We Have Moved To 1460 Prairie Ave., Port Coquitlam

We are really enjoying our new store location and stairless classroom!! If you haven't been in to see our new digs you should come in for a visit. We are still growing and making changes so you will want to keep checking in to see what we have been up to. Follow us on Facebook and Twitter (@sundropsewing) we will have some specials and announcements that will only be for our followers!!

We now have buttons!! We recently received our new button rack and we think it is a great new addition to the store. Lot's of great styles to choose from, maybe something will inspire your next project.

New fabrics are in like our Chalk Cloth, this is such a fun fabric and some pre-cuts like jellyrolls, the Bali Pops will be arriving soon!! We have Michael Miller Jersey Prints that are PUL coated, perfect for diapers, bags, coats etc. etc. these are fun prints and in a wider width 56" rather than 45"!! We have some more Christmas panels coming soon as well. Don't delay on these the last ones sold out in one day!!

The Sundrop Girls have put together some great classes for this session we think you are going to enjoy. Also keep an eye out for additional classes and events that we will send out through out the season. We are open to suggestions if there is a class that you would like to have, please drop in or send us an email (sundrop@sundroptextiles.com) and let us know.

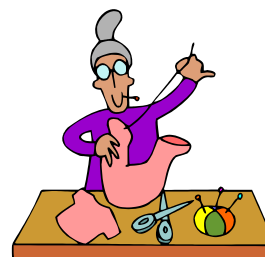

It's fashion show time again! Hard to believe it is here already. Be sure to get your tickets early, space is limited and you don't want to miss out on this fun evening!! Full details are inside.

We would like to thank the volunteers that have been helping with thru Cancer Caps. This is an on going project for us and we will be setting up some dates for group sewing. But if the classroom isn't in use and you have some spare time you are welcome to come in and work on the caps. Just give us a call to be sure the classroom is available and we will get you set up!!

The Husquarna Viking convention is the first week in October and yes it is true there will be embroidery software for MAC users!! Tru-Embroidery for MAC is being launched and we are all excited. We will have Kerrin Brooks coming in November to show you all the amazing features of this new software!! There are also some new sewing machines being launched that we think you will love as well. So we will be offering some special pricing on some of our current stock. These are in store specials only so you will have to come visit us to get the details.

Let your creativity grow at Sundrop.

Happy Sewing, look forward to seeing you in the store - Della.

Heirloom Bolster Pillow

A fun and pretty project that will get your creativity flowing. Explore your decorative stitch menu and learn how to make your own insertion trim. You will work with Hemstitching (Entredeux) with a wing needle, pin tucks, sewing fabric to lace and lace to lace. Even if you're not into "Heirloom" it is a great class to learn loads of techniques that can be incorporated in to garment construction or homedec sewing.

SUNDROP SEWING WORKSHOP- All Skill Levels Welcome

Here is a sewing class you can design yourself. Use this class to get further instruction on a Sundrop project that never quite got finished or just as a special evening away from all the distractions at home. Lori will be on hand to ensure you keep learning new ideas and methods. There is no longer any excuse to have a box of **U.F.O.'s** (Unfinished Objects!!). This is the perfect class for beginners but there will be plenty of quality instruction for the advanced sewers as well.

Altered States

A new series of classes geared for those who are interested in dabbling in fibre arts. Not following the instructions. Using typical and non-typical sewing items in new and innovative ways. The series will run from October to December in 3 week increments.

Altered Zippers

Zippers aren't just for closing pants, skirts and jackets. In this 3 session class explore some of the creative one of a kind accessories that can be made with zippers. By deconstructing, learning the nature of the beast and further additions and subtractions learn to make chains, necklaces and bracelets using zippers and a few other items. Minimal sewing skills are required.

\$63.00 + HST plus supplies. **An instore discount will be given on supplies purchased for this class.**

Better Bags

In this 3 week session explore the possibilities of altering bag patterns and templates, using them as a spring board or suggestion rather than the rule. In **Better Bags** bring your ideas and imagination, perhaps a favorite bit of fabric, piece of jewelry or a photo or image that will inspire you to create the bag you have always wanted. Whimsical, Steam Punk, Classic or anything in-between there is no wrong, just guidance to help you create the effect you desire within your abilities. **Warning:** Altering patterns could become habit forming!!

