VibraSorb" anti-breakage design • 1000 Watt Rating • 3/4 Wave • Made in the USA

### 48" Length Antenna - Black

**Part Number:** TSM4BLACK

**Product Features:** 26.000 to 29.500 MHz • Exclusive "VibraSorb" anti-breakage design • 1000 Watt Rating • 3/4 Wave • Made in the USA

### 48" Length Single Antenna with Bracket, Cable and Hardware

**Part Number:** TSL4

**Product Features:** Pre-Tuned "SUPERFLEX" CB Replacement Antennas • Handles Up to 1000 Watts Power • Antennas have "FM Weatherband Frequency Trap" to dramatically improve reception on CBs with Weatherband • Broad tuning range: 26.000 to 29.500 MHz. • Exclusive "VibraSorb" anti-breakage design • 1000 Watt Rating • 3/4 Wave • Made in the USA

### 48" Length Dual Antenna with Brackets, Cable and Hardware

**Part Number:** TTL4

**Product Features:** Pre-Tuned "SUPERFLEX" CB Replacement Antennas • Handles Up to 1000 Watts Power • Antennas have "FM Weatherband Frequency Trap" to dramatically improve reception on CBs with Weatherband • Broad tuning range: 26.000 to 29.500 MHz. • Exclusive "VibraSorb" anti-breakage design • 1000 Watt Rating • 3/4 Wave • Made in the USA.

# Communication Systems

**SIRIUS SATELLITE RADIO**  
**Transmitter Bypass**  
**Part Number:** PP803083

**Product Features:** Allows any Sirius Plug & Play receiver to be directly connected to the FM radio. The small 2.5mm plug is connected to the "FM OUT" jack on the satellite receiver. The FM radio antenna cable is removed from the back of the radio, the male Motorola connector of the transmitter bypass is plugged into the radio and the vehicle antenna is plugged into the female Motorola connector of the bypass. The FM radio and the FM modulator of the satellite receiver must be tuned to the same frequency.

**PANA-PACIFIC**  
**48" Full Spectrum Multi-Band Replacement Antenna**  
**Black w/Black Cap**  
**Part Number:** FSMS1

**Product Features:** This Multi-Band Replacement Antenna combines AM/FM, Weatherband (WX) citizens band (CB) and cellular phone (CP) frequencies on one single antenna. This antenna's unique multiple "TRAPS" are integrated onto the fiberglass rod allowing "MAXIMUM GAIN" for full signal strength on all frequencies. Works on ALL TRUCKS with multi-band antenna systems installed at the factory or at the dealer.

**PANA-PACIFIC**  
**Full-Spectrum Multi-Band Antenna System**  
**Part Number:** FSMS2

**Product Features:** Kit includes two FSMS1 multi-band replacement antennas, EVCBFM1 multi-band Splitter Box, two aluminum mounting brackets and coax cable.

**PANA-PACIFIC**  
**42" Full Spectrum Multi-Band Replacement Antenna**  
**White w/Black Cap**  
**Part Number:** FSMS3

**Product Features:** This Multi-Band Replacement Antenna combines AM/FM, Weatherband (WX) citizens band (CB) and cellular phone (CP) frequencies on one single antenna. This antenna's unique multiple "TRAPS" are integrated onto the fiberglass rod allowing "MAXIMUM GAIN" for full signal strength on all frequencies. Works on ALL TRUCKS with multi-band antenna systems installed at the factory or at the dealer.

**PANA-PACIFIC**  
**45" Magnetic Mount CB Antenna**  
**Part Number:** MM1012

**Product Features:** Stainless Steel Whip • 45" High • 18' Cable with PL-259 Connector • 8 oz. Magnet • Generic packaging

**PANA-PACIFIC**  
**48" "No Ground" CB Antenna Kit**  
**Part Number:** NGP1

**Product Features:** Made for Fiberglass Vehicles • 48" High • Includes Bracket, Cable & Hardware • Generic packaging

**PANA-PACIFIC**  
**Antenna Amplifier**  
**Part Number:** PP602956

**Product Features:** Allows the user to tune into more AM and FM stations.

**PANA-PACIFIC**  
**Adjustable FM Antenna**  
**Part Number:** PPC00358

**Product Features:** Spring Coiled • 11" Rubber Mast • 60" Cable

**PANA-PACIFIC**  
**Dual-Base Side Mount AM/FM Antenna**  
**Part Number:** SC175120L

**Product Features:** Stainless Steel • Three Sections • 60" Mast • 128" Cable

**PANA-PACIFIC**  
**Dual-Base Side Mount AM/FM Antenna**  
**Part Number:** SCA-96

**Product Features:** Stainless Steel • 4 Sections • 84" Mast • 96" Cable

**PANA-PACIFIC**  
**48" Top-Loaded Tunable-Tip CB Antenna**  
**Part Number:** STT4

**Product Features:** 3/8" Fiberglass Rod • 48" High • 1 Wave • Rugged & Powerful • Generic packaging

**PANA-PACIFIC**  
**West Coast Mirror Mount Antenna**  
**Part Number:** TR100

**Product Features:** Ideal for applications where the antenna cannot be mounted on the roof.

## Headliner Mount AM/FM & Weatherband Antenna

**Part Number:** EVAML

**Product Features:** Design provides a tremendous increase in your AM reception • Ideal for trucks with fiberglass/composite roofs or sleepers • Antennna mounts above the headliner so there are no holes to drill

## Headliner Mount Mobile TV Antenna

**Part Number:** ETVTV5

**Product Features:** Ideal for fiberglass roofs - no holes to drill • Flexible "rabbit ears" pull in weak signals • Complete with 12' of coax cable and connectors

## Horizontal Mount

**Part Number:** EV332

**Product Features:** Aluminum with SO-239 Fitting

## "Quick Antenna" Mount

**Part Number:** EV312

**Product Features:** Universal Mount • Tightens with Handle • SO-239 to 3/8-24 Whip Adapter

## Mirror or Bolt Mount

**Part Number:** EV352

**Product Features:** Aluminum with SO-239 Fitting

## Antenna Fitting

**Part Number:** EV301

**Product Features:** Stud Mount

## Antenna Fitting

**Part Number:** EV302

**Product Features:** SO-239

## Shock Spring

**Part Number:** EV304

**Product Features:** Stainless Steel with 1" Long Stud

## Barrel Shock Spring

**Part Number:** EV305

**Product Features:** Chrome with 1" Long Stud

## 3-Way Mirror Mount

**Part Number:** EV322

**Product Features:** Aluminum with SO-239 Fitting

# Communication Systems

## Bluetooth Devices

### **BLUETOOTH® Hands-free Kit with Large Color Screen** **Part Number:** 3200LS

**Product Features:** Bluetooth Hands-free Kit with Large Color Screen • LCD Color Screen • TFT 160 x 128 Pixels with 262,144 Colors • Adjustable Brightness

• Customizable Color Interface with Wallpapers • Caller Photo Display • Display of the last numbers dialed, missed calls and calls received • Color themes for choosing the graphical interface • Your contacts are stored in the memory of the Parrot 3200 LS-COLOR. The voice recognition feature enables numbers to be dialed automatically by stating the contact's name, e.g. "call John." If photos are stored and sent with your phone contacts, they can be displayed on the screen.

### **Evolution Bluetooth® Hands Free Vehicle Kit** **Part Number:** CK3000

**Product Features:** External Microphone • Universal Interface connects to any vehicle • Up to three mobile phones registered • Voice Recognition up to 200 names • Echo Cancellation • Control knob for adjusting

volume and browsing menus • Answer Button • End Button • Uses Vehicle's Speakers - In the event of a call, the radio automatically cuts out to enable the speakers to transmit the conversation.

### **BLUETOOTH® Hands-free Car Kit** **Part Number:** CK3100

**Product Features:** Seamless Hands-free Use • Comfort and safety while driving • Superior user interface with LCD display • Can be installed in any

vehicle • Automatically Mutes Radio • Uses Car Speakers • Audio Volume Control • Quality Audio (Digital Signal Processing) • Up to five devices can use the system • No cradle, wire or headset to charge • Voice Recognition Dialer • Software Upgradable.

### **BLUETOOTH® MINIKIT** **Part Number:** MINIKIT

**Product Features:** Compact and Portable Bluetooth Hands-free Kit • Three-button User Interface • 2W Hi-Fi Speaker • Omni Directional Microphone • DSP-2 Signal Processing Algorithms • Built-in Voice Recognition

Software • Pairing: up to five phones • Recharging time of three hours maximum • Talk time of 10 hours • Standby time of over 275 hours • Bluetooth v1.2 • Profiles Supported: Headset Profile HSP 1.1 • Hands-free Profile HFP 1.0 • Object Push Profile OPP • Maximum range of 10 meters • Phone pairing by PIN code • Software updates by Bluetooth.

### **BLUETOOTH® Hands-Free Kit with Audio Streaming** **Part Number:** MK6000

**Product Features:** Playback of music files from a Bluetooth stereo A2DP source: mobile phone, MP3

player, etc. • "TTS" voice synthesis of the names in the kit's phonebook • New signal processing algorithms with Parrot Beamforming® • Noise reduction and echo cancellation • Built-in voice recognition software • Automatic phonebook synchronization (if TTS) • Six-button user interface (including one scroll knob) • Multidirectional and positionable twin microphone • Pairing: up to five phones • Number of contacts 8000 max. with TTS - 150 per phone paired without TTS • Number of voicetags: - 150 max. with TTS - 150 per phone paired without TTS.

### **Wireless Headset for Cell Phones** **Part Number:** B250XT

**Product Features:** Compatible with Bluetooth cell phones & computers • Superior noise canceling microphone blocks out engine, road and other background noises • Superior speaker volume •

Concave ear cushion for comfortable fit and sound • Optional leatherette ear cushion included, which increases sound quality • Volume, mute, call answer/end • Up to 66 ft. talk range\* • 16+ hours talk time • Up to 150 hours standby time • 128-bit secure digital encryption for call privacy \*Certain environmental conditions may affect range.

## **Blue Eagle II**

### **Hands-Free Noise Cancelling Headset** **Part Number:** BT-900

**Product Features:** Ideal for Commercial Vehicles. The Blue Eagle II® Bluetooth Headset combines state-of-the-art noise cancellation with advanced Bluetooth technology. The Blue Eagle II Bluetooth Headset is very comfortable for extended use, and an ideal product for

industrial, windy, and hard-to-hear environments. Due to the incredible noise cancellation technology, long battery life, and robust ear piece, you'll be able to use your headset comfortably anywhere...anytime! • Easy Bluetooth Setup • Flexible Microphone Boom • Adjustable Headband • Last Call Redial • Microphone Mute • Call Reject • Adjustable Volume Range • Ergonomic Comfort Fit Touch Points • Voice Dialing (Cellular Phone Specific) • Includes Wall And Vehicle Auxiliary Charging Cords

## CB Radios

### Full Featured AM/SSB CB Radio

**Part Number:** 148GTL

**Product Features:** 40 AM and 80 SSB Channels: 40 AM, 40 Upper Side Band, 40 Lower Side Band • SWR Calibration allows calibration

of antenna system for maximum performance • 9' Microphone Cord for easy reach within any area of the vehicle • Front Microphone Connector allows convenient installation to be in or under dash • Tone Control: 3 position control allows fine tuning of audio levels • Adjustable Dynamike Boost: Dynamically boosts microphone for increased voice clarity • Tactile Controls allows you to actually feel where the dial is in its rotation without taking your eyes off the road • PA Capability: Use CB radio as a Public Address System with PA speaker; receive signals can also be monitored through PA • RF Gain allows you to adjust receive gain in weak and strong signal areas • Switchable Noise Blanker for increased noise reduction • 4 Watts AM, 12 Watts SSB; the maximum allowed by law.

### 40-Channel CB/Weatherband Radio

**Part Number:** 18WXSTII

**Product Features:** Scan all 40 CB Channels • DW (Dual Watch): Monitors two pre-selected channels simultaneously • 10 Weather Channels:

Receive immediate, up to the minute weather information 24 hours-a-day • Instant access to Emergency Channel 9 and 19 • SoundTracker System activates SoundTracker Noise Reduction System • Last Channel Retention saves last channel used in memory • 9-foot Microphone Cord: Contoured microphone with dynamic voice response circuitry • Electronic Tuning: Quick, accurate tuning of all 40 CB Channels and 10 weather channels • RX Indicator: Indicates receiver is on stand-by • TX Indicator: Shows red when CB is in transmit mode (TX) • WX Indicator illuminates when in weather receive mode • 4 Pin Screw-On Mic Connector: Convenient removal of mic for storage and easy reach from anywhere inside the vehicle • Power On/Off and Volume Control • Squelch Control eliminates background noise in the absence of a signal • LED Signal Strength Meter indicates incoming signal strength and output power • Front Mounted Speaker designed to give you clear reception of incoming calls regardless of installation or ambient noise • Large LED Channel Display for greater readability.

### Full Power Classic CB Radio

**Part Number:** 25LTD

**Product Features:** Front Microphone Connector allows convenient installation to be in or under dash • 9' Microphone Cord for

easy reach within any area of the vehicle • 4 Watts AM RF Power Output; the maximum allowed by law • Tactile Controls allows you to actually feel where the dial is in its rotation without taking your eyes off the road • Instant access to emergency channel 9 • Adjustable Dynamike Boost microphone for increased voice clarity • PA Capability uses CB radio as a Public Address System with PA speaker; receive signals can also be monitored through PA • Dimmer Control adjusts brightness of the front panel, channel display and signal strength meter • Switchable Noise Blanker for increased noise reduction • RF Gain allows you to adjust receives gain in weak and strong signal areas.

### Classic CB Radio

**Part Number:** 25NW

**Product Features:** NightWatch® Illuminated Front Panel ideal for switch and control recognition day or night • Front Microphone

Connector allows convenient installation to be in or under dash • Adjustable Dynamike Boost for increased voice clarity • PA Capability for CB radio as a Public Address System with PA speaker; receive signals can also be monitored through PA • Switchable Noise Blanker for increased noise reduction • 4 Watts AM RF Power Output, the maximum allowed by law • 9' Microphone Cord allows convenient installation to be in or under dash • Dimmer Control adjusts brightness of the front panel, channel display and signal strength meter • Instant access to emergency channels 9 and 19 • Tactile Controls allows you to actually feel where the dial is in its rotation without taking your eyes off the road • Switchable Noise Blanker for increased noise reduction.

### Classic CB Radio

**Part Number:** 25WXNWST

**Product Features:** NightWatch® Illuminated Front Panel ideal for switch and control recognition day or night • Dimmer Control adjusts

brightness of the front panel, channel display and signal strength meter • Seven NOAA Weather Channels accessed 24 hours-a-day, in all 50 states • Emergency Weather Alerts for threatening weather with an alert tone even when CB is turned off • SoundTracker® dramatically improves the sound quality of the transmission and reception of CB signals; the maximum allowed by law for easy reach within any area of the vehicle • 4 Watts AM RF Power Output allows convenient installation to be in or under dash • Instant access to emergency channels 9 and 19 • Tactile Controls allows you to actually feel where the dial is in its rotation without taking your eyes off the road • Adjustable Dynamike Boost for increased voice clarity • PA Capability uses CB radio as a Public Address System with PA speaker; receive signals can also be monitored through PA for increased noise reduction.

