SMART TV SET-TOP BOX

Smart Hybrid. Double Play.

Multimedia Playback
& Digital TV Broadcasting

Limitless HD Fun Made Easy

ASUS-exclusive OIEasy Technology, a user-friendly interface, and support for a myriad of file formats, the ASUS O!Play Media Pro set top box ticks all the boxes when it comes to multimedia entertainment for the home.

Built-in DVB-T digital TV tuner and EPG

The O!Play Media Pro comes with a built-in DVB-T digital tuner for immediate access to free-to-air high quality digital TV programming, which is fast becoming the standard transmission format worldwide. With digital TV, users gain access to higher screen resolutions (DVD-quality), CD-grade audio, interactive content, and data services. The O!Play media pro also features an intuitive Electronic Program Guide (EPG) that allows for scheduling of content up to seven days in advance.

Supports more than 50 formats – Worry-free media format compatibility

Play all your cherished moments on the big screen without worrying about file compatibility. The O!Play Media Pro supports over 50 major digital formats, including ISO, mkv, rm/rmvb, mva, avi, vob ifo, mpeg1/2/4, mp4 and many

Wireless N and Gigabit Ethernet support allows you to stream HD files smoothly

The O!Play Media Pro was built to enable quick connectivity and transfer of HD files, which can be quite large. To stream blazingly fast Full HD media without any stuttering images, it includes a Gigabit Ethernet LAN connection for wired

more.

setups, as well as 802.11n Wi-Fi.

Abundant online entertainment services

The O!Play Media Pro has been specifically designed to enable a fully digital home with instant access to a diverse range of online content and services with just a few clicks away

- Acetrax Movies* - the most popular online video on demand service in Europe
- Online video sharing services: YouTube Leanback and Dailymotion
- Facebook - upgraded! You can one-click the O!Capture hot key via the remote control to share photos and videos stored on attached storage on Facebook! Plus, O!Play Media Pro allows you to leave comments on friend pages and your own photos/videos instantly.
- Web album: Picasa and Flickr
- Thousands of Internet radio stations, online stock, weather, RSS and more

2 Acetrax Movies* bonus inside!

You will receive a €7.98 credit to their Acetrax Movies account balance when signing up or logging in via O!Play Media Pro for the first time. As new movie releases (rental in standard definition) are typically priced at €3.99 on Acetrax Movies, the credit covers two rentals. However, you may choose to spend the credit on any items carried by Acetrax Movies.

*Acetrax Movies is now available in 7 European countries including UK, Italy, Germany, Denmark, France, Austria, and Liechtenstein

O!Easy technology made HD fun easy

Easy to Share

O!Capture - One-click to share media files on Facebook
Browse all your photos and videos on TV via O!Play Media Pro. You can also share it over the Facebook wall in just a single click via the O!Capture key.

Easy to Play

AutoPlay - Plug-n-play videos

The exclusive AutoPlay functions allows you to plug and play videos via USB hard drive or SD/MMC card without any additional settings needed

- Step 1:** Create an "AutoPlay" folder in your storage device
- Step 2:** Copy video files into the new AutoPlay folder
- Step 3:** Plug the USB hard drive or SD/MMC card to O!Play Media Pro
- Step 4:** Videos will play automatically on your HDTV

Easy to Stream

O!Direct – One-click to stream media files from your PC/NB to a HDTV

The ASUS exclusive O!Direct function offers you fast and reliable one-click streaming of content from PC to TV. Hassle-free streaming brings broader enjoyment in the living room in both wired and wireless modes, without the need for USB storage devices and their storage restrictions.

O!MediaShare - Cable-free media streaming from your smartphone/tablet to a HDTV

Download the application from Apple App Store or Android Market. You can stream your favorite media files from your smartphones and tablets and display the content on a HDTV via O!MediaShare. You can also stream online content such as Facebook albums and YouTube videos to the O!Play Media Pro.

True HD multimedia experience in your living room - Full HD 1080p and Dolby TrueHD 7.1-channel surround support

Are you satisfied with the quality of traditional DVDs? The O!Play Media Pro allows you to experience stunning full HD 1080p video, up to 6 times the resolution of traditional DVD, with every gorgeous cinematic details right on the living room TV.

The O!Play Media Pro supports Dolby TrueHD and takes full advantage of Blu-ray sound quality with 7.1-channel surround. 100% lossless high quality sound is identical to the music and movie enthusiasts. With both high-quality of audio and video support, it is time to enjoy a true HD multimedia experience for music, photos and movies.

Exclusive RightTxT auto subtitle detection and decoding

Exclusive RightTxT detects and displays the correct subtitles, automatically and in real time, ensuring a more convenient movie viewing experience. You don't need to do the setting manually.

2-in-1 card reader for easy access to your favorite photos

The O!Play Media Pro brings you multi-format high quality photo viewing joy for any perfect moments. Share memories with family and friends, with support for SD/MMC card formats and JPEG, BMP, PNG, GIF and TIFF image formats.