Class is 3 sessions

Have you been in for a test drive on this amazing sewing and embroidery machine? Sew many great features we know you will just love it!!

JANOME EMBROIDERY SOFTWARE

You have three choices of software from Janome

NEW Digitizer MBX - This is the newest software with lots of amazing new additions which will allow you to create your own designs and change your existing designs, make adjustments, be creative.

Digitizer Junior - This software will get you started and allow you to do some basic creating and changes to your designs.

Artistic Sewing Suite - For those that want to create cutwork designs for the new cut-work needles. Also for those that want to create their own designs. If you have a graphics background you will love this software and it is priced right too.

JANOME

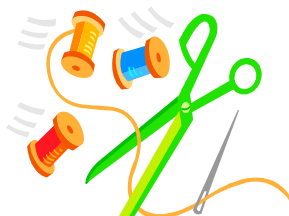

*Spending time sewing with a good machine is like spending time with your best friend.
It always makes you feel good!!*

Coverpro 1000CPX

This would have to be rated as one of the staff picks. All the Sundrop Girls have purchased one. It makes doing a coverhem/coverstitch so easy because it is always set up and ready to go for that stitch!!!

CANCER CAP VOLUNTEERS NEEDED

As some of you are aware Jellybean (my dog) and I volunteer once a week visiting patients at the BC Cancer Centre in Surrey. Since they know I have a sewing store they asked if I would be able to help with sewing these Cancer Caps. We all probably know someone that is either had to battle Cancer or is in the process just like one of our Sundrop Girls. Whatever can be done to offer some comfort is always appreciated and these caps are just one of those ways. We have sleep caps that have been requested and then there are a variety of patterns for everyday caps that can be used. If you have a favourite pattern then great you are welcome to use it.

The Vancouver Cancer Centre had a large quantity of fabric donated and has provided us with some of that fabric and I have donated fabric from the store as well. Only fabric that has **not** been previously used for clothing or other items is allowed. The caps we make will be distributed to centres in the Lower Mainland. We have had a number of volunteers help in the past and we are thankful for that. Cancer Caps can not be re-donated for hygienic reasons so new caps must be constantly made. Unfortunately the need for the caps keeps increasing.

We need people to help cut out the caps as well as sew these caps. So if you have a friend that doesn't sew bring them along and they can help cut out the caps. We will open up our classroom anytime there isn't a class going on so it can be used for this purpose. You are welcome to take some caps home to complete and return to Sundrop.

Please be sure to provide us with your name and contact as the Cancer Centre would like to say thank you to everyone that volunteers sewing these caps.

I hope you will be able to spare some time this year to assist with this on going project.

I personally thank all of you that have already offered your time and thank you in advance to those of you that will be able to assist this year.

We will also send out requests by email and on Facebook for set dates as well.

Upcoming Events

Kerrin Brooks - Husqvarna Viking - Saturday November 17

We have a full day booked with Kerrin. She is an educator with Husqvarna Viking and she will be coming for two classes that day. One to show us the new Quilt Design Creator which is a great stand alone program. The other is to show us some of the amazing features of the New Tru - Embroidery Software. We did not have full details on the classes for this day at the time the newsletter was put together so watch for more details to come via email. We will also post this information on Facebook and of course on our website www.sundroptextiles.com Mark your calendars you won't want to miss this event.

Liz Thompson - Janome

What's new with Janome!! Liz will be coming to see us to show us some new and exciting things with Janome. We are just in the process of working out the details so stay tuned so you can mark your calendars. For those that may not know Liz she is the educator for Janome for Western Canada and she always has great information and wonderful projects to share. We will send out an email shortly with full details and we will post this on our website www.sundroptextiles.com and on Facebook.

We have some other events in the works as well so be sure to follow us on Twitter @sundropsewing and on Facebook as some events and special sales will be announced just on these social sites!!