### Classic CB Radio

**Part Number:** 29LTD

**Product Features:** Dimmer Control adjusts brightness of the front panel, channel display and signal strength meter • Switchable NB/ANL for

increased noise reduction • Front Microphone Connector allows convenient installation to be in or under dash • 9' Microphone Cord for easy reach within any area of the vehicle • Instant access to emergency channel 9 and information channel 19 • Tactile Controls allow you to actually feel where the dial is in its rotation without taking your eyes off the road • Adjustable Dynamike Boost for increased voice clarity • PA Capability to use CB radio as a Public Address System with PA speaker; receive signals can also be monitored through PA for increased noise reduction • 4 Watts AM RF Power Output; the maximum allowed by law • SWR Calibration allows you to actually feel where the dial is in its rotation without taking your eyes off the road • Delta Tune used to clarify incoming signals.

### Compact 40-Channel CB Radio

**Part Number:** 19DXIV

**Product Features:** Instant Channel 9/19 • Electronic Tuning • Heavy Duty Dynamic Mic • Illuminated LCD Display • Power On/Off and Volume Control • Compact Design • RF Gain • Squelch Control • 4 Pin Screw-on Mic Connector • Combination S/RF Meter • CB/PA Screw-On Mic Microphone

# Communication Systems

## **Bluetooth® Wireless Technology** **Part Number: 29LTDBT**

**Product Features:** SWR Calibration allows calibration of antenna system for maximum performance for easy reach within any area of the

vehicle • 9' Microphone Cord allows convenient installation to be in or under dash • Front Microphone Connector allows you to actually feel where the dial is in its rotation without taking your eyes off the road • Adjustable Dynamike Boost for increased voice clarity • Tactile Controls allows you to actually feel where the dial is in its rotation without taking your eyes off the road • PA Capability to use CB radio as a Public Address System with PA speaker; receive signals can also be monitored through PA for increased noise reduction • RF Gain adjusts receive gain in weak and strong signal areas • Switchable Noise Blanker for increased noise reduction • Dimmer Control adjusts brightness of the front panel, channel display and signal strength meter • 4 Watts AM RF Power Output; the maximum allowed by law • Antenna Warning Indicator illuminates when antenna needs checking • Instant access to emergency channel 9 • Delta Tune used to clarify incoming signals • Blue Channel Indicator displays channel in cool blue. • Bluetooth® Wireless Technology allows you to make and receive phone calls through the CB radio with most Bluetooth phones • One-Touch Bluetooth® Operation allows answering and terminating call with a push of a button • Loud and Clear incoming audio phone calls are heard through the 5 watt CB speaker • Noise Canceling Microphone allows crystal clear communication in a noisy environment • Auto One-touch Redial of last phone number dialed.

## **40-Channel 29 w/ Bluetooth Connectivity, NOAA Weather and NightWatch Illumination**

**Part Number: 29WXNWB**

**Product Features:** Weather Alert • 40 CB Channels • 7 Weather Channels • Blue

Electroluminescent • 6-pin Noise Canceling Microphone • 2.0 Version Bluetooth Connectivity • External hands-free phone mic included

## **Chrome Special Edition** **Part Number: 29LTDCHR**

**Product Features:** 40 CB Radio Channels • Special Edition Chrome Cabinet and Microphone • Heavy-Duty Dynamic Microphone • Full 4 Watts

AMRF Power Output • SWR Calibration Meter • Talk Back • Instant Channel 9 • Four-Pin Front Mount Microphone Connector • Delta Tune • Switchable Automatic Noise Limiter & Noise Blanker • Adjustable Dynamike® Boost • 9' Mic Cord • RF Gain

## **Classis CB Radio**

**Part Number: 29NW**

**Product Features:** 9' Microphone Cord for easy reach within any area of the vehicle • Front Microphone Connector allows convenient installation to be in or under dash • Adjustable Dynamike Boost for increased voice clarity •

Tactile Controls allow you to actually feel where the dial is in its rotation without taking your eyes off the road • PA Capability to use CB radio as a Public Address System with PA speaker; receive signals can also be monitored through PA • RF Gain adjusts receive gain in weak and strong signal areas • Switchable Noise Blanker for increased noise reduction • NightWatch® Illuminated Front Panel is ideal for switch and control recognition day or night • 4 Watts AM RF Power Output; the maximum allowed by law • Instant Access to Channel 9 Emergency and 19 Information • Antenna Warning Indicator illuminates when antenna needs checking.

## **Classic CB Radio**

**Part Number: 29WXNWB**

**Product Features:** SWR Calibration allows calibration of antenna system for maximum performance • 9' Microphone Cord for easy

reach within any area of the vehicle • Front Microphone Connector allows convenient installation to be in or under dash • Adjustable Dynamike Boost for increased voice clarity • Tactile Controls allows you to actually feel where the dial is in its rotation without taking your eyes off the road • PA Capability to use CB radio as a Public Address System with PA speaker; receive signals can also be monitored through PA • RF Gain adjusts receive gain in weak and strong signal areas • Switchable Noise Blanker for increased noise reduction • NightWatch® Illuminated Front Panel is ideal for switch and control recognition day or night • 4 Watts AM RF Power Output; the maximum allowed by law • Instant Access to Channel 9 Emergency and 19 Information • Antenna Warning Indicator illuminates when antenna needs checking • Dimmer Control adjusts brightness of the front panel, channel display and signal strength meter • Instantly access seven NOAA weather channels 24 hours-a-day in all 50 states • Emergency Weather Alert for nearby threatening weather with an alert tone even when CB is turned off • SoundTracker® dramatically improves the sound quality of the transmission and reception of CB signals.

## **Ultra Clear Handheld CB Radio**

**Part Number: HH38WXST**

**Product Features:** SoundTracker System - Cuts noise up to 90%... and only Cobra has it • 10 Channel Weather Reception - Obtain the latest weather information from NOAA • New Compact Design - Allows maximum portability and comfort • 40 CB Channel - Full coverage in an ultra small package • 4 Watts Power Output - The maximum allowed by law • High/Low Power Switch - Reduces power consumption by up to

75% to extend battery life • Recharging Jack - Allows charging of Ni-Cad batteries in unit with AC wall charger (not included) • Speaker/Microphone Jack - Allows use with combination speaker/microphone accessory (not included) • Low Battery Indicator - Special LED illuminates to let you know when batteries are getting low • DC Power Cord Included - For in-vehicle use...plugs into vehicle's cigarette lighter • High Efficiency Flexible Antenna - Provides maximum range and bends without breaking • Omni-Directional Microphone - Allows voice to be picked up from multiple directions • Up to four-mile range - Range will vary between .5 and 4 miles depending on geographic terrain.

## **Compact/Remote Mount CB Radio**

**Part Number: 75WXST**

**Product Features:** Four Memory Channels • Key Lock • 4' Extension Cord • Additional Remote Connection Box

## Standard 4-Pin Microphone

**Part Number:** HGM73

**Product Features:** Replacement Dynamic CB Microphone with 4-pin Connector • 9' Cord • Wire Mesh Grille • Heavy-Duty ABS Shell

## 4-Pin Power Microphone

**Part Number:** HGM75

**Product Features:** Designed for CB users who want to step up from their stock microphone at a reasonable price, the HighGear™ "70 Series" microphones combine handsome looks with stellar workmanship • 2 Transistor Amp with 9 Volt Battery • 9' Cord • Wire Mesh Grille • Heavy-Duty ABS Shell • 4-Pin Connector

## 4-Pin Power Microphone

**Part Number:** HGM77

**Product Features:** Designed for CB users who want to step up from their stock microphone at a reasonable price, the HighGear™ "70 Series" microphones combine handsome looks with stellar workmanship • 2 Transistor Amp with 9 Volt Battery • 9' Cord • Wire Mesh Grille • Heavy-Duty ABS Shell • 4-Pin Connector

## Premium 4-Pin Microphone

**Part Number:** HGM84

**Product Features:** Inspired by extensive feedback from professional drivers, the HighGear™ "80 Series" microphones are designed to be the best-performing, most ergonomic microphones you can buy • Multi-Port Differential Noise-Cancelling Cartridge • Voice Coil Diaphragm • Drop-Proof ABS Plastic Housing • EasyGrip™ Design • Stainless Steel Grille • 9' Cord • Right-Side PTT Button • Heavy-Duty Construction • Mark-Free Lipguard

## Premium 4-Pin Woodgrain Microphone

**Part Number:** HGM84W

**Product Features:** Inspired by extensive feedback from professional drivers, the HighGear™ "80 Series" microphones are designed to be the best-performing, most ergonomic microphones you can buy • Multi-Port Differential Noise-Cancelling Cartridge • Voice Coil Diaphragm • Drop-Proof ABS Plastic Housing • EasyGrip™ Design • Stainless Steel Grille • 9' Cord • Right-Side PTT Button • Heavy-Duty Construction • Mark-Free Lipguard

## 40 Channel CB Radio

**Part Number:** 75-785

**Product Features:** 7 Watt Input, 4 Watt Output • LED Channel Display

## 40 Channel CB Radio with Mobile Adaptor

**Part Number:** 75-822

**Product Features:** 40 Channels • Built in 10 Channel Weather (NOAA) • Powerful CB Radio!

## 40 Channel CB Radio

**Part Number:** 1001Z

**Product Features:** 40 Channels • Instant Channel 9 • 4 Watts of Power • Squelch Knob

## Mobile CB Radio

**Part Number:** M5001

**Product Features:** 40 Channels • X-TRA TALK Mic Control • Front Panel Locking Mic Connector • PA Function • Switchable Noise Blanker

## 40 Channel AM Mobile CB Radio with Variable Talkback

**Part Number:** PPR-129LRB

**Product Features:** Instant Channel 19 • 10' Microphone Cord • Talk-Back Control • Multifunction Analog Meter • Antenna Warning Indicator • Vibration Resistant Design • Advanced Noise Filter Design • 4 Watts Maximum FCC allowed) • Switchable NB/ANL for increased noise reduction • RF Gain - adjusts receive gain in weak and strong signal areas • Chrome Cabinet & Microphone; uniquely designed limited edition • PA Capability - use CB radio as a Public Address System with PA speaker • SWR Calibration - allows calibration of antenna system for maximum performance • Front Microphone Connector allows convenient installation to be in or under dash.

## Navigation / GPS

### RouteFinder™ Navigation with Trucking Attributes

**Part Number:** PP703746

**Product Features:** Large 7" Touch Screen

Display • Simple "Glove Friendly" Interface • "One-Touch" Routing • Flexible Route Preferences • Optimized Truck Routing with Road Attributes, Speed, Road Restrictions and Road Conditions • Turn-by-turn Voice Navigation • Points of Interest (POIs) • Automatic Re-Routing • TripAlert™ Warnings • Road Avoidances - U-Turns, Toll Roads and Detours for Road Conditions • Large 2W Speakers • Bluetooth for "Hands Free" • Options for Vehicle Monitoring, Video Input, Rear or Side Camera and much more!

### GARMIN nuvi® 465T 4.3" Touchscreen

#### Transportation Navigation

**Part Number:** 465T

**Product Features:** Multiple Point Routing • Hands-Free Calling Compatible • Truck Profiles with Truck Specific Routing • Trucking POIs

with NTTS Breakdown Directory • 4.3" Widescreen High Resolution Touchscreen Display • High-Sensitivity GPS Receiver with HotFix™ • Subscription-free traffic alerts for most metro areas • Turn-by-turn spoken directions announce streets by name • Lane assist guides you to the proper lane for complex highway interchanges • Routing and guidance take into account certain restrictions of the active vehicle profile\* • "Where am I?" shows location of nearest hospital, police station, intersection and more • Provides warning alerts for many posted road restrictions based on truck profile even when driving without a route\*

\*only available in the lower 48 states

### Panasonic

#### Widescreen Color Portable Navigation System

**Part Number:** CNGP50

**Product Features:** 5" Diagonal Widescreen LCD with touch-panel operation • Voice Command • Easy keyboard • Slim Compact

Design • Customizable Opening Picture • North America and Mexico Coverage • Three-language Voice Guidance • Text to Speech • GPS Assist • Optional Real-time Traffic Information • Easy Map Updates • Address search, favorites search, my home search, POI search, history search • Route Planning and List • Signpost and Speed/Altitude • Junction Information • Lane Assistant • POI Icon • Next Road/Current Road • Remaining Distance/Arrival Time • Bluetooth® Hands-free Calling • Phonebook Transfer • JPG/BMP Viewer • POI Direct Dial • Cigarette Lighter Adaptor • Mounting Bracket and Dash Mounting Plate • USB Cable • 2GB SD Memory Card • DVD-ROM with operating instructions.

### WorldNav 3300 Truck GPS

**Part Number:** WNAV3300

**Product Features:** MP3 & Video Player •

3.5" Touch Screen LCD • Truck Restriction Routing • Nine Levels of Hazmat Routing • Waypoints - add unlimited number of your own waypoints • Touch Screen GPS with Pre-Installed U.S. and Canada Maps • Voice directions pronounces street names in English or Spanish • Easy Updating - maps and program installed to secure digital card; allowing easy exchange • Pays for itself by avoiding costly tickets and tolls; navigate unfamiliar territory efficiently, saving time and gas • 2+ million Points of Interest (POIs) including truck stops and weigh stations • Built-in rechargeable battery with approximately two hours battery life • Accessories included for powering, recharging and mounting.

### WorldNav 7100 Truck GPS

**Part Number:** WNAV7100

**Product Features:** MP3 & Video Player •

Multiple Point Routing • Truck Restriction Routing • Nine Levels of Hazmat Routing • Large 7" Touch Screen GPS (6" W x 3.5" H) • Waypoints - add unlimited number of your own waypoints • Touch Screen GPS with Pre-Installed U.S. and Canada Maps • Voice directions pronounces street names in English or Spanish • Easy Updating - maps and program installed to secure digital card; allowing easy exchange • Pays for itself by avoiding costly tickets and tolls; navigate unfamiliar territory efficiently, saving time and gas • 12+ million Points of Interest (POIs) including truck stops, weigh stations, CAT scales, rest stops, businesses, hotels, restaurants, and more • Accessories included for powering, recharging and mounting.

### Web-based Vehicle Tracking Solution

**Part Number:** AccutrAVL

**Product Features:** Track one to 100+ units •

One phone call setup • Device wired into truck • Secure web access from any PC • Low capital cost and monthly fees • Invisible to driver and can't be shut off • Deploy to one vehicle in minutes, or entire fleet in days • Web-based reports: Sensors • Stop Duration • Last Location • Usage Summary • Distance Traveled • Inactive Mobiles • Point Fence Alerts • Real Time Analysis • Historical Speed & Position

### Web-based Vehicle Tracking Solution

**Part Number:** AccutrAVL Portable

**Product Features:** One phone call setup • Track

one to 100+ units • Secure web access from any PC • Five days operations per charge • Low capital cost and monthly fees • Completely self-contained unit • Deploy to one vehicle in minutes, or entire fleet in days • Web-based reports: Sensors • Stop Duration • Usage Summary • Distance Traveled • Inactive Mobiles • Last Location • Point Fence Alerts • Real Time Analysis • Historical Speed & Position

## Weather Radios

**Hand-Held Weather All Hazards Alert Radio**  
**Part Number:** 74-250C  
**Product Features:** Portable Alert Radio • Clock / Thermometer • S.A.M.E. Localized

**Emergency Crank Power Radio**  
**Part Number:** ER102  
**Product Features:** Dynamo Crank Power • NOAA All Hazards/Weather Alerts • AM/FM Radio with Alarm Clock • Flashlight with Visual Alerts • Cell Phone Charger

**Pocket Weatherman**  
**Part Number:** HH-50  
**Product Features:** Pocket Weather Alert Radio • All Weather Channel Scan

**N.O.A. Weather/All Hazard Alert AM/FM Radio**  
**Part Number:** WR-11  
**Product Features:** Weather Alert Radio • AM/FM Radio

**S.A.M.E. Weather /All Hazards Alert Monitor with Alarm Clock**  
**Part Number:** WR-100C  
**Product Features:** Weather Alert Radio • S.A.M.E. Localized • Programmable for up to 25 counties • Public Alert Certified

**All Weather/Hazards Alert Radio**  
**Part Number:** WR-300  
**Product Features:** Weather Alert Radio • S.A.M.E. Localized • Programmable for up to 23 counties • AM/FM Radio • Public Alert Certified

**The Base Camp Radio**  
**Part Number:** XT511  
**Product Features:** 22 Channels 2-Way GMRS Radio with Mic • 121 Privacy Codes • eVOX • Emergency Dynamo Crank Power

## Cables & Accessories

**Coax Yoke for Dual CB Antenna Hookup**  
**Part Number:** PSODMM1Y  
**Product Features:** A 12" long cable with PL-259 connector on one end and two female Motorola plugs on the other end.

