USER'S MANUAL

FitPlan.com 

Checklist Manual

Log In to FitPlan.com

- To begin, log into your **FitPlan.com** account with your username and password.
- From the **Main Menu** page, click on the **Tools** button, then click on the **Checklist** link.
- You will be brought to the **Checklist Selection** page.

Checklist Selection Page

- On the **Checklist Selection** page, you will see a list of the aircraft in your account.
- There will either be an **Add** button, **View** button, or **Edit** button located to the right of the aircraft N number.
- Note that the **View** and **Edit** buttons apply only to aircraft that are already entered.

Checklist – Select Aircraft Page

- From this page, you can select from a list of checklists, from the **Manufacturer's Checklist** section, **User Created Checklist** section, or you can choose to click the **Create Custom Checklist** button to create your own.

Create Custom Checklist Button

- Click on the **Create Custom Checklist** button and you will be brought back to the **Checklist Selection** page.
- Click on the **View** button located next to the aircraft that you created the **Custom Checklist** for, and you will be brought to the **Checklist – Select Checklist** page.
- From the **Checklist – Select Checklist** page, you can create new categories for a **Standard Checklist** and for an **Emergency Checklist** by clicking on the **Add New** button next to the **New Category** section.

Checklist – Select Aircraft: Select Button

- Click on the **Select** button, next to the desired checklist, in the **Manufacturer's Checklist** section or the **User Created** section.
- The **Checklist – Select Category** page will appear and from here you can select to **View** or **Edit** the recently added checklist.

Edit Checklist Icon

- Click on the **Edit** button, and the **Checklist – Select Category** page will appear.
- On the **Checklist – Select Category** page you will see two icons, the **Edit** icon and the **Delete** icon.
- Click on the **Edit** icon to edit the sections that make up your recently added checklist.
- The **Checklist – Select Checklist** page will appear, which displays all of the categories of the **Standard Checklist** and the **Emergency Checklist**.
- Click on the **Delete** icon to remove the checklist as a

whole.

- Note that this icon does not function to delete sections of the checklist.
- Click on either the **Standard Checklist** or the **Emergency Checklist** to see all of the categories that make up each checklist.

Export Checklist Button

- From the **Checklist-Select Checklist** page, click on the **Export Checklist** button and you will be brought to the **Checklist – Select Checklist for Export** page.
- From this page you can select the categories of the checklist to export by checking off the box to the right of the **Item** name.
- After selecting all of the desired categories, click the **Export** button on the bottom of the page.
- The selected categories of your checklist will be available to open as an Excel or CSV file.

Sort Categories Button

- Beneath the **Standard Checklist** section, click the **Sort Categories** button, and all of the categories that make up the checklist will be listed in numerical order, with drop-down boxes located to the right of each category.
- Click on the drop-down box of the category you wish to move, and click on a numerical spot to place this category. The number you choose in the drop-down box is the position the category will move to.
- Make sure to click the **Save** button to save any changes made, and you will be returned to the **Checklist – Select Checklist** page.
- To edit each individual category of the checklist, click on the **Select** button to the right of the desired category.
- After clicking on the **Select** button, you will be brought to the **Checklist – Display Checklist** page.
