# ABOUT

## MAY THE BIRDS BE WITH YOU!

Join an epic adventure with the Angry Birds in the legendary *Star Wars*® universe! Use the Force, wield your Lightsaber, and blast away Pigtroopers on an intergalactic journey from the deserts of Tatooine to the depths of the Pig Star -- where you'll face off against the terrifying Darth Vader, Dark Lord of the Pigs! Can you become a Jedi Master and restore freedom to the galaxy?

# MAIN MENU

Select what game type you would like to play, as well as accessing other options such as settings and leaderboards.

**Single Player** – Experience the full Angry Birds™ *Star Wars*® experience. Unlock new planets and try to achieve 3 stars in every level.

**Multiplayer** – Play with family or friends in local competitive or cooperative modes.

**Competitive Mode** – Take turns attacking a single level or a series of up to 5 levels to see who will reign supreme!

**Cooperative Mode** – Take turns and combine scores in local co-op play. Work together for maximum destruction!

**Leaderboards** – Compare high scores with friends and other members of the community.

**Settings** – Change options and customize various in-game components.

(Hold & move pointer)

**Release Bird**  
(Release T button)

**Special Ability**  
(Aim pointer & push T button)

# PLAYSTATION®MOVE WRIST STRAP DISCLAIMER

**NOTE:** Always wear the included wrist strap with the PlayStation®Move motion controller. To use the motion controller, you must first register or “pair” the motion controller with the PlayStation®3 system and assign a number to the motion controller. For details, refer to the instructions supplied with the system.

# USING A PLAYSTATION®MOVE MOTION CONTROLLER

For information on setting up and using a motion controller and safety precautions, please refer to the instruction manual supplied with the peripheral or visit [us.playstation.com/help-support/manuals](http://us.playstation.com/help-support/manuals). Attach the supplied strap to the motion controller and always wear the strap on your wrist during play to prevent loss of grip on the motion controller.

## **IN-GAME CALIBRATION**

Follow the on-screen instructions to calibrate the motion controller and PlayStation®Eye camera before commencing play. It is important that the motion controller is held steadily during the calibration process.

# **WARNING: PHOTSENSITIVITY/EPILEPSY/SEIZURES**

A very small percentage of individuals may experience epileptic seizures or blackouts when exposed to certain light patterns or flashing lights. Exposure to certain patterns or backgrounds on a television screen or when playing video games may trigger epileptic seizures or blackouts in these individuals. These conditions may trigger previously undetected epileptic symptoms or seizures in persons who have no history of prior seizures or epilepsy. If you, or anyone in your family, has an epileptic condition or has had seizures of any kind, consult your physician before playing. **IMMEDIATELY DISCONTINUE** use and consult your physician before resuming gameplay if you or your child experience any of the following health problems or symptoms:

- dizziness
- eye or muscle twitches
- disorientation
- any involuntary movement or convulsion.
- altered vision
- loss of awareness
- seizures

**RESUME GAMEPLAY ONLY ON APPROVAL OF YOUR PHYSICIAN.**

## **Use and handling of video games to reduce the likelihood of a seizure**

- Avoid large screen televisions. Use the smallest television screen available.
- Avoid prolonged use of the PlayStation®3 system. Take a 15-minute break during each hour of play.
- Avoid playing when you are tired or need sleep.

Stop using the system immediately if you experience any of the following symptoms: lightheadedness, nausea, or a sensation similar to motion sickness; discomfort or pain in the eyes, ears, hands, arms, or any other part of the body. If the condition persists, consult a doctor.

# **WARNING: PHOTSENSITIVITY/EPILEPSY/SEIZURES**

## **NOTICE:**

Use caution when using the DUALSHOCK®3 wireless controller and the PlayStation®Move motion controller motion sensor function. When using the DUALSHOCK®3 wireless controller or the PlayStation®Move motion controller motion sensor function, be cautious of the following points. If the controller hits a person or object, this may cause accidental injury or damage. Before using, check that there is plenty of space around you. When using the controller, grip it firmly to make sure it cannot slip out of your hand. If using a controller that is connected to the PS3™ system with a USB cable, make sure there is enough space for the cable so that the cable will not hit a person or object. Also, take care to avoid pulling the cable out of the PS3™ system while using the controller.