**18' Single RG-58U Coax Cable**  
**Part Number:** TJ18  
**Product Features:** 18' Single RG-58U Coax Cable with PL-259 connectors

**9' Single RG-58U Coax Cable**  
**Part Number:** TJ9  
**Product Features:** 9' Single RG-58U Coax Cable with PL-259 connectors

**18' Twin RG-59U Coax Cable**  
**Part Number:** TPH18PL  
**Product Features:** 18' Twin RG-59U Coax Cable with PL-259 connectors

**9' Twin RG-59U Coax Cable**  
**Part Number:** TPH9PL  
**Product Features:** 9' Twin RG-59U Coax Cable with PL-259 connectors

## Communication Systems

### Radio/Scanner Hanger Bracket

**Part Number:** EV402

**Product Features:** Black Steel Finish • Adjusts from 1" to 8" Wide

### Crimp-On Replacement Connector for CB Antenna Cable

**Part Number:** PL259

### 1' AM/FM Cable Antenna Extension

**Part Number:** L12

### Coax Cable and Connector

**Part Number:** PS0TJ17S0

**Product Features:** Includes 17' of RG59 Coax Cable terminated with PL259 connector on one end, and male Motorola on the opposite end.

## Portable Coolers

### **Dometic WAECO**

#### **COOLMATIC® Compressor Portable Refrigerator/Freezer**

**Part Number:** CF18

**Product Features:** 19 quarts • 12/24 volts DC • Handle folds down when not in use • Simple, secure top lid lock • Electronic thermostat • Low voltage battery protector adjustable for consumer or starter battery with slide regulator • Standing height for standard 2-liter bottles

- Extremely quiet operation • Gross capacity: .635 cubic feet • Power input: (avg.) 35 watts • Temperature range: +50°F to 0°F, variable via electronic thermostat • Insulation: CFC-free polyurethane foam • System: fully hermetic Danfoss BD35F compressor with integrated control electronics, low-voltage protection adjustable for storage or starter battery by means of a slide switch, electronic fuse/automatic reverse polarity protection, dynamically ventilated wire condenser, aluminum rollbond evaporator • Weight approx. 27 lbs. • Dimensions approx. 18"L x 16"H x 12"W • Standard accessory: DC connection cable • Contact WAECO for second year warranty support.

### **Dometic WAECO**

#### **Portable Compressor Refrigerator / Freezer**

**Part Number:** CF-40

**Product Features:** The CF Series offers a full line of portable refrigerators / freezers • Features include quick chill / turbo function, memory and dead battery protector • Lightweight and easily portable with weather-resistant housing for outdoor use • 39 quarts, 1.3 cubic feet (36 liters) • 12/24 volts DC, 110 volts AC • Interior light • Holds 48 twelve-ounce cans • Includes removable carrying handles and coated wire basket.

### **Dometic WAECO**

#### **Tropicool Freshbag® Thermoelectric Portable Cooler**

**Part Number:** TF14

**Product Features:** Refrigerates up to 45°F below the ambient (room) temperature • Thermostat ensures contents will not freeze • Oxford nylon exterior; hard-wearing, rubber-

coated nylon sides • Reinforced insulation and additional aluminum foil interior • Three exterior pockets with zip or snap fastening • Standing height for standard 2-liter bottles • Gross capacity 15 quarts • Voltage 12 volts • Insulation solid polyurethane foam • System: wear-free thermoelectric (Peltier system), cold/heat transmission to the interior by aluminum heat exchangers, heat dissipation to the outside by fan • Optional low voltage monitor • Weight (approx.) 9 lbs. • Dimensions (approx.) 16"L x 15.5"H x 9.8"W

### **Dometic WAECO**

#### **Thermoelectric Portable Cooler/Warmer**

**Part Number:** CR20

**Product Features:** Cooling or heating functions • Sturdy carrying handle folds down when not in use • Fold-up lid has two quick-lock closures • Cable storage compartment integrated in the lid • Standing height for standard 2-liter bottles • Extremely quiet running • Gross capacity: 21 quarts • Voltage: 12 volts

- Power consumption (avg.) 50 watts • Temperature range: in the cooling mode - up to 36°F below room temperature; in the heating mode - fixed point thermostat, up to 149°F. • Insulation: rigid polyurethane foam • Material: cabinet: high-impact polypropylene; lid: weather-resistant polyethylene • Optional low-voltage monitor • Weight (approx.): 9.5 lbs. • Dimensions (approx.): 15.3"L x 17"H x 11.4"W.

### **Dometic WAECO**

#### **CDF40 Cigarette Lighter AC Adapter**

**Part Number:** MPS50

**Product Features:** Suitable with all COOLMATIC® refrigerators/freezers with a Danfoss BD35F & BD50F compressor.

### **Dometic WAECO**

#### **Thermoelectric Portable Cooler/Warmer**

**Part Number:** CR32

**Product Features:** Cooling, refrigerating or heating functions • Two fold-in carrying handles • Quick closing lock • Cable storage compartment integrated in the lid • Standing height for standard 2-liter bottles • Extremely quiet running • Gross capacity: 32 quarts • Voltage: 12 volts

- Power consumption (avg.) 50 watts • Temperature range: in the cooling mode - up to 36°F below room temperature; in the heating mode - fixed point thermostat, up to 149°F. • Insulation: rigid polyurethane foam • Material: cabinet: high-impact polypropylene; lid: weather-resistant polyethylene • Optional Low Voltage Monitor • Weight (approx.): 16.8 lbs. • Dimensions (approx.): 18.8"L x 18.5"H x 13"W.

### **Dometic WAECO**

#### **Low Voltage Monitor**

**Part Number:** M50K12

**Product Features:** Automatically cuts off power in case of low voltage and restarts at normal voltage • Works with CR20, CR32, TF08, and TF14 • Dimensions: 5.8"W x 4.8"H x 1.4"D

# Mobile Appliances

## Built-in Refrigerators

### **Dometic WAECO**

#### **COOLMATIC® Compressor Built-in Refrigerator**

**Part Number:** CR50

**Product Features:** 1.7 cubic feet • 12/24 volts DC • Average running time and power consumption of 40 watts • Average running

time 23% at 68°F ambient temperature, 35% at 86°F ambient temperature, both at 41°F interior temperature • Insulation CFC-free polyurethane • System: Fully hermetic Danfoss BD35F compressor with integrated control electronics, low-voltage protection, electronic fuse/automatic reverse pole protection, aluminum rollbond evaporator, mechanical, continuously, variable thermostat, dynamically ventilated wire condenser • Material: Stainless steel fittings, plastic interior, door frame in plastic body with coated metal frame • Color: Black face panel, door surround and mount frame • Weight 42 lbs. • Cut-Out Dimensions: 15"W x 20.5"H x 19.25"D

### **Dometic WAECO**

#### **CR-50 Compressor Refrigerator with Flush Mount Interior Frame Kit for Cascadia trucks**

**Part Number:** PP603548

**Product Features:** Coolmatic® Compressor Built-in Mobile Refrigerator • Installation Kit for

Factory Look • Recessed Door Grip/Interior Light • Reversible Door Opening • Danfoss BD35F Compressor • Two-Year Warranty • Extremely Quiet Running • Weight: 42 lbs. • Power Input: 40 watts • Cut-Out Dimensions: 15"W x 20.5"H x 19.25"D • 1.7 cubic feet / 12/24 volts DC

Application Notes:			

- Freightliner trucks are supplied with a Y-harness to adapt various refrigerators to the truck electrical system. The proprietary Freightliner harness part number is A06-19868-021.
- Peterbilt 379 trucks are built with two different cabinets - one fits CR50 (15" wide) and the other fits the CR65 (17.5" wide).

### **WAECO**

#### **COOLMATIC® Compressor Built-in Refrigerator**

**Part Number:** CR65

**Product Features:** 2.3 cubic feet • 12/24 volts DC • Average power consumption of 40

watts • Average running time 25° at 68°F ambient temperature, 40% at 86°F ambient temperature, both at 41°F interior temperature • Insulation CFC-free polyurethane • System: Fully hermetic Danfoss BD35F compressor with integrated control electronics, low-voltage protection, electronic fuse/automatic reverse pole protection, aluminum rollbond evaporator, mechanical, continuously, variable thermostat, dynamically ventilated wire condenser • Material: Stainless steel fittings, plastic interior, door frame in plastic body with coated metal frame • Color: Black face panel, door surround and mount frame • Weight: 46 lbs. • Cut-Out Dimensions: 17.5"W x 20.5"H x 21.12"D

## Microwaves

### **Panasonic**

#### **Microwave Oven w/ Inverter Technology 1300 Watt High Power**

**Part Number:** NNSN667B

**Product Features:** 1300-watt full-size

microwave oven with 1-1/5-cubic-foot capacity • 13-1/2-inch turntable • One-touch sensor cooking • Keep warm • Inverter Turbo Defrost for even heating • 10 power levels • Five-button and flat-panel controls • Four-digit display • Delay start and timer • Measures 11-7/8" x 20-3/8" x 15-15/16"

### **SHARP**

#### **Half Pint Microwave Oven**

**Part Number:** R120PK

**Product Features:** Sharp Half Pint Microwave Oven is compact enough to fit in the sleeper compartment of many heavy-duty trucks. It is only 14-3/8" x 14-1/4" and yet it has a 10-3/4" carousel turntable to accommodate full-size dinner

plates. Automatic Popcorn, Cook, Reheat and Defrost settings help to achieve foolproof results. Eight Automatic Settings; 0.5 cu.ft.; and, 600 watts.

### **SHARP**

#### **Sharp Half Pint Microwave Oven, Tundra Inverter & Wiring Kit**

**Part Number:** PP803941

**Product Features:** Sharp Half Pint Microwave

Oven is compact enough to fit in the sleeper compartment of many heavy-duty trucks. It is only 14-3/8" x 14-1/4" and yet it has a 10-3/4" carousel turntable to accommodate full-size dinner plates. Automatic Popcorn, Cook, Reheat and Defrost settings help to achieve foolproof results. Eight automatic settings; 0.5 cu.ft.; and, 600 watts.

Tundra 1500 Watt Power Inverter is strong and compact - truck approved and designed for the long haul. Has 1500 Watts Continuous/3000 Watts Surge; Heavy Duty DC Inputs/ Best Battery Protection; Reduced Maintenance/Self Supporting Aluminum Structure; SmartStart™ Software Technology/Superior Safety and Efficiency.

Kit Includes: Sharp Half Pint Microwave Oven - R120PK; Tundra International 1500 Watt Power Inverter - E1500; and, #2 Gauge Welding Cable with Anderson 175SB connector on the truck side and ring terminals to connect to the inverter on the other side.

## Personal Care & Wellness

### Panasonic

**Pro-Curve® Men's Travel Shaver**

**Part Number:** ES3833S

**Product Features:** Pro-Curve® Battery Operated Travel Shaver with Single Blade Design • Wet/Dry Technology •

Included Travel Case and Slide-up Wide Trimmer • Hypo Allergenic for sensitive skin • Shaves wet or dry and rinses clean with water • Easy to hold ergonomic design • Floating head follows contours to provide a comfortable shave • Slide-up wide trimmer for precise trimming of moustache and sideburns • Shaves up to 90 minutes • Weight: 5.6 oz. • Accessories: Travel case for grooming on-the-go and brush.

### Panasonic

**Pro-Curve™ Compact Men's Shaver with Double Blades**

**Part Number:** ES4815S

**Product Features:** Shave Wet or Dry • Panasonic

technology allows your shaver to be fully immersible in water. You can shave wet with lather or dry for your convenience. When you're done shaving, simply rinse clean under water • Double Blade Shaving System for a Clean, Close Shave • Independent floating double heads follow facial contours to provide a clean, close shave • All inner blades are precisely angled to firmly shear off your beard closely and comfortably • Approximately 30 shaves per charge • Accessories: Travel Pouch • Battery operated for ease of use anywhere.

### Panasonic

**Nose & Ear Trimmer with Light**

**Part Number:** ER421KC

**Product Features:** Built-in Light for Precision and Accuracy.

The Nose and Ear Hair Trimmer uses a bright, focused light for precision and accuracy • Wet/Dry Trimming Convenience Trimmer is wet/dry and fully immersible in water. Rinse under water for quick and easy cleaning • Curved, Hypo-Allergenic Blades for Natural Filtering • Curved, hypo-allergenic stainless steel blades leave the proper amount of hairs for natural filtering • Safety Cone Protects Skin from Direct Contact • The safety cone guides the hair into the blades and protects the skin from direct contact with the rotary blade system • Power Source: DC1.5V, one AA battery (not included) • Approximately 90 minutes of operating time • Weight: 2.3 oz (not including batteries).

### Panasonic

**Portable Automatic Arm Blood Pressure Monitor**

**Part Number:** EW3109W

**Product Features:** Digital Filter Technology for Accurate Measurement. The Digital Filter Technology uses a sensor to

detect and isolate only the essential pulse oscillation. It helps eliminate other noise factors, leading to quick and reliable measurement capability. This also helps avoid over-tightening of the cuff on the wrist. Flash Warning System for Hypertensive Readings. Readings above 139 on Systolic or 89 Diastolic will automatically flash on the LCD screen. Automatic Memory Feature Saves your Readings.

## Cordless Power Tools

### Panasonic

**15.6V 1/2" 3.5 Ah Ni-MH Cordless Drill & Driver Kit**

**Part Number:** EY6432GQKW

**Product Features:** 15.6-volt Ni-MH 1/2-inch cordless drill/driver kit with keyless chuck • Compact and lightweight yet powerful • Dual speed ranges (0-400/0-1,300 rpm), 390

inch-pounds of torque and electronic brake • Durable plastic exterior and soft-pad grip for cushion • Includes drill/driver, two batteries, 1-hour charger and hard-plastic carrying case • 9-inches long and 4.4 pounds

### Panasonic

**3.6 Li-ion Drill & Driver Kit**

**Part Number:** EY7410LA2S

**Product Features:** Compact Size: Length 10-55/64" in straight format • Lightweight: 1.1 lbs. • High Power: up to

39 in.lbs. of torque • 1.5Ah Li-ion battery pack with extra battery • Charging System: 30 minutes (using EY0L10B charger) • Speeds: 2 speed gearbox Low 200 rpm and High 600 rpm. • Clutch: 21 stage with auto shut-off feature • Chuck: 1/4" Hex quick connect • Reversible • Ergonomic design to reduce fatigue • LED Work Light

### Panasonic

**14.4V Li-ion Combo Kit with Drill & Driver, Impact Driver and Flashlight**

**Part Number:** EYC142B

**Product Features:** This Panasonic 14.4V cordless drill and impact driver kit with LED light operates on lithium-ion batteries for powerful performance and long runtimes. Kit includes a cordless flashlight to illuminate your work area. • New 14.4-volt Li-ion Technology is lighter weight and longer running compared to the industry standard • Delivers 390-inches-per-pound of power in a lightweight 3.5-pound package • Electronic performance monitoring system delivers safe li-ion high performance • Operates at three speeds and features a brushless motor for 25% longer life • Provides 18-volt performance in a 14.4-volt package with less weight and size than 12-volts

### Panasonic

**14.4V Multi Purpose Metal Cutter Kit Protected by the GuardION System**

**Part Number:** EY4542LN2M

**Product Features:** Compact & Lightweight - Length 12 61/64" 5.7lbs • Blade Size 5 3/8" • RPM - 3,600 • Safety

Switch Lock Lever / Shaft Lock Button / Wrap Around Blade Guard • GuardION Battery Protection System

### Panasonic

**14.4V Li-ion Impact Wrench with Flashlight**

**Part Number:** EY7541LN2L

**Product Features:** High Power: 1,640in.lbs • Three Speeds (high - medium - low) • Brushless Motor & Electronic Switch • Electronic Performance Monitoring System • 2 - 3.0Ah Li-ion High Capacity Battery Packs

Additional Panasonic cordless power tools available for viewing online at [www.panapacific.com](http://www.panapacific.com).

## Sirius Streamer GT3 Receiver with Vehicle Docking Kit

**Part Number:** ST3TK1B

**Product Features:** Bright 5-Line Amber Display • Easy to Use Cross-Hair Navigation • GameAlert, GameZone • 30 Presets, S-Seek • Slimmer/Lighter Design • Docking Connector Enabled • Universal Accessory Compatible

## Stratus Receiver with Vehicle Docking Kit

**Part Number:** SV3TK1B

**Product Features:** Bright 3-Line Amber Display • Easy-to-use Navigation • 10 Presets, Traffic Jump • Flexible Mounting Options • Docking Connector Enabled • Built-In FM Transmitter • Universal Accessory Compatible

## Xpress EZ

**Part Number:** XMCK5

**Product Features:** Program 10 of your favorite XM channels • Bright 3-Line Display • Plug and Play Satellite Radio with High-Contrast Display • Connect to your vehicle's stereo with via (sold separately) cassette adapter, mini-AUX cable, FM Direct and XM SureConnect.

## XM Mini Tuner

**Part Number:** CNP2000

**Product Features:** XM Mini-Tuner lets you receive XM Satellite Radio in multiple locations with only one subscription • Works with optional Home Dock to connect to home audio/video receivers marked XM Ready (not compatible with non-XM-ready receivers; Home Dock required to receive XM programming) • Will work with optional car accessories (when available) to play XM over any FM in-dash stereo • Subscription to XM required

## Sirius Connect Universal SIRIUS Satellite Radio Tuner

**Part Number:** SC-C1

**Product Features:** The SC-C1 Sirius Connect Tuner is a compact component that can seamlessly integrate with any SAT Radio Ready Headunit and Sirius Plug & Play receivers when paired with the correct harness • Compact size allows for hidden installation • Interface cable integrates power, audio, and control through a single connection • Compatible with the next generation of Sirius Connect interface translators • Includes: Mini Magnetic Antenna, Sirius Connect Interface Cable and Removable Mounting Plate.

# Satellite Radio Systems

## Streamer3 Receiver with Vehicle Docking Kit

**Part Number:** SP3TK1B

**Product Features:** Large Streamer Sized

Display • Rotary Encoder Knob • Amber Backlighting • GameAlert, GameZone • Up to 30 Artist & Song Alerts • One-Touch Jump • 30 Presets (3 bands; A, B, C) • Full-Frequency Wireless FM Transmitter • FM Preset Short-cut Button • Universal Accessory Compatible • Support for Smart Docks & Accessories

## Accessories / Replacement Parts

## Streamer GT Vehicle Docking Station\*

**Part Number:** SIRSLC1

**Product Features:** Heavy-Duty Windshield Mount, Micro Antenna, and Power Cord.

\*Streamer Receiver and Remote not included.

## Panasonic Compatible Sirius Connect Satellite Radio Tuner

**Part Number:** SIRPAN1

**Product Features:** Works with all Satellite-

Ready Panasonic Radios since 2006. Includes: "Sirius Connect" Tuner, Mini Magnetic Antenna, Antenna Cable Cover/Tail, Power Harness with In-Line Filter and 2.5-Meter Panasonic Bus Cable.

## Stiletto 2 Home Kit with Remote

**Part Number:** SLH2

**Product Features:** Stereo audio output to connect your home audio system or powered speakers • Headphone jack to listen to your SL2 while docked without speakers • PC sync for

connection to your computer to manage your MP3 and WMA files • Charges Stiletto 2 while docked • Compatible with Stiletto 2 radios • Compact, sleek design with high gloss finish • Includes: home dock, remote control, indoor/outdoor home antenna with 21' cable, audio cables, USB cable, PC software and AC power adapter.

## Panasonic Compatible Sirius Connect Satellite Radio Tuner

**Part Number:** SIRPAN1B

**Product Features:** Designed to work with the Panasonic CQ5302.

## Stiletto 2 Vehicle Kit w/ Remote

**Part Number:** SLV2B

**Product Features:** 10 channel presets for

convenient use in the vehicle • One-Touch Jump™ button for direct access to local traffic and weather, or your favorite channel • Day/night sensor automatically adjusts display brightness • FM transmitter or stereo audio output to connect to your vehicle's radio • Locking mechanism to secure your Stiletto while driving • Compact, sleek design with high-gloss finish • Charges Stiletto while you drive • Includes: vehicle dock, remote control, magnetic mount satellite antenna, pedestal mount, FM extender antenna and vehicle power adapter.

## DELPHI

### Sirius Tuner with Truck Antenna

**Part Number:** PD1006A

**Product Features:** Delphi Sirius Tuner with Truck Antenna • Includes cables required for installation.

## Streamer GT Home Docking Station

**Part Number:** SIRSLH1

**Product Features:** Receiver Stand, Antenna, Audio Cable and AC Power Cord.

# Satellite Radio Systems

## Universal Plug & Play Home Kit

**Part Number:** SUPH1B

**Product Features:** Works with Streamer,

Streamer GT3 and Stratus receivers (sold separately) • Includes: Home Dock, Weatherproof Antenna, Audio cables, AC adapter and spacers for smaller Plug & Play models.

## XM Cassette Adapter

**Part Number:** PD2043

**Product Features:** Compatible with SkyFi, Skyfi2, Roady and Roady2

## Universal Plug & Play Vehicle Kit

**Part Number:** SUPV1B

**Product Features:** Works with Streamer3, Streamer GT3 and Stratus receivers • Includes:

Vehicle Dock, Windshield and Vent Mounting Hardware, Low-profile Magnetic Vehicle Antenna and Vehicle Power Adapter. (Receiver not included).

## Sirius Streamer Replay Wireless Remote Control

**Part Number:** PP802652

**Product Features:** Compatible with Streamer Replay

## FM Direct Connection Adapter for XM Satellite Radios

**Part Number:** XMH10A

**Product Features:** Plugs directly into the back

of your stereo • Works with all XM Plug & Play and personal radios • Includes plugs and wires for most installations

## XM Vehicle Cradle

**Part Number:** PD2163

**Product Features:** Compatible with SkyFi and SkyFi3

## XM Vehicle Cradle Mount

**Part Number:** PD2040

**Product Features:** Compatible with SkyFi and SkyFi2

## Antenna Bracket

**Part Number:** PP602071

**Product Features:** Compatible with Roady, Roady2, RoadyXT, SkyFi and SkyFi2

## Speaker Dock Portable Audio System

**Part Number:** SUBX2B

**Product Features:** This system is stylish,

refined and versatile. The SIRIUS Speaker Dock delivers SIRIUS Satellite Radio in crisp, dynamic stereo sound when used with a compatible Dock & Play radio\*. It is an elegant addition to any home or office; and a concealed handle and battery power means it's easily portable. Compatible with: Sportster 5; Starmate 3, 4 and 5; Stratus; Stratus 4 and 5 • Easy portability with concealed fold-up handle • Dynamic sound: Full audio range provided by a 2.1 System with separate tweeters, midrange speakers and powerful subwoofer • Powerful bass: Dedicated subwoofer plus bass enhancement technology provides hard-hitting bass response • Flexible power options: Operates on 8 D-cell batteries (sold separately). AC power adapter included • Built-in headphone and Aux input jacks: Listen privately using the headphone jack. Connect MP3 players, CDs or other audio devices via the auxiliary input • Antenna storage: Built-in antenna cradle and cable storage lets you take the SIRIUS antenna with you. \*Package includes the audio system, weatherproof indoor/outdoor antenna and AC Adapter.

## XM Universal Suction Cup Mount

**Part Number:** PP602166

**Product Features:** Includes AMP4 Adapter Plate / Compatible with SkyFi, Roady, Roady2, SkyFi and SkyFi2

## Antenna Mirror Mount Bracket

**Part Number:** PP801646

**Product Features:** Compatible with Sirius Streamer Professional Docking kit (SIRSTRVK1)

**Sirius Streamer GTR Wireless Remote Control**

**Part Number:** PP602581

**Product Features:** Compatible with Streamer GTR

## Antennas

**DELPHI**

**Mirror-Mount Antenna Kit**

**Part Number:** PP802458

**Product Features:** Mirror-Mount Antenna with 8' Cable • Mounting Bracket • Right Angle Adaptor • 6' Extension Cable

**Sirius Streamer Pro Cradle**

**Part Number:** PP801644

**Product Features:** Compatible with Streamer

**XM Mini Micro Antenna (No Fakra)**

**Part Number:** PD2162

**Product Features:** Compatible with Rody, Rody2, RodyXT and SkyFi2

**Sirius Streamer GT Rear Clip Plate Assembly**

**Part Number:** PP802180

**Product Features:** Compatible with Streamer GT

**Sirius Vehicle Antenna**

**Part Number:** PP801647

**Product Features:** Compatible with: Streamer, Streamer GT, Streamer Replay and Streamer GTR / Also Compatible with Sirius One receivers

**XM 12-Volt Power Adapter**

**Part Number:** PD2042

**Product Features:** Compatible with Rody, Rody2, SkyFi and SkyFi2

**Sirius Cigarette Power Adapter**

**Part Number:** PP801648

**Product Features:** Compatible with Streamer & Streamer GT

**XM Wireless Remote Control**

**Part Number:** SA1018311P1

**Product Features:** Compatible with RodyXT

# Truck & Safety Components

## Hood Lift Systems

### **Peterbilt 379/379X Automatic Hood Control**

**Part Number:** PP602537

**Product Features:** Litens Automotive Group

HoodXpress® is a power assisted hood control device for class 8 power units. Activated by a remote

key-fob, the operator can control full raising or lowering of the hood for maintenance, daily inspections, and service • Tractor Specific Design • Automatically Raises & Lowers the Hood • Audible Warning Tone During Operation • 12 Volt Power Unit • Quick & Easy Installation • Tough "Over the Road" Construction • Electronic Overload Protection • Manual Override Feature • Key Fob Control • Self-Contained Unit • Attaches to most frames without drilling or welding

### **Kenworth W900 Automatic Hood Control**

**Part Number:** PP602539

**Product Features:** Litens Automotive Group

HoodXpress® is a power assisted hood control device

for class 8 power units. Activated by a remote key-fob, the operator can control full raising or lowering of the hood for maintenance, daily inspections and service • Tractor Specific Design • Automatically Raises & Lowers the Hood • Audible Warning Tone During Operation • 12 Volt Power Unit • Quick & Easy Installation • Tough "Over the Road" Construction • Electronic Overload Protection • Manual Override Feature • Key Fob Control • Self-Contained Unit • Attaches to most frames without drilling or welding

### **Freightliner Classic 2003 and Newer Model Trucks - Automatic Hood Control**

**Part Number:** PP602540

**Product Features:** Litens Automotive Group

HoodXpress® is a power assisted hood control device for class 8 power units. Activated by a remote key-fob, the operator can control full raising or lowering of the hood for maintenance, daily inspections, and service • Tractor Specific Design • Automatically Raises & Lowers the Hood • Audible Warning Tone During Operation • 12 Volt Power Unit • Quick & Easy Installation • Tough "Over the Road" Construction • Electronic Overload Protection • Manual Override Feature • Key Fob Control • Self-contained Unit • Attaches to most frames without drilling or welding

### **International 9900/9900ix 2002 and Older Model Trucks**

**HoodXpress Automatic Hood Control**

**Part Number:** PP602541

**Product Features:** Litens Automotive Group HoodXpress® is a power assisted hood control device for class 8 power units. Activated by a remote key-fob, the operator can control full raising or lowering of the hood for maintenance, daily inspections, and service • Tractor Specific Design • Automatically Raises & Lowers the Hood • Audible Warning Tone During Operation • 12 Volt Power Unit • Quick & Easy Installation • Tough "Over the Road" Construction • Electronic Overload Protection • Manual Override Feature • Key Fob Control • Self-Contained Unit • Attaches to most frames without drilling or welding

### **Western Star 4964 FX/4900 EX/4900 FA Automatic Hood Control**

**Part Number:** PP602542

**Product Features:** Litens Automotive Group

HoodXpress® is a power assisted hood control device for class 8 power units. Activated by a remote key-fob, the operator can control full raising or lowering of the hood for maintenance, daily inspections, and service • Tractor Specific Design • Automatically Raises & Lowers the Hood • Audible Warning Tone During Operation • 12 Volt Power Unit • Quick & Easy Installation • Tough "Over the Road" Construction • Electronic Overload Protection • Manual Override Feature • Key Fob Control • Self-Contained Unit • Attaches to most frames without drilling or welding

### **Mack CH Series 2006 and Older Automatic Hood Control**

**Part Number:** PP602546

**Product Features:** Litens Automotive Group

HoodXpress® is a power assisted hood control device for class 8 power units. Activated by a remote key-fob, the operator can control full raising or lowering of the hood for maintenance, daily inspections, and service • Tractor Specific Design • Automatically Raises & Lowers the Hood • Audible Warning Tone During Operation • 12 Volt Power Unit • Quick & Easy Installation • Tough "Over the Road" Construction • Electronic Overload Protection • Manual Override Feature • Key Fob Control • Self-contained Unit • Attaches to most frames without drilling or welding

### **Freightliner Classic/Classic XL 2002 and Older Models - Automatic Hood Control**

**Part Number:** PP602830

**Product Features:** Litens Automotive Group

HoodXpress® is a power assisted hood control device for class 8 power units. Activated by a remote key-fob, the operator can control full raising or lowering of the hood for maintenance, daily inspections, and service • Tractor Specific Design • Automatically Raises & Lowers the Hood • Audible Warning Tone During Operation • 12 Volt Power Unit • Quick & Easy Installation • Tough "Over the Road" Construction • Electronic Overload Protection • Manual Override Feature • Key Fob Control • Self-Contained Unit • Attaches to most frames without drilling or welding

### **Freightliner Classic XL 2003 and Newer**

**Part Number:** PP902778

**Product Features:** Litens Automotive Group

HoodXpress® is a power assisted hood control device for class 8 power units. Activated by a remote key-fob, the operator can control full raising or lowering of the hood for maintenance, daily inspections, and service • Tractor Specific Design • Automatically Raises & Lowers the Hood • Audible Warning Tone During Operation • 12 Volt Power Unit • Quick & Easy Installation • Tough "Over the Road" Construction • Electronic Overload Protection • Manual Override Feature • Key Fob Control • Self-Contained Unit • Attaches to most frames without drilling or welding

## Alarms & Sensors

### External Reverse Motion Warning Alarm

**Part Number:** BU2000C

**Product Features:** Waterproof Design • Conforms to SAE J994 • Input Voltage - 12V • Output Level - \*97 dB • Beep Rate - 1 Beep/Sec. • Low Current

Requirements • Reverse Polarity Protection • Activates when back-up lights are on • Dimensions - 4" W x 1-5/8" D x 2-3/4" H

\*This alarm monitors ambient noise level and will automatically increase the alarm output level when the ambience is noisy. The unit will return to the lower alarm output level when the ambience has quieted.