## **WARNING TO OWNERS OF PROJECTION TELEVISIONS:**

Do not connect your PS3™ system to a projection TV without first consulting the user manual for your projection TV, unless it is of the LCD type. Otherwise, it may permanently damage your TV screen.

## **HANDLING YOUR PS3™ SYSTEM FORMAT DISC:**

- Do not bend it, crush it or submerge it in liquids.
- Do not leave it in direct sunlight or near a radiator or other source of heat.
- Be sure to take an occasional rest break during extended play.
- Keep this disc clean. Always hold the disc by the edges and keep it in its protective case when not in use. Clean the disc with a lint-free, soft, dry cloth, wiping in straight lines from center to outer edge. Never use solvents or abrasive cleaners.

## **3D TV DISCLAIMER:**

PS3™ system software v3.30 or higher, HD 3D television with compatible 3D active glasses and highspeed HDMI cable (sold separately) required for 3D features. Visit [www.us.playstation.com/support/3D](http://www.us.playstation.com/support/3D) for details.

# **WARNING: PHOTSENSITIVITY/EPILEPSY/SEIZURES**

Some people may experience discomfort (such as eye strain, eye fatigue, or nausea) while watching 3D video images or playing stereoscopic 3D games on 3D televisions. If you experience such discomfort you should immediately discontinue use of your television until the discomfort subsides.

SCE recommends that all viewers take regular breaks while watching 3D video, or playing stereoscopic 3D games. The length and frequency of necessary breaks may vary from person to person – please take breaks that are long enough to allow any feelings of discomfort to subside. If symptoms persist, consult your doctor.

The vision of young children (especially those under six years old) is still under development. SCE recommends that you consult with a doctor (such as a pediatrician or eye doctor) before allowing a young child to watch 3D video images or play stereoscopic 3D games. Adults should supervise young children to ensure they follow the recommendations listed above.

When using any 3D enabled device with your PlayStation®3 system you should read the instruction manual for that device and check [www.us.playstation.com/support/3D](http://www.us.playstation.com/support/3D) for updated information.

## **Consumer Service/Technical Support Line 1-800-345-7669**

Call this number for technical support, installation or general questions regarding PS3™ system and its peripherals. Representatives are available Monday – Saturday 6AM – 8PM and Sunday 7AM – 6:30PM Pacific Standard Time.

# TIPS

## **Earning Stars:**

Stars are earned by obtaining high scores for each level. More points are awarded for completing a level with the least amount of birds and with the most amount of object destruction.

## **Millennium Falcon:**

The Millennium Falcon can be called in to clear a level at any time, but it has a limited number of uses. More Millennium Falcons can be unlocked by achieving stars during gameplay, playing the game for consecutive days, playing local multiplayer, failing a level too many times, or by finding some secrets in the main menu.

## **Golden Droids:**

Find golden droids (eggs) hidden in the levels throughout the game to unlock secret bonus levels!

# ONLINE SETUP INFORMATION

## Wired Connection Setup

Plug one end of an Ethernet cord into the back of the PS3™ system, and plug the other end into an open slot on your router or modem.

Enter Setting on the XMB™ and select System Update to update your system with the latest version of its software.

To confirm your Ethernet connection is working properly, select Internet Connection Test from within Network Settings on the XMB™.

## Wireless Connection Setup

If you have an available wireless connection, you can connect your PS3™ system to the Internet without an Ethernet cord.

Enter Setting on the XMB™ and select Network Settings. Choose Internet Connection Settings, select Easy for your setting method, and then select Wireless for your connection method. Choose Scan to have your PS3™ system search for, and then display, a list of available wireless networks.

**NOTE:** If your router supports AirStation One-Touch Secure System LAN setup, select Automatic for your setting method. If you follow the on-screen instructions, the necessary settings will be completed automatically.

Choose your wireless network via its SSID (the network name). Select your preferred network and the type of security it uses.

If your network uses a password, select if it is a WEP or WPA then enter the password. If your network does not have a password, select None for security. Save your settings when you are finished.

To confirm your connection is working properly, select Test the Connection.

**NOTE:** Depending on the network environment, additional settings for PPPoE, proxy server, or IP address may be required. For details on these settings, refer to information from your Internet service provider or the instructions supplied with the network device.