### External Reverse Motion Warning Alarm

**Part Number:** BU3000C-102A

**Product Features:** Waterproof Design • Conforms to SAE J994 • Input Voltage - 12V/24V • Output Level - \*97/102 dB • Beep Rate - 1 Beep/Sec. • Low Current

Requirements • Reverse Polarity Protection • Activates when back-up lights are on • Dimensions - 4" W x 1-5/8" D x 2-3/4" H

\*This alarm monitors ambient noise level and will automatically increase the alarm output level when the ambience is noisy. The unit will return to the lower alarm output level when the ambience has quieted.

### 12/24V DC, 107dB External Reverse Motion Warning Alarm

**Part Number:** BU2000CW-107

**Product Features:** Self Contained • Waterproof Design • Conforms to SAE J994 • Low Current

Requirements • Reverse Polarity Protection • Distinctive Beep Rate of One Beep Per Second • Dimensions: 4" W x 1-5/8" D x 2-3/4" H • Activates when back-up lights are on

### 12V DC, 97dB External Reverse Motion Warning Alarm

**Part Number:** BU2200C-97

**Product Features:** Self Contained • Waterproof Design • Conforms to SAE J994 • Low Current

Requirements • Reverse Polarity Protection • Distinctive Beep Rate of One Beep Per Second • Dimensions: 4" W x 1-5/8" D x 2-3/4" H • Activates when back-up lights are on

### 12V DC, 87-112dB External Reverse Motion Warning Alarm

**Part Number:** BU3100C-112A

**Product Features:** Self Contained • Waterproof

Design • Conforms to SAE J994 • Low Current Requirements • Reverse Polarity Protection • Activates when back-up lights are on • Distinctive Beep Rate of One Beep Per Second • Dimensions: 5 3/4" W x 3-1/16" D x 3-1/16" H

This alarm monitors ambient noise level and will automatically increase the alarm output level when the ambience is noisy. The unit will return to the lower alarm output level when the ambience has quieted.

### 12V DC, 97dB External Reverse Motion Warning Alarm

**Part Number:** BU1000C-97

**Product Features:** Self Contained • Waterproof Design • Conforms to SAE J994 • Low Current

Requirements • Reverse Polarity Protection • Distinctive Beep Rate of One Beep Per Second • Dimensions: 4 1/2" W x 1-1/4" D x 4-1/2" H • Activates when back-up lights are on

### External Reverse Motion Warning Alarm

**Part Number:** BU2000A-24V

**Product Features:** Waterproof Design • Conforms to SAE J994 • Input Voltage - 12V/24V • Output Level - \*112 dB • Beep Rate - 1 Beep/Sec. • Low Current

Requirements • Reverse Polarity Protection • Activates when back-up lights are on • Dimensions - 4" W x 1-5/8" D x 2-3/4" H

\*This alarm monitors ambient noise level and will automatically increase the alarm output level when the ambience is noisy. The unit will return to the lower alarm output level when the ambience has quieted.

### External Reverse Motion Warning Alarm

**Part Number:** BU-2000CW97

**Product Features:** Self Contained • Waterproof Design • Output Level - 97dB • Conforms to SAE J994 • Low Current Requirements • Reverse Polarity

Protection • Distinctive Beep Rate of One Beep Per Second • Dimensions: 4" W x 11/16" D x 2-5/8" H • Activates when back-up lights are on

### External Reverse Motion Warning Alarm

**Part Number:** BU-2000CW112

**Product Features:** Self Contained • Waterproof Design • Output Level - 112dB • Conforms to SAE J994 • Low Current Requirements • Reverse Polarity

Protection • Distinctive Beep Rate of One Beep Per Second • Dimensions: 4" W x 11/16" D x 2-5/8" H • Activates when back-up lights are on

## Truck & Safety Components

### DELPHI

**Dual Beam Radar-Based Back-Up Aid and Hitch Mount With 40' Harness for Heavy Duty Vehicles**

**Part Number:** PD2343

**Product Features:** Helps drivers know if an obstacle is in their rear blind spot when backing up and helps make parking easier • High performance radar technology • FCC approved 24.7 GHz radar sensor • Small 9" x 4.25" x 2" and lightweight 27.5 ounces • Low power 12V DC @ 500 mA • Detects obstacles in backing path up to six meters (20 feet) • Operates reliably under a wide range of environmental conditions (snow, fog, rain, darkness) • Radar sensor is immune to noises (jets, jackhammers, etc.) • Audible alerts with selectable volume (LO - 80dB; HI - 90dB) to warn driver of in-path obstacle • Optional visual alert display available • Rugged design. Sensor can be mounted to receiver hitch insert • Removable for trailering • No impact upon receiver hitch location • Uses existing trailer connector plug (power, ground, reverse)

### DELPHI

**Dual Beam Radar-Based Back-Up Aid and Permanent Mount with 45' Harness for Heavy Duty Vehicles**

**Part Number:** PD2344

**Product Features:** Helps drivers know if an obstacle is in their rear blind spot when backing up and helps make parking easier • High performance radar technology • FCC approved 24.7 GHz radar sensor • Small 9" x 4.25" x 2" and lightweight 27.5 ounces • Low power 12V DC @ 500 mA • Detects obstacles in backing path up to six meters (20 feet) • Operates reliably under a wide range of environmental conditions (snow, fog, rain, darkness) • Radar sensor is immune to noises (jets, jackhammers, etc.) • Audible alerts with selectable volume (LO - 80dB; HI - 90dB) to warn driver of in-path obstacle • Optional visual alert display available • Rugged design

### DELPHI

**Dual Beam Radar-Based Back-Up Aid and Permanent Mount with 70' Harness for Heavy Duty Vehicles**

**Part Number:** PD2345

**Product Features:** Helps drivers know if an obstacle is in their rear blind spot when backing up and helps make parking easier • High performance radar technology • FCC approved 24.7 GHz radar sensor • Small 9" x 4.25" x 2" and lightweight 27.5 ounces • Low power 12V DC @ 500 mA • Detects obstacles in backing path up to six meters (20 feet) • Operates reliably under a wide range of environmental conditions (snow, fog, rain, darkness) • Radar sensor is immune to noises (jets, jackhammers, etc.) • Audible alerts with selectable volume (LO - 80dB; HI - 90dB) to warn driver of in-path obstacles • Optional visual alert display available • Rugged design

### DELPHI

**Dual Beam Radar-Based Back-Up Aid and Permanent Mount with 30' Harness for Heavy Duty Vehicles**

**Part Number:** PD2366

**Product Features:** Helps drivers know if an obstacle is in their rear blind spot when backing up and helps make parking easier • High performance radar technology • FCC approved 24.7 GHz radar sensor • Small 9" x 4.25" x 2" and lightweight 27.5 ounces • Low power 12V DC @ 500 mA • Detects obstacles in backing path up to six meters (20 feet) • Operates reliably under a wide range of environmental conditions (snow, fog, rain, darkness) • Radar sensor is immune to noises (jets, jackhammers, etc.) • Audible alerts with selectable volume (LO - 80dB; HI - 90dB) to warn driver of in-path obstacles • Optional visual alert display available • Rugged design

### DELPHI

**Dual Beam Radar Based Side Alert Permanent Mount with 25' Wiring Harness**

**Part Number:** PD2367

**Product Features:** Helps drivers be aware of vehicles and other obstacles when changing lanes and making turns. Similar features as the Back-Up Aid with these benefits: Helps drivers make lane changes or right turns with greater confidence • Helps detect obstacles in the passenger-side detection zone • Helps make drivers aware of people, vehicles and other obstacles that may be difficult to see in the passenger-side mirror • Gives drivers the advantage of more reaction time

### DELPHI

**Dual Beam Radar-Based Back-Up Aid and Optional LED Visual Alert Display**

**Part Number:** PD2089

**Product Features:** Forewarn Optional LED Visual Alert Display for Dual Beam System

## Batteries

### Panasonic

**Digital Alkaline 4 Pack  
AAA Batteries**

**Part Number:** LR03GA/4B

**Product Features:** High drain power designed for the digital world. These top-performing batteries have been specifically designed for use in portable, high drain digital electronics ideal for the modern lifestyle. From portable CD players to hand-held video games, Panasonic Alkaline for Digital batteries provide long-lasting power for your favorite electronics.

### Panasonic

**Alkaline Plus 2 Pack AA Batteries**

**Part Number:** AM3PA/2B

**Product Features:** High quality batteries ideal for use in your everyday electronics. Alkaline Plus batteries provide long-lasting performance in everyday devices

such as portable CD players, shavers, radios, smoke alarms and pagers, giving you a dependable solution for the products you rely on.

### Panasonic

**Alkaline Plus 8 Pack AA Batteries**

**Part Number:** AM3PA/8B

**Product Features:** High quality batteries ideal for use in your everyday electronics. Alkaline Plus batteries provide long-lasting performance in everyday devices

such as portable CD players, shavers, radios, smoke alarms and pagers, giving you a dependable solution for the products you rely on.

### Panasonic

**Alkaline Plus 2 Pack  
AAA Batteries**

**Part Number:** AM4PA/2B

**Product Features:** High quality batteries ideal for

use in your everyday electronics. Alkaline Plus batteries provide long-lasting performance in everyday devices such as portable CD players, shavers, radios, smoke alarms and pagers, giving you a dependable solution for the products you rely on.

### Panasonic

**Alkaline Plus 4 Pack  
AAA Batteries**

**Part Number:** AM4PA/4B

**Product Features:** High quality batteries ideal for

use in your everyday electronics. Alkaline Plus batteries provide long-lasting performance in everyday devices such as portable CD players, shavers, radios, smoke alarms and pagers, giving you a dependable solution for the products you rely on.

### Panasonic

**Alkaline Plus 12 Pack  
AAA Batteries**

**Part Number:** AM4PA/12B

**Product Features:** Hi quality batteries ideal for use

in your everyday electronics. Alkaline Plus batteries provide long-lasting performance in everyday devices such as portable CD players, shavers, radios, smoke alarms and pagers, giving you a dependable solution for the products you rely on.

### Panasonic

**Alkaline Plus 8 Pack  
AAA Batteries**

**Part Number:** AM4PA/8B

**Product Features:** High quality batteries ideal for

use in your everyday electronics. Alkaline Plus batteries provide long-lasting performance in everyday devices such as portable CD players, shavers, radios, smoke alarms and pagers, giving you a dependable solution for the products you rely on.

### Panasonic

**Alkaline Micro Cell 1 Pack  
1.5V (N Size) Battery**

**Part Number:** AM5PA/1B

**Product Features:** High quality batteries ideal for

use in your everyday electronics. Alkaline Plus batteries provide long-lasting performance in everyday devices such as portable CD players, shavers, radios, smoke alarms and pagers, giving you a dependable solution for the products you rely on.

### Panasonic

**Digital Alkaline 10 Pack  
AAA Batteries**

**Part Number:** LR03GA/10B

**Product Features:** High drain power designed for

the digital world. These top-performing batteries have been specifically designed for use in portable, high drain digital electronics ideal for the modern lifestyle. From portable CD players to hand-held video games, Panasonic Alkaline for Digital batteries provide long-lasting power for your favorite electronics.

### Panasonic

**Digital Alkaline 12 Pack  
AAA Batteries**

**Part Number:** LR03GA/12B

**Product Features:** High drain power designed for

the digital world. These top-performing batteries have been specifically designed for use in portable, high drain digital electronics ideal for the modern lifestyle. From portable CD players to hand-held video games, Panasonic Alkaline for Digital batteries provide long-lasting power for your favorite electronics.

Additional Panasonic batteries available for viewing online at [www.panapacific.com](http://www.panapacific.com).

## Camera Systems

### PRO-VIEW *Professional Series*

**7" Color LCD System with Rear View Camera**

**Part Number:** MCS-10PP

**Product Features:** Rear View Camera (C125): 1/3"

Color CCD Camera; Built-in 18 IR LEDs for Night Vision • 7" Color LCD Single Input Monitor (M115C) with Speaker and Full Function Remote • Rear View Camera Triggered by Reverse • 35' Rear Extension Cable (RRC-35)

**Rear View 5" LCD Color Monitor 2AV Day/Night Flat Screen System**

**Part Number:** ZONE322

**Product Features:** COLOR LCD system with one

day/night camera • Five-inch LCD flat panel monitor with remote control • Camera audio • 65-ft / 20M cable • Mounting hardware and instructions • System supports up to two cameras

### PRO-VIEW *Professional Series*

**7" Color LCD System with Side View Camera**

**Part Number:** MCS-20PP

**Product Features:** Right View Side Camera (C-SDR):

1/3" Color CCD Camera; Custom Side Mount • 7" Color LCD Single Input Monitor (M115C) with Speaker and Full Function Remote • Rear View Camera Triggered by Reverse • 16' Rear Extension Cable (RRC-16)

**Side View 5" LCD Color Monitor, One Camera Day/Night Flat Screen System**

**Part Number:** ZONE322S

**Product Features:** System 3221S one-side camera

configuration • Top-quality 5" Color LCD Flat Panel • All switching is done within the monitor and activated by connecting into directional wires • Standard with high quality color and automatic infrared adjustable angle wide-view camera • Five highly adjustable screen views • Onscreen calendar and sleep timer • IR remote control • Three-camera capability.

### PRO-VIEW *Professional Series*

**7" Color LCD System with Two Cameras**

**Part Number:** MCS-30PP

**Product Features:** Rear View Camera (C125) and

Right Side Camera (C-SDR): 1/3" Color CCD Camera; Built-in 18 IR LEDs for Night Vision; Built-in Waterproof Microphone • 7" Color LCD Four Input Monitor (M125C) with Speaker and Full Function Remote • Rear View Camera Triggered by Reverse • 35' Rear Extension Cable (RRC-35) and 16' Rear Extension Cable (RRC-16)

**Rear View Standard CRT System**

**Part Number:** ZONE325

**Product Features:** High tech, low price • High-line

5.5-inch black and white monitor with fresh new styling supports up to two cameras with audio • Built-in visor reduces glare; includes one day-night camera • 65ft / 20M cable • Mounting hardware and instructions.

### PRO-VIEW *Professional Series*

**7" Color LCD System with Three Cameras**

**Part Number:** MCS-40PP

**Product Features:** Rear View Camera (C125), Left

Side Camera (C-SDL) and Right Side Camera (C-SDR): 1/3" Color CCD Camera; Built-in 18 IR LEDs for Night Vision; Built-in Waterproof Microphone • 7" Color LCD Four Input Monitor (M125C) with Speaker and Full Function Remote • Rear View Camera Triggered by Reverse • 35' Rear Extension Cable (RRC-35) and 16' Rear Extension Cable (RRC-16)

**Rear View 7" LCD Premium 3 Camera System "Triple Play"**

**Part Number:** ZONE333

**Product Features:** Combines a high quality color

flat panel LCD monitor with left, right, and rear vision day/night cameras for the best view ever. Cameras feature sleek, aerodynamic housings for low drag and good looks. Includes: monitor, remote, cameras, cables, mounting hardware and instructions.

## **PathFindIR™ Driver's Night Vision System - Kit w/ Monitor**

**Part Number:** PP803788

**Product Features:** The PathFindIR™ is a compact thermal imager that allows you to see up to four times farther in total darkness than you can see with your headlights. Typical

headlights only let you see about 450' straight ahead, but PathFindIR™ sees heat not light, so that you can see everything in front of you. Clearly see road hazards like animals, pedestrians and disabled vehicles at night or day, in good weather and bad, without being blinded by the glare of oncoming headlights.

This complete kit includes everything needed for a complete installation, except for the fasteners that mount the camera bracket to the vehicle; 1/4" (6.35mm) holes are provided in the bracket. The monitor has three additional inputs for rear and side cameras and comes with both a flush mount bezel and a swiveling adhesive mount universal knuckle.

The camera, when mounted in its bracket, is about 3" by 3" by 4". The cable exits the bottom side of the camera/mounting bracket. The connection between the camera and 20' long cable is completely sealed against moisture. The camera must be mounted outside the cab of the vehicle, as it cannot "see" through glass.

Included: PathFindIR™ thermal night vision camera (PP703773): includes a universal mounting bracket and hardware for securing and aiming the camera • High resolution, 7-inch LCD monitor (M125C): wide viewing angle; three PAL/NTSC camera inputs and one front panel mount A/V input for the PathfindIR™ camera; earphone output jack; built-in speaker; mirror and normal image switch; button-controlled brightness; and, full function remote • PathFindIR™ 20' Cable (PP503774) with an adapter that fits most monitor auxiliary video in jacks • PathFindIR™ Installation Instructions.

## **NESA**

### **Rear View 7" LCD Camera System**

**Part Number:** RVM-7000T

**Product Features:** 7" Touch Screen Rearview Monitor • AV Input - 1 AV Input for Camera, 1 AV Input

for Entertainment System • Built-in Speaker • Touch Control Monitor • Volume, Mute, Up Down of Motorizing Camera • Automatic Power On/Off • DC 12v Operation • Auto Brightness Control • Built-in Night Vision IR • Built-in Microphone for Audio Access • Robotic Up/Down Motorizing Mechanism • 1/3" Sony CCD Built In • High Picture Quality • Wide Viewing Angle (150 Degree) • 60-ft. Extension Rearview Camera Cable.

## **NESA**

### **Motorizing UP/Down Rearview Camera**

**Part Number:** RVC-3000

**Product Features:** High Picture Quality • Wide Viewing Angle (150 degree) • Focus Angle adjusts Up

and Down • Motorizing up/down camera • Robotic up/down motorizing mechanism • Built-in night vision IR • Built-in microphone for audio access • Built-in 1/3" Sony CCD

## Power Inverters

**Cobra®**  
Power Inverter

**Part Number:** CPI130

**Product Features:** Microport 130 Watt Power Inverter provides household power on the go! Its

swiveling 12V DC accessory port plug converts your vehicle's cigarette lighter into 120 Volt AC household power. Power-up office equipment and appliances under 130 watts, including most laptops. It also has a USB output, ideal for using/charging most small video games, an iPod®, a Blackberry®, mobile phones, and many more USB devices. Its compact size and easy installation makes it ideal for travelers.

**Cobra®**  
Power Inverter

**Part Number:** CPI1575

**Product Features:** 1,500 Watt Power Inverter. This inverter provides household power on the go! It converts

battery power to 120 V AC household power, allowing you to power up office equipment and household appliances from your vehicle. This unit is ideal for appliances such as microwave ovens (1000 watts or less), coffeemakers, laptops, TV sets, video games, CD players, DVD players, cellular phone chargers and much more!

**Cobra®**  
Power Inverter

**Part Number:** CPI200CH

**Product Features:** 200 Watt Power Inverter provides household power on the go! Power-up office

equipment and appliances under 150 watts. This unit is ideal for video games, an iPod®, a Blackberry®, mobile phones, laptops and many more USB devices. Its compact size and cup holder design make it ideal for travelers.

**Cobra®**  
Power Inverter

**Part Number:** CPI2575

**Product Features:** 2,500 Watt Power Inverter. This inverter provides household power on the go! It converts

battery power to 120 V AC household power, allowing you to power up multiple loads such as office equipment and major household appliances from your vehicle. This unit is ideal for microwave ovens, mini fridges, coffeemakers, laptops, TV sets, video games, CD players, DVD players, cellular phone chargers and much more!

**Cobra®**  
400 Watt DC to AC Power Inverter w/ USB Port

**Part Number:** CPI480

**Product Features:** 400 Watt Power Inverter

provides household power on the go! It converts battery power to 120V AC household power, allowing you to power-up office equipment and household appliances from your vehicle. It also has a USB output, ideal for using/charging most small video games, an iPod®, a Blackberry®, mobile phones, and many more USB devices. Cigarette lighter cord and Direct-to-battery cables are included. This unit is ideal for laptops, 13" TVs, video games, CD players, DVD players, cellular phone chargers and much more!

Features: Compact Size • Dual AC Outlets • USB Output • 400 Watts Continuous, 800 Watts Surge • Cigarette Lighter Cord • Pentagon Protection • Thermal Shutdown • Reverse Polarity Protection • Over- and Low-Voltage Shutdown • Low-Voltage Alarm • Direct-to-Battery Cables Included.

**Cobra®**  
Power Inverter

**Part Number:** CPI875

**Product Features:** 800 Watt Power Inverter. This inverter provides household power on the go! It converts

battery power to 120 V AC household power, allowing you to power up office equipment and household appliances from your vehicle. Direct-to-battery cables are included. This unit is ideal for laptops, TV sets, video games, CD players, DVD players, cellular phone chargers, and much more!

**Cobra®**  
Power Inverter

**Part Number:** CPI1000

**Product Features:** 1,000 Watt Inverter. This inverter provides household power on the go! It converts battery

power to 120 V AC household power, allowing you to power up office equipment and household appliances from your vehicle. Direct-to-battery cables are included. This unit is ideal for laptops, TV sets, video games, CD players, DVD players, cellular phone chargers, and much more!

**TRIPP-LITE**  
POWER PROTECTION

**PowerVerter RV Inverter/Charger**

**Part Number:** MRV2012UL

**Product Features:** Quiet Mobile Power for RV, Camping & Boating Applications Tripp Lite's MRV2012UL

Inverter/Charger is the quiet alternative to gas generators with no fumes, fuel or noise to deal with! It provides equipment with utility or generator-supplied AC electricity filtered through premium ISOBAR surge protection. This heavy-duty DC-to-AC inverter with automatic line-to-battery transfer and integrated charging system serves as an extended-run UPS, a standalone power source or an automotive inverter suitable for rugged RV applications. Supplies up to 2000 watts of continuous 120V AC power from any 12V DC battery or automotive DC source.

### Applications

Versatile inverter/charger system with automatic transfer switching serves as a vehicular inverter for RVs, over-the-road trucking, conversion vans and fleet service vehicles. Also serves as a standalone alternative power source for off-grid, alternative energy or export applications and as an uninterruptible power supply (UPS) for equipment compatible with a 16.6 millisecond transfer time.

### Package Includes

MRV2012UL Inverter/Charger, instruction manual with warranty information, battery temperature sensor cable and conduit hanger.

**TRIPP-LITE**  
POWER PROTECTION

**PowerVerter Ultra Compact Inverter Portable Power for All Applications**

**Part Number:** PV1000HF

**Product Features:** Harness your vehicle's battery to

efficiently power office equipment on the road or power tools at a work site. Continuously supplies up to 1000 watts of 120V AC power to 3 AC outlets from any 12V battery. Includes a set of DC terminals for simple installation. Compact, lightweight metal case design is among the smallest, most rugged inverters available at this power level. Applications

Ideal for TVs, DVD players, small microwaves, power tools, small coffeemakers, game systems, desktop computers, laptops, portable electronics, lighting and other AC applications under 1000 watts.

Package Includes: PV1000HF Inverter, Warranty information and Instruction manual

## PowerVerter Ultra-Compact Inverter - Portable Power for All Applications

**Part Number:** PV1800HF

**Product Features:** Harness your vehicle's battery to efficiently power office equipment on the road or power tools at a work site • Continuously supplies up to 1800 watts of 120V AC power to 4 AC outlets from any 12V battery or automotive DC source. Includes a set of nut-and-bolt style DC terminals for simple installation • Super-compact, lightweight metal case design is among the smallest, most rugged inverters available at this power level • Applications: Ideal for complete desktop computer systems, laptops, portable electronics, refrigerators, coffeepots, microwave ovens, battery chargers for cell phones, pagers, notepads and games, large power tools, TV/VCR/stereo systems, camcorders, lighting and other power AC applications under 1800 watts • Package Includes PV1800HF Inverter, warranty information and instruction manual.

## PowerVerter Ultra-Compact Inverter - Portable Power for All Applications

**Part Number:** PV3000HF

**Product Features:** Harness your vehicle's battery to efficiently power office equipment on the road or power tools at a work site. Continuously supplies up to 3000 watts of 120V AC power to 4 AC outlets from any 12V battery or automotive DC source. Includes a PV remote and 25 feet of cable. Super-compact, lightweight metal case design is among the smallest, most rugged inverters available at this power level. Ideal for TVs, DVD players, microwaves, tools, coffeemakers and game systems under 3000 watts. Package Includes PV3000HF Inverter Remote control LED/switch module 25-ft. cable Warranty information Instruction manual

## PowerVerter RV Inverter/Charger

**Part Number:** RV1250ULHW

**Product Features:** 12V DC or 120V AC input and 120V AC output (hardwired) • 12V DC or 120V AC input and 120V AC output (hardwired) • 1,250 watts

continuous and 2,500 watts DoubleBoost inverter output • 3 stage, 14/55 amp selectable wet/dry cell battery charger • Built-in Isobar® premium AC surge protection and Auto Transfer Switching option for battery backup / UPS operation • Tested to power inverter standards UL458 (USA) and CSA (Canada) • High reliability large-transformer design with protected DC and AC wiring terminals.

**Applications:** Versatile inverter/charger system with auto-transfer switching serves as an automotive inverter for RVs, over-the-road trucking, conversion vans and fleet service vehicles; a standalone alternative power source for off-grid, alternative energy or export applications and as an uninterruptible power supply (UPS) for items compatible with a 16.6 millisecond transfer time.

**Package Includes:** RV1250ULHW Inverter/Charger and instruction manual with warranty information.

## 1,500 Watt Power Inverter & Wiring Kit for Sharp Half Pint Microwave Oven

**Part Number:** PP603904

**Product Features:** Tundra 1500 Watt Power Inverter

is strong and compact - truck approved and designed for the long haul. Has 1500 Watts Continuous/3000 Watts Surge; Heavy Duty DC Inputs/Best Battery Protection; Reduced Maintenance/Self Supporting Aluminum Structure; SmartStart™ Software Technology/ Superior Safety and Efficiency.

**Kit Includes:** Tundra International 1500 Watt Power Inverter - E1500, and #2 gauge welding cable with Anderson 175SB connector on the truck side and ring terminals to connect to the inverter on the other side. These cables and inverter meet the power requirements necessary to operate the Sharp Half Pint Microwave Oven (part number R120PK) in a truck sleeper compartment.

## Truck Approved Economical 1,000 Watt Power Inverter w/ Remote Control

**Part Number:** E1000

**Product Features:** The Tundra E series represents an economical solution for the most demanding of all. Unlike any other inverters on the market, Tundra International E 1000 Truck approved series have been designed with long haul truck in mind. Dedicated to the trucking industry since 1995, Tundra inverters offer: Greatest return on investment • Lowest operation costs • Unmatched performance • Peace of mind for drivers and fleets • Self supporting aluminum structure • Heavy duty DC inputs • Best battery protection • Reduced maintenance • Smart Start™ Software Technology • Superior safety and efficiency • Best quality vs. price ratio

## Truck Approved Economical 1,500 Watt Power Inverter w/ Remote Control

**Part Number:** E1500

**Product Features:** The Tundra E series represents an economical solution for the most demanding of all. Unlike any other inverters on the market, Tundra International E1500 truck approved series, have been designed with the long haul truck in mind. Ideal to support recreational and moderate use in trucks, RV's, boats, solar, etc. Dedicated to the trucking industry since 1995, Tundra inverters offer: Greatest return on investment • Unmatched Performance • Lowest Operation Costs • Peace of mind for drivers and fleets • Self supporting aluminum structure • Heavy Duty DC inputs • Best battery protection • Reduced Maintenance • Smart Start™ Software Technology • Superior safety and efficiency • Best quality vs. price ratio

## Truck Approved Economical 2,000 Watt Power Inverter w/ Remote Control

**Part Number:** E2000

**Product Features:** The Tundra E series represents an economical solution for the most demanding of all. Unlike any other inverters on the market, Tundra International E 2000 truck approved Series have been designed with the long haul truck in mind. Ideal to support recreational and moderate use in trucks, RV's, boats, solar, etc. Dedicated to the trucking industry since 1995, Tundra inverters offer: Greatest return on investment • Lowest Operation Costs • Unmatched Performance • Peace of mind for drivers and fleets • Self supporting aluminum structure • Heavy Duty DC inputs • Best battery protection • Reduced Maintenance • Smart Start™ Software Technology • Superior safety and efficiency • Best quality vs. price ratio

## Truck Approved Economical 600 Watt Power Inverter

**Part Number:** E600

**Product Features:** The Tundra E600 series represents an economical solution for the most demanding of all. Ideal to support recreational and moderate use in trucks, RV's, boats, solar, etc. Dedicated to the trucking industry since 1995, Tundra inverters offer: Self supporting aluminum structure • Heavy Duty DC inputs • Smart Start™ Software Technology • Superior safety and efficiency • Best quality vs. price ratio

# Truck & Safety Components

## Truck Approved Heavy Duty 1,200 Watt Power Inverter w/ Remote Control Part Number: HD1200

**Product Features:** The Tundra HD Series represents one of the best solution for the most demanding of all. Unlike any other inverters on the market, Tundra International HD 1200 truck approved series have been designed with long haul truck in mind. Ideal to support intensive use in RV's, trucks, boats, solar, etc. Dedicated to the trucking industry since 1995, Tundra inverters offer: Greatest return on investment • Lowest operation costs • Unmatched performance • Peace of mind for drivers and fleets • Self supporting aluminum structure • Heavy duty DC inputs • Best battery protection • Reduced maintenance • Smart Start™ Software Technology • Superior safety and efficiency • Best quality vs. price ratio

## Truck Approved Heavy Duty 1,800 Watt Power Inverter w/ Remote Control Part Number: HD1800

**Product Features:** The Tundra HD Series represents one of the best solution for the most demanding of all. Unlike any other inverters on the market, Tundra International HD 1800 truck approved series have been designed with the long haul truck in mind. Ideal to support intensive use in RV's, trucks, boats, solar, etc. • Greatest return on investment • Lowest operation costs • Unmatched performance • Peace of mind for drivers and fleets • Self supporting aluminum structure • Heavy duty DC inputs • Best battery protection • Reduced maintenance • Smart Start™ Software Technology • Superior safety and efficiency • Best quality vs. price ratio

## Truck Approved Heavy Duty 2,500 Watt Power Inverter w/ Remote Control Part Number: HD2500

**Product Features:** The Tundra HD Series represents one of the best solutions for the most demanding of all. Unlike any other inverters on the market, Tundra International HD 2500 truck approved series have been designed with the long haul truck in mind. Ideal to support intensive use in RV's, trucks, boats, solar, etc. Dedicated to the trucking industry since 1995, Tundra inverters offer: Greatest return on investment • Lowest operation costs • Unmatched performance • Peace of mind for drivers and fleets • Self supporting aluminum structure • Heavy duty DC inputs • Best battery protection • Reduced maintenance • Smart Start™ Software Technology • Superior safety and efficiency • Best quality vs. price ratio

## Pure Sine Wave 1,200 Watt Power Inverter Part Number: HTS1200

**Product Features:** The Tundra HTS 1200 Series has been created without compromise to support specific needs of high end sensitive electronic appliances such as medical equipment. They provide a perfect SINE WAVE equal or superior to most conventional networks. Ideal to support recreational and moderate use in RV's, trucks, boats, solar, etc. Dedicated to the trucking industry since 1995, Tundra inverters offer: Self supporting aluminum structure • Heavy-duty DC inputs • Smart Start™ Software Technology • Superior safety and efficiency • Best quality vs. price ratio

## Pure Sine Wave 300 Watt Power Inverter Part Number: HTS300

**Product Features:** The Tundra HTS 300 Series has been created without compromise to support specific needs of high end sensitive electronic appliances such as medical equipments. They provide a perfect SINE WAVE equal or superior to most conventional networks. Ideal to support recreational and moderate use in RV's, trucks, boats, solar, etc. Dedicated to the trucking industry since 1995, Tundra inverters offer: Self supporting aluminum structure • Heavy-duty DC inputs • Reduced maintenance • Smart Start™ Software Technology • Superior safety and efficiency • Best quality vs. price ratio

## Pure Sine Wave 600 Watt Power Inverter Part Number: HTS600

**Product Features:** The Tundra HTS 600 Series has been created without compromise to support specific needs of high end sensitive electronic appliances such as medical equipment. They provide a perfect SINE WAVE equal or superior to most conventional networks. Ideal to support recreational and moderate use in RV's, trucks, boats, solar, etc. Dedicated to the trucking industry since 1995, Tundra inverters offer: Self supporting aluminum structure • Heavy-duty DC inputs • Smart Start™ Software Technology • Superior safety and efficiency • Best quality vs. price ratio

## Power Inverter and Installation Kit Part Number: PP602187

**Product Features:** Cobra CPI1575 Power Inverter with Monster 200 Series\* Installation Kit (122111-00) • 1,500 Watt Power Inverter • 1000 Watts Single Inverter Hookup • Monster Powerflex® two-gauge power cable with patented Magnetic Flux Tube® for instantaneous power transfer • In-line weather-resistant ANL use holder for up to 200 amp current handling • 24k gold contact ring terminals for maximum current transfer and corrosion resistance

\*The 1000W Inverter Installation Kit (Part Number 122111-00) is compatible with any manufacturer's power inverter with a maximum of 1500 watts.

## Power Inverter and Installation Kit Part Number: PP602188

**Product Features:** Cobra CPI2575 Power Inverter with Monster 300 Series\* Installation Kit (122112-00) • 2,500 Watt Power Inverter • Power/Amp Meter • Remote On/Off Capable USB Output • LED Function/Status Meter • 2000 Watts Single Inverter Hookup • Monster Powerflex® two-gauge power cable with patented Magnetic Flux Tube® for instantaneous power transfer • In-line weather-resistant ANL use holder for up to 200 amp current handling • 24k gold contact ring terminals for maximum current transfer and corrosion resistance

\*The 2000W Inverter Installation Kit (Part Number 122112-00) is compatible with any manufacturer's power inverter with a maximum of 2500 watts.

## 200 Series\* Power Inverter Installation Kit

**Part Number:** 122111-00

**Product Features:** 1000 Watts Single Inverter Hookup • Monster Powerflex® two-gauge power cable with patented Magnetic Flux Tube® for instantaneous

power transfer • In-line weather-resistant ANL use holder for up to 200 amp current handling • 24k gold contact ring terminals for maximum current transfer and corrosion resistance

\*The 1000W Inverter Installation Kit (Part Number 122111-00) is compatible with any manufacturer's power inverter with a maximum of 1500 watts.

## 300 Series\* Power Inverter Installation Kit

**Part Number:** 122112-00

**Product Features:** 2000 Watts Single Inverter Hookup • Monster Powerflex® two-gauge power cable with patented Magnetic Flux Tube® for instantaneous power transfer • In-line weather-resistant ANL use

holder for up to 200 amp current handling • 24k gold contact ring terminals for maximum current transfer and corrosion resistance

\*The 2000W Inverter Installation Kit (Part Number 122112-00) is compatible with any manufacturer's power inverter with a maximum of 2500 watts.

## Power Inverter Installation Kit

**Part Number:** CM1000

**Product Features:** 12' of high quality & flexible battery cable, for use at the negative pole, with a pre-

assembled terminal lug • 11' of high quality & flexible battery cable, for use at the positive pole, with a pre-assembled terminal lug • 1' section of high quality & flexible battery cable, for use at the positive pole, with two pre-assembled terminal lugs • Two sets of PVC strain relief • 24' of protective plastic loom • Eight metallic cable clamps • 25 high-endurance plastic tie-wraps • Two high quality compression lugs • Two dual-wall, heat shrink tubing • Electric Tape Roll • 1 x DC Fuse • DC Fuse Holder • Assorted Screws

## Power Inverter Installation Kit

**Part Number:** CM1200

**Product Features:** 12' of high quality & flexible battery cable, for use at the negative pole, with a pre-

assembled terminal lug • 11' of high quality & flexible battery cable, for use at the positive pole, with a pre-assembled terminal lug • 1' section of high quality & flexible battery cable, for use at the positive pole, with two pre-assembled terminal lugs • Two sets of PVC strain relief • 24' of protective plastic loom • Eight metallic cable clamps • 25 high-endurance plastic tie-wraps • Two high quality compression lugs • Two dual-wall, heat shrink tubing • Electric Tape Roll • 1 x DC Fuse • DC Fuse Holder • Assorted Screws

## Power Inverter Installation Kit

**Part Number:** CM1500

**Product Features:** 12' of high quality & flexible battery cable, for use at the negative pole, with a pre-assembled terminal lug • 11' of high quality & flexible battery cable, for use at the positive pole, with a pre-assembled terminal lug • 1' section of high quality & flexible battery cable, for use at the positive pole, with two pre-assembled terminal lugs • Two sets of PVC strain relief • 24' of protective plastic loom • Eight metallic cable clamps • 25 high-endurance plastic tie-wraps • Two high quality compression lugs • Two dual-wall, heat shrink tubing • Electric Tape Roll • 1 x DC Fuse • DC Fuse Holder • Assorted Screws

### Beacons

**PSE AMBER®**

#### LED Beacon

**Part Number:** CL199AH

**Product Features:** Clear Polycarbonate Lens with 12 LEDs • Amber, Red, Blue or Green LEDs • Black Powder Coated Die-Cast Base • 1" Pipe Mount Available (LLPMK-1H)

• Waterproof, Shock Resistant, Potted Circuit Board • 30 Built-In Flash Patterns, Including Four Simulated Rotating Patterns • Permanent Mount Standard. Also Available in Magnetic Mount with 9' Straight Cord • Alternate or Simultaneous Flash Patterns with up to Eight Connected LED Beacons • 12 Auxiliary LEDs in the Top of the Beacon Provide 360° Vertical and Horizontal Coverage

**PSE AMBER®**

#### Rotating Beacon

**Part Number:** 275ASH

**Product Features:** Whisper Drive • Polycarbonate Base • Twist-off Amber Polycarbonate Lens • Permanent Mount with 9.5' Lighter Plug • 160 Flashes and Rotations Per Minute •

Single Field Replaceable H-1 Halogen 55w Rotator • Amber Lens Standard. Red and Blue Lens Options Available.

**PSE AMBER®**

#### Rotating Beacon

**Part Number:** 275AH

**Product Features:** Whisper Drive • Polycarbonate Base • Twist-off Amber Polycarbonate Lens • Permanent Mount with 9.5' Lighter Plug • 160 Flashes and Rotations Per Minute •

Single Field Replaceable H-1 Halogen 55w Rotator • Amber Lens Standard. Red and Blue Lens Options Available.

**PSE AMBER®**

#### Rotating Beacon

**Part Number:** 275AMH

**Product Features:** Whisper Drive • Polycarbonate Base • Twist-off Amber Polycarbonate Lens • Magnetic Mount with 9.5' Lighter Plug • 160 Flashes and Rotations Per Minute •

Single Field Replaceable H-1 Halogen 55w Rotator • Amber Lens Standard. Red and Blue Lens Options Available.

**PSE AMBER®**

#### Rotating Beacon

**Part Number:** E10AMH

**Product Features:** H-1 55w Lamp • Magnetic Mount • Polycarbonate Lens • Stamped Aluminum Base • Quiet

Worm Gear Drive • RPM: 120 Flashes Per Minute • 9 1/2' Coil Cord and Lighter Plug • Temperature Range: -4° F to 122° F

**PSE AMBER®**

#### Rotating Beacon

**Part Number:** 555AMH

**Product Features:** Polycarbonate Base and Lens • Amber Lens Standard. Red, Blue, Green and Clear Lens Options • Open Parabolic Design Reflector • Standard Field Replaceable

Halogen Bulb • Magnetic Mount with 9 1/2' Coil Cord and Lighter Plug with On/Off Switch • Standard Rotator: 100 Flashes Per Minute, 100 Rotations Per Minute • Fast Rotator: 200 Flashes Per Minute, 200 Rotations Per Minute

**PSE AMBER®**

#### Rotating Beacon

**Part Number:** 555SAH

**Product Features:** Polycarbonate Base and Lens • Amber Lens Standard. Red, Blue, Green and Clear Lens Options • Open Parabolic Design Reflector • Standard Field Replaceable

Halogen Bulb • Permanent Mount with 9 1/2' Coil Cord and Lighter Plug with On/Off Switch • Standard Rotator: 100 Flashes Per Minute, 100 Rotations Per Minute • Fast Rotator: 200 Flashes Per Minute, 200 Rotations Per Minute

**PSE AMBER®**

#### Rotating Beacon - Blue

**Part Number:** 555SBH

**Product Features:** Polycarbonate Base and Lens • Red, Blue, Green and Clear Lens Options • Open Parabolic Design Reflector • Standard Field Replaceable Halogen Bulb •

Permanent Mount with 9 1/2' Coil Cord and Lighter Plug with On/Off Switch • Standard Rotator: 100 Flashes Per Minute, 100 Rotations Per Minute • Fast Rotator: 200 Flashes Per Minute, 200 Rotations Per Minute

**PSE AMBER®**

#### Strobe Beacon

**Part Number:** 2002ASH

**Product Features:** Polycarbonate Base and Lens • Optional 1/2" Pipe Mount • 60 Shingle Flashes Per Minute • Field Replaceable Strobe Tube with U-Shaped Plug •

Permanent Mount with 9' Straight Cord and Lighter Plug • Amber Lens Standard. Red, Blue, Green and Clear Lens Options Available

**PSE AMBER®**

#### Strobe Beacon

**Part Number:** 98DASH

**Product Features:** Double Flash Patterns • Standard 1" Pipe Mount • 72 Flashes Per Minute • Automatic Reverse Polarity Protection • Auto Dim Feature Available on the 99

Series • Polycarbonate Lens with State-Of-The-Art Optics • 30% Glass Filter Nylon Base Reduces Vibration • Permanent Mount with 9' Straight Cord and Lighter Plug with On/Off Switch • Amber Lens Standard. Red, Blue and Clear Lens Options Available. Green Available in Tall Lens Only • User-Switchable Flash Pattern, Controlled by Moving an Internal Jumper. Choose from 4-Flash, 2-4 Flash or 2-3-4 Flash.

**PSE AMBER®**

**Strobe Beacon**

**Part Number:** L400IASMH

**Product Features:** Standard 1" Pipe Mount • All Stainless Hardware • 72 Quad Flashes Per Minute • Field Replaceable Helix Strobe Tube • Polycarbonate Lens with State-Of-The-Art

Optics • Heavy Duty Anodized Aluminum Base Minimizes Vibration and Heat • Magnetic Mount with 9 1/2' Coil Cord and Lighter Plug with On/Off Switch • Amber Short Lens Standard. Red, Blue and Clear Lens Options Available. Green Available in Tall Lens Only.

**PSE AMBER®**

**Strobe Beacon**

**Part Number:** L400IATMH

**Product Features:** Standard 1" Pipe Mount • All Stainless Hardware • 72 Quad Flashes Per Minute • Field Replaceable Helix Strobe Tube • Polycarbonate Lens with State-Of-The-Art

Optics • Heavy Duty Anodized Aluminum Base Minimizes Vibration and Heat • Magnetic Mount with 9 1/2' Coil Cord and Lighter Plug with On/Off Switch • Amber Tall Lens Standard. Red, Blue and Clear Lens Options Available. Green Available in Tall Lens Only.

**PSE AMBER®**

**Strobe Beacon**

**Part Number:** LL400IASH

**Product Features:** Standard 1" Pipe Mount • All Stainless Hardware • 72 Quad Flashes Per Minute • Field Replaceable Helix Strobe Tube • Polycarbonate Lens with State-Of-The-Art

Optics • Heavy Duty Anodized Aluminum Base Minimizes Vibration and Heat • Permanent Mount with 9 1/2' Coil Cord and Lighter Plug with On/Off Switch • Amber Short Lens Standard. Red, Blue and Clear Lens Options Available. Green Available in Tall Lens Only.

**PSE AMBER®**

**Strobe Beacon**

**Part Number:** LL400IATH

**Product Features:** Standard 1" Pipe Mount • All Stainless Hardware • 72 Quad Flashes Per Minute • Field Replaceable Helix Strobe Tube • Polycarbonate Lens with State-Of-The-Art

Optics • Heavy Duty Anodized Aluminum Base Minimizes Vibration and Heat • Permanent Mount with 9 1/2' Coil Cord and Lighter Plug with On/Off Switch • Amber Tall Lens Standard. Red, Blue and Clear Lens Options Available. Green Available in Tall Lens Only.

**PSE AMBER®**

**Strobe Beacon**

**Part Number:** LL800IATH

**Product Features:** All Stainless Hardware • Standard 1" Pipe Mount • 72 Double Flashes Per Minute • Internal Selectable Flash Pattern • Field Replaceable Helix Strobe Tube • Polycarbonate Lens with State-Of-The-Art Optics • Heavy

Duty Anodized Aluminum Base Minimizes Vibration and Heat • Permanent Mount with 9 1/2' Coil Cord and Lighter Plug with On/Off Switch • Amber Lens Standard. Red, Blue and Clear Lens Options Available. Green Available in Tall Lens Only.

**PSE AMBER®**

**Strobe Beacon**

**Part Number:** L2000IASH

**Product Features:** Hi/Lo Feature • Standard 1" Pipe Mount • Internal Selectable Flash Pattern • 72 Quad Flashes Per Minute • Field Replaceable Helix Strobe Tube •

Polycarbonate Lens with State-Of-The-Art Optics • Heavy Duty Anodized Aluminum Base Minimizes Vibration and Heat • Permanent Mount with 9 1/2' Coil Cord and Lighter Plug with On/Off Switch • Amber Lens Standard. Red, Blue and Clear Lens Options Available. Green Available in Tall Lens Only.

**PSE AMBER®**

**Strobe Beacon**

**Part Number:** L1200AH

**Product Features:** 72 Double Flashes Per Minute • Field Replaceable Strobe Tube • Polycarbonate Lens with Metal Cap • Heavy Duty Aluminum Flanged Base • Amber Lens Standard. Red, Blue and Clear Lens Options Available.

## Deck & Grille Lights

**PSE AMBER®**

**Deck & Grille LED Light**

**Part Number:** XT4AA

**Product Features:** Potted Circuit Board • Clear Lens with Red, Blue, Amber, Green or White LEDs •

Shock Resistant and Weather Protected for Interior and Exterior Use • Attached Mounting Bracket on XT402 • Synchronized Flash Pattern Between Lightheads Standard and with LED Hide-A-Blasts • XT4, XT402: 22 Flash Patterns • Available in One and Two Color Combinations • Black Bezel/Housing. Chrome Housing Optional.

## D.O.T. Lights

**PSE AMBER®**

**LED D.O.T. Light**

**Part Number:** OVLALS1H

**Product Features:** Round Design • 39 LEDs, Available in Amber or Red • 70 FPM: Steady, Single, Double or Quad-Flash • 40° F to 145° Operating Temperature • Includes Rubber Grommet

**PSE AMBER®**

**LED D.O.T. Light**

**Part Number:** OVLRLS1H

**Product Features:** Round Design • 39 LEDs, Available in Amber or Red • 70 FPM: Steady, Single, Double or Quad-Flash • 40° F to 145° Operating Temperature • Includes Rubber Grommet

## Truck & Safety Components

**PSE AMBER®**

**LED D.O.T. Light**

**Part Number:** RNDALS1H

**Product Features:** Round Design • 39 LEDs, Available in Amber or Red • 70 FPM: Steady, Single, Double or Quad-Flash • 40° F to 145° Operating Temperature • Includes Rubber Grommet

**PSE AMBER®**

**LED D.O.T. Light**

**Part Number:** RNDRLS1H

**Product Features:** Round Design • 39 LEDs, Available in Amber or Red • 70 FPM: Steady, Single, Double or Quad-Flash • 40° F to 145° Operating Temperature • Includes Rubber Grommet

### Exterior Lights

**PSE AMBER®**

**LC-LED Exterior Light**

**Part Number:** LC25AH

**Product Features:** Weather Sealed • Surface Mount, No Cutouts • Black or Chrome Polycarbonate Bezels • Designed to Meet Most Applicable Industry Standards • Directional Optics Allow for Vertical or

Horizontal Mounting • Lens Available in Amber, Red or Blue. White LEDs Available in Single Modules Only • Can be Steady Burned or Hooked to External Flasher • User Selectable Flash Patterns: Steady Burn; 75 fpm each for Single, Double and Quad-Flash; Cycle Flash.

**PSE AMBER®**

**LC-LED Exterior Light**

**Part Number:** LC25RH

**Product Features:** Weather Sealed • Surface Mount, No Cutouts • Black or Chrome Polycarbonate Bezels • Designed to Meet Most Applicable Industry Standards • Directional Optics Allow for Vertical or

Horizontal Mounting • Lens Available in Amber, Red or Blue. White LEDs Available in Single Modules Only • Can be Steady Burned or Hooked to External Flasher • User Selectable Flash Patterns: Steady Burn; 75 fpm each for Single, Double and Quad-Flash; Cycle Flash.

**PSE AMBER®**

**LC-LED Exterior Light**

**Part Number:** LC25WH

**Product Features:** Weather Sealed • Surface Mount, No Cutouts • Black or Chrome Polycarbonate Bezels • Designed to Meet Most Applicable Industry Standards • Directional Optics Allow for Vertical or

Horizontal Mounting • Lens Available in Amber, Red or Blue. White LEDs Available in Single Modules Only • Can be Steady Burned or Hooked to External Flasher • User Selectable Flash Patterns: Steady Burn; 75 fpm each for Single, Double and Quad-Flash; Cycle Flash.

**PSE AMBER®**

**LED Exterior Lighthouse - Amber**

**Part Number:** XT3AH

**Product Features:** Black Bezel • 12 Flash Patterns • Directional Optics • Clear Lens with Amber LEDs • Shock and Water Resistant, Potted Circuit Board

**PSE AMBER®**

**LED Exterior Lighthouse - Blue**

**Part Number:** XT3BH

**Product Features:** Black Bezel • 12 Flash Patterns • Directional Optics • Clear Lens with Blue LEDs • Shock and Water Resistant, Potted Circuit Board

**PSE AMBER®**

**LED Exterior Lighthouse - Red**

**Part Number:** XT3RH

**Product Features:** Black Bezel • 12 Flash Patterns • Directional Optics • Clear Lens with Red LEDs • Shock and Water Resistant, Potted Circuit Board

**PSE AMBER®**

**LED Exterior Lighthouse - White**

**Part Number:** XT3WH

**Product Features:** Black Bezel • 12 Flash Patterns • Directional Optics • Clear Lens with White LEDs • Shock and Water Resistant, Potted Circuit Board

**PSE AMBER®**

**LED Exterior Light**

**Part Number:** LXEXB1F-AH

**Product Features:** Amber LEDs • Surface Mount • Clear Lens Standard • Directional Optics • Sealed and

Waterproof • No Color Until Illuminated • Rust-Proof, Die-Cast Aluminum House • Excellent Perimeter Light for Vehicles • Black Powder Coat or Brushed Aluminum Finish Housing • Available as an Option on 2100 and Excalibur® Lightbars • Seven Flash Patterns: Cycle-Flash, Quad-Flash, Triple-Flash, Double-Flash, Fast Single, Single-Quad 70% (NFPA) and Steady Burn.

### Hide-A-Way™ Strobe Systems & Accessories

**PSE AMBER®**

**Hide-A-Way™ Strobe System**

**Part Number:** 4HCLH

**Product Features:** 12/24 Volts DC • 15' Shielded Strobe Cables • User-Selectable Flash Patterns • Clear Helix Push-in Strobe Tubes

## PSE AMBER®

### Hide-A-Way™ Strobe System

**Part Number:** 490HCLH

**Product Features:** 12/24 Volts DC • 30' Shielded Strobe Cables • User-Selectable Flash Patterns • Clear Helix Push-in Strobe Tubes

## PSE AMBER®

### Hide-A-Way™ LED Lighthead

**Part Number:** HB915W

**Product Features:** 15' Cable • 30 Flash Patterns • Maintenance Free • Easy Installation • Polycarbonate Clear Lens • Synchronized Multiple Heads • Vertical or Horizontal Mounting • Universal Fit for All Vehicles •

Mounts in a 1" Hole (Same Size as Strobe Tube) • Nine LEDs - Three Rows w/ Three Amber LEDs Per Row • Amber, Blue, Red or White LEDs (Solid Modules Only) • Self-Contained and Sealed Control Module - No Need for a Separate Flasher Module

## PSE AMBER®

### Mini Bar

**Part Number:** 6100HS

**Product Features:** 200 Flashes Per Minute • Field Replaceable Bulbs • Polycarbonate Lens and Base •

Permanent Mount with Straight Cord and Lighter Plug with On/Off Switch • Amber Lens Standard. Red, Blue or Clear Lens with Amber Filters Available as Option

## PSE AMBER®

### Mini Bar

**Part Number:** 6124H

**Product Features:** Polycarbonate Base and Lens • Amber Lens Standard. Red, Blue or Clear Lens with

Amber Filters Available as Option • Field Replaceable Bulbs • Permanent Mount with Straight Cord and Lighter Plug with On/Off Switch

Additional PSE Amber safety lights available for viewing online at [www.panapacific.com](http://www.panapacific.com).

## Lightbars

## PSE AMBER®

### Lightbar

**Part Number:** 6002H

**Product Features:** All-Light • Two Rotators •

38" and 16 lbs. • 200 Flashes Per Minute • Extruded Aluminum Frame • Field Replaceable Bulbs • Two (2), Three-Step Cascade Mirrors • H-1 55w Halogen Rotating Assemblies • Alternating Flasher for Stationary Lights • Mounting Kit Included (LPKITH) • Amber Polycarbonate Lens Standard. Clear Lens with Filter Options Available.

## PSE AMBER®

### Lightbar

**Part Number:** 6004ALH

**Product Features:** All-Light • Four Rotators •

47" and 25 lbs. • Two Diamond Mirrors • 1,200 Flashes Per Minute • Extruded Aluminum Frame • Field Replaceable Bulbs • H-1 55w Halogen Rotating Assemblies • Alternating Flasher for Stationary Lights • Mounting Kit Included (LPKITH) • Amber Polycarbonate Lens Standard. Clear Lens with Filter Options Available.

## Mini Bars

## PSE AMBER®

### Mini Bar

**Part Number:** 8005H

**Product Features:** Polycarbonate Lens • Extruded

Aluminum Frame • 15' Power Cable • User-Selectable Flash Pattern • Field Replaceable Linear Strobe Tubes • Permanent Mount with Lighter Plug with On/Off Switch • Amber Lens Standard. Red, Blue or Clear Lens with Amber Filters Available as Option.

## Accessories & Cables

## Cobra®

### Remote On/Off Switch

**Part Number:** CPIA20

**Product Features:** Remote Control for use with CPI 1550, and CPI 2550. The Remote On/Off Switch allows

you to turn on or off the CPI 1550 or CPI 2550 Cobra power inverters from a convenient location up to 20 feet away while the inverter is mounted out of reach and sight.

## Cobra®

### Heavy-Duty Power Cables

**Part Number:** CPIA4000BC

**Product Features:** 10', 4 AWG Heavy-duty cables with ring terminals • 8', 8 AWG Chassis Ground Cable with terminals • Additional terminals included

## TRIPP LITE®

### Remote Control Module For Tripp Lite Inverters and Inverter/Chargers

**Part Number:** APSRM4

**Product Features:** Tripp Lite's APSRM4 provides remote monitoring and control of select Tripp Lite

Inverters (PV series) and Inverter/Chargers (RV, APS and EMS series), which feature an RJ-style connector. The remote module's compact housing includes a switch (which controls the operation of the connected Inverter or Inverter/Charger) as well as two sets of intuitive "traffic light" LEDs. LEDs indicate approximate battery charge and load level when used with an Inverter.

Package Includes: Remote Control Module, Face Plate, 50-ft. Remote Control Cord, 25' Master Override Cord, LED labels and Instruction Manual with Warranty Information.

## Tuners & Receivers

### Panasonic

**AM/FM MP3/CD Player/Receiver with Plug and Play Harness**

**Part Number:** PP102629 International  
PP103223 Thomas Built

**Product Features:** CQCP134 Receiver • MP3/CD Player • Front Aux-In • Fixed Face • Sound Quality EQ • 6 AM/12 FM Presets • Built-In Quartz Clock • Maximum Output Power 50W x 4 • Separate Bass, Treble, Balance & Fade Controls • Includes Plug and Play Wiring Harness

### Panasonic

**AM/FM MP3/CD Player with PA/Receiver with Microphone and Plug and Play Harness**

**Part Number:** PP102815 International  
PP103222 Thomas Built

**Product Features:** CQCP134 Receiver • MP3/CD Player • Front Aux-In • Fixed Face • Sound Quality EQ • 6 AM/12 FM Presets • Built-In Quartz Clock • Maximum Output Power 50W x 4 • Separate Bass, Treble, Balance and Fade Controls • Includes PAN-5PM Microphone and Plug and Play Harness

### Panasonic

**High Power AM/FM Weatherband Stereo Receiver with Plug and Play Harness**

**Part Number:** PP103145 International

**Product Features:** CRW402 Receiver • Weatherband • Auto Scan • Auto Preset • Auto Reverse • 6 AM/12 FM Presets • LED Backlighting • Built-In Quartz Clock • 4 Channel High Power Amp • Separate Bass, Treble, Balance & Fade Controls • Includes Plug and Play Wiring Harness

### Panasonic

**AM/FM CD Player/Receiver with PA Adapter Panel, Microphone and Plug and Play Harness**

**Part Number:** PP103144 International

**Product Features:** CQCP134 Receiver • Fixed Face • Front Aux-In • MP3/CD Player • Maximum Output Power 50W x 4 • Built-In Quartz Clock • Sound Quality EQ • 6 AM/12 FM Presets • Separate Bass, Treble, Balance and Fade Controls • Includes PA Adapter Panel, PAN-5PM Microphone and Plug and Play Wiring Harness

### Panasonic

**AM/FM MP3/CD Player/Receiver with Adapter Panel & Plug and Play Harness**

**Part Number:** PP103143 International

**Product Features:** CQCP134 Receiver • Fixed Face • MP3/CD Player • Front Aux-Input • Sound Quality EQ • 6 AM/12 FM Presets • Built-In Quartz Clock • Maximum Output Power 50W x 4 • Separate Bass, Treble, Balance and Fade Controls • Includes Adapter Panel and Plug and Play Wiring Harness

## Speakers

### PANA-PACIFIC

**International 4" Dual-Cone Replacement Speaker**

**Part Number:** PP303142

### PANA-PACIFIC

**International 4" Replacement Speaker Grill**

**Part Number:** PPC00185

### PANA-PACIFIC

**External Speaker Horn**

**Part Number:** PP301424 International  
PP302971 Thomas Built

**Product Features:** 8" Round • Yellow

## Accessories/Replacement Parts

**PANA-PACIFIC**  
A DIVISION OF THE BRIX GROUP, INC.

**International and Thomas Built Microphone**

**Part Number:** PAN-5PM

**Product Features:** Rotary Volume Control • PA Compatible

**PANA-PACIFIC**

## What You Need to Know About Power Inverters...

### MORE ECONOMICAL

#### 1. Eliminates Specialty Appliance Purchase

Power Inverters are the economical alternate to purchase costly 12V DC appliances. Power Inverters let you use all your 120V AC home appliances and power tools on the road and the water.

#### 2. Saves Gas

Power Inverters consume no fuel, drawing power from your battery system. Gas generators, by comparison, require frequent, costly trips to the pump. In addition, if a gas generator shares a single fuel tank with a vehicle engine—it forces you to choose between fueling your generator or extending the range of your travel.

#### 3. Conserves Battery Power

Power Inverters consume practically no battery when not in use.

#### 4. Reduces Generator Wear

Save the wear and tear on your gas generator until its power is absolutely needed. Power Inverters will run smaller loads more efficiently than gas generators, saving you significant generator maintenance costs.

### MORE CONVENIENT

#### 5. Liberates You From Shore Power

Power Inverters allow you to cruise the open road or open water and still enjoy the full use of home appliances and power tools.

#### 6. Automatically Charges Your Battery

When connected to shore power, Tripp Lite PowerVerter APS models will automatically charge your house battery systems. An advanced three-stage charger design charges your batteries faster so you can get out on the road or water faster than with conventional chargers.

#### 7. Supports Every Application

Power Inverters are available in a wide range of sizes to support every application. Since they deliver up to 3000 watts of continuous power, you don't have to choose between a TV and a toaster or a blender and a drill—run them simultaneously!

### Power Inverter Application Guide

# Our Full Line of Truck Audio & Entertainment Products are Sold Through Authorized OEM Truck Dealers.

*Why it pays to buy from people who know your business:*

## ***OEM Quality***

Our parts are tested and approved for truck applications which mean they exceed many automotive standards for durability.

## ***Easy Installation***

Our radios have wire harness connectors that plug right into your truck so there's no need for you to cut or splice wires.

## ***Designed For You***

Many of our products are designed specifically for truck drivers so they are safer to use and have features that automotive products don't.

## ***1-Year, Nationwide Warranty***

If any our products fail within a year (some of our warranties are even longer), you can take them to any authorized truck dealer in North America for warranty assistance.
